

When His Eyes Opened by Simple Silence

Chapter 1195

Came to Shea's ward, she walked to the bedside and held Shea's hand.

"Shea, I know you are in pain now, but don't give up. Now that you have found a suitable kidney, you will be operated on soon. After the operation, you will be better."

Shea smiled in her eyes. Intentionally, she opened her mouth and said in a weak voice, "How did you find me?"

"Well, I found you a while ago. Your brother always believed that you were not dead, so you must be strong. After the operation, I will bring you with me. Go see him, okay?" Avery encouraged.

"If I'm okay, of course I'm going to see Elliot. I'm going to give him a surprise..." Thinking of this, Shea was excited, "I haven't been this happy for a long time."

"There will be more happiness in the future. Hayden and Layla have never forgotten you. Robert is also very healthy. Now he can call his parents and he has started to learn to walk."

"Avery, did you find the right kidney for me? Wesley searched for a long time, but couldn't find it. Seeing him for my illness, it's so hard, I don't want to live anymore..."

"Don't say such stupid things. You have suffered too much. The days in the future will be smooth and shine."

"Well... I really want to go home and miss my brother." Shea's eyes suddenly lost focus, and she muttered. Shea was in a bad mood, and after saying this, she fell asleep again shortly after.

Wesley covered her with the quilt and looked at Avery: "She didn't say these words before she saw you. She saw you, so she misses Elliot even more."

Avery couldn't wait any longer. She said, "Wesley, when can the surgery be arranged? She's so weak. I'm really worried that she won't be able to wake up at any time."

Wesley patted her on the shoulder and said, "The day after tomorrow. There will be a series of preoperative examinations tomorrow. I know you want to bring Shea to Elliot quickly and explain the misunderstanding, don't worry, I will explain it to you."

Avery's eyes suddenly became wet and moist: "I'm not afraid that he hates me, but I think that he may be more painful than me now. I want to see him and talk to him."

"Avery, don't think about it for now. Go back and rest. Shea and Adrian have me watching, you don't have to worry." Wesley continued to comfort her when he saw that she was in a bad state. Said, "Elliot will know the truth soon. He won't be in pain for long."

Avery nodded.

When Avery returned home, she couldn't help turning on her mobile phone, found Elliot's number, and dialed it.

In the past few days, she has called him countless times, but every time she can't get through. Unexpectedly, this time she didn't hold any hope, but suddenly got through.

Her heart was beating violently suddenly. She prayed to God for Elliot to answer the phone.

Before she could finish her inner prayer, the phone was suddenly connected.

She was stunned. She seemed to hear his familiar breathing.

Before opening her mouth, her tears fell down one step at a time.

"Avery, this is our last call." On the other side of the phone, Elliot voice came calmly and indifferently, "Let's say goodbye!"

The last call?

"Elliot! Don't break up! Please, don't break up." Avery emotions were completely broken, and she couldn't care about any face or dignity, "I have already told Adrian that he will return all your shares to you. You Wait a few days for me, and I'll take him back to find you!"

After Elliot heard her words, he frowned: "Avery, are you addicted to manipulating others? Do you feel a sense of achievement when you see a man fascinated by you and at your mercy? What you take away, I won't ask for it again."

"It's not like this. Elliot, it's not like this." Avery burst into tears, as if someone grabbed her neck, preventing her from saying what she wanted to say.

The head hurts violently, and the heart hurts even more.
