Chapter 2584

As long as Lucas didn't speak, Master Hogan should leave.

Unexpectedly, Master Hogan walked to the sofa and sat down, looking at him: "Come here, let's chat."

"What's there to talk about? Just say what you want to say." Lucas walked over impatiently.

"Your mother called me." Master Hogan watched his son approaching and asked, "Have you blacklisted your mother's number?"

She said she couldn't get through to you. so she changed the number and call you, but you didn't answer her call."

"Yes, I blocked her." Lucas admitted frankly, "Is there anything else?"

Master Hogan's chest rose and fell quickly, and then said: "When I called your mother, she cried a lot. She told me..."

"I don't want to hear it." Lucas interrupted his father, "It's nothing else, I'm going back to my room."

"Lucas..." Master Hogan stood up from the sofa and walked quickly to his son, "Your mother told me a lot. She didn't deliberately

not discuss with you years ago and asked me to pick you up. She told me, you two have quarreled many times, and you don't listen to her. She feels that she can't educate you, and she is afraid that you will go astray in the future, so she made this decision. If she discusses with you, you will definitely not listen to her, and maybe you will leave home and run away."

"She really understands me." Lucas sneered.

"She is your mother, how could she not understand you? She also entrusted you to me for you to have a better life in the future."

Master Hogan said, "Also, I didn't abandon you on purpose. I'm with you. When Mom broke up, I didn't even know she was pregnant. She gave birth to you later and didn't tell me. I still heard that she had a baby. I went to her and found out that you were my son. At that time, I wanted to take you back. But your mother refused to give you to me."

Lucas clenched his fists. His mother never said these words to him.

"Your mother loves you. If she doesn't love you, why bother to bring you up?" Master Hogan sighed, "Your mother did fall in love.

She agreed to talk to that man only to force you to go back to Hogan's house with me. Falling in love, now she thinks that man treats her well, so they should get married soon. Your mother hopes you..."

"Impossible." Lucas refused.

"Okay! You have your own thoughts. When you have children in the future, you will understand that your father is not a bad person, and your mother is not." Master Hogan said earnestly, "You tell me in advance which university you want to go to, and I will help you to get in touch. If you are from Aryadelle, then you must take the unified exam..."

"Overseas." Lucas replied at night.

"Oh...which university?" Master Hogan was stunned for a moment, then said in a complicated mood, "Piper wants you to go to the University of Thopiavelle...but if you go to the University of Thopiavelle, you can only live with special skills. For example, you are a sports student... I think you are tall, but you are thin. I am afraid that you are not good at sports, right? It is not impossible for you to go abroad..."

"I will go abroad, you don't need to see me upset anymore." Lucas sarcastically said.

“Lucas, you are my son, how could I see you upset? I am like your mother, I hope you will be successful in the future, no worse than your two elder brothers.” Master Hogan patted him on the shoulder, “If you go to abroad, you have to learn a foreign language in advance. You think about it again. When you’re really sure, tell me the name of the college. I’ll find someone to help you with your foreign language.” Master Hogan finished, and then walked out.

The next morning.

After Siena finished her breakfast, she went to call Lucas for dinner.

Lucas quickly walked out of the room.

“Young Master, I thought you would ignore me!”

Seeing him coming out, Siena breathed a sigh of relief even though her face was

cold, “I made noodles with fried sauce. The fried sauce, I tasted it, it is very fragrant and delicious.”

Siena sprinkled the mixed fried noodles with crushed peanuts and capers, and handed it to Lucas.

“Young Master, I said I wanted to tell you a secret...”

Siena hesitated for a moment before speaking.

“I don’t want to know.” Lucas walked towards the dining room with the fried sauce in his hand.

Siena looked at his back. She knew that the relationship between the two of them couldn't go back to before. She held her face and sat down on the small bench in the kitchen.

After a while, Lucas finished his noodles and strode back to the bedroom.
