A Man Like None Other Chapter 1746

A Man Like None Other Novel

Gilbert then ordered the people to put the blood demon's body in the middle of the stage before turning to Kai. "Mr. Chance, I need you to drip a few drops of your blood essence on that body so that you'll be able to control him."

With a nod, Kai leaped onto the stage and forced a few drops of blood essence out from the spot between his brows to drip on the blood demon.

The very second the drops of blood essence touched the body, they were absorbed completely. As if electrocuted, the blood demon's body began twisting and turning.

Kai turned to look at Gilbert in shock. Jumping onto the stage, Gilbert then said, "Mr. Chance, please don't let anyone disturb me while I create the zombie puppet, or else everything will go to waste."

"Don't worry. I'll be guarding here myself. But how many days do you need to create the zombie puppet?" Kai asked.

He could not guard Gilbert forever. Moreover, if Gilbert was actually lying to him about being able to create the zombie puppet, they would be standing guard over him for eternity.

Glancing at the sky, Gilbert then said, "it'll be done before the sky turns dark." "Sure." Kai bobbed his head and jumped off the stage.

Soon, Gilbert lifted his hands and started chanting under his breath. Rays of energy seeped out of the ground and gathered around the blood demon's body.

Meanwhile, Kai, Flaxseed, and the others quietly guarded Gilbert at the side. Time ticked by. The sun was about to go down, but Gilbert and the blood demon's body remained unmoving.

Nevertheless, the energy continued to seep out of the ground. An anxious look crossed Kai's face, but he could only wait.

Right then, the sounds of fighting traveled into their ears. Then, two terrifying waves of aura rushed toward the forbidden ground. Kai scrunched up his brows. "Is someone coming?"

"They have very strong auras. They're Greater Martial Arts Marquises," Flaxseed said with a similar frown.

Kai spared Gilbert a glimpse before turning

to Evangeline to say, "Evangeline, stay here, and don't let anyone come close. I'm going to check it out with Mr. Flaxseed."

Evangeline nodded, and in the next second, Kai and Flaxseed dashed out of the forbidden ground.

Right as they stepped out of the land, they bumped into the panicking Norm. Kai grabbed him and asked, "What's going on?"

"Bad news, Mr. Chance. Two people have barged into the palace and are speeding toward the forbidden ground. My men can't stop them!"

Norm cried out. Hearing that, Kai immediately took off.

However, the closer they came to the intruders, the darker Kai's expression became. He could acutely sense that they were both Greater Martial Arts Marquises.

They were opponents Kai had no confidence in defeating because he might not be able to stop them at all. Still, regardless of that, he had to do his best to intercept them and prevent them from entering the forbidden ground.

Flaxseed had an equally grim expression on his face as he kept drawing runic talismans.

When Kai and Flaxseed darted into the palace, they were greeted by the sight of bodies strewn across the floor. Then, the next thing they noticed was a man and a woman walking toward the back of the palace.

"Stop right there! Who are you? Why did you come here and kill them?" Kai shouted. However, the man only glanced at Kai before hissing, "Scram, if you don't want to die."

With that, the duo ignored Kai and continued their way toward the forbidden ground. At that, Kai threw a punch to stop them, but the other man returned a punch as well.

Boom! came the loud sound. Kai flew backward, and when he landed, his arm shook.

After punching to test the opponent's strength, Kai knew that he was against opponents with strength far superior to his own. "Who the hell are you guys? What do you want from me? I'll give you anything."

At that moment, Kai knew that he and Flaxseed might be unable to stop them in a fight. Hence, he wanted to stall for more time.

"We are members of the Demon Sect, and we'll be taking the vessel of the blood demon with us," the man said to Kai.

"Demon Sect?" Kai was taken aback. He had never heard of such a sect. Not only that, he was stunned by the fact that they knew that the vessel of the blood demon was there.

"About that vessel you're talking about, we don't have anything like that here with us. Are you looking in the wrong place?" Kai pretended to be unaware.

"Boy, stop pretending. You know what we're talking about. If you hand over the vessel to us now, we'll leave without causing any trouble," the woman uttered. "I really don't know." Kai shook his head.

"You're still pretending. It seems like you won't give up until the very last second."

As the woman finished speaking, she raised her leg and drove it toward Kai. In an instant, her long ivory legs were already in front of Kai's face!

Kai quickly stepped back, grabbed her ankles with both hands, and tugged!

However, the woman used it as a pivot to leap into the air and coiled her legs around Kai's body, constricting him like a snake. Kai felt awkward being in such close contact with a woman.

"Okay, you succubus. Bring it on!" When Flaxseed saw what happened, he was green with envy. In a flash, he flung a charm in her direction.

The charm exploded in front of her, causing her to let go of Kai and dodge with a backflip!

"Kai, you're strong. You take on the man, and I'll deal with this woman."

Flaxseed had his eyes fixated on the woman in front of him. However, his eyes kept sweeping across her long fair legs instead of focusing on her face.

The woman felt Flaxseed's gaze and frowned in disgust. Noticing Flaxseed's behavior, Kai was rendered speechless. Come on. Is this even the right time to be ogling her beauty?

"Mr. Flaxseed, she's a formidable opponent. Be careful, Kai advised.

"Don't worry. If I've learned anything, it's how to deal with women. Watch and learn!" As Flaxseed spoke, he threw several charms at the woman, then charged at her.

Boom! Boom! Boom! The charms exploded in the air, the resulting flames cutting off her escape route.

By then, Flaxseed was already in front of her. With a lecherous expression, he opened his arms wide in a bid to hug her. The woman became irritated and threw a fierce punch.

Just when her fist was about to connect with Flaxseed, the charm on his chest detonated. The woman was startled by the explosion and attempted to retreat backward, only to realize she had nowhere to go!

Flaxseed quickly reached out and caressed her face. Immediately after, Flaxseed retreated quickly. However, he was a little too late.

Having her face touched by Flaxseed, the woman was beyond furious. Without a second thought, she sent him flying with a kick..

Crashing into the ground, Flaxseed bared his teeth in pain and muttered, "So soft, so smooth..."

Looking at Flaxseed, Kai was utterly speechless. Why is this guy so desperate to flirt with women?

"You must be tired of living!" The man got angry and unleashed a terrifying pressure from his body. Kai immediately felt an immense pressure crushing his body, and his legs trembled slightly.

On the other hand, lying on the ground, Flaxseed was entirely immobilized by the pressure and couldn't get up at all.

Kai began to exude his aura from his body to resist the pressure. Golden lights shimmered on his body, illuminating the night sky and filling the hall with blinding light.

The man looked at Kai and narrowed his eyes. "What a surprise. Your body seems pretty strong too." As he spoke, his figure vanished in a flash and reappeared before Kai! Then, he threw a punch toward Kai's chest. Kai responded likewise, and their fists clashed.

Boom! The impact of their fists created a deafening. noise, and Kai was sent back several meters. On the contrary, the man simply swayed a little as his hand went numb.

“If this body of yours continues to grow, I’m afraid it will become stronger than the blood demon.” There was a hint of passion in the man’s slightly narrowed eyes.

“Don’t hurt him. Catch him instead. That’s a body of the highest quality.” The woman’s eyes were also gleaming brightly. Even the way she looked at Kai had changed. The man immediately looked at her with a grim expression. “Don’t tell me you’ve fallen for this kid.”

The woman furrowed her eyebrows. “What are you talking about? I’m just admiring his body.” “Then capture him yourself. I don’t care.”

The man seemed to be jealous and mad at the same time as he stopped fighting and walked aside.

Kai glanced between the couple and was at a loss for words. The two of them had completely ignored his presence.

The woman rolled her eyes at the man before turning to Kai. “Young man, obey me, and we will never hurt you. We will even make you stronger. I don’t want to hurt you, so you better not resist.”

The woman spoke while walking toward Kai. Her eyes seemed to glow captivatingly. She was using Charm Magic on Kai! However, Charm Magic clearly wasn’t her forte.

Compared to Melanie and Lyanna, her technique was far behind. Even the sisters’ Charm Magic couldn’t affect Kai. Hence, there was no way he would be charmed by this woman.

Kai sneered inwardly. However, his face remained expressionless. Seeing Kai devoid of expression, the woman smirked slightly. She walked up to Kai and gently stroked his face with her hand.

Flaxseed witnessed the scene and slammed the ground with both his fists. “Unforgivable! Why is he the one getting all the action but not me?”

The woman exhaled softly and whispered, “Hey, be a good boy and come with me.” She took Kai’s hand, planning to lead him away.

Just as the woman was about to lift Kai’s hand, a glint sparked in Kai’s eyes, followed by a smirk appearing on his lips. Before the woman could react, Kai punched her with his Sacred Light Fist.

His fist buried into the woman’s abdomen and launched her into the air. Unprepared, the woman received Kai’s punch and fell heavily onto the ground with blood dripping from the corner of her mouth.

“D*mn! He’s unforgiving even against a woman?”

Flaxseed was shocked when he saw what happened. The man became furious after witnessing Kai sending the woman flying with a single punch. Red flames began to rise from his body.

The flames wrapped around him, releasing heat waves all over the place. Staring at the rising flames on the man’s body, Kai’s expression immediately turned grim.

He knows Flame Control Magic and seems to have perfect control over it!

Kai unleashed the Power of Dragons within his body, causing golden beams of light to emit from him. Then, a golden dragon wrapped around him.

Whoosh! With a wave of his hand, the man shot balls of flames from his body toward Kai. The temperature was so high that immense heat waves followed the attack.

Kai didn’t dare to take the blow head-on. He could only step back while dodging left and right. However, the balls of flames followed after him relentlessly as though they had eyes.

Seeing that, Kai had to stop moving. Instantly, a light blue flame ignited on his palm. It was strengthened by the Power of Dragons and intensified.

Kai decided to use fire against fire. He lightly pushed his palm downward, and the light blue flame immediately spread toward the ground, forming a wall of fire before him.

“I can’t believe you know Flame Control Magic as well. Too bad for you, what you’re doing is just an insignificant trick.” The man could not help but chuckle in derision when he saw the wall of fire in front of Kai.

Whoosh, whoosh! Balls of flame penetrated the wall of fire in a flash and struck Kai. In an instant, Kai’s body erupted into flames, and he collapsed to the ground.

The next moment, he noticed the man leap into the air. The fire even began to burn in midair, and it was as though the entire hall was covered in flames.

The flames bore down on Kai with horrendous pressure, seemingly going to tear him apart.

Kai gnashed his teeth as his joints creaked from the overwhelming force. His eyes became bloodshot, and he even began to bleed from his nose and mouth.

But just as the fire was about to slam down on Kai from the air, he felt a sudden icy chilliness. Then, he saw a fine mist pouring upon the flames and extinguishing them.

Kai was flabbergasted because he had no idea who was helping him. When he turned around to see who it was, he was surprised to find it was the woman from earlier.

“What are you doing?” Anger was written all over the man’s face as he turned to gaze at the woman. “You can’t kill him, so let me do it.”

With an icy expression, the woman stalked toward Kai, seemingly still holding a grudge over that punch from just now. Taking in the woman’s reaction, the man didn’t say anything else. Instead, he took a few steps back.

As the woman stared at Kai, the frosty energy from her body enveloped him. Icy blue crystals swiftly formed on Kai’s body, and icicles suddenly popped up from the ground, appearing like a cage that trapped him on the floor.

Kai wanted to break free, but he noticed he couldn’t move a muscle as his body was too stiff. “At first, you were given a chance, yet you ruined it by your own hands. Thus, you can only die now.”

After the woman said that, a sharp icicle suddenly appeared on her palm, pointing directly at Kai’s head. Meanwhile, the Power of Dragons kept surging within Kai, and spiritual energy rapidly rushed out from his elixir field.

He had to break free of the layer of crystal on his body, or he was bound to die.

Right as the woman was about to attack Kai, Flaxseed, who was initially lying on the ground, abruptly leaped up and grabbed the woman’s fair thigh.

“Kai, run!” Flaxseed roared at Kai. “Ahh!” As Kai bellowed, the crystals on his body shattered. The next second, he jumped up and turned around to run toward the forbidden ground.

He knew that he was no match for the duo, so he didn’t continue to fight with them.

The woman was stunned for a moment before wanting to chase after Kai. However, she realized Flaxseed was hugging her thigh and even kept rubbing his face against her leg disgustingly.

“Let go! Let go of me!” Even though the woman kicked Flaxseed hard, the latter still didn’t let go of her.

In the meantime, the man leaped into the air when he caught sight of Kai escaping. Allowing flames to envelop his fists, he then threw a punch at Kai.

That punch of his carried lethal force and rolling heat waves. Kai dared not stop even as the Dragonslayer Sword emerged from his hand. He slashed it the moment he turned around.

Clang! A deafening sound thundered in the air. An intense power radiated down the Dragonslayer Sword, causing it to almost slip out of Kai's hand. However, Kai used that power to boost himself forward further.

"D*mn it! This power is too terrifying..."

Kai did not dare to stop moving for a second and continued to rush forward. Meanwhile, the man went after Kai again.

As the man was fast, he caught up to Kai in the blink of an eye. While gritting his teeth, Kai turned back to swing his sword again.

Clang! This time, the Dragonslayer Sword in Kai's hand was sent flying immediately. Kai's hand was injured, and blood spurted out from the wound.

Kai's face clouded over. Now that the Dragonslayer Sword is gone, I can only fight him head-on.

Bam! Bam! Bam! The man consecutively punched thrice, while Kai retaliated with three punches as well. After the three punches, Kai's entire being flew backward, and he crashed to the ground with a heavy thud.

"What a f*cking psycho!" Kai got to his feet, and a worried look crept onto his face. This man is too powerful! As Kai took a deep breath, the Dragonslayer Sword returned to his hand. He then infused the Power of Dragons into it.

The Dragonslayer Sword began to hum. In the next moment, a golden dragon circled above Kai. Despite that, the man paid no heed to Kai's changes and swung a punch at Kai once again.

That punch was so powerful that it brought a strong gust of wind that transformed into a fire dragon charging at Kai.

Witnessing that scene, Kai swung the weapon in his hand with all his might. The golden dragon roared before dashing over. Boom! The two dragons collided with each other, and the ground shook.

Kai's golden dragon immediately became speckles of light and dissipated, whereas the fire dragon roared and continued to charge toward Kai.

Kai furrowed his brows as he felt the powerful aura emanating from the fire dragon. He had no choice but to maximize Golem Body and try his best to endure that attack.

Bang! Kai's body was sent sailing through the air. His Golem Body disintegrated, and a number of wounds appeared on his physical body.

Kai crashed heavily onto the floor, causing a crater to form. The man leaped into the air and charged at Kai without hesitation before throwing a punch at the latter. Judging from that punch, Kai probably couldn't hold on any longer.

Right at that moment, a female shout sounded. Then, Evangeline appeared in front of Kai as she defended him. A light blue aura emitted from her entire body, which turned into a shield in an instant.

Boom! As the man slammed his fist on the shield, it shattered into pieces but, at the same time, counteracted the power of that punch. However, Evangeline's face turned pale.

Evidently, the power of Evangeline's physical body, including that of the holy maiden's spirit, had dropped significantly. She was no match for the man either.

Nevertheless, Evangeline's appearance gave Kai a chance to catch his breath. "I can't believe there's still another elite. Both of you can come at me together then."

The man remained calm when he saw Evangeline, even feeling slightly excited. His body erupted into flames again as he turned himself into a living torch, and a terrifying aura spread in all directions.

As the man swung out his fists, balls of fire and a powerful wave of energy rapidly charged toward Kai and Evangeline. The duo quickly took action while explosions rang in their ears.

Boom! Eventually, Evangeline and Kai couldn't stand it and were hit by the flames. The impact of the powerful force was so immense that it made the duo's insides churn.

Gritting their teeth, Evangeline and Kai still got up even though they were injured because they couldn't allow the man to enter the forbidden ground.

However, just as the duo was ready to fight against the man together, waves of icy cold air rolled across them as the woman dashed over from the hall.

When Kai caught sight of the woman, he felt sorrowful because he knew something bad might have happened to Flaxseed. Rage filled Kai's eyes, and a terrifying murderous intent swirled inside him at that moment.

"Let's not waste any more time. Kill them at once. I can sense the blood demon's aura has changed..." the woman told the man. The man nodded before both of them launched an attack on Kai and Evangeline in unison.
