

The Cute Baby by Yanxizi chapter 4

When Nina woke up, the pain spread all over his body, and he only felt a burning on his face.

The nerves in her brain seemed to twitch uncontrollably.

With pain as if being crushed by a car.

She lifted up the quilt and found that her body was Naked?!

She couldn't help frowning.

She opened her eyes wide and suddenly found that she was in the hotel room. Her mind went blank.

Last night, she went to the birthday party with her sister Susan to celebrate her birthday.

Why was she in the hotel room now?

And she was naked lying on the bed.

Last night. What happened?

Nina pounded her head with her hands, but couldn't remember what happened last night.

Nina stopped thinking about it. Enduring the pain, she got out of bed and quickly picked up her clothes to put them on.

The idea was to leave this place as soon as possible so that no one else could find out.

She was so worried and scared that all kinds of complicated emotions mixed together.

Regardless of who the man on the bed was, Nina put on her clothes in spite of the pain and walked out of the room without looking back.

When Gabriel woke up, it was already half-past seven in the morning.

When she woke up, she felt a slight pain in her head and gently rubbed her temples with her hands.

His dashing eyebrows were tightly knitted, and his head shook slightly.

She still felt a little dizzy.

It was already half-past seven. Then she got out of bed.

She walked to the sofa, picked up her clothes, and put them on slowly, showing her aristocratic demeanor.

Unconsciously, his dark eyes fell on the bright red stain on the white bed sheet.

His eyes froze in an instant.

Last night.

Looking at the blood on the bed, he was lost in thought.

Last night, she had a drink with the people of the company and felt a little uncomfortable, so she asked the bodyguard to take her back to her room to rest.

Next...

His eyes suddenly turned cold, and the whole room was like a snowy mountain.

Humph, how smart he is! He wants to ingratiate himself with Gabriel in this way to take over the land development right of M city.

Unfortunately, she used the wrong method in the wrong place.

Gabriel snorted.

“I will let you pay a painful price!”

The man thought coldly, with an unfathomable gleam in his eyes.

Gabriel picked up his phone and called his a**istant Charles.

“Come to VE Hotel, room 6106.”

Then she threw the phone on the bed.

In less than ten minutes, Gabriel arrived at the hotel.

“I’ll give you an hour to investigate what happened in Shining Company last night.”

“Yes, sir!”

Gabriel answered seriously.

After that, Gabriel left the hotel and immediately went to investigate.

.....

An hour later.

“Boss, I’ve found out everything.”

Standing in front of Gabriel, Darren answered seriously.

“Say it.”

Gabriel sat on the sofa leisurely, with his slender legs crossed gracefully, exuding a cold aura.

Gabriel found out the tricks of the shining company last night and told 11 Jean.

“Sir, this is the surveillance video of the corridor of the hotel last night. Please have a look.”

Gabriel carefully handed the U disk to Gabriel.

Gabriel turned on the computer and inserted the U disk into it. Several videos came into view.

The soothing expression suddenly became deep.

“Remove Shining Company from the list of companies competing for the land development right in M city! And you are not allowed to cooperate with them for three years. ”

It seemed that the woman in bed last night had been replaced. They knocked him out and sent him here.

Gabriel recalled what happened between him and the woman last night and frowned.

Then she thought of the bloodstain on the bed. She didn't blackmail her after having s** with him. Instead, she took the opportunity to extort a sum of money and quietly left early in the morning.

“Boss, is there anything else?”

Gabriel asked as he noticed that Gabriel seemed to be thinking about something.

Sitting on the sofa, Gabriel turned to watch the video on the computer.

He inexplicably thought of her and felt the happiness that he had never felt before. His heartfelt wave.

He thought for a while.

“And Go and check the woman in room 6106 of VE hotel last night. I want all her information. ”

In the Ning mansion.

It was already half-past eight in the morning when Nina returned home.

As soon as she pushed the door open, she was stunned. What she saw was a family sitting on the sofa.

She walked into the hall on tiptoe, and there was indeed a burst of mockery and scolding.

“Where have you been this night? I don't even know if they have fun or not! ”

It was her mother, Holy.

As soon as Nina entered the gate, she heard a series of scolding and roaring.

Nina seemed to be an outsider here, who had nothing to do with the Ning family.

Disdain and sarcasm stabbed into Nina's body like needles.

Her father, Harrison, was even more angry and disdainful.

She felt the atmosphere was unusually heavy.

“Dad, I...”

Nina raised her head and wanted to explain why she didn't go home last night.

However, before she could say anything, her father, Harrison, slapped her hard across the face.

Her face was beaten red, and four fingerprints were obviously imprinted on her delicate face.

Feeling the burning pain, Nina's eyes were so sore that he could hardly open them.

She realized that they had never worried about her since she didn't come back last night. All they could do was blame and ridicule her.

Now when she came back home, she was slapped by her father for no reason.

Well, Nina always dislikes others.

Nina laughed at herself sadly.

Harrison looked at Nina angrily.

“You unfilial daughter! You have humiliated me! Look at yourself. What have you done? ”

With that, he smashed a group of photos onto the ground.

Nina squatted down and picked up the photo. Her eyes were fixed on the photo and narrowed slightly.

In the hotel last night.

In the photo, the woman and the man were sleeping on the big bed, disheveled. And this woman was her, Nina.

Now she finally knew why her father was so angry.

It was because of these photos of unknown origin.

But he didn't listen to her explanation and accused her in the same way.

She was the one who got hurt, but her father never asked her about Nina.
