The Divorced Billionaire Heiress chapter 2370—The corners of Selena’s aunt’s mouth twitched as she said, “You’re right! This girl has been deviant since she was a child. Once her grandfather passed away, no one could control her. You’ve seen how she doesn’t want to get involved with her grandfather’s funeral. We would rather disown this ingrate! She can really piss us off. She’s not my child, so we can’t discipline her. I’m sorry that you have to deal with her since she married your son.”

Flora snorted coldly. “Back then, I only agreed to this marriage because she’s pretty. Who knew that she would have an affair with someone else? What a disgrace to our family!”

The aunt laughed along with Flora and scolded Selena.

“Right! Fortunately, Derek is fine. Otherwise, we would feel bad. We’ll find Selena and get her to apologize to Derek in person. Anyway, our families always had a good relationship, so we shouldn’t be at odds just because of Selena, right?”

Flora’s face turned gloomy. Just as she was about to say something, she saw Selena and the lawyer walking over.

When the aunt saw Selena, she restrained her smile and glared at Selena as if Selena had offended her entire family.

“You still have the cheek to show up here?! Look at the mess you got into! How could you let us clean up the mess for you?”

Selena casually glanced at her and said slowly and blankly, “You know who you came here for. I didn’t ask you to come.”

The aunt was speechless. She did not expect the gentle and calm Selena to talk back to her in public.

Just as the aunt wanted to say something, Flora sneered and said, “Oh, look. You’ve finally revealed your true face. You didn’t come here with good intentions.”

Flora glanced at Selena coldly and made up her mind that she would not let Selena get away with it no matter how much Selena cried and begged her for mercy later.

She wanted to teach her daughter-in-law a lesson.

However, Selena stood there and glanced at the lawyer behind her.

The lawyer nodded, took a step forward, and handed over his business card.

“I’m Ms. Nelson’s lawyer. I heard from the nurse just now that Mr. Norton is awake. We’ll go in and visit him.”

Flora sneered.

“You got a lawyer? Even so, there’s no way I’ll let you get away with running over my son! You even dare to hire a lawyer, huh? I’ve been tolerant for not killing you!”

Selena stood there and looked at Flora indifferently.

“If he’s dead, you can kill me. Why should I be punished if he’s not dead?”

When Flora heard this, her face turned pale with anger.

“How dare you curse my son!”

Flora had always looked down on Selena. She felt that her beautiful and well-born daughter-in-law was difficult to deal with. Selena would not listen to Flora or let Flora boss her around.

Sure enough, Selena never tried to please her mother-in-law and even ignored Derek after she married him.

Later, Selena eloped with her bodyguard, bringing disgrace to the Norton family.

Selena stood there and looked at Flora calmly.

“It’s not a curse. It’s just the law. I contacted him before I came here, so you have no right to stop me.”

Selena glanced at the lawyer, who nodded and knocked on the door.

Flora was so angry that her face turned glum. She wanted to go over and slap Selena a few times, but before she could touch Selena, the lawyer stopped her.

Steven looked at Flora with a warning gaze. Then, he smiled as he threatened her.

“The last person who slapped me because he lost a lawsuit a year ago is still in prison.”

Flora’s face turned pale with fright. She stopped rushing forward and took a few steps back.

After all these years, she could not change her impulsive habit. That was mainly because she was used to people flattering her.

However, Flora dared not fight a lawyer and challenge the law.

Her petty bourgeois habits could not be changed.

The lawyer followed Selena and closed the door behind him.

Outside, Flora could only vent her anger on the other members of the Nelson family by yelling at them.

Steven shook his head, then smiled professionally and walked past Selena, who was standing there indifferently.

Derek's temper was not much better than his mother's.

Derek swore at them relentlessly, showing that he was uncultured.

Steven was good-tempered. He just kept smiling and waited for Derek to finish his swearing fit before they could get to the main topic.

Selena stood by the window and looked outside.

She did not want to take another look at Derek.

As for the apology, Selena did not mean it, and Derek did not need it.

Steven could tell from Derek's and Selena's attitudes that they were not suitable for each other.

No matter how many decades they stayed married, they would not reconcile.

Selena was a graceful woman.

She owned a bar and saw all kinds of people. Sometimes, she wore sexy dresses, and sometimes, she looked aloof and unapproachable.

Selena and Derek were from two different worlds.

She was indifferent and detached from her feelings.

Thus, no matter how much Derek beat, scolded, or threatened to kill her, Selena would not give him a second look.

Selena never cared about it.

Her marriage with Derek was like the moon that was reflected in a dirty pond. It was just a momentary projection.

Steven understood what kind of person Derek was. He was a shameless snob who kept a mistress and beat his wife.

Steven had always worked for powerful people who often took extra care of their appearances and would not do such unseemly things.

“Mr. Norton, I understand that you may be angry now. Ms. Nelson was impulsive yesterday. She had just experienced the death of a loved one, and she had a hard time sleeping because she felt remorseful for what she did.”

When Derek first saw Selena, he was very angry.

After listening to Steven’s words and seeing Selena looking weak and listless, Derek eased his anger.

“Ms. Nelson won’t be able to pay the \$30 million compensation you proposed in one lump sum. Could you perhaps reduce the amount?”

“No! I almost died, so why should I go easy on her? I want every single penny!”

This involved his own interests, so the more Derek looked at Selena, the more he hated her.

Derek wanted to drive Selena into a corner.

Of course, Derek knew that Selena had no money. The Nelson family would not give her the money, and her bar was not worth that much.

Steven smiled and calmly said, “If that’s the case, let’s talk long-term. Ms. Nelson won’t be able to get this amount of money on such short notice. Even if she can get it, it’ll be considered a joint property with you. If you make a scene with the police, you won’t be able to take \$3000, let alone \$ 30 million. The police will only require her to just apologize.”

“What?”

When Derek heard this, his expression turned glum. He pointed at Selena and said unwillingly, “She wanted to kill me! Do you think I can’t see it? She wasn’t driving at that time and only stepped on the gas pedal when I blocked her. She wanted to kill me and get away with an apology?!”

Absolutely not! We’re not a normal married couple! She cheated on me!”
