

Punished by His Love

I' m Sorry My Love Novel alternative...

Chapter 2434

Yan Weimin was almost laughed: “What did you say, you say it again?”

“I said you! Behind my back Raise a mistress outside! You poor bastard!”
Jiang Meiruo scolded angrily.

At that moment, Yan Weimin suddenly understood.

Jiang Meiruo is indeed a big lady.

She developed all the temperaments that a young lady should have in the Jiang family, and she has them all!

And the treatment that the eldest lady should have, she does not have it.

She was accustomed to being bullied by the Jiang family, and she had instilled a thought since childhood that she would bow her head submissively to those who bullied her and were stronger than her. Even if she was a dog, she would wag her tail for pleasure.

However, if she gains strength and suddenly makes a fortune, she will suddenly bully others recklessly like those who bullied her before.

In fact, deep down in her heart, Jiang Meiruo always wanted to be someone who could always bully others unscrupulously.

It's always been that way.

But before, she was unable to turn over.

I don't have the ability to turn over, so I am willing to be trampled by an old man in his seventies or eighties. If he has no ability to turn over, he bullies Jin Jin, who is more difficult than her.

This kind of woman, this is extremely hateful!

Yan Weimin sneered ruthlessly: "Jiang Meiruo, listen to me! You used to blackmail us with my sister's indecent photos, but now we have figured it out! We can choose wherever you want to send the indecent photos. Accept!

Also!

You and I are married, yes!

But until now, I have never betrayed you, even if we have never slept in the same bed!

I have always treated your child as a biological father!

You say that I am raising a mistress outside, but it is groundless!

You have to show evidence!

If you can't hold the evidence, there is no legal effect!

It's you, when you fool around with other men, you are never shy, you never avoid the eyes of others, it goes without saying that I can catch you, even if I don't deliberately catch you, Exposed in front of many people!

And you did it on purpose!

You have to let everyone you know know that you are now developed and rich, and you, Jiang Meiruo, are no worse than other famous people. You change boyfriends every day, and you want what you want.

Of course, I guess, you shouldn't care about being known by me, by the court, right! “

“Humph!” exactly! I am naturally not afraid that my affairs will be known to the court, Yan Weimin, if you are rich, if you have assets of tens of millions or hundreds of millions, you can also find a woman. As a wife, I will never ask, even if You raise ten little ones outside, I don't even ask! That's how it is in my law!

You are living with me and my son now, you are just following my laws! “

“You really think wrong Jiang Meiruo . As I said just now, all you want to blackmail us is an indecent photo of my sister, we don't care now! And I have never lived on you and your son.

I study part-time jobs and work nights.

I now have a legitimate job!

My sister also has a proper job!

We are not afraid of you! “

Jiang Meiruo: “You...”

“Jiang Meiruo, there's one more thing I've seen a long time ago. You used to want to give away your son, but after you got 10 million, you treated your son well and treated him as your own. Shouldn't you? Conscience finds out?

You should be because of that sum of money!

That sum of money belongs to your son, not you!

Isn't it?

Since it is left to the child, if you are a mother, if you are a bit human, don't mess around Spend your son's money!”

Her mind was exposed by Yan Weimin, and Jiang Meiruo suddenly became angry: “Do I want you to care! This is my son, my own son! My son and I have one heart! And you, an outsider! A

poor outsider!

Chapter 2435

Son, hit him!

Jiang Meiruo immediately instigated her son to fight against Yan Weimin.

The

two-year-old boy was very cruel.

He kicked, bit and beat Yan Weimin.

Looking at such a child, Yan Weimin felt unspeakable heartache in his heart, and the child followed Wouldn't such a mother be ruined in the future? But

he is powerless.

He is not the child's biological father. If Jiang Mei does not recognize him, the child will not recognize him. That's all

!

There are too many poor children in this world. He is an orphan, and he can help this child. However

, the child has a mother.

He can't control it, so it's better to see it out of sight.

“Choose a time, Jiang Meiruo, let's go to the Civil Affairs Bureau to apply for a divorce certificate. “

Jiang Meiruo was stunned: “You...you f*** really want to divorce me?” “

“Otherwise what do you think?” “

You... 10 million don't you like it?” Jiang Meiruo looked at Yan Weimin with unbelievable eyes.

Yan Weimin sneered contemptuously: “Jiang Meiruo, 10 million is indeed not a small number, but a woman like you who is not enterprising and only knows how to eat, drink and play with men every day, do you think your Ten million, how long will it take ?

Do you think that people all over the world, like you, regard money as their ancestors ?

Take 10,000 steps back and say, even if I look up to your 10 million, but you protect the 10 million so deadly, for fear that others will spend half a dime on you, do you think I have a chance to get your 10 million ?

Since there is no chance, why don't I divorce you ?

Not to mention Jiang Meiruo!

I, Yan Weimin, never thought about your money from the beginning to the end when I was with you. I never gave up on you in the past few years when you were poor. When you gave birth, I was the one who was waiting for you in the hospital!

I'm strictly for the people to do the right thing!

Do you think your money is attractive to me ?

Jiang Meiruo was stunned for a long time by what Yan Weimin said. In

fact, she knew very well that she and her son had relied on Yan Weimin for the past few years.

When she chose Yan Weimin to be the Pan Xia, it was because of Yan Weimin's good character and honesty. There is no background in this city, a poor ghost without father and mother, easy to bully and easy to control.

Moreover, in recent years, Yan Weimin has really taken good care of their mother and son.

If she divorces Yan Weimin, she will look for something like this in the future. A man who is willing to take care of their mother and son by tailgate and take care of their mother and son, she will be hard to find.

"I won't divorce you!" "Jiang Meiruo began to cheat.

" "It's up to you!" "Yan Weimin said calmly: "On Monday, we will meet at the Civil Affairs Bureau. If you don't come, you should wait for the court's summons!" "

Yan Weimin turned around and left without turning his head.

" "No!" Not Yan Weimin, I won't divorce you, I won't divorce you, Yan Weimin, please don't go..." Jiang Meiruo burst into tears. In the past

two or three years, she relied too much on Yan Weimin. She

looked down on him . , but depend on him.

Now that Yan Weimin was finally leaving, she felt a sense of fear in her heart, as if she had suddenly lost a thick protective wall.

Jiang Meiruo is definitely unwilling to go to the Civil Affairs Bureau, so what awaits her can only be a subpoena from the court.

Two months later, Jiang Meiruo and Yan Weimin appeared in court. Yan Weimin held Jiang Meiruo's infidelity in his hand and evidence that the child was not his own, so the court sentenced him to leave on the spot.

After leaving the court door, Yan Weimin only said one sentence to Jiang Meiruo: “The child is innocent. As long as you are a bit like a mother, please take good care of your child. Do it yourself!”

Yan Weimin quickly left. .

“Yan Weimin! I won’t let you go! I will definitely let my son remember you, a heartless man!” Jiang Meiruo roared desperately behind her.

Chapter 2436

Jiang Meiruo is definitely not an ordinary woman.

When she was pitiful, she was also really pitiful. Even though she was the eldest miss of the Jiang family, she was given to an old man in his 70s and 80s by his biological father’s half-brother.

In the Jiang family, she is a tool.

Not only that, but she has no source of living.

Perhaps it was the distorted living environment from childhood to adulthood that caused her human nature to be so distorted, so deep down in her heart, there were all dark sides.

She doesn’t like Yan Weimin.

She never thought of becoming a real husband and wife with Yan Weimin. To put it bluntly, she just looked down on Yan Weimin’s poverty from the bottom of her heart.

However, when Yan Weimin turned away from her and never looked back, Jiang Meiruo was so unwilling.

She’s a crazy woman who does what she says.

She instigates her son every day, your father dumped our mother and son, you have to remember that your father is a scumbag. Remember the URL all kinds of abets.

She was never afraid to teach her son badly.

In fact, from the bottom of her heart, she hated this son, because this son made her think all the time that she had been tortured by an old man in his 70s or 80s.

The son also looks more and more like the old man.

Seeing her son, she was actually very disgusted in her heart.

Therefore, she never thought about how to teach her son with heart, how to make her life happier and better.

She never does!

Therefore, hatred has been planted in the hearts of two or three-year-old children.

When they lived in the same city, Jiang Meiruo would do everything possible to find Yan Weimin and Luo Jin. Even if they moved, she would still be able to find them.

Just scolded Luo Jin Xiaosan in front of his son.

Sometimes Jiang Meiruo went to school to make trouble.

Many people really can't stand Jiang Meiruo's arrogance and unreasonableness, and some people can't help but come forward: "Jiang Meiruo, you are too much! Don't think we don't know what you did!"

You have been eyeing two people without a father from the beginning. Motherless, there is no foundation in this city.

It was you who broke up the family abruptly! Now
you are saying that Luo Jin is a mistress!

A person like you deserves your life to be so bad!

Since Luo Jin is a mistress, If you say that someone cheated in marriage for
the people, then you have to show evidence!

Then you don't have the evidence, but for the people you will.

Your son is the best evidence!"

For a time, many people in the school spoke for Yan Weimin, Jiang Meiruo
said. Then he left sadly.

It's been like this for about two or three years.

Both Yan Weimin and Luo Jin's work are becoming more mature, and they
have some savings, and the son of the elder brother and sister-in-law is also
two or three years old. Use their continuation to open a martial arts training
class for the eldest brother.

After all, the eldest brother has fought hard since he was a child.

Big brother and sister-in-law also readily agreed.

They soon moved to the city from their hometown, and Yan Weimin and Luo
Jin found a kindergarten for three-year-old Christopher.

A family of five lives peacefully and peacefully.

Chapter 2437

Next they have to consider, that is, Yan Weimin and Luo Jin have a child
quickly, after all, they are not too young.

In fact, the husband and wife have already begun to prepare, but the pregnancy needs an opportunity. No matter in work or life, the pressure should not be too great. In order to want children, the husband and wife have also slowed down the pace of life. The couple often walk hand in hand in the park, looking at green plants and the like.

One day, Yan Weimin and Luo Jin went to the movies together again. The two-hour movie was over, and it was past nine o'clock in the night. The couple just walked out of the movie theater when they saw a woman shouting loudly not far away. Shouting: "My bag, my bag, how did you kid grab my bag, you are young, catch the thief, my bag..."

Hearing such a shout, Yan Weimin was stunned for a moment. Then he glanced at his wife, and then without hesitation he went after the child who grabbed the bag.

An adult chasing a child is naturally easy to chase.

He caught up with the child and asked for the bag, and then criticized the child in his eyes: "You didn't study well when you were young, and you will suffer when you grow up! Who are your parents, and how did you educate you!"

He saw that the child was dressed quite well, just the kind with a very uncontrollable look in his eyes.

This kid shouldn't be a stray.

The child only raised his eyes and stared at him with hatred.

Yan Weimin smiled noncommittally and asked: "Why are you staring at me? Do you know what you did? It's illegal to steal someone's bag. When you were growing up, you ruined yourself like this!"

You are still young, you look like only six or seven years old, you should be in school now!

Instead of robbing things on the street!

After all, he is a teacher. Every time Yan Weimin sees such a child, he has an indescribable pain in his heart. After returning the bag to the

woman who was robbed, he and his wife agreed to send the child to the police station first.

Be sure to find out who the parents of this child are.

Disciplining the child in this way will make the child blind!

A six- or seven-year-old child is naturally unable to control the two adults, Yan Weimin and his wife.

He yelled along the way: “I don’t Go to the police station, I’m not going! Don’t catch me, I hate you! Look

at the empty space, the child is going to pounce on Luo Jin.

Luo Jin hid behind Yan Weimin in fright, and said to Yan Weimin incredulously: “Weimin, this child is really barbaric, such a child is very dangerous. Be sure to let the police station people find his parents, and let the police station people preach to his parents.

How big is the heart of this child’s parents! “

Yan Weimin nodded: “Don’t worry, as long as I see it, I will never ignore it. “

In this way, restrained all the way, Yan Weimin and Luo Jin sent this lawless child to the police station where he went in.

“The child is still too young, and we don’t know how to deal with it. I always feel that it is impossible for him to fall like this. When he grows up, it is really ruined. At this time, many educations can still be recovered, so I ask

you to help him find his parents. Yan Weimin said to the police at the police station. The

police admired the actions of Yan Weimin and Luo Jin: “Now it is rare to see people like you who have a sense of justice and are willing to be responsible for their children. I estimate that if the child can do this, 80% of his parents are very irresponsible. But now he can only find his parents first. “

Yan Weimin nodded: “Okay, I’ll leave it to you.” “

It’s not his own child after all.

All he can do is send the child to the police station.

What happened next is beyond his control.

“Then we’ll leave first.” Yan Weimin said to the people at the police station.

The police station nodded: “Okay, Mr. Yan.”

When Yan Weimin was about to leave with his wife in his arms, the child under the watch of two police officers suddenly shouted at Yan Weimin’s back: “Dad! You don’t even know me anymore. , I’m your son, you don’t even know me anymore, you are married to the third wife, and you don’t recognize your original wife and son!

You are so cruel!”

Yan Weimin was stunned.

Then he looked back at the child and asked incredulously, “What did you say, what did you call me?”
