

Returning from the Dead His Secret Lover Chapter 1748

Do you regret it?

“There must be. How can people have no regrets in their life.”

“Really?”

The woman finally lifted her eyes when she heard this.

Wen Xuxu nodded: “Of course, but regret is no medicine, so what I have to do is to correct it, so that I don’t make such a mistake next time.”

Zhu Tingting was taken aback.

“Next time?” She thought she had heard it wrong.

Does she have a next time?

She has not lived long, where will she come from next time? If it’s the next time, it should be rebirth.

Zhu Tingting twitched the bleak corner of her mouth.

In the end, she obediently stood up from the chair, and when she walked back, her face had returned to a smile.

“Mrs. God, when I came here this time, I saw that the three little guys in your family have grown a lot, especially Ruoruo, which is completely different from before.”

“No.”

Wen Xuxu heard her change the topic and said Instead of continuing what they were talking about, he followed her. “However, thanks to your sister-in-law, it’s really hard for her to cause

so much trouble to her in Y province this time.”

“What is this called, isn’t it right?”

At this point, the face with a hint of grayish-white air finally has a real bright color.

Jing Yufei should be her only light in the Jing family.

“By the way, Mrs. God, speaking of this, I have something else I want to trouble you with. You see, my aunt is not too young. Can you introduce her to a marriage?”

“Ah? Me?”

Wen Xuxu was so shocked that she almost bit her tongue.

This woman even asked her to be a matchmaker for Jing Yufei. Did she find the wrong person? She Wen Xuxu is not a matchmaker.

But as soon as she finished speaking, Zhu Tingting sighed again beside her.

“Yeah, you don’t know. Sister, she doesn’t listen to the two of us. Besides, since Dad’s incident, she has seen everything in this world and doesn’t want to get married.”

“This...”

“So I think, if you introduce her, she will definitely agree, and you will not harm her.”

Zhu Tingting looked at the mistress of the god family with hope.

Yes, her biggest wish now is to hope that she can see this eldest sister-in-law happy and happy before leaving. If Jing Qin is a prodigal son, their Jing family will turn back.

Then, this Jing Yufei was the one who really carried the Jing family on his shoulders.

Obviously they are all women, and they are all surnamed Jing.

But the other two women were not worthy of her shoes.

Wen Xuxu was embarrassed again, but after thinking about it carefully, it was not unreasonable to say this, and she really felt pretty good about Jing Yufei.

So, Wen Xuxu finally agreed.

“Okay, then I’ll talk to my old man to see if he has a suitable candidate?”

“Well, thank you so much, Mrs. God.”

The woman finally showed her first smile of the new year.

After dinner, these people finally went back, Jing Qin and Shen Yu were really drunk again, Zhu Tingting saw it and wanted to help him over.

However, as soon as she touched him, this person actually pushed her away.

“Go away! I... go up by myself!” Then, he staggered out, but in the end Shen Yu couldn't see it, so he came over and helped him.

Seeing that Jing Yufei next to her was stomping her feet!

This bastard, he just needs to clean up, and she won't talk about him well when he wakes up tomorrow.

Jing Yufei came to her younger brother and sister: “Tingting, that...”

“It's okay, eldest sister, go and see if he hasn't taken his bag? You go and get it back, and I'll drive.” Zhu Tingting was like a nobody, said lightly.

Then, she quickly took the car keys and went to drive.

Jing Yufei: “...”

There was nothing he could do, so he could only turn around to get the bag.

Wen Xuxu, who was next to him, couldn't stand it any longer, so he followed in and came behind the woman.

“Yufei, you have to pay attention, Tingting's health is not very good.”

“What did you say?”

Jing Yufei immediately raised her head and looked at her in amazement.

She finally heard that something was wrong.

And Wen Xuxu didn't hide it this time, and directly stated her analysis: “I see that her eyes are very yellow, and her waist is often hunched. If I guess correctly, it should be the liver. Problem.”

“...”

Jing Yufei felt even more struck by lightning.

Liver problems?

How can this happen? Tingting never said anything at home.

She was completely shocked.

Without further delay, she immediately grabbed her bag and chased out. However, she didn't expect that the two people who had gotten into the car in front had already left because they were a few minutes late.

The reason was that Jing Qin, who was drunk, murmured to Zhu Tingting who was sitting in the driver's seat: "Why haven't you changed?"

Returning from the Dead His Secret Lover Chapter 1749

Let's Divorce

When Jing Qin woke up the next morning, it was already very late.

He opened his eyes and looked at the smallpox above his head, and after a while, he suddenly sat up from the bed.

This is not the Jing family.

It was a set of properties he had bought outside in the past few years.

"Are you awake?"

Hearing the movement, footsteps sounded outside the bedroom. After a while, a young woman wearing a beige knitted sweater and a short gray skirt walked in.

She also held a bowl of steaming soup in her hand.

It was the one with his marriage certificate, his legal "wife" Zhu Tingting.

When Jing Qin saw it, his eyebrows tightened even more.

"Why am I here? Didn't you go back to Jing's house last night?" He lay down again, feeling sore all over his body. As soon as he opened his mouth, his tone was questioning and displeased again.

Zhu Tingting brought the bowl of sober soup and put it on the bedside table next to him.

“You were drunk last night and insisted on coming here. I had no choice but to bring you here.”

“...”

Jing Qin, who was lying on the bed, finally fell silent.

He took his eyes away from the woman, closed his eyes and lay down for a while before getting up.

He really didn't like going back to Jing's house to live there.

Those women were so noisy that he was annoyed when he saw them. However, during the festivals, he would still give them face and live at Jing's house.

It seems that last night was really drunk.

Jing Qin went to the bathroom.

When he opened the toilet lid for convenience, he once again felt the soreness of his arms and his waist, as if he had done some exercise.

Even moving it is sour.

What the hell, he didn't do anything yesterday.

After taking a shower, Jing Qin came out of the bathroom.

“Let's go.”

He took his suit jacket and prepared to go back to Jing's house.

But Zhu Tingting, who was standing in the living room, saw that he had finally come down, but uncharacteristically did not follow him closely, but sat still on the sofa.

“Zilan, I want to talk to you.”

“...”

Talk?

What are you talking about? Could it be that the women in the family are causing trouble outside? Want him to clean up the mess again?

As soon as Jing Qin heard this, he thought of this like a conditioned reflex, and his handsome face suddenly darkened.

Over the years, their Jing family has indeed been well-organized by this woman. He Jingqin almost doesn't have to worry about family affairs, but because of this, he often hears this woman talking to him about those rubbish things.

Jing Qin endured.

"What are you talking about? If you go too far, don't blame it for the Chinese New Year. The labor and management treat them like they are!"

"...No."

Zhu Tingting looked at his expression, showing a hint of disappointment.

This is him, that's right, in his heart, what he should always hold is the Jing family, as well as his own affairs. She, Zhu Tingting, will never be ranked in his eyes.

Zhu Tingting lowered her head and took something out of her bag.

"That's it, Zilan, let's get a divorce."

"What did you say?"

After saying this, the man standing there reacted a little bit, and his eyes fell on her. For the first time, in the There was a hint of surprise in his pupils.

"Divorce? Are you sure you're not joking?"

"No, Zilan, I'm serious. My father has been in bad health last year and is going to go back to his hometown to recuperate. I'm going to accompany them back to their hometown. They only have one daughter, I can't watch them."

Zhu Tingting said calmly. , There was no other emotion at all on that mediocre face.

Such as sadness.

Another example is the excitement...not

all of it.

Jing Qin suddenly felt uncomfortable for a while. He stared at her, but before his mind could react, he began to ask angrily: "What do you mean? For your father, you ignored your family?"

Zhu Tingting : "...”

Jing Qin: “You’re sick, you need to make such a mindless decision for this kind of thing? Give me home!”

Then he left in a rage.

Zhu Tingting stayed in the living room and looked at his back, stunned for a while.

Is he... unwilling?

—

Viewing the Sea Terrace.

Wen Xuxu and the others also got up early this morning, and they were going back to City A.

Shenzongyu: “You all go back, how are they entertaining you? That young couple already has a child at home and is pregnant. Could it be possible that Qiao Shiqian greeted so many of you?”

” On the second day of the new year, these people have to go to visit relatives, leaving him alone as a poor old man at home, very unhappy.

Wen Xuxu was a little funny when she saw it.

“Grandpa, don’t worry, there are many sisters-in-law in the Huo family’s old house. Let’s live there.”

“Humph!”

“ ... ”

In the end, Shen Yu couldn’t stand it any longer and stayed with his son Shen Zhaohui.

After seeing it, Huo Sijue also let the triplets choose to keep one, and Ruoruo also stayed on the grounds that Lu Jin was inconvenient to go there.

Lu Jin, it’s definitely impossible for him to pass. His sister Nige is here. The two brothers and sisters have nothing to do with the Huo family. It’s inappropriate to follow the past.

Returning from the Dead His Secret Lover Chapter 1750

Make money to marry a sister-in-law

Ruoruo: "Okay, we're all here to stay, then, let's have fun for a few days, Nige, after the fifteenth day of the first lunar month, you're going to go to elementary school."

She rubbed the little girl's brain.

As soon as Niger heard this, she immediately ran over to her brother, and hugged his legs with her small hands.

"Brother, I'm not going to school."

"..."

Lu Jin looked down at this little sister who begged him, but finally softened and squatted down in front of her.

"Be obedient, if you want to stay outside, you must go to school."

"Why?"

Nige, who was only seven years old, didn't quite understand what her brother meant.

If Ruoruo saw it, he also came over and squatted beside the little girl together.

"Because in our society, only by learning knowledge can we pursue our dreams and live the life we want. You see, Sister Ruoruo also wants to study. Sister Ruoruo's dream is to be a very, very powerful designer."

Designer?"

"Yes, it's clothes and jewelry. Do you think the clothes that Sister Ruoruo is wearing now look good?"

In order to arouse the little girl's interest, Ruoruo immediately stood up in front of her and turned around. The circle let her see the clothes on her body.

However, Nig didn't react much.

A child who crawled out of the abyss, these substances have no effect on her. If there is anything that can attract her, it should be her future.

Lu Jin understood very well.

Therefore, he didn't say anything at first, until Ruoruo ran away, and then he looked at his sister again.

"Nini, you have to remember that you are no longer Xiao Wangji, and we will not go back to Wai, do you understand?"

"Why?"

Sure enough, as soon as these words came out, the child's tears came out on the spot.

She looked at her brother, and after huge unease and shock came out from her beautiful phoenix eyes, she hugged her brother, and even her small body was trembling.

She doesn't understand, why can't she go back to Wai?

Why is she no longer the little Wang Ji who is served by someone who is aloof?

Lu Jin: "Because we don't belong there anymore, Nini, that is a place that should have been overthrown long ago. In this world, everyone is equal, and Wai should be equal."

"..."

"So, from now on, you have to learn to be independent and how to make yourself survive? You will not be served by anyone in the future, and you will never live a life where you will marry into a prominent family when you grow up and be served by others for the rest of your life. Recognize this!"

Lu Jin solemnly reminded the sister again.

That's right, in Wai, every little Wang Ji who was born in the royal court has been educated like this since childhood.

Even Niger, who has been locked since he was a child.

In fact, before Wayi was incorporated, all Wang Ji who married off from the royal court were married to prominent leaders in the tribe, or their sons.

It was the first time that little Niger was indoctrinated with such a concept, and she was stunned.

“Then... What about the elder brother? Will the elder brother also have to study and work by himself in the future so that he can eat?”

“Of course, after the fifteenth day of the first lunar month, the elder brother will also go abroad to study. After graduation, he will find a good job. When the time comes, I will provide you with a study first, and then...”

His eyes suddenly turned to the girl who was carrying Shen Zhaohui’s child in the garden not far away.

Nige saw that and finally understood.

Then what?

Then, it must be to marry her sister-in-law.

So it seems that the brother will be very hard? This sister-in-law’s family looks very rich, it seems to be more than their royal family’s money. If you want to marry him, will you need a lot of dowry?

Little Niger suddenly focused on this issue.

“Okay, then I’ll go to school, too. I want to learn a skill that can make a lot of money.”

“Make a lot of money?”

“Yes, so I can help my brother marry my sister-in-law back, brother, don’t worry. Well, although we are no longer in the royal court, and my grandmother is no longer, but you still have me, I will make you a lot of money, and I will definitely help you marry your sister-in-law back!”

This little girl actually said at the end , and patted his brother on the shoulder very domineeringly.

Lu Jin: “...”

His face was red and his ears were red.

However, embarrassment turned into embarrassment, and it was a good thing to be able to successfully persuade her to go to school.

If Ruo Ruo learned about this, he immediately ran to find his grandfather and asked him to contact the primary school and arrange for Nige to enter.

But when she went to find her grandfather, she found that he was on the phone.

“How can I be bad as a matchmaker? That eldest daughter of the Jing family, her character and ability can be seen by everyone in the capital. What do you suspect? She’s not worthy of your son?”

“...”

This old man, before the end of the year, is actually starting to be a matchmaker.

However, like this, is he talking about matchmaking? Isn’t it “an order to confer marriage”? ! !

If Ruoruo is interested, she will pull Lu Jin next to her to eavesdrop. She wants to know, who did grandpa “give” her Aunt Jing to?
