

# When His Eyes Opened

Chapter 2374

• • •

Chapter 2374

She no longer loved Elliot, but seeing the sweet photo of him and Avery, her heart still tingled.

Maybe it's because she's living so unsatisfactorily now, so she's very jealous to see the two of them living so well.

But jealousy was jealousy, she no longer had the urge to compete with them.

She knew she didn't have that ability.

She just wanted to get as much money as she could from them now.

"Avery and Elliot are vacationing in Kuoslaville now." Norah put down her phone, took a cigarette from the cigarette case and put it between her fingers.

She was renting in Sasha's house.

Sasha rented and lived in her community, and Sasha refused to go to her house, so she took the initiative to come to Sasha's house.

"Norah, haven't you thought about finding a rich man to marry?" Sasha took a cigarette from her cigarette case.

Seeing this, Norah immediately lit her with a lighter.

"What's so good about marrying someone. No matter how rich your husband is, it's also someone else's money. Only making money yourself is the real skill." Norah took a puff of cigarette and exhaled a thick ring of smoke, "I can't stand being wronged. When I think of looking at my husband's face and my in-laws'

face after marriage, I might as well live alone. Unless that person's parents are dead, and he is very rich..."

Sasha was amused by her words...

"For example, Elliot. In fact, it's okay to not be as rich as Elliot. Unfortunately, my peach blossoms are very bad, and the men chasing me are basically not as good as me. The men I can see are too good, and the suitors can go around the world a few times. You say, what's the point of finding someone?"

Sasha laughed: "Norah, you never thought of finding a younger one?"

Norah frowned: "Younger? Are you talking about finding someone younger than me?"

"Yes! I don't. I like men who are older than me. I like younger. My last boyfriend was ten years younger

than me. If I hadn't found out that someone was looking for me, I would definitely still be with him."

Sasha's face was full of joy Expression, "Don't be too hard on your mind."

Norah: "I don't like too naive men. I have different tastes from yours. I'm strong."

"Okay! Since you've made up your mind, it's fine if you don't look for it. You can feel at ease when you are

alone. It's also very comfortable." Sasha flicked the cigarette ash, and the topic changed, "Have you found a suitable candidate?"

Norah: "I haven't started looking for it yet! I have to make sure that Elliot wants to recruit someone, so I

can find someone. Don't worry, people are easy to find. Elliot's assistant is well paid. How many people have sharpened their heads and want to squeeze in."

Sasha: "Well."

"And I know people in Tate Industries and Sterling Group. Although he is not a celebrity around Elliot and Avery, he can immediately know about any news in the company." Norah said, "I was able to succeed at the beginning, not only by my ability, but also by means."

Sasha: "Death, how moisturizing it is now!"

"What do you think about this? There is no turning back when I open the bow. Besides, if I win the bet, it will be another scene." Norah didn't want to show regret in front of outsiders.

What's the use of regret? Nothing would change.

After smoking a cigarette, Norah's cell phone rang.

Norah put out the cigarette butt in the ashtray, picked up the phone, and turned it on.

A new piece of messages came into view: [Chad joined Tate Industries Bridgedale branch after New Year's Day. The news is accurate and will be announced within the group after New Year's Day.]

Norah's eyes lit up when she saw the news.

Sure enough, as she had guessed.

Norah immediately asked: [What is Chad's new position?]

The other party replies: [Replace your previous position.]

The smile on Norah's face suddenly froze.

.....

The other side.

After Chad had lunch, he found Cole's number and dialed it.
