Finding out the Billionaire Chapter 36 Let Me Kill Him Derek staggered backward fearfully, not concerned about Flynn anymore. "Alex, don't go overboard! I have more than a hundred subordinates in Sakura Club. All I need is a single call to make them come down instantly and cut you up!" threatened Derek with a trembling voice. "Call them then.

I'll give you a chance.

" A mocking look appeared in Alex's eyes.

Unable to believe it, Derek whipped out his phone and was about to call someone.

At that moment, his phone rang.

It was a call from the pretty lady.

"Derek, run away quickly!

That guy injured a hundred men outside.

He's a literal demon!

No one can defeat him at all.

Get out of here now!

He's probably on his way to the basement!

" Thud!

Flabbergasted, Derek's phone fell onto the ground.

He stared at Alex fixedly, unable to believe that this was happening.

Alex had defeated more than a hundred of his men alone.

Is he even human?

"Buddy, let me kill him!

" At that moment, Flynn stood up from the ground with much difficulty.

He was severely injured, but he was not bothered by it.

“Sure.

” Alex glanced at Flynn and nodded.

“So both of you know each other!

” Derek was overwhelmed with a deep sense of regret.

If he knew that Alex was Flynn’s acquaintances, he would have threatened Alex with Flynn.

However, now that he had released Flynn and with Alex beside him, it was almost impossible for him to restrain Flynn again.

“Flynn, I was lying to you earlier.

Your wife isn’t dead!

” When Derek saw the murderous glint in Flynn’s eyes, his heart skipped a beat and he explained quickly.

Stunned, Flynn glared at Derek.

“Are you lying to me?

” asked Flynn in a deep voice as a spark of hope ignited in his heart.

Back then, he had retired and left everything behind just for his wife.

His wife was everything to him, encompassing all his desires and dreams.

If his wife was really dead, he was at a loss for what to do.

“I’m not lying to you.

Also, if you want, I’ll return Sakura Club to you.

All I ask is for you to please spare my life!

” Derek nodded vigorously.

“Bring me to her!

” commanded Flynn in a deep voice as he spun around and headed out.

At that moment, Derek whipped out a gun from his belt and aimed it at Flynn's head.

"You're so naive!

I already want to kill you.

Do you think that I'll spare her?

" Laughing loudly, Derek looked as if he had the whole situation under control.

Although he was pointing his gun at Flynn's head, he looked towards Alex.

"Mr.

Jefferson, I have to admit that I've underestimated you.

But no matter how strong you are at fighting, do you think that you can defeat a gun?

" A mocking look surfaced in Derek's eyes.

Looking at the puddle of piss left by his subordinate, he chortled and said, "That being said, if you kneel down and lick this puddle of piss clean, I'll spare your lives today.

" Otherwise, I'll shoot the both of you and send you both to hell!

Finding out the Billionaire Chapter 37

Finding out the Billionaire Chapter 37 How Can This Happen Derek was extremely arrogant then. After all, no matter how skilled one was in martial arts, bare fists could never beat cold steel. Guns rule the world now. So what if you can fight? If I pull the trigger, you'll still go to hell even if you're the best fighter in the world. "Even if you're one of the Jeffersons, you still have to lick the puddle of piss for me!" As Derek bellowed with laughter, the arrogance in his eyes was blatantly obvious.

Other than the blunder at Lumenopolis, he had never been defeated by others.

So what if you're one of the Jeffersons?

You'll still have to kneel to me!

"If you have the guts, come at me!

" At that moment, Flynn whirled around and glared at Derek fixedly.

Derek's face contorted with malice as he yelled, "Do you think that I don't dare to kill you?"

"At that, he placed his finger on the trigger, preparing to shoot.

Just as he was about to pull the trigger, he saw a flash of a blade.

In the next moment, his right hand, which was gripping the gun, was severed, dropping onto the ground alongside the gun.

"Argh!"

"Howling in misery, he clutched his wrist in utter agony as blood spurted out madly.

When he stared at Alex, terror finally appeared in his eyes.

How can this happen?

How can he move so quickly?

The speed of Alex's attack was beyond his imagination!

"You... You!"

"Without any hesitation, Derek fell onto his knees in front of Alex and pleaded, "Mr. Jefferson, I know I'm in the wrong.

Please give me another chance!

"Gazing at Derek coldly, Alex did not say anything.

From the beginning to the end, Derek was nothing but a clown to him.

"Mr.

Jefferson..." Derek was about to continue begging, but Alex turned around and looked at Flynn.

"I'll wait for you outside.

"After speaking, he whirled around and left.

Flynn squat down and picked up the gun that was still attached to Derek's severed hand.

He then pried the fingers away from the gun slowly.

The moment Alex got out of the basement, he heard a series of gunshots.

Without turning back to look, he walked straight to the entertainment hall upstairs.

There were still a few gangsters lying on the ground of the entertainment hall whining in pain.

Some were already getting up slowly.

When the pretty lady saw that Alex was back, her gaze became fearful.

In her mind, Alex was no different than a demon.

Despite fighting more than a hundred of Derek's men alone, he defeated all of them within minutes.

When Alex was fighting Bob that day, she thought that the reason why Bob did not dare to attack Alex was that he respects Derek.

She only realized today how wrong she was.

Outrageously wrong.

"You... What are you trying to do?"

"Trembling, the pretty lady staggered backward quickly.

The gangsters who had managed to stand up had a look of terror in their eyes, while those that were about to stand up lay back down on the ground when they saw Alex coming, pretending to be dead.

Alex pulled a chair over and sat down.

Fishing out a cigarette and lighting it up, he leaned against the chair and started puffing on it.

Throughout, he did not spare the pretty lady and the rest a glance.

After finishing a cigarette, he was about to light a second cigarette when a miserable howl sounded from the basement.

"Juliet!"

No!

” When everyone heard the howl, their hearts skipped a beat.

Ten minutes later, Flynn walked out with a woman in his arms.

Like him, the woman was covered in blood.

The only difference was that her face was completely pale and she was no longer breathing.

Finding out the Billionaire Chapter 38

Finding out the Billionaire Chapter 38 Burying Juliet Alex’s heart thumped and he could not help but stand up. Derek actually killed Flynn’s wife! “My condolences. ” Alex patted Flynn’s shoulder. Flynn nodded. “You should go back first. ” Glancing at Flynn, Alex turned around and left. That night, a piece of shocking news rocked the underworld forces of Nebula City.

Derek Fleming, the King of the Underworld, had been killed, while his loyal subordinates had all been crippled.

Flynn, who was Derek’s predecessor, had returned to reclaim the position as King of the Underworld.

Everyone who was associated with Derek was shocked when they heard the news.

The next day, Alex received Flynn’s call when he reached the office.

Flynn said that he wanted to bury his wife in the countryside.

Hence, he was asking when Alex would be free to accompany him.

Naturally, Alex had no problems with that.

He asked Flynn where he was and was going to find him.

“Where are you going, Alex?”

” Alex had just stepped out of his office when Kate walked up to him.

“What do you want?”

” Alex looked at Kate with an indifferent attitude.

Kate frowned.

However, as she needed to ask Alex for a favor, she suppressed the urge to argue with him.

“Didn’t you say that you’d introduce me to the boss?”

Is the boss here yet?

” Plastering a smile on her face, Kate flashed him a charming smile.

She was so close to Alex that the smell of her perfume engulfed his nose.

Truthfully, Kate was extremely pretty.

Compared to Heather, her beauty was of another style.

When she smiled, her dimples were exceptionally charming.

Frowning lightly, Alex took a step back and said, “The boss hasn’t arrived yet.

” With that, he turned around and headed towards the lift.

Kate did not know if he was lying or not.

Glancing at the closed office door, she thought about it and decided against knocking on the door.

As she stared at Alex walking into the lift, she felt a flicker of annoyance.

This b*stard dares to show off to me?

Once I get on the boss’ good side, I’ll not spare you!

At that moment, Alex had no idea that Kate was cursing at him.

After going to the parking lot, he drove to Sakura Club to find Flynn.

Flynn was driving a Q7, which was Derek’s car.

His wife’s corpse was placed in the trunk of the car.

Flynn’s wife was from Worcester.

She had always wanted to leave Nebula City and return to Worcester, but Flynn never managed to fulfill her wish.

After her death, all he wanted to do was to bury her back at Worcester.

Flynn said that his wife loved silence.

Hence, after reaching Worcester, he bought a high-quality coffin with Alex.

After placing Juliet's corpse inside, he buried the coffin on a hill outside of the Dunn family's house.

"She's an orphan.

After finishing high school, she went to Nebula City to work.

She was working as a waitress at Sakura Club back then," mumbled Flynn as he stroked the newly erected tombstone.

Alex lit a cigarette and passed it to him.

Then, he lit one for himself and leaned against the adjacent rock, listening to Flynn's mutterings.

"I remember that Simon took a liking to her and wanted her to drink with him.

However, she refused.

Then, Simon's subordinates forcefully dragged her to the room beside mine.

After I saved her, she became my wife.

That night, I told her that I'm a bad guy who might not make her happy.

But she said that staying by my side was her greatest happiness.

When she said that she became scared, I retired from the underworld.

Although she changed a lot in these two years and became a power-hungry and heartless woman, she'll always be the woman whom I love the most.

In the end, she still died because I was part of the underworld.

As Flynn spoke, he flicked the cigarette, causing the ashes to fall onto the ground poignantly.

"She died because you're not powerful enough," said Alex softly.

"You're right.

If I did not retire from the underworld, if I became more powerful instead, I could've protected her better.

" Flynn nodded in agreement.

He had finally understood.

However, it was too late.

"It's inevitable for life to have its ups and downs.

There's still a long way to go.

To reach the Eden that lies beyond the finishing line, all we have to do is to believe in hope.

Like how the sun rises each morning, we must forge forward courageously, never shunning away from difficulties.

" Alex also flicked his cigarette away.

He dusted himself off and walked towards the car on the road.

Just then, he heard a woman's shout a distance away from the graveyard.

Frowning slightly, he walked towards the source of the voice.

Finding out the Billionaire Chapter 39

Finding out the Billionaire Chapter 39 Pretty Female Captain After passing by a few graves, he saw seven or eight burly men surrounding a pretty woman.

She looked like she was twenty-four or twenty-five years old.

Her facial features were delicate, but there was a stern expression on her face.

She was dressed in sportswear.

Although she was surrounded by a few men, her eyes did not betray any panic at all.

"How dare you desecrate a grave in these modern days?

" yelled the pretty woman.

“Oh my, just when my brothers and I were a bit bored after spending such a long time in the hills, now you’re here!

It’s so nice of you to accompany us!

” “Oh my, you’re so pretty.

It’s my first time seeing such a beautiful lady outside of television!

” “Come here, sweetie.

Let me give you a good time,” said a lecherous man as he tried to stroke her cheek.

However, in the next moment, the woman raised her leg and kicked him, causing him to collapse onto the ground.

“Such insolence!

I’m Elsa Sawyer, the captain of Worcester’s criminal investigation team.

Freeze right there!

” The woman pinned the man against the floor as she yelled sternly.

The other men’s expression changed.

They knew that there was an impressive female captain in Worcester, but they did not expect this beautiful woman to be her.

The leader was a bearded man.

After he shot a look at the others, they grabbed their tools quickly and surrounded Elsa.

“What are you doing?

” A flustered look flashed across Elsa’s eyes.

Although she was skilled in fighting, these men were armed.

She was at a disadvantage.

“What do you think?

” With a malicious look, the bearded man smirked coldly.

In situations like this, we cannot just escape.

The only choice is to fight till the end.

Everyone's eyes shone with evil as they charged at Elsa.

Elsa panicked slightly.

She was on leave today, but when she discovered that these men were acting suspiciously, she tailed them without much preparation.

Never did she expect them to be grave looters.

However, as the captain of the criminal investigation team, Elsa was not easy to deal with either.

Despite being unarmed, she managed to beat four men up.

Be that as it may, it soon proved too difficult for her to defeat all the remaining men alone.

The bearded man ambushed her, catching her off-guard and tying her up.

"Haha!

So what if you're the captain?

You're still restrained by me.

" The bearded man lifted Elsa's chin delightedly.

Looking at her beautiful face, a greedy look surfaced in his eyes.

"Sweetie, just wait here for us obediently.

After we're done looting the graves, we'll have a fun time with you.

" Cackling, the bearded man stood up and waved his hand, signaling for the rest to start working.

"You little bit*h!

I'll teach you a good lesson later!

" The men whom Elsa had beat up stood up from the ground and stared at her excitedly.

"Hmph!

None of you will escape scot-free!

” Although Elsa was panicking, she still sounded fierce.

As she watched the men started to dig the graves, Elsa grew extremely worried.

With the fact that she was tied up, she could not even call for help.

Just as she was at a loss for what to do, she suddenly spotted Alex walking over.

Her eyes lit up as she gazed at Alex with anticipation.

However, as she was afraid of alerting the grave looters, she remained silent.

Instead, she kept winking at Alex.

After shooting a glance at Elsa, Alex turned his gaze towards the grave.

“What the heck?

We’ve struck gold.

This is a grave from the renaissance.

This porcelain vase is most likely to be from the early ages of the renaissance, or even earlier.

” The grave looters’ cheers could be heard from the grave.

Alex had originally planned to untie Elsa.

However, after hearing their cheers, he walked towards the grave directly.

Elsa’s expression changed drastically, not expecting Alex to be going after the grave too.

Although Alex was wearing ordinary clothes, he looked very gentlemanly and handsome.

Hence, Elsa subconsciously assumed that he was a good man, and felt hopeful.

Never would she have expected that...

Finding out the Billionaire Chapter 40

Finding out the Billionaire Chapter 40 Nine Heaven Scrolls Elsa was disappointed, but more than that, she was worried. Even so, when she saw Alex walking towards the grave, she suddenly thought that this might not be such a bad thing. The tunnel to the grave was narrow and could only accommodate two people at a time. Alex jumped right in.

Truth be told, he was curious about what could be dug out from an ancient grave.

At that moment, the bearded man and a few guys walked out, carrying a muddy porcelain vase and a black box.

“Who are you?”

” When they saw Alex standing in front of them, they were taken aback.

If it were only Alex there, they would not be bothered.

However, what worried them was that everyone had entered the grave, leaving no one outside to stand guard.

Hence, they did not know what was happening outside.

“Give that to me.

” Alex stared at them coldly.

“F*** you!

Are you trying to die?

” When a grave looter heard him, he tried to hit Alex with his shovel.

Scoffing coldly, Alex cocked his head to the side.

After snatching the shovel away from the man’s hands, he slammed it against his head.

Thud!

The man felt his ears ringing as he swayed around and soon collapsed on the ground.

“Damn it!

Kill him first!

” yelled the bearded man furiously.

After placing the porcelain vase and the black box down, he pounced at Alex.

But, at the next moment, Alex slammed the shovel against his head.

He, too, swayed unsteadily before collapsing on the ground.

The others started to retreat backwards in fear.

Yet, as Alex had already started his attack, he did not plan to let them off the hook.

Chasing after them, he took each of them down with a smash of the shovel.

Soon, all eight of them collapsed onto the ground.

Glancing at the grave looters who had been knocked unconscious, Alex tossed the shovel aside and walked towards the porcelain vase and black box.

After looking at the vase briefly, he turned his gaze to the black box.

Although the box was very tattered, it exuded an ancient aura.

There were engravings on it, but they were long since smudged.

When Alex opened the box out of curiosity, he was instantly stunned.

There was an ancient book inside, named Nine Heaven Scrolls.

Taking the book out slowly, he flipped to the first page and saw the words, ‘The way of the Earth is all-encompassing and omnipotent... The human body is a microcosm of Heaven and Earth.

It is only by devoting your mind to the fascinations of the world can you discover a world new...’ Flipping through the pages, a glint of excitement flashed across his eyes.

The Nine Heaven Scrolls is indeed all-encompassing.

It included pagan divination, geomancy, alchemy, and even ancient forms of medicine.

“Now this is what I called a treasure!

” Excited, Alex kept the ancient book before searching around the depths of the grave.

When he did not find anything useful, he left.

The moment Elsa saw Alex appear, she started to worry, unsure if he had been tempted by the treasures inside.

“What... What are you going to do?”

” As Alex walked towards her, Elsa started to panic.

She could not tell what he was going to do from his indifferent gaze.

Under Elsa’s flustered expression, Alex untied the ropes around her silently.

“I’ve knocked them out cold, so they probably won’t wake up for an hour or so.

You can settle the rest.

” With that, Alex started walking in the direction where Flynn was.

“Hey, what’s your name?”

Thank you for today!

” Relieved, Elsa yelled at Alex’s back.

However, he did not respond to her and soon disappeared from Elsa’s sight.

“What a weirdo!

But he’s quite handsome, huh?

” mumbled Elsa as her eyes lit up.

Then, she whipped out her phone to call the criminal investigation team over.
