

The Man's Decree Chapter 664 (The Man like none Other chapter 664)

Chapter 664 Xander Is Here

The incident was a massive blow to Ewan. It seemed like he had truly repented for his evil deeds.

"If that's so, I will accept it then."

Kai did not hold back at all. After all, the decamillennium ginseng was essential to him.

"Mr. Chance, I will send my men over here right away. A decamillennium ginseng like this will take days to dig out. And we need to be extra careful while digging. I will monitor the process personally," Zyaire said to Kai.

Kai waved his hand as he did not have a few days to wait. "It's all right. Please go back. I will stay here. Tommy will come to pick me up tomorrow morning."

The crowd did not understand what Kai was up to, but no one dared to refute him. With that, all of them left Black Blind Forest. After everyone left, Kai stared at the decamillennium ginseng. His heart was overwhelmed with excitement. He immediately sat down and activated his Focus Technique.

Waves of spiritual energy rushed toward Kai. The decamillennium ginseng seemed to sense something as its branches and leaves kept shaking desperately. It appeared that it was struggling to escape its fate of being consumed by Kai.

Kai spent the entire night finally consuming the spiritual energy of the decamillennium ginseng.

After that, he directly advanced to the Third Tier of the Transcendence Phase. When he opened his eyes, he felt tremendous power within his body.

He only managed to advance two Tiers with one decamillennium ginseng. Kai had no idea how difficult it would be for his future cultivation. However, he would not give up easily since he had chosen this path. After all, he had not yet found out his origin.

Staring at those corpses on the ground, Kai bowed at them. After all, they used their blood to help the decamillennium ginseng grow.

Kai walked out of Black Blind Forest and spotted Tommy already waiting for him at the foot of the mountain. Meanwhile, Ewan had brought a dozen men to collect the remains. Not far from there, there were machine sounds roaring. It turned out Ewan had immediately arranged for his men to start the construction of the cemetery on the previous day.

Kai did not stay for long. He asked Tommy to send him to the Sabine residence.

He planned to say goodbye to them and return to Horington without delay. After all, it would be his battle with Xander tomorrow. He could not be late for that. Plus, he had gained a lot of confidence after advancing.

By the time he reached the Sabine residence, the Sabine family was waiting for him. However, when he said he would leave soon, Ewan immediately uttered, "Mr. Chance, it is not easy for you to come here. We have not served you properly yet. Why don't you stay for two more days? Please give us the chance to express our gratitude."

"Mr. Sabine, I have something urgent tomorrow, so I can't stay," Kai responded politely.

Ewan was slightly disappointed upon seeing Kai insisting. "Since you have something urgent, I won't force you. However, if there is anything you need from the Sabine family, please tell me. We will try our best to help."

Ewan sounded utterly sincere. Indeed, it was because of Kai that the Sabine family could escape from a disaster.

"Okay, sure." Kai nodded.

Ewan arranged a car to send Kai and the rest to the airport. Zyaire still had some errands at the Rider residence, so he did not go back with Kai.

They arrived at Horington around noon. At that moment, Kai's mansion at Dragon Bay was swarmed with people.

Over a hundred of his subordinates were surrounding the mansion. Tommy and Phoenix were not around, while Walter, William, and the rest were among the crowd.

Those people immediately approached Kai after they saw him. Kai displayed a confused look. "What's going on?"

"Mr. Chance. Xander is here. He is in the house," Walter uttered nervously.
