

When His Eyes Opened by Simple Silence

Chapter 1036

Elliot's voice was cold, without a trace of warmth, "

Go and check if there is a man named Adrian beside Nathan.

If there is..."

The words behind him got stuck in his throat.

Adrian is Shea's twin brother.

He was originally supposed to be the young master of the Foster family, so he might not be liked by his father, but his life in brocade clothes and jade food can be guaranteed.

Elliot thought that he had taken his name, his relatives, and his life, and now he was going to kill him to ensure that his reputation and life would not be affected.

Is this too vicious? "Boss, if there is such a man, what should I do?"

The bodyguard asked from the other side of the phone, "Please give instructions."

After Elliot pondered for a while, he said, "Let Adrian disappear from this world."

He Knowing that he will go to h-e-l-l in the next life, then let him be selfish to the end in this life! God treated him unfairly and gave him a bad card.

If he was merciful, he would not be able to win with this bad card!

Star River Villa.

Avery came out of the bathroom after taking a shower, but her heart was filled with panic.

Although she and Elliot are about to enter the palace of marriage, everything seems to be complete and happy, but she can clearly feel that he is still the stubborn, stubborn man who refuses to submit to anyone.

Adrian became a thorn between them.

Adrian became a thorn between them.

This thorn won't stab the two of them with blood, but it will definitely make a subtle change in their now sweet relationship.

After drying her hair with a hairdryer, she breathed heavily into the vanity mirror.

Why intimidate herself by presupposing a bad outcome before it happens?

Since Elliot is willing to marry her, as long as she has a good discussion with him, there must be a better way to solve Adrian's problem.

Thinking of this, the suppressed emotions are relieved a lot.

She got into bed, turned on her phone, and planned to see where they were going to play on May 1st.

After looking at the popular tourist attractions in Aryadelle, she lacked interest. Because no matter which tourist attraction she goes to, it will definitely be crowded.

Elliot didn't like crowded places. If he was asked to go crowd with him, even if he wanted to, he would definitely be unhappy in his heart.

So Avery typed in the search box: unpopular tourist attractions in Aryadelle.

Unpopular tourist attractions will definitely have a lot fewer tourists, and it doesn't matter if the attractions are not so famous.

She mainly wanted to go out with Elliot alone, the scenery was not important. The first unpopular tourist attraction found in the search is called Lover's Eye.

This lover's eye is a green spring water in the shape of an eye. Looking at the pictures makes people feel refreshed.

If she want to see this lover's eye, she has to take a plane to the province where it is located, and then transfer to the city where it is located. Because the city where the lover's eye is located has no airport.

After arriving at the city where the scenic spot is located, take a car to the town where the scenic spot is located. After arriving in town, she can find a hotel to rest for a while.

Because to go to this scenic spot, but also into the village. It takes more than an hour to enter the village.

After entering the village, the main event is coming! Because she want to go over mountains and mountains!

There is no modern means of transportation there, and she has to use local horses to see this green lover's eyes!

After Avery carefully watched the traffic route of Lover's Eye, she exited the webpage.

In her mind, she made up the picture of Elliot sitting on the back of a horse and going over mountains and mountains.

If he was given a choice, he would definitely choose to go to popular tourist spots with convenient transportation but crowded.

"It's better to sleep at home!" She put down her phone, turned off the light, and went to sleep with her head covered.
