

When His Eyes Opened Chapter 2672

Chapter 2672

Robert hung up the phone and immediately told Avery about Layla's period.

Robert wanted to explain that if Layla didn't have her period today, she would never be angry with him.

Because usually Robert always liked to joke with Layla.

Avery frowned slightly after hearing what Robert said.

Layla just moved out, and she was on her period, and no one was taking care of her, it's so pitiful!

Avery talked to Elliot, Elliot didn't even think about it, and immediately said: "Let the Nanny make some dishes that Layla likes, and we'll send them to her later."

Avery: "I thought so too. Cook soup for her."

Avery said, and immediately went to order the Nanny to cook.

in the apartment.

Layla looked at the sanitary napkin that Eric bought back.

Basically according to her request, Eric bought twice as many.

"I bought painkillers, and the doctor said you can take them if you are in pain." Eric took out the painkillers, "Do you want to take one now?"

Layla shook her head, "It's not as painful as before. Mom said that if she can bear it, she won't take medicine."

After she finished speaking, she took a sanitary napkin and clean clothes and walked towards the bathroom.

On the bed sheet, there was a smear of bright red blood.

"I'll change the sheets myself later." Layla walked to the door of the bathroom, saw Eric looking at the sheets in a daze, so she spoke.

After Layla entered the bathroom, Eric opened her wardrobe and looked for a clean four-piece suit.

Before retiring from the entertaining circle, Eric did not do housework.

That's why Layla said before that he had never served anyone.

But after retiring from the circle, he had begun to learn to take care of himself.

He lived alone now, and he invited a part-time worker to clean the house every other day. So far, he had not encountered any difficulties in life.

Layla came out of the shower, and the four-piece set on the bed had been changed.

And the dirty ones had been cleaned up.

Layla walked towards the living room in confusion.

“Eric, didn’t I say that I change the sheets myself?”

In the guest bathroom, Eric was washing the blood on the sheets by hand.

Seeing his slender and white fingers covered with soap bubbles, Layla’s face suddenly turned red.

“You have to stay in bed now, I’ll do such trivial things.” Eric didn’t dislike the bloody bed sheet at all.

Layla stood at the door of the guest guard, looking at his appearance, as if watching a fairy descending from the earth.

“Eric, what do you mean? I confessed to you before, but you refused, but now you treat me so well, don’t you think you are contradictory?” Layla didn’t wait for him to speak, and continued to ask, “If your girlfriend sees that you live with me and take care of me like this, what do you think she will think? You make me look like a mistress.”

After Eric washed the blood on the sheets, he threw the sheets into the washing machine, turned on the power, and chose mode, press the start key.

“Layla, do you mean that once you have a girlfriend, you have to cut off contact with all friends of the opposite s-e-x?” Eric walked to the door of the guest room, looked down at Layla, and said calmly, “You are sick now, don’t you? I take care of you as an elder, and I believe others can understand.”

“Oh...the elder takes care of the younger!” Layla mocked lightly, “Then why don’t you help me wash my underwear too? Since it’s taking care, let’s take care of it to the end!”

Hearing her sarcasm, Eric’s handsome face flashed a momentary look of embarrassment.

Layla took a deep breath, turned and walked towards the bedroom.

She had a stomachache, fatigue, and a little cold, so after returning to the bedroom, she immediately got under the covers and lay down.

After a while, Eric entered the bedroom and went to the main bathroom.

When Layla heard the commotion, she immediately raised her head and looked at the main guard—

could Eric really go to wash her underwear?

Layla couldn't believe it, and was very dazed.

If Eric really washed her underwear, what would she do?

Main guard.

Eric saw the soiled underwear she threw away in the trash can.

She didn't throw her pajamas in the trash, though.

There was also blood on her pajamas.

After Eric washed her pajamas, she came out of the main bathroom carrying the garbage bag in the trash can of the main bathroom.

Layla was lying on the bed playing with her mobile phone. When Eric came out from the main guard, she couldn't help but ask, "Eric, do you have a nanny at home? Why don't you let your nanny take care of me? Go back!"

Although Eric was working as a male servant, So Layla was very moved, but she didn't want to torment Eric like this.

Eric hands were particularly beautiful. It was no exaggeration to say that his hands were more tender than hers.

How dare Layla let him do rough work here.

"I didn't hire a nanny." Eric replied, "If you want to hire a professional nanny, I can hire one for you right now."

Layla thought for a few seconds, and replied: "Forget it! I'll be fine in two days. I won't eat indiscriminately again."

"Yes. You lie on the bed and don't move around. I'll dry your clothes. Let's cook." When Eric said these words, he was thinking about dinner tonight.

Layla's appetite was pretty good today, and she was wondering if Eric should cook her some nutritious meat dishes tonight.

She had been eating porridge and noodles for two days in a row, and she had lost a lot of weight visible to the naked eye.

About an hour later, Layla's cell phone rang.

When Layla saw the call from Avery, she answered it without thinking.

“Layla, your father and I came to see you! I brought you dinner. You can open the door for us later.”

Layla: “...Mom! Where have you been? Have you set off?!”

In the kitchen, the sound of Eric cutting vegetables stopped.

Eric heard Layla talking on the phone, and immediately walked over to see what happened.

“We’ve arrived in your neighborhood. We just parked the car.” Avery returned unhurriedly, “Aren’t you on your period? I’m afraid you won’t be able to eat well, so I brought you food and soup.”

Layla so touched!

Really moved! It’s just that Eric was at her house.

If her parents saw Eric living in her house and taking care of her, how would they explain it!

Layla hung up the phone and she slipped out of bed!

“Eric, my parents are here! They’ll be here soon! Hurry up and hide in the guest room!” When Layla was speaking, she took off the apron from Eric’s body and put it on herself.

Eric also panicked: “Is it safe to hide in the guest room?”

“I will try to keep them away from the guest room!” Layla hurriedly sent Eric to the guest room, “If you really find out, don’t be afraid! I will protect you.”

After sending Eric into the guest room, Layla began searching the room to see if there were any of Eric’s personal belongings.

Five minutes later, the doorbell rang.

Layla took a deep breath and opened the door.

Avery and Elliot were taken aback when they saw the apron on their daughter.

“Baby, are you cooking? Didn’t mom say to bring you food?” Avery was so startled by the apron on Layla that she didn’t notice that her daughter had lost a lot of weight.

“I didn’t do it, I’m tidying up in the kitchen!” Layla smiled and fetched slippers for Mom and Dad, “You are really kind to me. I’m just on my period and I’m not sick... Why bother to come and bring me food?”

Avery changed her shoes and asked, “Where’s Daisy?”

"I'm not feeling well during my period today, so Daisy went back first." Layla said, "Mom, Dad, please sit down!"

Avery couldn't sit still: "No one has taken care of you these two days... ..Mom will help you tidy up the room."

Layla suddenly remembered that there was a pile of stomach medicine on the bedside table in the master bedroom!

So she quickly grab Avery!
