

WHEN HIS EYES OPENED

Chapter 2263

Without waiting for Travis to exclaim, the little girl said again: “Grandpa, look at them...”

The little girl’s hand pointed to the Jones family bodyguard at the door, and laughed: “The two of them are like two puppets. Oh!”

Travis saw not only his two bodyguards, but also two bodyguards being held hostage.

Pistols against their temples.

At the same time, the muzzle of a pistol was aimed at him.

Travis was so terrified that he raised his hand out of instinct.

“You...what are you doing...I gave money...I gave Sasha 10 million...isn’t 10 million enough? Then How many do you want?”

Travis didn’t want to die!

He would definitely make countless money in the future, his worth would surpass Avery, Elliot...and all his friends!

Everyone who mentions his name would call him a legend!

“Travis, have you ever thought that what I want is not money?” A female voice came from outside the door.

‘Sasha’ appeared at the door of the room with a sinister smile on her face.

Travis looked at her face, and his mind became much clearer at this moment.

No wonder Travis thought this face was familiar, he must have seen her before! And, they both have a grudge!

“You suspected me at first that I wasn’t Sasha, and you almost scared me! But I bet you don’t remember me long ago, so you just said a few words to divert your attention, but you really don’t doubt me. I am happy and sad... After all, we used to love each other, why can’t you remember my face and voice at all?” The woman entered the room and walked to Travis.

Travis looked at the woman’s face up close, his lips murmured uncontrollably, but he didn’t make a sound.

“Who am I? Don’t you remember?” The woman asked with a sneer.

“You, you...” Travis thought of a headache, raised his hand and patted his head, “I have a little impression... We must have been better before...”

“Yes! You did treat me well before, but after a few days, you ruthlessly abandoned me... Later I found out that I was pregnant with your child, and went to you with joy, but you gave me a slap and let me get out.” The woman said, tears welling up in her eyes. But she didn’t cry.

Today, she has got her revenge, and she was in a very happy mood.

“I want to prove to you that my child is yours, but you gave me the abortion medicine with your own hands, and saw that my child was gone, so you let me go...Travis, I wish I could make you older. Take eight pieces and avenge the humiliation I have suffered and the child I didn’t give birth to!”

Travis had done all the bad things in his life, and he didn’t remember the things the woman said so clearly.

Because he poisoned more than this woman and this child?

“I’m sorry! I apologize to you! I’ll give you money...don’t kill me...I can’t die.” Travis trembled, grabbing the woman’s arm with both hands, bitterly begging.

“You must die!” The woman’s eyes were scarlet, and she roared, “Even if I take my life, I must let you die!”

Travis’s face changed greatly, his expression was stern and painful: “You are not Sasha... Where is the real Sasha... What is your relationship with Sasha? Let me be a clear!”

I don’t know any Sasha...” The woman pushed Travis’s body away and looked at him with disgust, “I only know your daughter, Norah. If she hadn’t helped me, How can I approach you so smoothly? Hahahaha! You didn’t expect that the person who really kills you is your own daughter!”

Chapter 2264

“Travis, didn’t you find out? This is your retribution hahahaha!” The woman said this and laughed out loud, “Unfortunately, God has let you live until now, God has no eyes!”

” It turned out to be Norah... it turned out to be her...” Travis clenched his teeth, the expression on his face was like a smile but a smile, like a cry instead of a cry.

If he had died at the hands of others, he would not have suffered so much.

Norah, the traitor! He hasn’t found her yet, hasn’t killed her yet, and as a result, he has fallen into the trap she designed.

...

At 9 o'clock in the morning, Emilio came to the Jones's old house.

He told his father last night that he wanted to accompany his father to see Sasha today, but his father refused.

Travis felt that he could not help or get in the way.

Emilio could only give up. He wanted to know how his father and Sasha were talking, so he could only come to the old house and wait for his father to come back.

Although he knew that after his father found Haze, he would definitely not bring people home, but even if he couldn't see the real person of Haze, it would be nice to see Haze's photos.

He didn't know if Haze looked like Avery or Elliot.

He didn't know where his father would hide Haze at that time.

He didn't even know if his father would expand his ambitions and made out-of-control decisions after he found Haze.

Emilio didn't sleep well last night. He subconsciously felt pessimistic. Even if his father could find Haze first, the final result would definitely not be as smooth as his father expected.

Elliot and Avery were not ordinary people. After they knew about this, how could they let the Jones family go?

Emilio and his father knew that Elliot was the kind of person who would rather die than be wronged.

"Master got up at five o'clock in the morning today." The servant who took care of Travis made Emilio tea. "Usually he sleeps until 9 o'clock! But he woke up so early today and was in good spirits."

Emilio: "What time did my father leave the door?"

"What time did he leave the door after six o'clock." The servant replied, "It wasn't dawn at that time, and the snow outside the door hadn't been dealt with! I didn't know that the master was so early. What was he doing when he went out? Even if he had an appointment with someone, I'm afraid others were not so early!"

"Father must have had a plan in mind. Maybe he had an appointment with someone farther away!" Emilio sat in a chair and held a cup of tea, took a sip, "By the way, were there any suspicious vehicles and people at the door today?"

The servant shook his head: "In such a cold day, I didn't pay attention to the situation outside. The bodyguard at the gate didn't say anything unusual, there should be nothing unusual. Right? Second Young Master, why do you suddenly ask this?"

"My dad was looking for Elliot and Avery's stray daughter. They already know about it, and I thought they would definitely send someone to watch here." Emilio expressed his worries, "If someone is watching here, I think it's better for my father to live in another place."

"Where is it? Your father can't be idle and has to work every day. If you don't see anyone at work, you can hide from Elliot and the others." The servant sighed, "Second young master, at this age, your father should have enjoyed his old age, but he wants to continue to work hard."

"Blame me. To become bigger and stronger, my father will not work so hard." Emilio laughed at himself.

"Second young master, don't say that. You are still very capable. It's just that your father's ambition goes far beyond defending the family business. Don't take it to heart. After all, he's so old..." The servant didn't continue to say what he said later, but the meaning was obvious.

Emilio asked, “After Margaret died, did my dad’s health really deteriorate a lot?”

The servant glanced around and saw that there were no outsiders in the living room, so he said in a low voice, “Yes. Margaret finished the medicine that Margaret gave your father before. I don’t know what medicine Margaret gave your father. After he stopped taking the medicine, his mental state was significantly worse. He didn’t sleep so well at night.”

Emilio knew in his heart: “But I think my dad’s mental state is similar to before.”

The servant: “It’s still a little different. Margaret was there and when she was by your father side, his temper was milder.”

“Mm.” Emilio drank the tea, put down the teacup, and looked out.

WHEN HIS EYES OPENED

Chapter 2265

With little snow today, the temperature had dropped a little more than yesterday.

Emilio walked to the door, put on a down jacket, and walked into the snow.

The Bodyguard: “Second Young Master, where are you going?”

“I’ll take a look outside, and I’ll be back soon.” Emilio said, walking towards the gate of the courtyard.

Bodyguards followed behind him.

“Young Master, don’t you know the result if you call your father and ask? Why do you have to wait here in person?” The bodyguard was puzzled by the cold wind.

“I called my father, but he didn’t answer.” Emilio called his father before going out.

The phone got through, but no one answered.

According to what the servant said, his father went out so early today, and he must have seen Sasha now.

“I’m afraid that something will happen to my father.” Emilio expressed his doubts.

“Young Master, you will definitely bring a bodyguard when you go out...” The bodyguard said, “Why don’t I call my elder brother and ask?”

Emilio’s bodyguard’s elder brother acts as a bodyguard by Travis’s side.

“You call!” Emilio stood in the snow, waiting for the bodyguard to call.

The bodyguard took out his mobile phone and dialed the elder brother.

The phone was called, it was connected, but no one answered.

“No answer.” The bodyguard looked at Emilio and couldn’t help thinking, “They won’t really have an accident, right? If they have an accident, it must be Elliot and Avery!”

“Don’t be so loud.” Emilio walked to the gate of the courtyard and looked around.

Except for the white snow outside, there was not a half figure in sight.

Emilio's uneasy premonition was getting stronger and stronger. Did something really happen to his father?

After calming down in the snow for half an hour, he dialed Avery.

Avery should not lie!

At that time, Aryadelle was late at night.

However, Avery answered his call quickly.

"You can't get in touch with your father?" Avery was surprised after hearing his question, "I don't know what's going on with your father. I'm in Aryadelle."

"It must be Elliot...He must have done something wrong!" Emilio said excitedly.

"Emilio, don't spit your blood. Your father's business has nothing to do with Elliot." Avery said, "Let me call and ask. If I ask about your father's situation, I will tell you."

After Avery finished speaking, he hung up the phone.

She frowned and dialed Hayden. Hayden took it in seconds.

"Hayden, did something happen to Travis?" Avery's voice settled, and beside her, Elliot turned on the bedside lamp, sat up, and looked at her.

In order for Elliot to hear Hayden's answer clearly, Avery turned on the speaker.

"Maybe! I don't know." Hayden replied, "Travis went out very early today and went to a dance hall. Then he came out of the dance hall with a woman and went to another place. The person I sent out said the woman's face was not Sasha's face. Where is he now, I haven't found out the news."

“Okay, I know.” Avery’s brain was running at a high speed, and she whispered, “Travis left with a woman... Who is that woman? Didn’t Travis want to meet Sasha? How did he meet another woman?”
