

The Man's Decree Chapter 697 (The Man like none Other chapter 697)

At that moment, the lady had already made it in front of Kai. She was obviously surprised to see how quickly he had reacted to her attacks.

However, that didn't stop her assault. She kept swinging her dagger and aimed for Kai's neck.

"I can't believe you're immune to my Seduction Technique. Are you even a man?" The lady was so angry that she was turning pale, and her gaze on Kai was turning cruel as well.

"Wait, do you find that strange? But... don't you already know all that?" asked Kai. He caught the dagger and gripped it to snap it in half. The blade fell onto the floor immediately after.

At the very next second, the negative energy within the lady burst out. Black aura flushed up to reach for the sky.

It happened in a blink of an eye and the black aura engulfed Kai.

The sudden emergence of the black aura, the way the lady moved when she attacked... All that told Kai something crucial.

"Y-You're not Melanie?"

Kai's gaze brimmed with surprise because the lady standing in front of him looked identical to Melanie. On top of that, they were both great at using the Seduction Technique.

He would've kept mistaking her as Melanie if she hadn't attacked and used the poisonous gas. They look way, way so much alike.

He recalled every detail and noticed that the two ladies were nothing alike despite having similar appearances. For instance, the lady standing in front of him had a negative energy that Melanie didn't.

"I've never said I was. You're the one who mistook me for that Melanie lady."

After saying that, she threw a punch at Kai.

The way she analyzed the situation was simple. The black poisonous gas had already engulfed Kai, so he would feel dizzy once the poison's effect kicked in. Hence, there was no way he could block her punch.

Things didn't work out the way she anticipated. Kai easily moved away from her attack. He even inhaled deeply and absorbed every bit of the poison into his system.

"Who are you? Why do you look exactly like my friend?"

Kai didn't attack the lady. He simply stared at her curiously.

He had no idea why the lady and Melanie looked that much alike, but he believed they had to be related by blood. It was even possible that they were twins.

Kai knew that Rayleigh adopted Melanie, so it was possible that a family was blessed with twins but could only afford to raise one child. The overwhelming financial pressure eventually forced them to abandon one of their kids.

That was a time when the cost of raising a kid was rather high, so many would abandon their kid because they couldn't afford it.

"Who am I? I am the person sent to capture you!"

After saying that, the lady attacked once more. The problem was Kai kept avoiding her attacks. She had made over ten moves in that short while; however, none of them got him, and the effort left her panting.

Kai could tell how tired she was, so he calmly stated, "Okay, that's enough. You're not a match against me, so you can't possibly capture me. I just want to know who you are because you look exactly like one of my friends."

The lady glared at Kai, who was standing right in front of her at the time. She seemed displeased. "Oh, I should stop? Why? Just because you think you're better than me?"

"I only held back because you look like a friend of mine. If I hadn't, you'd already be dead. Don't assume I'm the pretentious chivalry type who wouldn't hurt a woman. Your Seduction

Technique has no impact on me, so your only option is to answer my question. Tell me who you are and why you're trying to capture me."

Kai glared as the aura within him became more intense.

He had already learned all about what the lady was truly capable of, but a martial artist that had just reached the Senior Grandmaster level couldn't possibly capture him.

"Hah, you arrogant punk!"

The girl had an evil expression on. She never gave Kai's words much of a thought. She jumped to the sky and danced in the most peculiar way to summon several bright lights and they flew to Kai to attack him.

"Seven Star Strike!"

The lady shouted furiously. Countless daggers rained down from the sky and caged Kai in, making it impossible for him to escape.
