/ [His Scarlet Queen Luna by Milagros Faiyth](#)

Skylar was about to kiss me again but before she could I managed to push her away right into Scarlet's arms who punched her hard on the nose followed by the sound of a crack.

Aaron just stood there like he was some statue. what did Skylar do to him?. if my mate were to kiss another male in front of me I swear I would kill the man, but Aaron?? there is definitely something wrong with him. My sus**ions earlier must have been true he has definitely been brainwashed.!!

I snapped out of my thoughts when I heard the commotion as wolves from my pack began to surround us.

Scarlet was on top of a now injured and hardly recognizable Skylar landing punch after punch on her.

"Scarlet stop.." I said but she didn't, she was so grossed in punching and insulting Skylar. Luckily, I successfully managed to pry her away...

It's like something snapped in Aaron as he shook his head quickly helping Skylar up pulling her into an embrace. Scarlet thrashed around trying to get to Skylar but I held her close until she relaxed.

When I pulled away she gave me a sad smile and left with Val. I wanted to stop her but I couldn't.

I looked over at Skylar who looked a lot better than she did seconds ago, her wounds were healing and Aaron gave her a piece of cloth that she used to wipe the blood. Aaron was about to kiss her but—

"Hold on Ron.." Skylar said to Aaron who just nodded his head like a statue...

"SCARLET WAIT!.." she yelled after Scarlet who gave her a murderous look.

" I CHALLENGE YOU FOR QUEEN LUNA POSITION!.." Gasps echoed through the parking lot as everyone's eyes darted from a now fully healed Skylar to Scarlet. Scarlet just scoffed turning away but what Skylar said next stopped her.

"Zane you should just choose me as Queen. Scarlet is weak and unworthy to lead, just look at her she is so skinny and doesn't even have a single muscle. Am I right Aaron?" She said and looked at Aaron who just nodded his head mumbling a " yes whatever you want baby.." What is wrong with him...

" See even Aaron agrees.." she said running her manicured finger on my chest... I shivered in disgust quickly pushing her away. I looked over at Scarlet who was glaring at her coldly with her brows furrowed in anger and fists clenched.

Valencia whispered something to her that made her calm a little while I looked on angrily. How dare he whispers something to her.!

Scarlet sighed turning around when yet again Skylar began speaking...

"SEE EVERYONE, YOU WANT HER AS A LUNA..?" She said addressing the crowd of wolves that had gathered around us." THAT PATHETIC LITTLE WEAK HUMAN? YOU CAN'T HAVE A HUMAN AS A LUNA, SHE WILL TURN Y'ALL WEAK AND MAKE THE PACK FALL. JUST LOOK AT HER I HAVE CHALLENGED HER FOR QUEEN LUNA t**LE AND SHE IS RUNNING AWAY!!!. Such a pathetic and weak—"

" ENOUGH!!." scarlet growled her voice filled with authority. "Just drag your sorry self and get out of here don't talk nonsense you will never be Queen as long as I am here..."

"Oh really..?" Skylar scoffed

" I can s***** Zane from you with just a snap of my finger and you can't do anything about it.." Skylar smirked coming close to me she was about to touch me again when—

"Dare to touch him and I swear I will break every bone in your body and burn you up! don't forget what I just did to you minutes ago.! Zane belongs to me!!.." she said possessively. I don't know why seeing her possessiveness over me turned me on. Juan was looking at her with pride and so was I. She can defend herself.!

" Oh please, that was nothing you were only able to land a punch on me because you caught me off guard. If it weren't for sweet darling Zane here.." she said my name purring a bit seductively. "I could have beaten you badly. You know I am no match for you. I can end you in just a snap of my finger that is why you are scared of accepting the challenge ha ha." she laughed humorlessly.

"See everyone I told you she was a weak human no match for a true warrior who can lead you all to glory.." Murmurs began echoing around. The teachers and my uncle Dean were all out witnessing the drama unfold. No one could stop it since Skylar has already issued a challenge.

It seems everyone was starting to loot for Skylar. I was about to cut in and end all this when Scarlet beat me to it.

" I ACCEPT YOUR CHALLENGE SASHA.." she said her voice filled with confidence but I could tell she was not confident at all. I have seen Skylar train with Aaron. That girl can kick b***. There is no way Scarlet will survive this.

I walked over to Scarlet who gave me a sad look.

"Are you sure about this princess..?" I asked her. She didn't say anything as she wrapped her arms around me. Gosh I missed her so much I missed these hugs so much I didn't want her to let go as I wrapped my arms tighter around her...

"I'm sorry Zane, I'm sorry.." she whispered her voice cracking at the end...

ADVERTISEMENT

"It's okay baby don't worry about it. it's okay.." I said to her kissing her forehead.

She broke the hug wiping away the tears that had fallen...

"Is the challenge on or what..?" Skylar asked glaring at us...

"You all should listen to me this little girl is not fit to be a luna she is too weak and overly emotional. Zane, you should just choose me and reject her..." Scarlet growled shutting her up. I have never seen her this angry. It was terrifying thank God the anger wasn't directed at me...

"DON'T YOU EVEN THINK ABOUT IT ZANE IS MINE AND NO ONE ELSE'S!!" she yelled as everyone flinches. "I accept your challenge Sasha get ready to lose..."

"Scarlet are you sure-?" She cut me off.

"Yes I'm sure.." she said confidently.

"THE CHALLENGE HAS BEEN SCHEDULED AT SUNSET TODAY AT THE PACK ARENA!!" I said dismissively as they all dispersed leaving me, Scarlet Val, Skylar, the guys, and uncle Dean...

"Zane do you by any chance know what is wrong with your cousin.?" Uncle Dean asked motioning to Aaron who was hugging and placing small kisses on a giggling Skylar.

"I think he has been brainwashed.." I said.

"what?" He asked confusion clear in his voice. I nodded.

"This is too much see ya at home.." he said going back to his office.

I turned facing Scarlet who was talking to Val about burning Sasha's body???

ADVERTISEMENT

"Are you sure about this Scarlet? You haven't even had enough training, I have seen the way Skylar fights she is damn good at it please reconsidered..." I said interrupting her and Val's conversation.

"Zane this is about my honor I can't let her degrade me.."

"I take back my rejection. let's make up yeah..?" I said her eyes lit up as she smiled hugging me.

"thank you.." she said.

"Welcome baby girl now leave this challenge let's cancel it--"

"No way.." she said. "There is no way I will let Sasha take you away from me you are mine I can't allow her to get close to you--" she said poking my chest.. her possessiveness is really a major turn-on.

"I know baby I'm yours even if we cancel it I will still be yours she won't be my Queen.."

"Zane.." she said cutting me off. "This is about my honor. I can't let the pack see me as a weak Luna Queen I will defend my t**le even if it's the last thing I do!.."She said with a tone of finality walking away going to cla**.

I looked at Skylar who smirked looking at me seductively making me scrunch my nose in disgust. I wonder what was wrong with Aaron he was watching her every move and yet he didn't have a problem with the way his mate was looking at me that's just unbelievable...

She started blowing kisses at me making me feel even more disgusted. The other guys William, Miles, and Nathan were looking at Aaron wondering why the hell he wasn't freaking out or getting angry that his mate was making googly eyes at another male...

*

"Are you sure about this.?" I asked Scarlet for the tenth time since we came to my house. "I don't care about being Alpha let's just cancel and then you and I can leave and make our own home someplace far away. If Skylar wants to be Queen then I will just give up the throne to Aaron he is an Alpha after all.."

His Scarlet Queen Luna Chapter 32

"There is No way in hell will I allow that witch Sasha to take over the pack. The day I accepted you as my mate I accepted the role of Queen Luna too and according to your mum's teachings, a Queen will protect her Kingdom at all costs. I can't allow that witch to take over not in this life all the next.."Scarlet said her tone filled with anger.

She got out of the car going straight to her room which was still the way she left it. I followed in toll.

"Baby please reconsider.. what if she kills you then what? I won't be able to be Alpha without you I need you by my side I love you I can't live without you.." I pleaded to try to knock some sense into her.

She sighed facing me.

"Please stop talking you are making me nervous and scared.." she pouted.

"That's because I have to see you train, I have seeing Skylar train as well you are no match for her.." I wasn't trying to bring her down but let's face it guys Scarlet knows nothing about fighting she only knows a few punches that are it and Skylar? she's a pro, skilled she even managed to beat one of our best warriors. Scarlet is totally gonna get killed and I don't want to lose her.

SCARLET

dang, what was I thinking by accepting the challenge I'm terrible at fighting.. last time the only reason why we managed to defeat Sasha was that mom was there.

and Zane? wasn't making me feel any better he kept on saying negative things and reminding me how good of a fighter Sasha is. I can't believe I just signed my own death sentence. She is totally going to kill me...

"Scarlet baby please reconsidered I can't leave without you.." Zane said coming closer placing his lips onto mine. After a few seconds, he broke away.

"Baby I have already agreed to this." I said "I can't back away and you should be helping me, giving me some moves to use not bring me down. If you keep saying negative things it will blow away the little hope that I have and any chance of me winning. I am doing this for you, for us, for our family, for our Kingdom. These people need a strong luna who can defend herself.." I added. He sighed running his hands through his hair.

" Okay, you are right. Just try to survive okay and remember to dodge all the attacks like I taught you to.." he said placing his arms around my waist pulling me closer as I smiled at him placing my arms around his neck.

"That's more like it Alpha." I placed my lips on his. This one was different. I was pouring all my emotions into this kiss and it could probably be our last.

He places his hands behind my thighs lifting me as I wrapped my legs around his waist. I didn't know we had started moving until I felt the softness of the bed on my back. The kiss was heated almost turning into a make-out session until...

"Cough cough.." someone fake coughed. Zane pulled away still on top of me our eyes turning to the door and guess what?

Yep you are right his entire family was by the door.. why do they always find us in such a position. I blushed

"If you both are done it's almost sunset.." Zane's dad said. I looked at Zane who gave me a sad look he was still on top of me.

"Please don't do it, baby girl, I love you I don't want to lose you.." he pleaded to kiss me once again despite his parents watching. I softly pulled away.

"Duties of a Queen are never easy.." I chuckled trying to lighten the mood but it was no use.

"Sweetheart you are only 15years old it's not the right time for you to be sacrificing your life.. let's just end this okay I don't care about the throne I just care about you baby. I want you, I need you, baby.." he said caressing my cheek.

"I won't leave you okay. I will use all the technics you taught me. Everything will be okay and just in case I don't make it always know that I love you--"

"No.." he shook his head. " I don't want you to just say it. I want you to make it up to me to show me that you love me every day. ." He caressed my cheeks and I leaned in enjoying his touch it may be my last.

" Zane don't be negative.." Grandma Crystal said "Say something positive to encourage her. She might even win this. Never underestimate the power of a true Queen.." she smiled as Zane sighed.

"You are right grandma I will try to be positive.." he said getting off of me and pulling me up while I fixed my dress.

"I will just go change.."

I said quickly running to my walk-in closet. I picked up my sky blue shorts with a purple tank top. If I am going to fight I need to wear something comfortable. I didn't bother wearing shoes mostly because I fight better with bare feet.

ADVERTISEMENT

I came out feeling nervous but ready. The moment I stepped out of the closet I was engulfed in a tight bear hug.

"Promise me you will come back to me I can't lose you.." Zane kept on whispering in my ear while he placed kisses on my neck. " I need you. Juan and I need you. We can't leave without you baby please promise you will be safe and you will come back to me to us.." I couldn't say I promise I didn't want to make a promise I would never keep. what if something happens to me.

"Please Scarlet baby please say you promise.." His eyes were gla**y and heavy with unshed tears I sighed.

"I promise.." I whispered to him a smile adorning his lips.

"Okay love birds Skylar is kinder inpatient shall we go.."

Father-in-law said. Zane let me go while I took a deep breath.

It's now or never...

*

A lot of pack members had gathered around leaving a huge space in the middle where Aaron and a manly looking Skylar stood Hugging each other.

" girl you've got muscles .." I said mouth wide open while Skylar just smirk. " You are sure you not a man hiding in a woman's body..?" I added. She looked at me angrily and I gulp. She's totally gonna kick my b***.

"Just try to survive okay and be safe. You promised not to die.." Zane said making me even more nervous what kind of pep talk is this? who says this? oh, right he does.

" I will try.." he gave me one last kiss and I was all alone against the man-looking lady...

ADVERTISEMENT

I scanned the crowd to see a familiar blonde but non. my mom was nowhere in sight and neither was Val. Where the hell was they???

"CHALLENGERS ARE YOU READY.." father in law's voice boomed making me flinch followed by some chuckles and whispers. I looked at Zane who gave me an encouraging thumbs-up. "This is a fight for the future Queen luna t**le. The challenge is between the current future Queen Scarlet Reyes and the challenger Skylar Nevaro.

Whoever wins becomes the new Queen luna!

Since Scarlet is not a werewolf you both will fight in human form with no weapons. If you decide to use a weapon or turn into your wolf then you will be disqualified and the other will automatically be declared the winner. However if both of you will continue in wolf form without breaking any of the rules, then the first one to make the other submit win—"

"No." Sasha interrupted. "Fight to death.." she added smirking evilly while showing me her muscles I gulped...

"Okay fight to death it is then.." Father-in-law said. " Are you both ready.?" he added

"Yes.." both Sasha and me said.

"Let the fight begin.." he announced.

Both Sasha and I began circling each other. She was a**essing my weaknesses while I was stalling waiting for my mom and Val. I was super nervous my hands

were all sweaty. When will mom get here? Her presence is the only thing I need to win this.

Sasha got tired and then pounced on me but I was quick to get out of the way running for dear life. Everyone began to laugh and Sasha stopped chasing me laughing as well.

"What a pathetic Luna.." she laughed while I stood like a hundred meters away catching my breath. I scanned the laughing crowd again and then saw Mom and Val standing near Zane's family.

I let out a sigh of relief I can win this...

His Scarlet Queen Luna Chapter 33

I looked at Zane who was giving me a sad look. I didn't like that look it was making me nervous again and if I am going to win this then I need courage.

"You've got this baby.." mom said loud enough for me to hear, my eyes snapped in her direction but quickly changed when I heard Sasha coming at me full speed again but I manage to move out of the way at the last minute. This fueled her anger.

Jackpot people tend to make mistakes when they are angry. Especially Sasha.

"Remember what you are fighting for baby don't let her win.." mom said again however this time my eyes were focused on angry Sasha.

Mom's words kept on ringing in my mind. I can't let Sasha win I can't.

"Hey yo grandma Sasha.." I smiled sweetly at her while her anger-fueled even more, her nose flaring.

"Remember three years ago when I killed you?" I smirked. I wanted to get to her and make her even angrier that way she way makes a mistake and it will be an opening for me to finish her off.

"Don't call me grandma and you only killed me out of luck otherwise you were and still are no much for me." She spat but this time I didn't flinch Moms presence alone was giving me the courage I can totally win this

"Haha, you got killed by a 12-year-old.." I taunted her anger flaring.

"Stop.." she growled doing something with her hands to reveal her true form.

Gasps echoed around noticing the change. Where Skylar stood was one of the most powerful witches of all time with her daggers and an all-black outfit...

ZANE POV

I watched in horror seeing Skylar transform into a witch. The transformation didn't faze Scarlet at all but every one of us was.

She took out a dagger from her belt and threw it at Scarlet who ducked.

"Dad she has broken the rules this challenge is over Scarlet has won.." I said relief filling me up. I was about to go to Scarlet but a form of shield appeared out of nowhere preventing me from getting to her. this is bad...

"You brat I will put you in your place today.." She said throwing another dagger at Scarlet who quickly moved out of the way.

"Wait." Scarlet said. " why do you hate me so much. I have never done anything to you well except that time I killed you with the help of my mom. But seriously I have never done anything to you so why do you hate me? why are you so bent on killing me? can't you just let this go? I don't want to fight you, I don't want to kill you. We can be friends just let this go let this bitterness go-" she added but Skylar cut her off

"Do you know why I hate you so much.?" Skylar said. "It's because of you that my own people abandoned me. I was the most loved and powerful until rumors were heard that a half-angel half goddess had been born holding power to grant immortality. People stopped worshiping me and started looking for me. I couldn't let that happen that is why I came here three years ago to kill you and get the power for myself. You were lucky you managed to defeat me but not anymore. Mommy dearest won't be able to help you this time. I will make sure I drain all your power and take it for my self then I will rule the world.." she laughed maniacally evil. She took out the last dagger she had and threw it at Scarlet. This time scarlet wasn't fast enough as the dagger pierced her shoulder. She groaned in pain falling to the ground.

" There is still time Sasha you can end this you can stop this and let the bitterness go. You can still have a happy life meet your mate and have a beautiful family. Being bitter and hating people because they stole your spotlight isn't good. I never asked for this I never wanted this. I don't even care about fame if you want to be the most powerful than you can be by doing the right thing. People will remember or know you as the lady with a big forgiving heart. They will adore you if you just let this go-" Scarlet said her words filled with so much wisdom just like a true Queen. I was such a fool when I rejected her but no more I will make sure I give her all the love and care she deserves because she is a true Queen, my Queen.

" haha." Skylar laughed " mate family. I don't have a mate. I killed him because I didn't need him. Mates make people weak but enough talking now Haha you are no much for me kid.." she smirked then looked at scarlet's mom.." watch how I end your daughter Serene just like I did to your darling mate.." she turned then to look at Scarlet who looked to be in pain. "now to finish you.." Skylar said. I desperately tried to help Scarlet but it was no use I couldn't penetrate. Juan was

howling and growling desperately trying to reach Scarlet but we both knew there was nothing we could do. I just watched in horror as Scarlet removed the dagger from her shoulder wiping the blood on the dagger, on her shorts.

Bones began breaking and soon Skylar was replaced by a big brown Wolf.

I looked at scarlet's mom who had pride in her eyes. " You've got this Scarlet you can't let her beat you.." she yelled while I just stood there helplessly tears spilling out. Scarlet was busy cleaning the blood off the dagger not even looking at her opponent who was running at her full speed baring her teeth

ADVERTISEMENT

"SCARLET WATCH OUT!.." I yelled but I was too late. The Wolf pounced on her and then— Silence! pin-drop silence! Not even the leaves were moving around or the birds chirping! it was a dead silence you can't even hear people breathing!! Everything was at standstill— Scarlet was completely and utterly squished under the giant Wolf. Her body was completely hidden.

I knelt on the ground watching, waiting for something anything.

Juan was howling in my head-scratching and clawing itching to get out but I had to keep control. Please I can't lose my mate I silently prayed a lone tear escaping my eyes.

"Aaron!!." I heard aunt Melissa say and at the same time the shield broke and the smell of blood lots of blood filled my nose. I was the first to get up quickly running over to Scarlet. I kneeled pushing the Wolf off of her.

My sweet Scarlet was covered in blood with a huge bite mark on her shoulder, It was like Skylar sank her teeth in Scarlet's shoulder but didn't rip off the flesh.

My Angel was barely breathing but her heartbeat was steady. I looked at Skylar who had now shifted back to human form with a dagger plunged in her chest, Dad was checking her out to see if she was alive, and judging by the small smile that was blooming on his lips she was dead. I sighed in relief my mate did it.

I was about to pick up my girl when her mom stopped me, she moved me away and knelt before Scarlet placing her hands on her (Scarlet's) shoulder.

After a few seconds, she moved away. Motioning for me to carry her.

I looked at my girl who was now healed!!....

She was breathing normally with no sign that she was hurt except of course the blood that was covering her.

ADVERTISEMENT

I looked at her mom wondering what just happened and how she was able to do that but then I remembered Skylar's words. Scarlet was a half Angel and half goddess does this mean that her mom is the goddess?! The moon goddess Serene??!!

Scarlet's mom just gave me a knowing looking and her attention shifted to the limp body Skylar.

I quickly picked up my Angel running over to the pack hospital where she has quickly cleaned off the blood and checked up to see if she was okay.

I went into the bathroom in one of the hospital rooms washing off the blood that was covering me while Dad brought me some clean clothes.

I changed then went to the room where Scarlet was been kept.

She looked really pretty gosh I love this girl so much and I'm so happy she has proved to everyone that she is a true Queen my Scarlet Queen Luna.

I bend down to kiss her cheek when—

"What are you doing?" I heard her melodious voice.

"You are awake!" I exclaimed like a 3-year-old kid pulling her into a bone-crushing hug.

"I'm so happy you are fine and alive I love you so much I should have never doubted that you could do it. I am so proud of you baby.." I said pulling her into a passionate kiss. she giggled in the kiss wrapping her arms around my neck and I smiled placing my hand under her hospital gown Savouring the moment.

His Scarlet Queen Luna Chapter 34

/ [His Scarlet Queen Luna by Milagros Faiyth](#)

The perfect moment of having my mate my love my Queen here safe and sound.

"Why do we always have to find you in that position.?" A voice said breaking us apart. Dad!

"Yeah, I'm wondering the same thing too.." I mumbled to myself looking at Scarlet who was blushing pushing my hand away. Then I realized it was still under her hospital gown!

I quickly removed it getting off of her then turned to face my entire family except only three people were missing. Aunt Melissa, uncle Dean, and Aaron.

"Where are Aaron, uncle, and aunt?" I asked.

" Well, Aaron is still not awake so they are in his room," Dad said coming over to see Scarlet.

"How are you feeling..?" he asked her.

" I am fine thank you.." she said smiling as Dad returned the smile.

"We are glad you are okay anyway we will leave you two to uh finish whatever you were doing but just don't make a baby.." he said looking at me sternly

"don't worry about it Dad I won't make her pregnant until she is done with her studies of course.." I grinned at him. He just chuckled shaking his head going out of the room.

"Glad to see you awake princess.." Mom said kissing her forehead as she smiled.

They all said their goodbyes and finally, it was me and her alone. I was about to kiss her again when—

"Princess Scarlet you are awake.." I groaned looking at the Doctor who gave me a sheepish smile. Can't they just leave us alone even for a minute like come on people I need some time alone with my mate jeez!!!!

"I will just check you up and then you will be good to go.." he said coming closer. I sighed getting up from the bed standing somewhere else.

"Zane where is my Mom?" She asked while the Doctor checked her up. That reminds me I haven't seen her and Val since the fight.

"I don't know, haven't seen her since the fight.." I answered.

ADVERTISEMENT

"What about Sasha were is she did I win?" She asked concerned.

"You mean Skylar she uh she died." I blurted it out. Her mouth formed into a perfect "O" that I just wanted to kiss.

"Okay you are good to go home now you are perfectly fine.." The Doctor said and I smiled we can continue our make-out session at home with no one to disturb us.

"You are awake!" I heard her Mom say rushing into the hospital room straight to Scarlet, "congratulations I am so proud of you baby you did it.!" She added happily while I smiled.

"Yeah, I couldn't have done it without you being there.." Scarlet smiled at her Mom.

"Anyway we are going home now let's go—"

"Wait! what?!" I asked she can't leave I haven't even kissed her or spent some alone time with her yet.

"Yes, she needs to go home now. I hate seeing her in the hospital." Mother in law said

"Can't she stay at my place?" I asked. She just shook her head helping Scarlet up from the bed. I sighed defeated.

" See ya, Zane." Scarlet kissed my cheek and then they disappeared. I felt like crying this is not fair.

I gloomily left the hospital Room going over to the other room where Aaron was still not awake yet.!

"What did the Doctor say?" I asked Dad.

"The Doctor said he is fine but Scarlet's Mom who came to check on him earlier said that since he was brainwashed by Skylar it will take some time for him to go back to his normal state."

" Oh.." I managed to say

"Where is Scarlet I thought you guys were you know busy?" Dad asked.

" she left with her Mom," I said with sadness. Juan hasn't even spoken to me since the fight it has been almost two hours usual he is never this quiet it's either he is arguing with me or whining about something. Anyway, he will talk when he feels like it at least he isn't blaming me for letting Scarlet go back home.

SCARLET

"Mom what happened to my Dad.?" was the first thing I asked once we landed in the kitchen.

"Why are you asking?' Mom asked going to make dinner for us.

"See you later pink panther I am going home. Bye, auntie." Val said going out of the house now it was me and her just like always.

"Mom every time I ask, you always tell me that he left after your first night together and that you never saw him after that. But according to Sasha, she killed him is that true and if it is then why would you paint a bad picture of him being a desert--"

"Because that's what he is!" Mom snapped I have never seen her this angry and she has never yelled at me before.

"If she killed him then I could have felt it. He is still alive and he doesn't care about us Scarlet. He left without even saying a word I tried to call him to contact him but no use. He just abandoned me and the love we had for each other. We were so happy and perfect together we never argued or fought and if either of us did wrong we talked about it and made up but one night just after I spent a special night with him I woke up the following morning alone, I tried to link him through our bond but nothing he had blocked me off. Till this day I have no idea what I did wrong for him to just leave and never come back." Mom sobbed I have never seen her this broken maybe mentioning him was a bad idea. I got closer to her and wrapped my arms around her as she sobbed on my shoulder.

" Mom maybe he didn't willingly leave. I mean just think about what Sasha said maybe she did something to separate you both—"

"No baby," she said moving away. "Your Dad was a powerful Angel he was immune to witch attacks there is no way Sasha would have managed to bring him down it's not possible."

I sighed "I am sorry I brought this up.." I pulled her into another comforting hug as she nodded after a few minutes of silence and giving each other a shoulder to lean on Mom broke away from the hug.

"Come on let's make dinner I am hungry," she said I giggled both of us busying ourselves making dinner.

ZANE

Three days three freaking days without Scarlet is like torture, apparently, her mom is not allowing me to see or talk to her? the reason I have no freaking idea. I have tried calling her texting even going over to her house but her Mom doesn't let me. I'm beginning to think she is the main villain in our love story I mean what kind of Mom doesn't allow her kid to be with the one she loves.?

"ah." I groaned falling on the ground as a punch landed on my jaw. It was morning and as usual, I and Dad were training, since I am done with my high school final exams I have to train hard if I am going to take over the pack soon. But just like every other day for the past three days during training, my mind keeps on going to Scar and I end up being beaten even by the weakest of warriors.

"Focus Zane!!.." Dad yelled at me. It was only 6 a.m we were doing our daily spar routine but I couldn't concentrate.

ADVERTISEMENT

I sighed laying on the floor staring at the ceiling

" What is wrong with you..?" he asked exasperated.

"Scarlet.." I said, "I miss Scarlet Dad I can't live without her.."

" Then why don't you call her and fix things.?"

"I have tried Dad but her Mom doesn't let me see her or talk to her.." He sat next to me.

"Maybe she is waiting for you to realize how much you care and love Scar so that you won't reject her next time and listen to her when she tries to explain things to you.?"

" you think so?" I asked.

" I know so now go get her if her Mom doesn't allow you to see her then don't come back but stay until she does. I never taught you how to give up now did I?"

"You are right Dad thanks ." I hugged him then got up going to my room to take a shower. After I was done I sat down on my bed contemplating what to do.

My heart was racing I couldn't sit here anymore I couldn't wait anymore I wanted Scarlet I needed Scarlet.

My body was aching for her my heart was yearning for her

My Scarlet my princess.

But what if I go to her place again and her Mom chases me away then what?

No, I won't give up today I will stay till she decides to let me see her. I took my phone then walked down the stairs but I was not expecting to see the person I saw.

Aunt Melissa Aaron's Mom was standing in the doorway arms crossed talking to someone and Judging by the delicious smell of freshly baked chocolate chip cookies I knew it was her.

Judging by the smell of freshly baked chocolate chip cookies I knew it was her.

" Scarlet "

" Zane," we said at the same time.

Aunt moved out of the way as I ran towards Scarlet and she ran towards me. We met halfway hugging each other as our lives depended on it.

" you have no idea how much I have missed you," I said pulling away from from little planting kisses on her cheeks, nose forehead then lastly on the lips I didn't

care if everyone was watching, I was desperate I wanted to kiss her so bad I needed to do it.

I pulled away both of us breathing heavily

"I missed you so bad," I said kissing her forehead

"I missed you too—" Before she could finish her sentence I crushed my lips onto hers once again silencing her.

I snaked my arms around her waist pulling her closer while she ran her fingers through my hair

I lifted her so that her legs were now around my waist. My lips never leaving hers.

Before long we were in my room I placed her down then closed the door I turned around and saw her removing the hoodie she was wearing followed by the shirt. She wasn't wearing a bra.

"I want you to mark me," she said breathlessly and I kissed her trailing my hands on her naked chest.

I didn't know we had even started moving until we both fell on the bed with her on top of me. I turned us so that she was laying on the bed and I on top of her kissing the daylight out of her.

I pulled away removed my shirt then started kissing her neck leaving hickeys while I searched for the perfect spot to leave my mark.

Juan was howling in joying with the thought of finally marking our mate.

"Zane," she said breathless whimpering and I knew I had found the perfect spot.

"Are you sure about this.?" I asked her one more time just to be sure.

ADVERTISEMENT

"yes mark me as yours.." she said breathless and in a matter of milliseconds, I was attacking her neck again.

I s***ed and kissed the spot for a few more seconds then sank my teeth into her flesh.

She screamed in pain which later turned into an m***n of pleasure her nails digging into my back.

I retracted my fangs licking the blood sealing the mark and then planting small kisses on it.

"Rest baby.." I said to her noticing the way she was fighting to keep herself awake. Marking takes a lot of energy so it was normal for her to feel sleepy.

She closed her eyes as I pulled her on top of me while she snuggled on my chest.

I watched as she lay her head on my chest. I smiled inhaling her scent which was now mixed with mine. She was finally mine. Forever mine.

The fight we had over a week ago only made our relationship grow stronger as now I don't even feel like being far away from her. I want to hold her like this forever in my arms.

But all good things always come to an end right?

"Zane opens the door.," my mom yelled banging on my door as I groaned.

"Go away mom I'm trying to get some sleep," I said through the mindlink and she growled.

" Either you open the door or I am breaking it down.. " she responded through the link making me sigh in frustration. All I ever ask for is a freaking hour with my mate. But in this pack that's impossible.

" Fine give me five minutes." I grumpily replied. I didn't want to wake Scarlet up she looked so peaceful sleeping. I softly lay her on the bed as I got up.

" Don't leave me." she whimpered holding me close

" I am not going anywhere I will be back okay," I said kissing her forehead and she reluctantly let me go.

I pick up my shirt which was laying somewhere around then went over and opened the door quickly closing it behind me so that Mom doesn't see Scarlet.

"What took you so long?" she asked, "And why do you smell like Scarlet.?"

ADVERTISEMENT

"Well.." she pushed me away from the door and opened it only to see Scarlet laying on my bed. She was about to yell when I pulled her out of my room closing the door.

"What is she doing here and in your room?" she asked glaring at me.

" Well I, uh you see she came to say hi and I missed her so much so I kinder—"

" Please don't tell me you did something with her. Zane, she is not the right girl for you, you have to reject her?" I looked at her in bewilderment.

"Really mom I can't believe you are telling me to reject her! just days ago you are the one who was encouraging me to give her a chance and forgive her after she lied to me and now you are telling me she isn't right for me. No Mom she is my mate and I love her a lot—"

" Love.?" She scoffed. " you don't even know what love is—"

" Of course I do. What I feel for Scarlet is love Mom I can't live without her even for a mere second. Please don't tell me to reject her because I will never make that mistake again."

"But Zane she is only wasting your—"

" No please Mom understands—" Mom stocked away angrily and I sighed greatly now I have an angry Mother to deal with. I went back to my room only to find Scarlet awake.

"Hey, baby how are you feeling?" I said going over to her

" I am just gonna go." She stood up from the bed covering herself with one of the sheets since she wasn't wearing a shirt then went over to my closet she came back wearing one of my shirts.

"I am sorry I will just leave—"

"Wait! what! why?" I asked going over to her.

"Your Mom hates me and you fought with her because of me. I am sorry please forgive me—" she wanted to leave when I pulled her in for a hug.

"Don't even think about leaving me okay?" I said sternly and I could tell she was silently crying. Now that I have marked her, all her emotions were flowing through the bond, I could feel everything she was feeling pain sadness hurt I could feel it all. It was so strong and intense I felt like crying.

"Come on." I held her hand dragging her to where Mom was I needed to make things right between them, I have no idea why she all of a sudden hates Scarlet but I will find out and make sure she starts liking her again. I knocked on Mom and Dad's room and after some time Mom opened the door. She looked at Scarlet whose eyes were downcast then glared.

ADVERTISEMENT

"Mom we have to talk," I said to her. She opened the door wide and I entered the room dragging Scarlet inside too.

Dad was also in the room sitting on the couch reading a book. As soon as he saw me and Scarlet he placed his book on the table and then stood up looking at us.

"Mom please tell me what happened?" I asked her.

“What are you talking about?” she asked great playing innocent.

“Why do you hate Scarlet?” I decided to hit the nail on the head. She looked at me then at Scarlet.

“Because she isn’t right for you Zane you even rejected her remember then why are you taking her back?”

“Really Mom not right for me? why do you say that? You have always liked Scarlet, what changed? you are the one who encouraged me to give her a chance and today you are telling me to reject her? No Mom I won’t she is the perfect and right person for me I love her.” I said the last three words looking at Scarlet who in turn looked at me her eyes shining with love and happiness.

“She is the only girl I love and will ever love she is my Queen my everything.” My eyes never left hers. I wanted her to know just how much she means to me and how much I love her.

Scarlet gave me a small smile

I turned to see Mom who was looking at us in awe.

“Yeah his whipped!” Dad chuckled making Mom giggle while Scarlet blushed. I pulled her to me hugging her like she was my life because she definitely is.

“I don’t hate her.” Mom said making me break the hug. “I like her a lot and I am soo happy she will be the next Queen. I just wanted to know if you both were genuinely in love with each other and would do anything to be together. That’s adorable.” Mom opened her arms motioning Scarlet to hug her. She hesitated at first but then went ahead and hugged her while she smiled.

“ I don’t hate you okay. I like you, you are perfect!” she added. I smiled happily to know my Mom doesn’t hate my mate.

We were all sitting in the living room chatting and having family bonding time when the doorbell rang.

“That’s odd no one ever rings the doorbell.” aunt Melissa said getting up going to open the door. She opened it wide and we weren’t expecting the person who stood there.

“ Mom..” Scarlet got up from the couch as we all stood up looking at her mom.

“We are going home..” That was the first thing she said coming over to Scarlet.

"But—" before she could even say anything her mom turned and looked at my parents.

" She wasn't supposed to be marked." I looked at my parents in confusion and they mirrored my expression.

"Mom what do you mean.?" Scarlet asked but her mom kept on looking at my parents who I'm guessing had no idea what she was talking about.

"Now both of their lives are in danger. She is still young and untrained and there is a lot of things we have to deal with—"

" Mom calm down breath.." Scarlet said calming her Mom who seemed like she was having a panic attack. Do goddesses have panic attacks?

"Calm down and tell me what's going on and why is it that Zane wasn't supposed to mark me?" Scarlet said slowly like she was talking to a ten-year-old. Her Mom took a deep breath then relaxed.

" Ceros is coming for you both.." she said looking at me.

"Who's that?" I asked she gave me a questioning look then looked at my parents.

"You never told him?" she asked them while I looked on. Mom had a confused expression and then realization hit.

"But I thought he wasn't affected?" she asked.

"Of course he wasn't but now that he and Scarlet have bonded for life he is also affected. And once they finish the mating process it will be all over even I won't be able to do anything.." I looked at Scarlet who had a face of horror I have no freaking idea what's going on and who Ceros is and—

" Oh no Mom what are we going to do? I am not ready yet I can't fight him and—" before she could even finish her mom kissed her forehead and she was out like a light falling into my arms.

"What did you do to her?" I asked as I lay her on the couch.

ADVERTISEMENT

"She needs some time out. I think you should explain to him what is going on and why both of them have to stay away from each other for a while. Well until she is ready.." I looked at my parents who gave a nod. Mother-in-law went over to the couch where Scarlet was laying, she held her hand, and p*** they disappeared.

"Mom Dad please tell me what's going on and why I have to stay away from Scarlet because honestly, I am NOT doing that I love her I have marked her as mine and I can't STAY away from here.." I said.

"Come on let's go talk.." Dad said leading me towards the stairs.

"Tell me what's going on?" I asked once we were in my room.

" Remember why we had to separate you and your sisters when you were kids?" He asked. I actually have siblings but something happened and it's a story for another day.

" No, you never told me.." I answered sitting on my bed.

"We separated you three because there is a man out there who is after your powers. You see when you three are in the same place your powers intensify and if not controlled people can take it away from you and use it for evil."

"But Zoey and Zara? They are not here and what does that have to do with me and Scarlet.?"

" Because you are not the only one being hunted Scarlet is too and since you both are now bonded your powers have intensified. At first, we thought that since Zoey and Zara weren't here you were safe but now Scarlet's powers are just enough to replace Zoey and Zara's.."

" So what I have to stay away from her. Dad if our powers have intensified then we can handle it we can defeat whatever force out there that wants to destroy us.."

" Zane you don't understand, Scarlet is undertrained this is not some small issue like dealing with rogues. This is big and if not handled in the right way you both could die and I don't wanna lose the only child I have left. " Dad said giving me a sad look. "And if you both die the whole werewolf world will be in danger because there is no one powerful enough to kill Ceros only you and your sisters or you and Scarlet can defeat him without you four the whole werewolf nation will be in danger.."

" So what I and Scarlet have to separate just like I was separated from my sisters?." Juan was whining in my head at the thought of me separating from our mate this is not fair Scarlet and I have not even enjoyed our relationship yet and now we have to separate all because of some stupid power-hungry freak!

"You have to go to Italy!" Dad dropped the bomb. " It's the only place you will be safe and far from Scarlet.."

"But dad--"

ADVERTISEMENT

" Zane this is just a small sacrifice you have to make for your relationship. It's only temporary you will come back once Scarlet gets trained and ready. If Zoey and Zara were here then you wouldn't be separating from her--"

" You know what Dad maybe if you had told me this in the beginning I would have trained harder and maybe I wouldn't have to stay away from my mate." I got up going over to my closet grabbing my stuff.

" I'm sorry Zane I wanted to shield you from this as much as possible. I thought that since your sisters weren't here you would be safe but I guess it was always in your destiny and there was nothing I could do to stop it. Sorry!" he said and I sighed.

" It's okay Dad I know you did it to protect us I could have done the same thing if I were in your place," I said placing my clothes on the bed then grabbing my suitcase and stuffing it with clothes. I hate destiny but if this is the only way for her to be safe then I will do it.

" I will just call my sister.." he said going out of the room.

By the time I was done clearing my room it was almost dinner time I didn't even feel like eating, what I wanted was to spend time with my mate.

" Come down for dinner.." Mom said I nodded my head following her out.

We all sat at the dinner table Mom and aunt Melissa serving the food.

" Your flight will leave tomorrow at 5 a.m.." Dad said and I nodded my head. The whole dinner was quiet no one uttered a word as we all were in our own worlds me thinking about my mate and how heartbreaking it will be when I say goodbye to her I just wish a miracle would happen where I get to stay with her in my arms or we go far away from here to a place where we could live just the two of us in peace without worrying about some power-hungry freak or worrying about being a leader I really need time ou—

" Zane.." Mom said I looked at her. Everyone was done eating while my plate was still untouched.

"I am going over to say goodbye to Scarlet.." I said getting up no one stopped me I grabbed my hoody car keys and credit card but first I need to get her a gift.

SCARLET

I woke up with an intense headache. I groaned looking around only to find myself in my room and Mom sitting beside me reading a book.

"Oh you are awake.." she said.

ADVERTISEMENT

"Mom what's going to happen to me and Zane..?" I asked she sighed.

" You both will be separated but only for a short while until you are fully trained and ready.." I nodded my head it will only be for a little while I will train harder.

It's not like he will be going to another country we will stay in Baja talk on the phone all the time but won't just see each other I mean how hard can that be.

"Come on let's go have some dinner. I ordered Chinese food.." she said helping me up. We went over to the kitchen and she gave me a bowl of Chinese food. I grabbed both of us going over and sitting on the couch eating while watching a movie I didn't have an appetite but I had to force myself. I can't believe Zane and I will be separated.

"Will my love story ever have a happy ending?" I asked Mom while playing with my food.

She placed her bowl of food on the table and I mirrored her moves.

"Everything will be perfect baby I know you and Zane will be happy together and will have babies.." she smiled petting my hair as I lay on her lap.

"Come on eat up your food before it gets cold..." I got up laying my head on her shoulder while eating the food which was delicious by the way.

Ping a message notification:

"Who texted.?" mom asked

I put down my empty bowl of food then pick up my phone.

Zane: come outside I want to talk to you.

"It's Zane he wants to talk.." Mom sighed.

"Scarlet I don't think that's a good idea—" Before she could finish my phone rang.

"Scarlet I don't think that's a good idea—" Before she could finish my phone rang.

"Hello?" I said picking it up.

"Please come outside I want to talk to you.." His voice sounded so pained. I looked at my mom who nodded her head.

"Okay, I am coming.." I said cutting the call. I got up going over to open the door. As soon as I step outside Zane got out of his car coming towards me.

"What's wr—" I was silenced by a sweet passionate kiss he snaked his arms around my waist pulling me closer while I wrapped mine around his neck. This kiss was different it was filled with so much sadness and pain I pulled away looking at him.

"What's wrong?" I asked caressing his cheek.

"I am going to Italy.." my heart stopped beating Italy that's like the other side of the world. I removed my arms from his neck stepping away.

"Italy? What do you mean by Italy? Why are you leaving? what's going on?"

"Baby.." he pulled me closer caressing my cheek. "It's for the best I have to uh attend business school and train so that when I come back we will both be together and no one will separate us.."

" But we can still be together now. Is this about Ceros and our lives being in danger Zane we can still be together you can still—"

' Shh.." He shushed me up by placing his index finger on my lips. "It's for the best. If I stay here I won't be able to resist you cupcake but I promise I will come back.." He wiped away the tears that had fallen as I wrapped my arms around him sobbing.

"Please don't leave me Zane I can't live without you!" I sobbed he wrapped his arms around me too.

"I can't live without you either baby I love you so much with all my heart and soul but this is a sacrifice we have to make for our future I promise I won't be gone forever I will come back to you.." I pulled away from the hug then kissed him. I kissed him with all my heart and soul putting my whole into this and I am guessing he was doing the same thing because he kissed me with the same vigor. After almost about ten plus minutes of us kissing we pulled away both of us breathing heavily and probably my lips were swollen.

He kissed my forehead and was about to leave when I stopped him.

"Please stay until I fall asleep. I want to fall asleep in your arms one last time.." I said holding his hand. He nodded his head following me inside the house.

"Mom.." I said as soon as we entered.

"I heard everything it's okay.." mom said. I nodded my head going upstairs. As soon as we got into my room we both kissed each other as our lives depended on it.

We lay on my bed me cuddled on him holding him tightly

"Cupcake.." Zane said.

"Hmm.." I responded he sat up removing his hoody putting it on me I loved the way it smelled like him. I smiled taking a big whiff

"I am glad you like it.," He gave me a watery smile.

"I love you!" he said

"I love you too.." I responding kissing him as he kissed me back. After we pulled away I cuddled on his chest I didn't want to fall asleep but soon it caught up to me. I held him tightly as I fell asleep.

*

I felt a cool breeze around me as I pulled up the covers cuddling into the soft fluffy- wait! I opened my eyes to stare into blonde fur! Blonde fur? I abruptly got up to find where Zane was sleeping was a huge life-size teddy bear.

I felt my eyes tear up

" Do you really think a teddy bear can replace you? no Zane it can't.." I mumbled to myself wiping away my tears.

He left and didn't even tell me when he will come back destiny is so unfair.

"What am I going to name you?" I sniffed staring at the teddy bear. " I think Juan Micheal you know Juan from his Wolf and Micheal his middle name.." I laughed humorlessly.

"Good morning princess.." Mom said coming in with a tray of my favorite breakfast bacon scrambled eggs with a cup of orange juice and pancakes.

"Good morning mom.." I said lifting my hands motioning her to come for a hug.

She placed the tray on my bedside table and hugged me.

"Do you think he is going to come back?" I asked her.

"Don't worry my sweet Angel.." she said pulling away from the hug. "He will come back and you both will have your happily ever after.." She grabbed the tray placing it on her lap then grabbed the sp***-feeding me the eggs

*****Six months later*****

SERENE P.O.V

It was Christmas eve. Both I and my daughter were watching movies while drinking some hot chocolate.

ADVERTISEMENT

We were invited to Kaden and Kaira's for a Christmas eve dinner but Scarlet didn't want to go since the place reminded her of Zane.

"Serene.." I heard a voice

"Serene.." I heard it again I knew it was a mind link someone was trying to get a hold of me and I knew just who it was. Why did she contact me? I haven't heard from her ever since I found out I was pregnant and had to leave to hide my baby. Did something bad happen.?

"Mom are you okay?" my Angel asked me.

"Yes I am okay anyway I uh feel sleepy good night.."

"But Mom we always stay up until midnight it's almost Christmas..." I sighed it might be important but staying with my girl is more important.

"Okay, I will stay.." I said and she gave me a sweet smile

"Thank you, mommy.." she hugged me making me smile. I love my Angel and I can do anything to keep her safe.

"Serene.." I heard the voice again but I decided to ignore it.

It was now midnight. I got the present I got for her then gave it to her while she gave me hers

"Merry Christmas mommy.." she grinned at me.

"Merry Christmas princess.." I said.

"Open your gift.." she said and I smiled opening it. It was a beautiful gold bracelet that had "I love my mom" engraved on it. I smiled tearing up it was such a beautiful thing to know that your little girl loves you.

"Aww thank you princess I love you too.." I said pulling her into a hug while she smiled

"Come on open yours.." I said to her as she happily unwrapped the box.

"A necklace it's so beautiful mommy thank you!!" she grinned looking at it in awe.

It was a diamond necklace that had a bean-sized ruby in front. It wasn't just an ordinary one but this one was special with a protective shield I don't know how long I will be here to protect her.

ADVERTISEMENT

"Thank you so much mommy help me put it on.." she said I chuckled placing it around her neck.

"I got it specially made for you.." I said kissing her forehead "do you like it?"

" Yes, mom I love it! It's beautiful.."

" I am glad you like it. Promise me you will never take it off.." I said to her sternly she looked at me in confusion then nodded her head.

"Serene.." the voice said more urgent.

" Anyway good night mom I am going to bed now I love you.." she hugged me then skipped up the stairs excitedly while I chuckled.

"Serene.." I heard the voice again. I went to my room locked the door then sat on my bed closing my eyes I opened them to find myself in godlings

"Serene thank goodness you are here.." Syria said running towards me I looked around and all the warriors were busy running around. There was a dragon caged up being tortured. I went closer and its eyes were silver and captivating just like Jack's

"Serene listen to me.." Syria snapped me out of my mini bubble, "There is trouble here you have to come Ceros is about to get free the hold on him is weakening.." I knew this would happen

"Who is that?" I asked pointing to the dragon.

" It's uh you have you come back home.."

" Syria.." I looked at her, " Tell me who he is I can sense magic I know he is not a dragon. " I said. She sighed

"you won't like this..."

"Tell me Syria.." I said slightly annoyed.

"Jack.." she whispered making my eyes wide

" What!!?" I looked at her.

" he never left you willingly. We found him only a week ago when he came to free Ceros that is why we have him locked up." How did this happen he is so powerful how did they get a hold of him?

"And you are torturing him? he is my mate my little Angel's father! What happened to him? and why do you think he came to free Ceros.?" I asked exasperated. I can't believe my sweet Angel mate had been turned into a dragon.

His Scarlet Queen Luna Chapter 38

/ His Scarlet Queen Luna by Milagros Faiyth

" look around Serene. He caused all this damage.." she said pointing at one side of the castle where Ceros was being locked up. The walls had been broken but luckily the enchantment I had placed was still working. There is no way he would leave even when it was fully destroyed unless of course if he had my baby's blood which he won't be getting any time soon

"Serene there is no time the hold you placed on him is weakening because of your mate.."

" What do you mean?" I asked.

"His blood and your daughter's blood is almost the same if we don't undo the magic and get him back to normal then Ceros will manage to get free and non of us will be able to stop him.." I knew things were going from bad to worse but I just can't leave my baby I can't leave her alone.

"Serene you are our only hope nothing will be better without you.." her voice echoed as I pulled myself back to reality.

I have to leave my little girl but I don't have any relatives or family here who will take care of and protect her! I must leave to buy her and Zane some time. But...? That's it!! I know who can take care of her and protect her. With him taking care of her I will be able to focus knowing that my baby is safe.

SCARLET P.O.V

" Good morning Angel merry Christmas.." I heard my Mom's voice I smiled opening my eyes.

" Merry Christmas Mom.." I said back yawning. I looked at her and I could tell something was wrong.

"What's wrong?" I asked.

"It's nothing baby.."

"Mom I know something is bothering you please tell me what's wrong you are scaring me.." I said she sighed.

"I am leaving.." my heart skipped a beat

" leaving? Where are you going and when will you come back?" I asked.

" Princess there is something I need to tell you. It's about your Dad.."

" My Dad what about him I thought you hated him.."

ADVERTISEMENT

" I know but it turns out he never left me and something was wrong I am going to look for him and I don't know if I am going to come back.." I chuckled humourlessly

" You are leaving? Going to see my Dad? Never coming back? This is ridiculous Mom so what are you going to leave me at an orphanage because I am pretty sure a 15year old can't live alone.." She sighed

" I am sorry baby I must go I am doing this for you baby--"

" I don't want you to do it, Mom!! I want you to stay with me!!" I yelled tears falling this is the worst Christmas ever.

" First Zane and now you are leaving me too, why Mom? Why has Dad become so important all of a sudden I thought I was the important one.. "

" You still are baby." she said wiping away my tears, " You still are and I love you more than anything but this is something I must do a small sacrifice I must make. I promise you will love your new family they have kids your age.."

" No Mom I will make sure I never love them I will make their lives a living hell so that they can chase me away I won't consider them my family because you are my only family only you Mom.." I sobbed hugging her.

" Don't cry baby I promise you will love them once you see them I have chosen the best one for you they will protect you.."

" No.." I shook my head, " Why not you? Why can't you stay with me? Why are you leaving me too Mom? I promise I won't trouble you or do anything you don't like. I promise I will be a good girl, I will study hard, train, and do whatever you want just please don't leave me.." I begged I didn't want foster parents I wanted my real Mom, my real parent.

" I am sorry Angel I really am. I wish I can stay with you but I can't.." she said.

" Okay.." I broke the hug furiously going over to my closet taking out all my clothes throwing them on the floor.

" Angel.." Mom called I ignored throwing out the clothes. She grabbed both my hands pulling me into a hug making me sob.

" I am sorry baby this is something I must do I can't promise to come back but I assure you that you will be happy. Your new family will love you and protect you. "

" I will never forget you, Mom.." I said hugging her tightly

" I will never forget you too baby. I will be watching over you and if all goes well then I will come back for you with your Dad okay.." I nodded my head sniffing, " Don't cry baby I love you okay.." she kissed my forehead.

"I love you too mom!" I mumbled, "When will you leave?" I asked.

ADVERTISEMENT

"Today.." she answered

"okay.." I whispered. She helped me pack the clothes and after an hour we were done I went over and took a shower wore my denim shorts with a grey crop top and brown sandals.

I grabbed my pink monkey small backpack that had my phone lip balm and hair ties.

I looked around my room one last time it looked empty all my stuff had been pack. My luggage had already been taken outside probably by one of my new family members. I have had so many memories in This room and I can't believe-

"It's time to go Angel.." Mom said While I looked around my room one last time. Every time I left going at Zane's I always came back but now it's permanent.

"I will miss this room.." I said.

"I know baby but there are certain things in life that will never be the same. Change is good and you have to embrace it because you never know when something better will come out of it in return.."

"Yeah.." I mumbled looking at her. "I will miss you the most.." I said hugging her after I pulled away she kissed my forehead leading me outside where my new family was waiting.

I gasped looking at the men standing near a black SUV

"You chose them?" I asked my Mom in bewilderment a smile creeping on my face. Zane's Dad and Uncle Dean were standing there. Uncle Dean was holding the life-sized teddy bear that Zane gave me, Juan Micheal.

"I promise they will protect you and you will be safe." Mom said this was the moment I have been dreading the moment I leave this house and this time not just for a sleepover but for good. The moment I say goodbye to my Mom forever well because I don't know if I will ever see her again.

"Don't cry Angel everything will be okay.." Mom said.

"No.." I shook my head, "nothing will ever be okay because you won't be here.."

"But you will have a Dad and a new Mom." She tried to bargain.

" But it won't be you.." I sobbed going over to the SUV I said hi to uncle Dean and father in law then got into the car crossing my arms while my tears angrily fell!

"Please take care of her.." I heard Mom say.

ADVERTISEMENT

"I promise I will take care of her and love her like my own don't worry about it.." Father-in-law said.

"Please do, she is my life. I know she can be a little stubborn sometimes but bear with her. She has been through a lot.." Mom said!

" Don't worry Serene I won't let anything happen to her she is my daughter now okay.." I heard Mom sigh

"Won't you say goodbye baby?." she asked standing on the window side I didn't say anything as I just kept on looking into space.

" I know you are angry with me and it was never my intention to leave you but it's due to some circ**stances I have no other choice.." She said placing her warm palm on my cheek I closed my eyes enjoying the warmth one last time.

"Goodbye baby.." she said

stepping away she was about to tune around when.

" Wait!!" I stopped her from getting out of the car pulling her into a hug

" I love you! I love you!" I said sobbing on her shoulder holding her tightly

" I love you too baby.." Her voice sounded so distant and before I could realize what was happening I was hugging the wind.

I screamed letting myself go but before I could fall to the ground I felt someone hold me.

I screamed again unleashing the pain that I was feeling in my heart. She left! she freaking left me. It Was a full-on crying the messy kind.

"She's gone.." I said crying my eyes out. I buried my head into my father-in-law's chest gripping his shirt crying even louder.

" Why did she have to leave me.?" I cried while he just held on to me

"Please tell me why? I need to know.." I cried. I don't know how long I cried but when I finally stopped father in law looked at me wiping away the last tears.

"I'm here for you. Zane's mom is here and so is Aaron's Dad and his Mom we are all here for you don't cry. We are your family now. I know it will take long for you to start calling me Dad or for you to accept us as your own but just know that we won't give up on you. We will love you like our own right Dean?" Father-in-law said.

"Yes Kaden you are right she is ours our little princess.." Uncle Dean said coming closer and petting my hair. At this point, all I wanted was someone to love me and to tell me that everything will be okay, to be there for me every step of the way and since Zane's Dad was being just that I couldn't help but feel something warm inside me. I wasn't alone I had a family now though I will never forget my Mom she chose the best family for me.

"Dad.." I said hugging Zane's Dad I will consider him as my Dad now since I have always wanted to have a Dad.

"Yes, my daughter! my little girl.." He said kissing the top of my head after I pulled away I hugged uncle Dean too who adjusted my teddy bear Juan Micheal so that he can hug me back nicely.

"Come on let's go home, Angel.." Dad said leading me to the car. Uncle Dean placed Juan Michael on the passenger seat and then he sat at the back with me and Dad. I was sandwich between the two and I lay my head on Dad's shoulder

The drive home was really short and quiet in less than fifteen minutes we were there.

"Lucas! daddy is home!!" I heard a girl squeal and before long the front door opened to show a girl and a boy they both looked like my age.

Uncle Dean who was sitting on my left got out of the car then took out Juan Micheal from the seat.

"Come on Angel.." Dad said getting out of the car and helping me out. I stood behind him I didn't like meeting new people.

"Daddy who is she?" the girl asked uncle Dean

"She is your cousin.." uncle Dean said.

"Cousin?!" the boy asked. I looked at him and now was when I saw the similarities between him and Zane. They had the same Reddish brown hair the same blue eyes I felt like I was staring at Zane's twin which made the flood gates open again. I began sobbing holding on to Dad while they looked at me in confusion.

"Dad why is she crying? who is she?" the boy asked.

"Lucas this is Scarlet your sister!" Dad said pulling me into a hug.

"Sister? I have another sister? how come I knew nothing about her? does Mom know too? MOM!!!" He called while my face was still buried in Dad's shirt. I was trying so hard to control my tears but they kept pouring out. I missed Zane, I missed Mom, I missed them both so much.

"Mom did you know I had another sister?" I heard the boy say. I sniffed looking at mother in law I mean Mom. She came closer to me and pulled me into a hug. I thought that my tears were done but it seems like I had a lot of water in my body because they kept on pouring out.

"Daddy, why is she crying what happened to her?" I heard the girl asked.

"She's just been through a lot okay.." I heard uncle Dean say.

"Scarlet princess doesn't cry we are all here for you, it's okay.." Mom said petting my hair., "Don't cry baby I promise we will all take care of you and won't make you feel left out or abandon I have considered you as my daughter and now you even have a brother and a cousin look.." she said trying to pry me away but I shook my head-hugging her tightly,

"It's okay princess don't cry.." she said as I sniffed pulling away. "Don't cry baby okay. We are all here for you now come on inside.." She said leading into the house.

"Who are they?" I asked pointing at the girl and the boy now I know as Lucas while sniffing.

"Come Breana and Lucas." She said, "This is Breana.." she pointed at the girl who looked like the mini version of aunt Melissa but her eyes were greenish just like uncle Dean's.

"She is Aaron's little sister and your cousin.." she said.

"Aaron has a sister?" I asked.

"Yeah, they just lived in another country. And this is Lucas Zane's little brother and yours too..."

"He never told me he had a brother, did he lie to me?" I asked in disbelief he was so angry with me when I told him the truth about me and yet he didn't tell me he had other siblings.

"Really big brother didn't tell you about me. That's so messed up!" Lucas said.

"I am pretty sure he didn't even tell you about his sisters.."

"Sisters?" I looked at Mother who had a sad look. "Where are they.?" I asked.

"We don't stay together anymore—" Lucas began to say but Mother cut him off.

"It's a long story Angel come on in I'm sure you didn't have your breakfast let's go eat..." she said dragging me to the kitchen.

"Uh, Mother can I wash my face first?" I asked she looked at me with so much love in her eyes

"You called me mother.." she smiled hugging me.

"Go on your clothes are already in your room. You want me to help you.?" I shook my head and was about to go upstairs when—

"Wait! aunt how does she know where her room is shouldn't you take her there.?" Mother just laughed.

"Scarlet is Zane's mate and we have lived with her for a few months. She knows her way around the house.."

"Oh, so she is the owner of the room across from Zane's.." Lucas said. I went upstairs straight to my room. I looked at myself in the bathroom mirror and my eyes were red and puffy from crying too much and my cheeks were red and so was my nose.

I turned on the cold water then splashed it on my face after that I took a warm wet towel and placed it on my eyes to reduce the swelling.

After I was done I put a little lip gloss over my lips and went out of the room.

I found everyone was sitting Eating breakfast

"come on Angel come sit down.." mother said I nodded my head going over to sit on the empty chair that was near her.

"I made your favorite.." she smiled placing some pancakes and eggs on my plate, "Come on eat and tell me what you think.." she added.

I nodded my head grabbing the sp*** everyone was looking at me. I ate the eggs and they were really delicious just like the way my Mom used to make them for me.

"What's wrong baby why are you crying? don't you like it?" mother asked I shook my head.

"It's really nice just like the way my Mom used to make.." I said wiping away my tears

" I am glad you like it, princess.." She grabbed the fork, poked the bacon then brought the fork near my lips

"come on try this too." Did she want to feed me? I looked at her as she nodded her head a smile never leaving her lips. I was getting a lot of happy vibes from her which made a smile of my own breakout.

I opening my mouth eating the bacon which tasted so amazing.

"This is really nice!" I comment grabbing the fork from her and eating the rest of the food.

Breakfast went quite well with everyone chatting away but I was quietly thinking about Zane just like I always do. It's been six months since he has never called or texted me.

As soon as everyone was done with their meal and was about to leave I stopped mother.

" Is he going to come back to me?" I asked my voice barely above a whisper but it seems everyone heard. You can never whisper when you are living in a house full of werewolves., "He has never called or texted me, does he not love me anymore? Did he find someone else?" my voice cracked at the end.

"No princess Zane loves you and he will come back. He hasn't been calling you probably because he has been busy training.." Mother said.

"Yeah.." Breana and Lucas said at the same time.

" Come I tell you all about what happened when he left and how he used to spend the entire night awake thinking about you." My heart skipped a beat he was thinking about me?

"Come on.." both Lucas and Breana dragged me upstairs telling me all about him. Even the funny and embarra**ing stories of his. In no time I had forgotten about all the crying and was now laughing and getting to know the family better I now know that Zane had two sisters they were triplets. I had heard about a mysterious prophecy about the hybrid triplets but I thought it was only a myth until today of course.

Everything went perfectly especially the Christmas dinner I didn't get a gift for anyone but they all showered me with presents. I thought that this Christmas was going to be the worst but it has turned out to be the best!

*** two days later****

"Wake up! wake up! wake up!.." I heard someone yell it can only be one person.

"BeBe why can't you just let me sleep for one day.."

"No can't do cousin now get up and get ready WE ARE GOING SHOPPING!!!"
Seriously this girl can be so loud sometimes.

" No BeBe please let me sleep I don't like shopping.." I said burying my face in Juan Michael's soft fur.

"MOM! AUNT KAIRA ANGEL DOESN'T WANT TO WAKE UP!!" she yelled. Everyone calls me Angel ever since they found out I was one I don't think they even remember my real name.

Before long mother and aunt Melissa was in my room

"Angel, why don't you want to get up? you know we have to go shopping buy you a new dress for the new year's celebration.." mother said making me pout.

"Mother I hate celebrating especially if there will be fireworks.." I said sitting up.

"Why do you hate them Angel everyone loves fireworks.. "

"Well they irritate my eyes I can only watch when they are a mile away. I have sensitive eyes.."

"Okay okay but we still need to get you a dress for the new year's dinner which you have to attend and that's final now get up chop young lady.." she said sternly.

"Fine!" I muttered dragging myself to my bathroom ten minutes later I was done all dressed up in grey leggings and a sponge bob baggy shirt. What? I am still a kid you know, please! Let me enjoy my childhood. The ride to the mall was filled with chatters and giggles it was only a girl's day.

We visited numerous shops and by the time the clock struck twelve I had like a hundred bags filled with clothes, underwear, perfume, hair clips, hair sprays, make-up, etc some of the stuff I didn't even think I was going to use but mother insisted.

Luckily I had a very big vanity table and my walk-in closet was big enough to fit all this stuff I am even feeling lazy to unpack all of it when I get home.

"Mother I'm hungry.." I said

"Me too.." BeBe whined,

"okay okay my little wolfies.."

She ordered someone to take all the stuff we bought back home. Mother's car was too small because each of us had like a hundred bags.

We went over to a small eatery called Pizza Hut. She orders the biggest pepperoni pizza with noncarbonated drinks since I didn't like carbonated ones.

As soon so the pizza was delivered to our table BeBe and I was the first to dig in. The pizza was super delicious well mostly because I didn't have breakfast. After we were done aunt Melissa paid the bill.

"We have one more shop to visit.." mother said and I groaned making her and aunt Melissa laugh.

"Don't worry Angel you will love it.." She said holding my hand and dragging me to a clothes shop.

" More clothes really mother.?"

"Well a girl can never have too many clothes plus we didn't get you a—" aunt Melissa covered her mouth cutting her off.

"Kaira.." she said looking at her sternly.

"I mean no! no! come on.." She changed the subject. They are hiding something.

"Come one girl choose whatever you want even if it's ten dresses.." aunt Melissa said

"Yay!!" BeBe squeaked running around finding what she wanted. I knew nothing about fashion all I ever wore or in this case, liked is shorts and crop tops dresses? not so much. But it seems I will start wearing them from now onwards.

"Go on Angel choose whatever you want we will meet over the counter.." I nodded my head going round looking at dresses. One caught my attention it was a mid-thigh lacy pink dress that was see-through over the back and belly it was very cute I looked at the price tag.

700 dollars I whistled lowly no it's too expensive I can't choose something too expensive. Even though mom bought me more expensive ones than this.

I went over and saw a beautiful high waist white short now this I can wear.

I checked the price tag at \$100.

"Hey, you haven't gotten anything yet?" BeBe asked I looked at her and she had one of the sales assistants carrying a bunch of clothes.

"It's uh too I uh..."

"Don't be silly Angel." She grabbed the shorts I was admiring then shoved it into my arms. "No matter how expensive it is you have to take it. Our Dads have plenty of money and since we are their kids then we get to spend it! now go on and get CRAZY.." she said going over and checking other dresses.

I went back to the pink dress I saw earlier closed my eyes then grabbed it. They have plenty of money no feeling guilty.

By the time we left the shop, I and BeBe had ten more bags of clothes. I thought mom was going to be angry with me for spending over \$4000 on clothes but she just shrugged off and paid the bill sweet.!!

When we went back home I was super exhausted we had literally spent the entire day at the mall. I was dreading going to my room and see all the bags of clothes I had to unpack. I groaned.

"What'd wrong?" BeBe asked.

"We bought too many clothes I don't want to start unpacking and putting them nicely.." I said as the omegas helped with more of the bags we came with.

"Well, Angel you are in for a surprise.." BeBe said holding my hand and dragging me to my room.

"SURPRISE.." she said as soon as we entered I gasped there wasn't a single bag and my room was clean.

I went over to my closet and everything was packed wow so cool this house is amazing I grinned.

The next few days flew by and soon it was new year's eve everyone was outside doing the countdown while I stayed in my room. They had understood my fear of fireworks. They wanted to ban them but after convincing and blackmailing them. They agreed to let me stay in the house while they celebrated.

"HAPPY NEW YEAR!!" I heard them all scream as I smiled standing at the balcony

I wish everything goes perfect for me and I wish for my Mom's safety were ever she is I said looking at the stars.
