The Mans Decree Chapter 1379 -

Chapter 1379 Too Arrogant

Cecilia went pale when she spotted Tobias standing before her. Everyone else also blanched in horror. Millie hid behind Cecilia fearfully.

"Where is Kai Chance? I want to see him now and the person who ambushed me. Tell them to come out. Now!" Tobias roared angrily.

"Kai isn't here," Cecilia replied in a trembling voice.

"Nonsense! I sent my men to keep an eye on Crimson Palace. Kai never left!" Tobias glared at her. "You'd better ask him to come out now, or I shall tear Crimson Palace down!" he declared arrogantly.

As his words fell, he unleashed a horrifying aura that engulfed everyone in Crimson Palace. The pressure from a Martial Arts Marquis was too horrendous.

At once, a few weak disciples of Crimson Palace spat out blood and collapsed to the ground. Cecilia released her aura to go against Tobias' strong aura, but she was no match for Tobias even though she had done her best.

In the blink of an eye, her resistance was crushed into pieces. "Let me repeat myself. Tell Kai to come out," Tobias ordered icily. Cecilia insisted, "Kai isn't in Crimson Palace. I-I'm telling the truth. You can search the place if you don't trust me."

There was no way Cecilia could summon Kai, for she did not even know where he was.

"Ha! Trying to deceive me, huh?" Tobias snorted.

He then emerged before Cecilia in a flash and grabbed her throat.

Cecilia could not breathe, and her cheeks turned crimson red.

"Let Cecilia go!" Seeing that, Millie rushed forward and slapped Tobias, hard.

A cold gleam appeared in Tobias' eyes as he sent Millie flying with a mere wave, resulting in the latter spewing out blood and crashing onto the ground.

"Millie!" Cecilia screamed in shock.

Seeing her reaction, Tobias realized she cared a lot about her sister. He ended up releasing her and promptly sucked Millie over with his energy.

"Cecilia, you'd better summon Kai right now. Otherwise, there is no telling what I'll do to your sister," he warned.

To everyone's shock, he leaned down and sniffed Millie's neck.

A frightened Millie started struggling with all her might as she cried helplessly.

"No, no!" Cecilia hollered in despair. Her eyes were filled with helplessness and fear.

She was not afraid of dying, but there was no way she would watch as her sister got harmed right before her eyes!

"If you don't want her to get hurt, get Kai to come out now!" Tobias gave his final warning, his patience wearing thin.

Covering her face, Cecilia sobbed helplessly. She was at a loss about what to do.

Where can I find Kai?

At her most dejected moment, a hand patted her shoulder gently.

Despite her shock, Cecilia felt a familiar sensation.

She whipped her head up to see Kai giving her a comforting look.

"Kai!" Cecilia threw herself into Kai's arms.

Finally, help was here.

Kai patted her silky hair in a comforting manner to calm her down.

"Kai, you finally have the guts to show yourself, huh?" Tobias roared furiously.

"Let Millie go. Otherwise, I'll make your life a living hell," Kai told him, his voice as cold as ice.

Hearing that, Tobias burst out laughing. "Ha! Look how arrogant you are! If you hadn't gotten help from someone who ambushed me, I would've taken your life, and you would've been dead by now! Stop boasting!"

Chapter 1380 Terrified

"Terrified?" Kai asked indifferently. "Terrified? Of what? I'm not scared of anything, especially a loser like you," Tobias replied disdainfully.

"Since you're not afraid, why are you using the girl as your shield? Are you bold enough to battle with me openly? Just the two of us. And nobody is allowed to lend a hand." Kai put forward his request calmly.

"Sure! I'll take you on single-handedly." After saying that, Tobias pushed Millie away. Fortunately, Kai caught her and handed her over to Cecilia. "Step back, you two. I must get rid of him today."

Cecilia stared at Kai with concern. "Please be careful." "Don't worry, Lady Jingle. Kai is a blessed man. Nothing untoward will happen to him."

Flaxseed was aware of what Kai had been through for the past few days. He has made tremendous improvement! Soon, Cecilia and the others retreated, leaving Kai and Tobias on the battlefield.

"I'll kill you today!" announced Kai as he cast a look at Tobias. "Hmph! It's still too early to claim victory."

With that, Tobias exuded a massive malicious aura. Instantly, the surroundings looked as if a whirlwind was passing by, causing the crowd's clothes to flap noisily in the air.

The earth shook unexpectedly while the pebbles were swept off the ground and into the air, enveloping the sky and blocking out the sun.

Even so, Kai remained unperturbed as he stood there, looking composed and did not even bat an eyelid.

"The Soaring Hawk!" Tobias exclaimed before jumping into the air like a magnificent eagle.

He loomed over Kai for a moment before launching an attack on his head.

Swoosh! Swoosh! Swoosh!

His hand whooshed in the air with a petrifying whiz.

Each strike was so powerful that it was sufficient to punch through at least five big holes in any layer of metal walls.

Kai calmly lifted his head, moved his palms, and delivered a menacing blow at his opponent.

Huff!

Suddenly, an insane gust of howling wind swirled from his move and turned into a violent hurricane.

Kai's palm was smashed into Tobias' following a sickening thud.

Instantly, the impact of the strong force was so immense that it made the latter imbalance.

Startled, Tobias stumbled backward.

He gazed at Kai incredulously, his eyes full of disbelief.

It has only been several days, but Kai's strength has improved significantly!

Even though Tobias did not exert all of his strength to hit Kai, he was taken aback by how easily Kai dodged the attack.

"The Kracken!"

Subsequently, Tobias crisscrossed his palms across his chest, releasing several transparent claw energies, which he directed at Kai.

The sharp glow from the ferocious ball of energy glinted across the air and produced a deafening noise.

Within moments, the claw energy appeared in front of Kai.

This time, Kai did not move a muscle. A ray of golden beam emanated from his body, and scales started forming all over him.

With that, he had activated Golem Body.

It was a blinding sight, as his Golem Body was even brighter and more dazzling when compared to the sunlight.

Ding! Ding! Ding!

Tobias started striking Kai with his powerful claw energy, leaving multiple white marks on the latter's Golem Body. Yet, he still could not break through the Golem Body.

Tobias was utterly flabbergasted.

How many days has it been? How did Kai improve his caliber all of a sudden? Tobias could not wrap his head around it.

Cecilia and the others, who were standing nearby, were also shocked to the core.

The table has completely turned within days! From the way Kai fights, he seems to be able to defeat Tobias now.

Flaxseed was the only one with sparkles in his eyes. Staring at Kai intently, he mumbled, "This man isn't an ordinary person. He's not a mere mortal…"

Chapter 1381 Three Strikes Combined

At that point, it strengthened Flaxseed's resolve to foster a good relationship with Kai, no matter what. Perhaps Kai might become the most awe-inspiring person in both the martial arts world and the heavenly realm in the near future.

"What else can you do? Show me!" Kai mocked as he glared at Tobias contemptuously and smirked. The latter got all worked up. Tobias had been crazy about martial arts his entire life. He had not expected to be humiliated by a young fellow one day.

"Don't be so smug. Today, I'll show you what I've got!" Then, Tobias roared, "Soulslayer Palm!"

When his words fell, dark smoke seemingly engulfed him. Right that instant, Kai knew that Tobias was engaged in Demonic Cultivation.

Within seconds, his hands turned black, and he looked like a horrendous demon. Supposedly, Soulslayer Palm could seize a person's life with only one strike.

Tobias was well aware that Golem Body was very sturdy. Hence, he planned to inject poison into Kai's body and attack him from within.

Although Kai remained unfazed even when faced with the Soulslayer Palm, his body started to unleash a series of terrifying spiritual energy.

Soon, he raised his palm and pushed outward.

Boom!

When the two palms collided, it created a thundering sound.

"How dare you challenge my Soulslayer Palm? Soon, I'll let you meet a fate worse than death."

Tobias curled his lips upward upon seeing Kai's audacious move.

Unfortunately, that smile of his faded in the following second.

That was because he realized that Kai's unremarkable attack actually contained the power of three punches combined.

Moreover, one blow was more potent than the other.

The first layer counteracted Tobias' Soulslayer Palm's force within seconds, whereas the second layer directed the toxic energy back to Tobias. Unbelievably, the third layer penetrated Tobias' body and corroded his arteries almost immediately.

Boom!

The impact of Kai's strike sent Tobias sprawling away. His body and face turned black like coal.

"You… You…" Blood gushed out of Tobias' mouth as he struggled to speak.

He gaped at Kai in utter surprise while pointing a finger at him.

Suddenly, a realization dawned on him. He had no means of fighting Kai at all.

He could not bring himself to accept the distinctive disparity between their combat prowess.

A few days ago, he was able to defeat Kai effortlessly. Ironically, he was rendered paralyzed a few days later, unable to fight back. No one could accept such a twist of fate.

"You will reap what you sow, you Demonic Cultivator," Kai stated coldly.

"Mr. Rider…" Panic-stricken, the subordinates of the Rider family hurried over.

They felt so lost, not knowing how to respond to the situation.

Tobias stared daggers at Kai, seething with rage.

"Kai, I've mastered Soulslayer Palm. Do you think you could end my life with the poison cultivated from the technique?"

As soon as Tobias said that, his palms flashed with red light and started hitting his abdomen ruthlessly.

Thud! Thud! Thud!

He continued the action thrice before spitting out a mouthful of blood.

Looking at how Tobias forced the poisonous blood out of his own body, Kai was somewhat taken aback.

"Since the poison couldn't send you to hell, I'll do it personally. One move is all I need to end your worthless life!" Kai uttered maliciously as he glared at Tobias.

"Rubbish! You're too full of yourself. I can't wait to see how you could kill me with just one move," bellowed Tobias.

Shortly after, he bit his tongue hard and spat out a mouthful of blood essence.

"Earthshaker!"

Tobias adjusted his position and thrust his palm out.

Rumble!

Unexpectedly, the ground began to crack, as countless rocks, coupled with a power that could rip space apart, were headed for Kai.

Tobias' intention was obvious—he wanted to crush Kai and destroy him once and for all with his unparalleled strength.

With a smile, Kai turned his right hand outward and opened his palm. "I have a sword that can defeat anything under the sun."

Chapter 1382 Defeat With A Single Strike

Kai had a dominant temperament that could rule the world. At that moment, his slender figure projected an intimidating aura. In the eyes of Cecilia and the others, he was akin to a powerful fighter.

He was the epitome of an alpha male. His arrogance and domineering presence made others feel uneasy. They even had the urge to drop to their knees in worship out of fear of Kai.

The crowd was astonished to see the Dragonslayer Sword manifested in Kai's hand. It was covered with a layer of greyish glow.

The magnificent sword made Kai look even more imposing while it buzzed loudly in his hand, shining brightly.

"Now, die!" Kai snapped and flashed his sword forward.

The sword energy soared into the air as he struck his opponent.

Instantly, he slashed everything before him into a million pieces. The sword energy headed toward Tobias, making his jaw drop and eyes widen in shock.

"T-This is spiritual sword?" Tobias asked, thunderstruck.

For a moment, he was frightened out of his wits and started shivering uncontrollably.

The moment Tobias saw Kai sway the Dragonslayer Sword in his hand, the former knew that his doomsday had arrived.

The greyish glow on the Dragonslayer Sword was rather intimidating.

Terrorized, Tobias wanted to beg for mercy.

Unfortunately, the sword energy overpowered him, leaving him with no chance to speak up.

As the sword energy penetrated through Tobias' neck, blood spewed everywhere. The huge impact created by the assault hurled his head out of his body, and it fell onto the ground with a loud thud. Then, it rolled to where the Rider family was standing.

They freaked out at that instant, finding the gory sight unbelievable.

One strike! Tobias' head was chopped off in a single strike!

The Riders were dumbfounded.

They could not believe that Kai could behead Tobias in a split second. To them, Tobias had always been an exceptionally skilled martial arts fanatic. He was even the head of the family that the Riders looked up to!

Tobias' subordinates were shaken mentally and spiritually. In fact, they were scared senseless.

It did not take long for them to get on their knees and beg for mercy.

Kai kept his Dragonslayer Sword and spared Tobias' men.

Undoubtedly, the Riders were very grateful to Kai. After collecting Tobias' body hastily, they scurried away.

Cecilia and the rest remained in their stupor for a long while before they snapped back to their senses.

"Kai, you're incredible! I don't even know what words are suitable to praise you!" Millie cried out in amazement. Admiration was written all over her face.

"Keep training, and you'll be able to reach my level one day." Kai grinned.

"What a talented man! You're awesome!" exclaimed Flaxseed as he stared at Kai.

Cecilia said nothing, but it was obvious that she was gazing at Kai dotingly.

Noticing her intent gaze, the man felt slightly embarrassed and helpless.

Flaxseed saw what was going on and flashed a faint smile.

The news about Kai killing Tobias went viral on the martial arts forum within a short time.

Everyone who heard the news was stunned, as no one had expected Kai to improve remarkably within days.

The news stupefied Zion the most because he was on his way to the Southwest Region, ready to get rid of Kai.

Unbeknownst to him, Kai claimed victory for ending Tobias' life, which put him in a difficult place.

He was well aware of Tobias' caliber, for their combat prowess was at a similar level.

Kai killed Tobias? What are the odds of me winning against Kai if I were to attack him now?

Zion was no longer as confident as before. He could not figure out why Tobias lost to Kai.

Unfortunately, it was too late for him to back down. At this point, I must kill Kai. Someone would die regardless, and it's either him or I.

With that thought in mind, Zion carefully retrieved a black sphere from his pocket, which appeared to be covered with dark clouds. Additionally, lightning bolts were flashing across it incessantly.
