Chapter 171 Why?

"Before we leave here, let's have some fun."

"Her skin is so good. Boss, you first."

There were wandering hands on Krista's body. They even tore up her clothes.

"Don't! Go away! Help! Help! Help!" "You can kill me. But don't rape me!"

"Don't touch me!"

She begged them in despair.

However, they were so crazy and didn't stop.

Suddenly, they were stunned to see her bulging abdomen.

"You're pregnant."

"Boss, why do you stop? What are you waiting for?"

"I don't understand. You're pregnant. Why did you help Sandra?"

The gangster didn't understand it.

Before Krista replied, he heard urgent footsteps behind him.

"Who?"

He turned around and was kicked a few meters away.

Others quickly rushed over. But none of them could beat Kingston.

Kingston took off his coat and put it on Krista to protect her.

Her face was filled with tears. She was in a mess with cheeks red and swollen.

It was so outrageous that they tore up her clothes and made her almost naked.

They intended to rape her!

"Kingston..."

As Krista saw him, she had hopes again.

She rushed over to him and hugged him tightly.

"Fortunately, you come. I don't know how to deal with it."

"Sorry, I'm late."

He had to wait for taking action until they were light-hearted.

He was afraid that she would get hurt if they had a head-on clash.

But they wanted to rape her!

Quincy and others tied up the four gangsters and seized their firearms.

"Kingston, how to deal with them?"

"I once said, they would be tortured to death if they dare to hurt her."

"So said, so done."

"Quincy, torture them to death and then throw them into the sea."

He said coldly and suddenly caught a glimpse of the crotch of one gangster.'

He was outraged.

He kicked it so hard and the man screamed.

"Cut off that!"

"Ok."

As Quincy took them away, one gangster shouted.

"I don't understand why you decide to help Sandra as you are also pregnant. I'm going to die. Tell me why!"

"I'm not afraid of death. I don't want to be dead with questions."

"I admire you. Please tell me the reason."

Krista didn't answer his question.

She had fainted

Kingston hurriedly sent her to the hospital nearby.

She was so frightened and scared.

He helped her wear hospital gown.

There were many bruises on her body.

He looked at her abdomen with mixed feelings.

When Sandra was kidnapped, he even felt relieved.

If Sandra and her child disappeared, would everything restart?

He even had such a thought.

Chapter 172 | Only Want You To Be Alive

Use the disappearance of others to fulfill one's own selfish desires.

Kingston Irwin knew that he couldn't do this, but he couldn't throw away that thought

He gently helped her with ointment. He could see every inch of her skin clearly, which made him feel a throb that cannot be desecrated.

"Don't ... don't touch me, please don't touch me!"

She suddenly struggled.

In the dream, those gangster approached her with obscene smiles and attacked her.

She was extremely panicked and constantly waved her arms.

Seeing this, Kingston Irwin's heart ached fiercely.

His large, broad hand held her little hand tightly. –

“Don’t be afraid. I won’t let anyone hurt you.”

His words made Krista Compton gradually quiet down.

Tears seeped down from the corner of her eyes.

Seeing this, Kingston Irwin was exceptionally sad.

He wiped her tears and felt the taste with lips.

Her tears were warm and bitter.

Krista Compton was unconscious for several hours before she woke up, only to find the surroundings were filled with the scent of disinfectant. Then she realized that she was in the hospital.

She was saved!

It was Kingston Irwin who saved her!

She looked around and did not see Kingston Irwin.

She rolled up her clothes and saw the bruises on her body. She remembered that those gangster were frivolous to her, though they didn’t hurt her in the end.

When she thought of this, she felt extremely disgusted and immediately rushed to the bathroom to wash up.

She kept rubbing where they touched, as if she couldn’t feel the pain even after scratching her skin.

Her mind was full of disgusting scenes on the ship.

Kingston Irwin avoided disturbing her by going out to make the call when he had to handle an emergency of his group.

He came back immediately, but did not see Krista Compton in the bed. The sound of water rushed from the bathroom.

“Are you taking a bath?” He knocked on the door and asked gently.

There was no response from inside.

He frowned slightly, and knocked on the door more heavily.

“Krista Compton, did you hear me? Answer me.”

There was still no response.

Could it be that she fainted inside?

He didn't dare to delay and immediately broke into the bathroom, only to see her curl up and be drenched.

She hugged her knees and kept rubbing her calves with a towel. The rest of her body was torn and bleedir

"What are you doing!"

He rushed over and immediately snatched the towel.

Only then did she realize that someone had come in.

"You ... go out, don't look at me, quickly..."

"I've already seen these when I changed your clothes."

"Am I ... very dirty now? Those gangster touched.me ... They touched me..."

She cried out because of emotional breakdown.

Seeing this, Kingston Irwin held her in his arms, letting his clothes get wet.

"They committed the crime, not you. Why are you punishing yourself!" "I would rather they kill me than they touch me..."

"Then I would rather you live. I only want you to be alive."

He spoke to her firmly with his eyes fixed on hers.

He was really worried that Krista Compton would commit suicide.

"I've dealt with all those gangster. Just treat it as a nightmare. Everything is fine when you wake up. You are not dirty. You are the best girl I've ever seen."

However, it was too late for him to discover it.

"Really?"

She thought that Kingston Irwin was comforting her, so she didn't think too much about it.

"Yes, go back to bed first to avoid catching a cold."

Then he was about to carry her in his arms.

"Wait ... I'm naked..."

Chapter 173 I'll Remember This Favor

"I've seen it."

"No, you can't..."

Kingston directly picked her up.

"Hold my neck, so that you won't fall down. Don't you think about yourself or the child?"

Krista's face turned red with shame, but afraid of falling, she could only hook his neck.

Kingston's eyes dimmed. It seemed that she really cared about Lance's child.

Kingston first put her on the sofa, wiped her clean, changed her clothes, and then carried her to the hospital bed.

He also simply changed into a casual and loose clothes. With a light gray sweater, a pair of casual trousers that trimmed his legs, wearing slippers, he looked easygoing and noble.

He took the ointment, "I'll give you medicine."

"I can do it myself."

"Why are you embarrassed with your brother? Be good. Besides, I've seen your body. You're too thin."

"You..."

Krista blushed and didn't know how to refute.

Seeing her anger, Kingston felt that life was full of joy.

"Be good."

Then, his tone slowed down.

Krista's heart skipped a beat.

His tone was gentle and warm as if her mother had advised Krista to drink medicine and take an injection.

Krista felt like she was going to be bewitched.

She did not say anything and allowed Kingston to apply medicine to her.

Looking at her new injuries, Kingston was distressed.

His warm fingertips smeared her with ointment slowly.

His movements were not gentle.

Suddenly, Kingston broke the silence.

“Why did you act as a hostage for Sandra?”

“...” Krista couldn't answer for a moment. She couldn't tell him that Sandra was his favorite woman, so Krista didn't want Sandra to be in trouble.

Krista couldn't let Kingston know her intentions, which would bring him troubles.

“If I do this, you will owe me a big favor. In the future, I will get my share. What if you bully my baby and Mr. Hamm?”

“You ... just want me to owe you a favor?”

Kingston's expression became complicated.

He owed Krista a favor that he had to pay back.

“Yes ...” She lowered her eyes guiltily and did not dare to look at him, “I saved Sandra. You must appreciate to me and will not make things difficult for me! Moreover, Sandra is much more delicate. I have a better chance of surviving...”

“Enough, Krista.”

Kingston interrupted.

“What's wrong with you?”

Krista was stunned and somewhat puzzled.

Kingston quickly withdrew all of his bad mood.

T'll remember your favor.”

He said indifferently.

Kingston looked calm, but he thought much in his mind. He wished to kiss Krista fiercely to punish her.

"I will help you no matter what happened."

no

"Really?" Krista was stunned. When did Kingston become so good-tempered?

'Why?' She was a little puzzled.

"You are my younger sister, the adopted daughter of the Irwin family. We are in the same boat. Can I ignore you?"

"You're right."

Even if Kingston dislike Krista, for the sake of the Irwin family, he still had to take care of Brittany and would treat Krista kindly.

Krista heaved a sigh of relief. Perhaps they would get along well.

Chapter 174 She Is One of the Irwins Now

"Don't do such a dangerous."

"But if I didn't stand up, Sandra would be taken away. She was so delicate to bear it."

"Then you can bear it?" Kingston frowned fiercely with reproach. "Why don't you think about yourself. You're also pregnant. This matter is nothing to do with you."

"No matter what happens, you must try your best to protect yourself. Do you understand?"

"I saved you was because of Brittany. If something happened to you today, she would see your death before her. Do you think if she can handle it anymore? You never consider the consequences before doing anything?"

Kingston couldn't show his intentions too clearly. He was satisfied if he could protect Krista in the name of her

as

brother.

He had missed Krista.

Krista nodded seriously.

Even if she didn't think about herself, Krista still had to think about Grandma and Luck. They all needed her.

"I wouldn't do that anymore."

She answered obediently.

Kingston heaved a sigh of relief.

"Well, did you see my phone?" Krista had not seen her phone since she woke up. She wanted to call Aracely, who must be very worried.

"I didn't see it. It might be on the boat. I'll ask Quincy to find it later."

"Then ... can I borrow your phone? I want to tell Aracely that I'm safe."

Kingston nodded and gave her his phone.

She called Aracely.

"Kingston?" Aracely was stunned, "Mr. Irwin, I beg you, can you save Krista..."

"Aracely, it's me."

"Krista? It's you? Krista! You scared me to death! Where are you now? Is there anything wrong? Did they bully you?"

"Aracely, I'm fine. I'll be back soon. Kingston saved me. Don't worry."

Aracely heaved a sigh of relief.

"Are you sure you're fine?"

"Yes, I'm fine."

"Alright, let's talk after you come back!"

Hanging up the phone, Krista rested for a while before she was discharged from the hospital.

When changing the clothes, she looked at the bruises and felt conflicted.

Was she really not dirty?

It's useless to care about it now. She might die alone. At the very least, she was fine. Krista only hoped that Brittany would live to a ripe old age, Aracely could be healthy, Kingston would be happy, Mf. Hamm would find a good girl, Luck could recover, and her baby could grow up safely...

As for herself...

She would have a good life.

After returning to downtown, Krista went to Aracely's place.

Aracely had been waiting downstairs for a long time. When she saw Krista get out of the car, Aracely ran over and hugged her tightly.

"I thought you wouldn't be able to come back again!"

"Why did you stand up to be a hero? I'm so angry!"

"I'm fine!"

"Thank you, Mr. Irwin."

Aracely bowed gratefully.

Kingston could feel her sincerity. She really cared about Krista.

However, wouldn't she care too much?

"It's fine. She is now the Irwins. I will protect her."

"Well, Mr. Irwin, I'll bring Krista up."

Chapter 175 Check Aracely's Sexual Orientation

Kingston nodded and got in the car when he saw the two girls holding hands. Aracely was excited to see that she had returned safely. Before she could return upstairs, she couldn't help but hug her and kiss her on the cheek.

It was good that she was back!

Kingston tightly frowned.

Quincy noticed, "Sir, what's wrong?"

"Check Aracely's sexual orientation."

"What..."

Quincy understood what was going on, and he felt wry.

"You seem to treat Ms. Compton differently than before."

i

Quincy said as he drove.

"Is that so?"

Kingston looked out of the window indifferently and replied calmly.

"Your feelings for Ms. Compton have become more obvious."

"Quincy, we can't go back."

Hearing this, Quincy couldn't help but feel very regretful.

Why did the two split up when they were so compatible?

What surprised him even more was that Krista had someone she liked!

He had always thought that she was interested in Kingston. Did he make a mistake?

ES

"Sir, are you going back to the villa now? Ms. Hardin was frightened today and has been

to the villa now? Ms. Hardin was frightened today and has been in a bad mood. Nataly was concerned about her and has come over. I didn't tell her that you went to save Ms. Compton but said that you were busy."

"Let's go back and take a look."

He closed his eyes exhaustively and said emotionlessly.

Very quickly, the car stopped at the entrance of the villa.

"Why are you so late?"

It happened in the morning, but Kingston came back in the evening.

"There were things to do in the group."

"But you can't ignore Sandra's health! Do you know how frightened and frail she is when she is pregnant and pointed a gun at her neck by a gangster? You ignored her and came back now! Won't this disappoint her?"

Nataly rebuked.

"Mother, do you know that Krista stood up to save her and traded herself for her? You are here to care about

someone who is not in danger. Have you ever thought of Krista?"

"Aren't there police?"

"Even if there are police, there will be casualties."

"Then... Sandra is pregnant."

He didn't say that Krista was the same. After all, she was still a student, so the fewer people knowing it, the better. Otherwise, it would damage her reputation.

"Because of this baby, how much fuss has she made? There is no law or even morality that requires someone to defend a pregnant woman's life. Did she care about Krista after she escaped? She just complained to her mother about her grievances! Do you know how scared Krista is? Does she have someone to complain to?"

"I..."

Nataly was stunned.

Kingston was speaking for Krista?

She was negligent. In addition, Sandra was crying, constantly complaining about her stomach hurting.

She only had the grandson in her heart, so how could she care about anything else? Moreover, Brittany would take action, so why would she do the unnecessary job?

However, after hearing Kingston's words, she felt that Sandra was ignorant and owed Krista too much.

"Did you go save Krista?" .

Nataly suddenly regained her senses and thought of something.

"Yes."

He didn't conceal anything.

"Did Sandra know then?"

"She doesn't need to know."

"Kingston... what exactly did you think?" Nataly looked at him worriedly.

She was a little confused.

"Mom, it's late. It's time for you to go back. Don't come here in the future. She's in poor health and needs good rest. I have her sister here."

Chapter 176 He Has Feelings for Krista

Nataly understood that Kingston was afraid that if he compromised, he would be tricked by Sandra's words.

She did not like Sandra either, but Sandra was pregnant with an Irwin.

The Irwins always had only one kid. Otherwise, she wouldn't be so nervous.

Nataly sighed and said, "I understand. I'll leave you to handle the thing. I preferred Krista. She was my daughter-in law for a year, and she did her duty and delighted me. She softened the relationship between me and your grandmother up a lot. And she did as I wished and let me and your father have an unforgettable wedding."

"I've always felt that I can treat them equally. I like both Krista and Sandra, but because of Sandra's pregnancy, I am indeed... a lot biased." When Nataly mentioned this, she felt a little guilty.

"In the future, I will not interfere, and I promise that I will treat Krista as my daughter."

"Having such kindness is enough. I'll let the driver drive you home."

"I'd like to have Quincy drive. He drives carefully. I never feel dizzy."

She purposely chose Quincy to ask about Kingston and Krista.

In the car, she couldn't help inquiring.

"Didn't Kingston always like Sandra? But why did his attitude change so much and he was so concerned about Krista?"

Quincy didn't know how to answer for a moment.

Back then, when he found Sandra, Kingston told him to shut up. He mustn't tell anyone about that night.

He owed Sandra an explanation and promised to marry her and take responsibility for the child.

He didn't want anyone to say anything about the reason why Sandra married into a wealthy family, so he declared that the two were fond of each other and slowly reached the point of getting married.

As the two were preparing for their wedding, he discovered that Sandra was pregnant.

Kingston knew that his mother had been criticized all these years, so Nataly rarely attended parties because she was afraid to hear such gossip.

Therefore, he didn't want such a thing to happen to Sandra.

Apart from Quincy, no one else knew,

"Perhaps... perhaps their love isn't that deep..."

"Not that deep? He wants a divorce to marry her? Quincy, you have to tell me the truth!"

"Actually, Kingston doesn't know anything about feelings, and his understanding of women is even less... Sandra was an accident. Now, Kingston probably understands what feelings mean, so... "

"Does that mean he has feelings for Krista?"

"Madam, I didn't say that!"

"Why is he so ridiculous? If this were to spread out, what would others think of our family? Since he chose Sandra,

he should be responsible to her. How could he be tempted by others?"

"Madam, leave it to Kingston. He has never been a wayward person. If he was, he should be happier now... Most of the time, he is bound by the word 'responsible'.

Because of those so-called responsibilities, he has always been carrying a heavy load forward.”

Quincy couldn't help speaking up for Kingston.

Nataly instantly fell silent.

From childhood, she had always taught Kingston to be an upright and outstanding person with a sense of responsibility

She let him understand the duties and responsibilities of being an Irwin.

And she told him what he needed to do and how he should do it.

She taught him herself.

It turned out that she had made a perfect heir, but not a son.

For a moment, the atmosphere in the car was heavy and oppressive.

Quincy's words were ear-splitting.

Chapter 177 Don't Get Yourself Killed

At this moment, the villa...

Sandra had never fallen asleep. She was waiting for Kingston to return.

She used every way possible to ask Nataly to find Kingston, but she couldn't get in touch with him on her phone.

She had been kidnapped, and now was the best time to win the sympathy of a man.

She heard footsteps outside.

Kingston returned. She had ecstasy in her heart, but a sad expression appeared on her face as tears rolled down.

Kingston pushed open the door and entered. He saw Sandra's tears.

As for Krista, her tears were so precious that she never shed them easily.

But why was Sandra's so cheap?

Tears were a woman's best weapon. But if one used them too much, it could only prove that she loved crying.

"Kingston, I'm so scared! You're finally back. I don't know how I survived this day."

"That gangster pointed his gun at me. I thought I would never have the chance to see you again. Now that I'm hugging you, I feel like I'm dreaming. Kingston, it's great that you're back. The baby and I are still alive. God was blessing me, and he didn't want to take away the happiness I've obtained with great difficulty, right?"

She cried and her tears stained his clothes, making him feel a little uncomfortable. He wished he could go take a bath immediately.

"Stop crying. Rest early. I'm relieved to see that you're fine. There's work to do in the group. I have to take care of it."

He said indifferently and pushed her away.

Sandra was not an idiot. She could feel his indifference.

She panicked and hurriedly grabbed his hand.

"Kingston... you... Why are you so cold to me? I was kidnapped, but you don't care about me at all? It's so late, and you won't stay with me?"

"You're so scared, aren't you?"

"He pointed his gun at my head. Shouldn't I be afraid?"

"Then, Krista traded herself for you and she was taken hostage. Do you think she was scared? Have you ever thought about how she felt? You've been scared all day, feeling wronged and sad. Didn't you think of taking the initiative to exchange for Krista?"

"And you didn't even think of calling her to comfort but crying in front of me?"

Kingston said coldly.

"I..."

Sandra was speechless.

She couldn't wait for Krista to have an accident, and she never wanted to call to console!

"The wife I want doesn't have to be distinguished or beautiful. I just hope that she can be simple, kind, and straightforward. Sandra, are you that kind of person?"

"Kingston, I'm kind-hearted. However, you know that I grew up in an environment where everyone bullied me. I have to be smart to protect myself. I didn't target Krista. I was dumbfounded at that time, and I didn't let her volunteer."

"Afterwards... I was too scared and forgot about her, but you can't say that about me. This is the first time I've experienced such a thing..."

"I don't want to say any more of these words. You'd better promise that you are kind-hearted and don't do anything out of line. My family can tolerate you for now. Don't get yourself killed."

After Kingston finished speaking, he mercilessly pushed her hand away and left without hesitation.

"Kingston!" Sandra clenched her fists tightly and shouted his name loudly.

However, Kingston did not turn around but closed the door and left

Chapter 178 Kill Krista

Sandra was extremely flustered. She stood on the balcony and saw Kingston drive away.

Vivian knocked on the door and entered.

"What's the matter?"

"He... is he tired of me?" She said in fear, "He doesn't care about me at all, nor does he care about this baby. He blames me for being cold-blooded and not caring about Krista..."

"Vivian, kill Krista, I'm afraid that she will threaten me!"

"We cant. You can't even tell if this baby is mixed-race. He's tired of you now. If you miscarry, do you think Kingston will keep you? Only by giving birth to the baby will you be able to be his wife. When the time comes, you and Krista's baby will be exchanged. When he becomes a father, everything will be fine!"

"Men are dull in terms of feelings. He hasn't realized anything yet. When he has a baby, his heart will soften."

“Really?”

Sandra said with a trembling voice, flustered.

“Of course, just listen to me. As for Krista, she is a problem. She is close to Kingston. Don’t worry, leave her to me, I’ll handle her!”

Vivian’s eyes flashed with ruthlessness.

That night...

Krista was about to fall asleep when a message popped up on her phone. It was a video.

It was a video of her brother.

She hurriedly opened it and saw that her younger brother seemed to be in different surroundings. This time, he was at the seaside.

He made castles and several sand characters on the beach.

The doctor asked him who they were.

“Sister, this is my sister and this is me. Doctor, when will my sister bring me home?”

“Don’t worry, it will be very soon, but the prerequisite is that your illness is healed.”

“I will... I will be healed...”

At this point, Krista’s eyes turned red.

“Tomorrow morning at ten o’clock, Cloud Café. See you there.”

This was a message from Vivian.

When Aracely saw it, she raised her eyebrows slightly.

“What are they trying to do?”

“I don’t know. Since she asked me out, I’ll go take a look. Luck is still in their hands.”

“Don’t. I always feel that they have ill intentions.”

"When I was hospitalized, Vivian could kill me and get rid of the child, but she didn't do anything. I'm sure she won't do it now. I have to go see her. I'm afraid that something will happen to Luck."

"Then I'll go with you."

The next day, they arrived at Cloud Café as promised.

Vivian had come early.

"You have an errand girl?"

Vivian said mockingly as she looked at Aracely.

"She's my bestie. Why did you ask me here?"

"You and Kingston are too close. My sister is a little unhappy. We have reached an agreement now. I will treat your brother wholeheartedly and let you take him away when you can leave the country to give birth. And you have to conceal your pregnancy and keep a distance from Kingston."

"But you don't seem to have done it now, do you?"

Vivian did not know that she was pregnant, but Kingston had found out about it. It was only aimed at her and Kingston getting close.

Krista knew that she did a bad job.

"I've been inconsiderate on something. I will pay attention to them. However, I am an Irwin now, and contacts are hard to avoid. I have to say that I will pay attention. I will not destroy other people's feelings and be a home wrecker."

"Krista, it was them who became the mistresses in the beginning!"

Aracely couldn't help but remind her.

Vivian's expression darkened.

Chapter 179 Dilemma

"Krista, you saw the video too, right? Your brother is recovering very well now. I'm doing my best. So, I don't want to see any accidents. I heard that you and Lance are in love?"

"Why are you mentioning him? This matter has nothing to do with him. Don't try to lay hands on him!"

.

Krista couldn't help but clench her fists, afraid that Vivian would have any bad ideas.

She had been tricked once, and Luck was taken away.

"Don't be so nervous. I just hope that you two are lovers. Kingston has Sandra, and you have Lance. Isn't it good for both sides to have a happy ending? The child in your belly must have a father. I think he is suitable."

"I want you to tell Kingston that your baby is Lance's!"

Krista's belly would grow bigger in the future. Rather than continue to hide it, it was better to inform him in advance.

Right now, Kingston's relationship with Sandra was in a stalemate, and there was no progress.

She had to do something, but now it was a matter of honor of the Hardins.

"Kingston has misunderstood! He, he knows that I am pregnant..."

"Really?"

Vivian frowned fiercely.

"We didn't lie to you. Besides, what's the benefit of lying?" Aracely added.

"Since that's the case, I want you to live with Lance."

"Impossible!"

Krista refused without thinking.

"Really? Then your brother..."

"Don't hurt Luck! Otherwise, I'll kill you!"

Krista was anxious, her face flushed red.

"Then it's up to you. Once he's dead, there will be nothing left. So what if you have the old lady to protect you? The dead won't come back to life. He's your younger brother! You've been looking for him for so many years, and now he's recovering, so you won't give up on him, right?"

"Besides, am I making things difficult for you? Your affair with Lance is known throughout City D. You are already lovers, so what if you live together?"

"This matter is not something I can decide unilaterally! Mr. Hamm has to agree. I can do anything, but I can't force him to agree."

"Lance has feelings for you. He must like you. He won't refuse your offer to live together. That's my condition, and whether or not you will agree is your business. I wonder if you can see the video of your younger brother laughing so happily next time. Perhaps... next time, he'll cry and shout."

"You..."

Vivian leisurely drank her coffee and said, "I've said everything I need to say. Let's call it a day. I'm waiting for your reply. I'm not in a hurry."

With that, she left elegantly with her bag.

Aracely was so angry that she gritted her teeth and clenched her fists tightly.

It was too much of a bully.

"Is there something wrong with Kingston's eyes? When he saw a woman like Sandra, he was fascinated by her!"

"Aracely, what should I do now?"

She was extremely flustered.

She could no longer trouble Lance!

What did cohabitation mean? Even if nothing happened between the two, living under the same roof would make people gossip and they could never explain themselves.

It didn't matter what would happen to her, the most important thing was Lance's innocence!

"Why don't we go find Mr. Hamm? I think he will help you."

"No, I can't..."

"Then what about Luck?"

She was speechless and didn't know what to do.

She couldn't take advantage of Lance's feelings for her. This was too much.

Her heart was in a mess now, and she wanted to have clear thinking.

Chapter 180 I Need Your Help

Aracely's voice lingered in his ears.

"Do you know what Kingston likes about her?"

"I don't."

"How did they date? What exactly happened to make Kingston insist on marrying her? He would rather divorce you and go against Brittany and marry her!"

"I don't know... I don't care what happened to them at all. I just want Luck and my baby to be safe. But I'm useless, I can't protect anyone I love..."

"Don't worry, Vivian doesn't have any killing intent towards Luck, which means that there is room for maneuver. Don't mess around, there will be a solution!"

"I, why am I so useless..."

"We are all weak, but we will get better. Krista, I will be with you on the way to be strong, and I will help you crush those people who bullied you!"

"Can I?" –

"Sure!"

Aracely said word by word as she looked at her with passionate eyes.

Right now, they were too weak.

However, they had a lot of room for improvement.

Time will prove everything.

As long as they survived the most difficult time, everything would be fine.

When they returned to the neighborhood, they were surprised to see Lance's car.

"Mr. Hamm?"

Aracely reminded.

"I don't want to see him now."

Krista said anxiously.

She was afraid that she would waver and take advantage of his feelings to achieve her goal.

She was so anxious that she was about to leave that Aracely could barely stop her.

At this moment, Lance got out of the car and rushed over.

"Is she alright?"

He locked himself up for the past few days, ignoring the outside world.

Until yesterday, Ryan kept knocking on the door and saying that something had happened to Krista.

He looked at the news and saw that Krista was taken hostage.

At that moment, his heart lurched.

He immediately asked Ryan to investigate.

"It's too late. It was too late for me to get this news. Even if I find out now, I guess... she may be dead."

When he heard this, he felt as if he had been struck by lightning.

He had been paying close attention to the news until he finally saw her return safely. He finally eased up.

He tossed and turned all night, unable to fall asleep, and kept asking himself.

Would he give up because Krista didn't love him?

He wouldn't.

Even if Krista didn't say those words, he would be inadvertently attracted by her. It was just a matter of time.

There was nothing wrong with being sure of his intentions. He could pursue and marry her earlier.

After he understood, he tidied up and came here dressed neatly.

He had thought that he would summon up the courage to call her.

But he hesitated, and a few hours passed.

"She's fine. She's just a little frightened."

"Did the police bring her back?"

"Why did you ask?"

The media claimed that it was the police who helped, but Lance doubted it.

"Just answer me. Is it the police?"

"It's Kingston."

"Only he can solve this matter in the shortest time possible. I'm quite grateful to him not sitting idly by."

Lance exhaled, feeling somewhat uncomfortable in his heart.

The woman he liked, however, was not protected by himself.

This feeling was very bad.

"Mr. Hamm, I need your help... but I think it may be too much."
