Chapter 475

Chapter 475

The third person's POV.

At the airport.

Connor frowned. "Mr. Wharton, why is Joey here? Could it be that she's here to send us off?"

Herbert said with a faint smile, "Joey go on a trip with us."

When he heard this, Connor was immediately stupefied. He stared blankly for a moment, and then said in a stunned voice, "She is going to go on a honeymoon with you guys?"

"Yes," Herbert nodded.

Connor immediately frowned.

Joey saw Connor, but she deliberately treated him like air.

When Connor saw her like this, he, of course, treated her like air too.

They were like children quarreling and didn't even look at each other.

After boarding the plane.

Bella saw that Connor's and Joey's seats were actually next to each other. She couldn't help but say in a low voice, "I noticed that they are quite fated. Their seats are actually next to each other."

Herbert whispered, "I think they will definitely be together."

Hearing this, Bella immediately became energetic and asked curiously, "They have been quarreling all the time. Why will they be together?"

"If you believe me, the two of them will definitely fall in love in the future," Herbert said firmly.

"How can you tell?" I continued to ask.

Herbert squinted at me and reached out to put my head on his shoulder. "Don't meddle in other people's business. Go to sleep!"

Seeing that he closed his eyes again, Bella raised her eyes to look at Connor and Joey who weren't too far away. She could only close her eyes again, but in her heart, she had always been thinking about the matters between the two of them.

On the other side, due to the fact that Joey had always refused to look straight at Connor, Connor also turned his head away, too lazy to look at her.

Joey was extremely angry, but she didn't lose her temper for no reason. She could only suppress the anger in her heart.

Soon after, Joey, who was sitting inside, suddenly stood up. She wanted to go to the toilet, but when she saw that Connor was asleep, she cried out in a low voice, "Hey, give way!"

However, right now, Connor should be asleep, which was why he didn't hear her voice.

Joey reached out her hand and gave Connor a push. Connor was startled in his dream, and with a stagger, he almost fell off his seat!

Betty didn't expect her strength was so great. In reality, she didn't do it on purpose. She was just about to apologize, but when she saw Connor's expression of disgust, she immediately no longer wanted to apologize.

"Please give way!" Joey said.

Connor frowned and roared, "Please be a bit more polite."

At this moment, Connor's voice woke up the people around him, and they all looked at them with looks of confusion.

Joey immediately sat down and lowered her voice. "I just wanted to go to the toilet and asked you to give way. You didn't respond to me, and you shouted at me afterward!"

Connor didn't say anything. He got up and left his seat.

Seeing that he was gone, Joey got up and went to the toilet.

After Joey came back from the toilet, she didn't see Connor.

Joey was still in a state of confusion when a young man in his twenties walked over. He wore black-framed glasses and was dressed like a student. He sat down in Connor's seat.

Looking at the young man in a T-shirt and jeans sitting next to her, Joey couldn't help frowning and asking, "Is this your seat?"

The young man looked at Joey and said with a smile, "Madam, the man who was sitting here just now exchanged seats with me, so I'm sitting here."

Hearing this, Joey was stunned for a moment and then asked, "Where's your seat?"

"In the economy class." The young man smiled and was a little embarrassed.

Joey and the others were all in business class. Business class was much more expensive than economy class. Now that Connor had replaced the business class seat with the economy class seat, this student was naturally very happy.

However, Joey's heart was filled with anger. Because in order to avoid her, Connor had actually gone to sit in a narrow seat in the economy class.

Therefore, Joey rolled her eyes at the student. "Who did you call a madam?"

Was she that old? She was only ten years older than him. In addition, she was about the same age as Connor. How could he call her madam?

At this time, the student immediately realized that he had said something wrong. Many women were unwilling to be called madam, which meant that they were old.

Therefore, the next moment, the student quickly corrected and said, "Sorry, I called wrongly just now."

"Humph." Joey snorted. She turned to look at the white clouds floating outside the window and stopped talking.

After more than 20 hours of long-distance flight, they finally arrived in China in the early morning.

When they got off the plane, Joey wanted to take her suitcase, but she couldn't. It seemed to be stuck.

Bella was urging her, and she was a little anxious.

At this time, a pair of hands appeared above her head.

She looked at the pair of hands and saw that it was Connor.

She hadn't expected that Connor would actually be willing to help her take her luggage.

"Didn't you have a lot of strength when you pushed me? Why can't you even take out your luggage?" Connor spoke in an extremely fierce tone while helping Joey with her luggage.

Hearing him talking about her again, Joey grabbed her suitcase from his hand and said, "I'll take it myself. I don't need you to help me."

After that, she dragged her luggage and was about to leave. However, the wheel was broken.

This was bad.

The wheel was broken and she couldn't drag it at all. She could only lift it up.

Her suitcase was so heavy that she couldn't lift it up at all.

At this time, Connor said again, "I'll take it. You can't take it at all. Why do you have to act tough?"

Connor's tone of voice wasn't all that good. Joey was stubborn and not willing to compromise. "I already said

that I don't need your help! Ah..."

Before Joey could finish her words, a man hit her from behind.

She could not stand still and was about to fall.

Just when she thought that she would definitely fall to the ground, a pair of hands supported her.

It was Connor!

His arm wrapped around her waist.

At this moment, they were very close to each other, and time seemed to be still.

Joey's heart beat faster.

Until Connor released her.

"I'll help you get it. You don't have to refuse." Connor's tone became much gentler.

Joey no longer refused, only following behind Connor.

In a place where Joey couldn't see, Connor's earlobe was burning red.
