

Gloria Wiens did not expect to receive a call for an interview so soon, and she was a little flustered.

"I...I'm convenient. But I'm afraid I won't be able to make it in time today. Can I do it tomorrow? Any time tomorrow." Gloria Wiens wanted to seize this opportunity, "If I have to interview today, I can do it now. But it may take two hours to reach at your company." The HR manager glanced at the time, and two hours later, he just got off work.

"Forget it today. Come over tomorrow." The HR manager didn't dare to delay Avery's time. It was Avery who was picked up by Elliot yesterday evening. The company said, "At 10 o'clock tomorrow morning, is there any problem?"

Gloria: "Okay, I'll be there on time tomorrow."

After talking on the phone, Gloria immediately turned on her phone and planned to book a ticket to Avonsville tomorrow morning.

It took about an hour to go to Avonsville by train. The earliest train in the morning left at 7:30 in the morning. In fact, it was too late to take this train.

But Gloria considered that she would arrive at the railway station in Avonsville at 8:30 in the morning and got out of the railway station. Even if she took a taxi to Tate Industries, she might encounter uncertain factors such as traffic jams on the road.

Since the 10 o'clock interview was agreed, she couldn't be late.

After a while, she came out of the room with her bag.

"Mother-in-law, I'm going to the Tate Industries for an interview tomorrow morning. I'm afraid it won't be too late tomorrow morning, so I'll go first tonight, so as not to be late tomorrow." Gloria glanced at the time and explained to mother-in-law, "I'll be there in an hour. I'll go first by train."

"Okay, be careful on the road and pay attention to safety!" The mother-in-law sent the Miss out, "I'll go out with you! Just in time to pick up Siena."

"Well. You comfort Siena more and make her stronger." Gloria said, "As long as Siena is still willing to go to school, you encourage her."

"Okay, I know that if Siena stays at home, she will only be more unhappy." The mother-in-law thought a lot today, "I hope you can find out the truth quickly. I hope Avery and Elliot are not murderers..."

"If they are not murderers, so what? Do you want to send Siena back to them?" Gloria asked.

The mother-in-law was very entangled: "If Siena could go back to Elliot, she would have a better life. I just don't know if Avery will treat her kindly. If so, I definitely hope Siena can go back. If Avery can't treat her kindly, let Siena stay by my side."

"Let's take a step by step!" Gloria was also confused.

Since she decided to intervene in this matter, her life has been pushed forward by this matter.

It's not that she never thought about stopping and lived her own life, but it was like a spell, as long as she had the idea of stopping, Lorenzo's face would appear in her mind and entangle her deeply.

Avonsville, Tate Industries Building.

Elliot came to pick Avery off work.

Avery had a few more chats with the HR manager before coming out of the office, so Elliot went downstairs a little late.

When Avery came out of the company, she saw many employees taking pictures of Elliot with their mobile phones.

Not even a sneak peek.

Elliot stood by the car in a valiant manner, and seemed to enjoy being surrounded by people.

Avery strode over, opened the car door, and stuffed him into the car.

Avery: "What did you do when you got out of the car? For fear that others wouldn't know that you came to pick me up?"

"I see that you haven't come down yet and want to find you. But they suddenly came out and took pictures of me." Elliot was helpless, "I can't. Escape into the car."
