

Chapter 15

Selena sat down obediently with a mournful face, her sitting posture was as regular as a primary school student.

Daniel tilted his head, "Are you afraid of me?"

Compared with Daniel's indifference during the day, Daniel in the middle of the night was a bit more sinister and more dangerous.

Selena shook her head like a rattle, then nodded her head, "There should be no one in the entire Imperial City who is not afraid of you, right?"

Daniel turned the water glass with his slender fingers, and said quietly, "It's just because other people are afraid of me, so you are also afraid? Then, other women want to marry me, why don't you?"

This question made Selena almost fall off the chair in fright.

During the day, she thought she had escaped a catastrophe, but she was really naive.

How would she answer this question of killing a thousand swords?

Selena raised her hand tremblingly, "Before answering this question, can I ask a question?"

Daniel nodded, "Yes."

"Why me? Is it because Rick is very dependent on me? I think it's only temporary, and it will be fine when he stabilizes his mood. Even if he keeps being like this, you don't...don't wrong yourself so much..." Selena earnestly said Persuasion is like persuading a girl who has lost her footing.

Daniel put down the cup in his hand, raised his eyes to look at her, "Miss Ning, I thought I made it very clear from the beginning, if you still don't understand, I don't mind saying it again. Because you saved Rick, so I decided to repay it with my own body."

Is this reason why I'm so fucking blind that I can't accept it all the time? Selena roared in her heart.

Selena felt that she couldn't make sense to the other party on this issue, so she could only apologize, "Mr. Lu, thank you very much for your kindness. Actually, I am a non-marriage advocate, so..."

Daniel raised his eyebrows, "So, you only want to sleep with me? You don't want to marry me?"

"That's right...Ah! No, no, no...I didn't mean that!" Selena was already on the knees. Don't talk so scary, okay?

"It's a pity that I only accept sex if marriage is the prerequisite."

"Who would believe it..." Selena couldn't help muttering softly when she heard the words, thinking that you are pregnant before you are married, okay?

Daniel looked out the window, looking a bit absent-minded, "Rick was an accident, I don't know who her mother is."

Why does this sound so sgumbag?

"Do you mind if I have a son?" Daniel asked suddenly.

"How is that possible!" As Daniel said, all the women in the capital wanted to be Rick's stepmother, so it was her turn to mind!

"why?"

It seemed that Daniel would not let her go if he didn't ask this question tonight. Selena helped her forehead helplessly, took a deep breath and said, "Mr. Lu, marriage is not a child's play. Whether it's for repayment or other reasons, we just met after all. Do you know me? Do you know my past? "

"I want to marry the you you are now. Your past has nothing to do with me." As expected of Daniel's answer, it was overbearing.

Selena's face gradually turned cold, "However, for me, the past me is also a part of me, and I can't strip my past and marry you. Mr. Lu, different ways do not conspire, I sincerely suggest you Take back that ridiculous idea."

What followed was condensed silence.

Just when Selena felt that the other party was rejected again, she would become angry and fly into a rage.

Daniel said calmly, "I see."

Selena's tense nerves finally relaxed, "Then I'll go to sleep, good night."

"Good night."

The man looked at the thin back, his gaze was as deep as the sea, and what remained unchanged was the scorching temperature of the seabed.
