

# Chapter 5133

At this point, Charlie's pupils constricted, and immediately asked Reverend:

"What happened twenty years ago that could make your Lord,"

"To execute thousands of people directly?!"

Reverend shook his head blankly: "I don't know the specific reason..."

"I only know that the Lord was furious at their failure at that time, so he killed them. ..."

Charlie raised his eyebrows, and asked in a cold voice:

"Then do you know where they failed?"

Reverend shook his head and said, "I don't know either..."

Charlie thought of what Reverend said just now.

He thought that the one in charge of Asian affairs in the Warriors' Den was the Military Commander's Office, so he asked him:

"Which one was the one that experienced that failure?"

"Is it the Chinese Military Commander's Office?"

Reverend shook his head and said, "I don't know,"

"But it's basically certain that it's not the Governor's Office of the Right Army..."

As he spoke, he continued, "Actually, how many copper mines like the Cyprus Copper Mine are there in the whole world?"

"I don't know at all, or even I don't know, how many bases there are under the Commander's Office of the Right Army where I am."

"This information is completely isolated from the inside."

"I only know that there is also the Governor's Office of the Left Army and the Central Army The Governor's Office,"

"The Former Military Governor's Office, and the Rear Military Commander's Office,"

"But I don't know who is in charge of the other four military governor's Offices,"

"And what the specific scale is..."

Hearing this, Charlie's heart sank again.

He was not sure whether the failure that Reverend said 20 years ago was related to the death of his parents.

It seems that if he wants to find out more information,

He can only hope to find a higher level of this Warroirs' Den.

So, Charlie asked again: "What kind of organization structure do you have in Turkey?"

Reverend replied, "The highest officer of the Right Army Governorate is the left and right governors,"

"And there are four governors under their command, which can be understood as deputy governors,"

"Each deputy governor is responsible for a closed-loop system,"

"And this line of Turkey and Cyprus is one of the closed loops."

Charlie asked, "Then who is your vice-governor of this closed loop?"

Reverend said, "It's Ramos Zhang, Zhang's deputy governor."

Charlie asked again, "This Ramos, is he a martial artist?"

"Yes."

"What cultivation level?"

"Dark realm fifth level."

Charlie was slightly startled in his heart and asked with a frown,

"This closed loop of yours, besides the copper refinery in Turkey,"

"And the copper mine in Cyprus, what other industries are there?"

"Many." Reverend replied, "There are also natural gas companies,"

"Large farms and shipyards in Turkey, in addition to that,"

"There are also some garment processing factories, stone processing factories,"

"Basically in all walks of life, the overall market value is about eighty billion dollars or so."

In Turkey, with a total market value of eighty billion dollars,

It can already be called a super business empire,

And this is only the industry under the responsibility of a deputy governor of one of the five military governorates under the command of the Warriors Den.

If it is a deputy governor in an economically developed Western Europe,

Then he is responsible for the closed loop, perhaps the market value exceeds hundreds of billions of dollars.

In this way, the strength of the assets of a right Governor,

I am afraid that it has easily exceeded the Wade family.

Charlie suddenly remembered something and hastily asked:

"What is the public identity of your vice governor, in the Den? Will it be disguised as a business tycoon?"

"No." Reverend shook his head and said, "The official position of the deputy governor is the governor's colleague,"

"And below that, there is the governor's commander (qiān), and then there is a special envoy or commissioner like me,"

"And from the special envoy on up, there is absolutely no well-known identity in the community,"

"And generally very low-profile, my public identity in Turkey,"

"It is the quality inspector of this copper refinery, responsible for checking the quality inspection of all copper ore in the factory,"

"So it is only in name. That's why I came to Cyprus with the ship in name only,"

"While our deputy governor's public identity is the accountant of the copper refinery."

"Accountant?!" Charlie frowned and spoke, "In that case, the head of the copper refinery,"

"In this closed loop of yours, has an even lower status instead?"

"Right." Reverend nodded, "The chairman is just pretending, as for the heads of the other industries,"

"They are all just spokesmen arranged within the Warriors Den,"

"And many of them are the sons of the Cavalry Guards."

Charlie asked him, "The heirs of the Cavalry Guards?"

"Right." Reverend added: "Below this closed loop of ours, there are at least fifty enterprises."

Charlie asked curiously, "Since you guys are so focused on secrecy, these fifty-odd enterprises,"

"How do you manage them to ensure that you don't leak secrets?"

"It can't be that all the employees of these fifty enterprises are your own people, right?"
