

## Chapter 4521

"Mr. Wade ..... You are asking me to ..... You are telling me to freeze Inspector Li's body?!"

Stella was stunned by Charlie's words and did not know how to respond for a while.

Charlie said with a righteous face: "Were you not talking about having a freezing center?"

"Just take his body there and freeze him."

Stella welcomed the incomparable ease with which Charlie spoke but could not help but remind:

"Mr. Wade, the human body freezing technology so far, it is still only a scientific concept,"

"Although the concept has been proposed by scientists from decades ago,"

"But until now there have not been any successful cases ....."

Saying that Stella could not help but look at Duncan laying on the ground and continued:

"Mr. Wade, I say it bluntly, as far as the current scientific means,"

"People are impossible to come back to life after freezing ....."

Charlie waved his hand: "You don't have to worry about this, let's freeze him first."

The reason why he wanted to send Duncan to the freezing center to freeze is because,

He also does not have the ability to maintain Duncan's body immortal all the time,

By freezing him, he can maintain his current situation to the maximum extent,

And since he will be frozen in a super low-temperature environment of one or two hundred degrees below zero,

The aura needed to maintain his body will also be reduced to an extremely low level.

In this way, Charlie only needs to spend a small amount of spiritual energy to protect his body,

And then let the spiritual energy be frozen with him,

Then he can ensure that he will not have any changes for at least a few years.

However, this kind of thing, he also has no way to explain clearly to Stella,

So can only stubbornly let her do as he is ordered.

Stella was pleased that Charlie had already made a decision, out of respect,

So she did not say anything more, but immediately called her grandfather,

And asked him to personally order the head of the freezing center to come and pick up Duncan.

After communicating with Grandpa, Stella said to Charlie,

"Don't worry, Mr. Wade, Grandpa said that the freezing center people,"

"Will come over within 15 minutes and pick up Inspector Li."

"Good." Charlie nodded and said, "I'm counting on you guys for this person,"

"Keep in mind, don't let any word out to the public."

"You can rest assured," Stella said with certainty:

"The secrecy level of the freezing center has always been very high, so there will be no leakage."

Charlie then said, "That's good."

At this time, Stella could not help but say, "By the way, Mr. Wade,"

"I have something to say, I don't know if I should say it."

Charlie said, "But there is no harm in saying it."

Stella nodded and continued,

"Mr. Wade, generally speaking, every step of the top family members' movements is top secret,"

"Especially for super families like the An family, generally speaking,"

"Their movements cannot be captured by the outside world, but these attackers today,"

"Not only were they able to grasp the movements of the core members of the An family,"

"But they even knew the situation here like the backdrop of the concert."

"The background music of the attack, it seems to be a long time planning,"

"I suspect that in this matter, there must be a mole from the An family....."

"Yes." Charlie agreed and said, "I agree with you on this matter,"

"But who the mole is specifically, the An family may have to find out for themselves."

After that, he said to her: "Miss Fei, you have more manpower in New York,"

"The next hard work, you first arrange your people, the carpets here must be removed and burned,"

"Blood stains must be disposed of, and bullet holes are to be concealed together,"

"In addition, also seize the time to find a new batch of carpets to replace,"

"The new carpets preferably the same as here or nearly similar,"

"Do this all in the shortest possible time to restore the place."

Stella said without thinking, "Mr. Wade don't worry, I'll arrange it!"
