

Ye Chen & Charlie wade Version

Secret Identity 191-200

Chapter 191

"You guys are just going to watch Xiao Hailong commit murder?!"

Seeing Xiao Hailong wielding his axe to slash Ye Chen, Xiao Changkun returned to his senses and roared in anger.

However, Old Madam Xiao, who was sitting on the high hall, and Xiao Changqian, who was standing on the steps, did not move at all!

Not even a blink of an eyelid!

The rest of the Xiao relatives didn't say a word either! As if they had nothing to do with anything!

And the old lady, all she wants now is the villa!

Other than that, don't do what he wants!

Sometimes, the older you get, the greedier you actually are!

Ancient emperors, the older they got, the more dim-witted they became, the more extravagant they became, and the older they got, the more they built palaces and tombs for themselves.

And old Mrs. Xiao, too, the older she got, the more she wished to live better and enjoy herself more!

The old woman wanted to live in a better place, die in a better place, and be buried in a better place.

It was a sign that she would have untold riches in her next life.

That was why old people often especially wished to prepare a thick coffin and a magnificent tomb for themselves.

So, for Old Mrs. Xiao, this 130 million dollar villa, she had to grab it!

Even if Xiao Hailong really did kill Ye Chen, as long as he could get the villa, there was no harm in it!

Xiao Changkun and Xiao Churan looked up at this group of people, their hearts already completely chilled to the bone.

This is the so-called "blood" relatives!

For money, to rob him of his property, he would set a trap to take it by force, and even tried to kill his family!

He said: "Second Brother, Hai Long is still a child, he is just playing around, why do you have to take it seriously? Besides, so what if he did cut off Ye Chen, he's not a member of our Xiao family!"

In his opinion, anyway, Ye Chen is a son-in-law who has no power or influence, even if Xiao Hailong chopped him up until his brains are splattered all over the place, he would just pay more money.

That way, he could get both his money and money.

That villa was worth 130 million!

And prices are still skyrocketing!

If we grab it and let the old lady live first, when she dies, the villa will probably be worth at least 200 million!

200 million! It'll be all yours then.

With all that money, who could resist the temptation?

"I don't have a big brother like you!!!"

Xiao Changkun shouted angrily, picked up a mop and struck Xiao Hailong hard.

Xiao Changkun's brows furrowed, afraid that his son would be beaten and immediately rushed up to block it.

"It's really against you, giving face isn't it."

Before he could finish his sentence, Xiao Changkun struck at him with a stick, but fortunately, Xiao Changqian dodged quickly and only received a stick on his shoulder, grimacing in pain.

Seeing that his usually honest father was so angry that he even attacked, Xiao Chorán hated the ruthlessness of the Xiao family, but also worried about Ye Chen's safety.

At this time, Ye Chen squeezed the axe blade, looked at Xiao Hailong, a hint of mockery on his face, and said in a low voice, "Xiao Hailong, I'll tell you the truth, in fact, a trash like you is not even a fart in my eyes!"

"Ye Chen, fuck your mother!"

A rage rushed to Xiao Hailong's head, "You wimp, how dare you speak to me like this"

Before he finished speaking, Ye Chen directly grabbed his wrist and forcefully broke it back.

There was only a cracking sound and Xiao Hailong suddenly erupted into a heart-rending scream!

His right palm was actually broken by Ye Chen breaking it 180 degrees backwards, hard!

Xiao Hailong howled loudly, paralyzed on the ground in painful snot exchange.

192

When she saw her grandson's hand broken by Ye Chen, Mrs. Xiao, who was leisurely watching the "Family Technique", was furious.

He was so angry that he rushed over and slapped Ye Chen's face.

Just as she swung the slap into the air, Ye Chen suddenly turned around and said icily, "Old thing, you're looking for fucking death!"

Said the old lady, smacking her across the face and sending her back a few steps!

At this time, Ye Chen's eyes were incomparably cold and he was emitting a murderous aura!

Although Old Lady Xiao was slapped and in pain, she actually shivered involuntarily

She covered her face and was so scared that she retreated.

The old lady who retreated didn't even dare to look at Ye Chen directly, this was the first time she had seen him show such a frightening look.

The Xiao family was looking stupid!

What the hell? What the hell?

How dare this punk beat up an old lady?

But who can take it out on the old lady at this point?

The injured bodyguards had fallen to the ground, and the remaining ones, with fearful faces, didn't dare to come forward at all.

Although Old Mrs. Xiao wanted Ye Chen's life, but she also knew in her heart at this point that Ye Chen had learned a kung fu from somewhere and was so powerful that she couldn't keep him!

Xiao Churan's heart was thumping as she watched, her beautiful eyes kept following Ye Chen, her mood was particularly strange, and her cheeks couldn't help but feel slightly hot.

This was the first time she discovered that Ye Chen had such a fierce and powerful side.

In the past, Ye Chen's impression in Xiao Churan's mind was that he was only silent and didn't know anything except buying food and cooking.

At this time, Ye Chen, seeing that no one dared to come forward anymore, raised his head, glanced at the crowd indifferently, and shouted at the two bodyguards who were hiding far away, "If you don't open the door, I'll break your necks!"

Two bodyguards, their legs weakened in fear, hurriedly opened the mansion's gates!

Xiao Chang Qian raged, "Mom, we can't let them go!"

Old Mrs. Xiao gritted her teeth, stared at Ye Chen and said hatefully, "Let them go!"

"Grandmother, how can you just let them go like this." Xiao Hailong shouted with pain and hatred in his eyes, "He ruined my hand, I'm going to chop him off!"

Old Mrs. Xiao suppressed her anger and said coldly, "All of you, shut up!"

Xiao Chang Qian said viciously, "Ye Chen, you hurt my son and broke the rules of my Xiao family, you will definitely regret it!"

Old Mrs. Xiao said word for word, "From now on, Xiao Changkun's family will be removed from the Xiao family and will never be my Xiao family's children again!"

Xiao Changkun raised his head, his head was broken and his face was stained with blood.

He said with a blank expression, "I don't care for such a Xiao family!"

Xiao Chu Ran also nodded and said, "Right!We don't care!"

The old lady gritted her teeth and said, "Xiao Chorán!You're a real loss to the Xiao family!From now on, you're also removed from the Xiao Clan!Now that the Shaw Group has partnered with the Imperial Group, it will definitely rise to prominence in the future!And you, your unfilial granddaughter, will have nothing to do with the Xiao Clan from now on!Get as far away from me as you can!"

Xiao Chorán was strong and said, "I don't care about the Xiao Group at all!Dad, let's go."

Saying that, Xiao Chorán and Ye Chen assisted Xiao Changkun together, gave a resentful glance at the Xiao family, and turned her head to leave.

She walked out of the gate without any attachment at all.

Today, she had seen the true face of this group of people, clear as day!

So-called relatives are worse than an outsider!

If it wasn't for her parents, she would have made a clean break with the Xiao family.

Ye Chen's heart was also incomparably cold.

Old Mrs. Xiao, Xiao Chang Qian, and Xiao Hailong, the three generations of their grandparents were all fucking idiots!

What makes you guys think that you can still work with the Imperial Group?

193

On the way Ye Chen drove away from the Xiao family, Xiao Changkun said angrily, "Had I known that mother and big brother's family were so cold-blooded, I shouldn't have helped them so much."

Xiao Choran, on the passenger side, sighed and said, "With their style, even if the Xiao family had a great foundation, it would be ruined cleanly by them."

Mother-in-law Ma Lan said indignantly, "The point is we've helped them so much! Wasn't the contract from Dihao Group won by Choran? It's all cheap for them now."

Ye Chen faintly said, "Mom, they're doing more harm than good, they won't end up well."

The Xiao family was now relying on nothing more than their cooperation with the Emperor's Group, and they didn't know that the Emperor's Group was their own.

Offending themselves and still wanting to make money from the Emperor's Group?

Daydreaming!

As long as I give Wang Dongxue a call, the Xiao family will be in ruins.

Xiao Changkun touched the half-dried blood on his head and muttered, "Who would have thought that the Xiao family would be so excessive, that the villa that the Wang family gave us, our family hasn't even had a chance to live in it yet, they are going to rob it openly, it's obvious that they are looking at us to be bullied!"

Saying that, Xiao Changkun brightened up and rushed at Ye Chen, "Good son-in-law, take us to a trip to Tangchen to take a look, I've been thinking about that villa in my heart and want to take a look again."

Xiao Churan said, "Dad, it's almost home, what's the point of going to look at it, isn't that villa still not finished being renovated? Uncle Li is still keeping an eye on the renovation."

Xiao Changkun said, "Gee, I want to go back and take a good look at it, or I won't be able to sleep!"

Ye Chen could naturally understand this mentality of Xiao Changkun, it was like a person who couldn't afford a car and suddenly had a top luxury car, even if he didn't drive it, he would always want to go up to the parking lot to take a look at it.

So he said to Xiao Choran, "Dad, since you want to see it, let's go and take a look, it's a good idea to see if there are any ideas for renovation that you can tell Uncle Li about."

Xiao Changkun chuckled and said, "Still, Ye Chen understands my mind best!"

Xiao Chorán sighed helplessly and said, "Alright, let's go take a look then."

Ye Chen immediately made a U-turn at the traffic light and drove towards Townsend's

Ye Chen parked the car in front of the gate of the villa of Townsend's, just after getting out of the car, but then his brows suddenly furrowed.

The outer fence gate of the villa was actually ajar, and there seemed to be noisy sounds inside.

Xiao Churan saw that Ye Chen didn't move and asked in confusion, "What's going on?"

Ye Chen said, "Something doesn't seem right, go in and take a look!"

Saying that, Ye Chen took the lead to take a few quick steps and entered the courtyard.

As soon as he entered the courtyard, he found a few bodyguards dressed in black, throwing some furniture from the villa out.

Xiao Changkun shouted in alarm, "It's the Xiao family!"

Ye Chen's face was gloomy, these people of the Xiao family, what a ghastly spirit, they hadn't even bothered them yet, but they had come to the door first.

"Who allowed you to come in!"

Ye Chen snapped coldly and rushed up quickly.

Several bodyguards saw Ye Chen and looked panicked.

At that moment, Xiao Hailong's duck-like voice came from the main hall.

"I'm the one who let them in!"

Xiao Hailong held a crowbar in his left hand and wrapped a thick gauze cloth in his right, walking arrogantly and slowly.

194

"Ye Chen you piece of trash, now that you've been kicked out of the Xiao family, of course this Townsend One's large villa has to stay in the Xiao family, I'm here to collect the villa today!"

Xiao Chorán's silver teeth clenched as she said, "You guys are too much, forcing Ye Chen to hand over the villa isn't working, and now you want to rob it openly?"

Xiao Changkún also got angry and said, "Xiao Hailóng, the villa is my son-in-law's, no one can take it away!"

Xiao Hailóng spat a mouthful of spittle and scolded, "Drafting? who do you think you are, Xiao Chorán? You are now a lost dog who has been thrown out of the house, are you qualified to speak to me?"

With that, Xiao Hailóng picked up the crowbar again and pointed it at Xiao Changkún, continuing to scold, "And you old thing, do you think you are still my second uncle? Get the hell out of here, or I'll break your legs!"

Ye Chen was furious in his heart and said coldly, "Where's Uncle Li?"

Xiao Hailóng stepped forward and laughed, "Isn't there an old man guarding the villa, damn it, let him roll and he won't roll, I've beaten him so hard that he can't get up, let him know who is the real owner of the villa from now on."

"You beat up Uncle Li?" Ye Chen's eyes were cold.

Although Uncle Li was a former member of the Wang family, but if he was put in charge of this villa, he would be his own person from now on.

Moreover, Uncle Li was honest and loyal, and he was very respectful to himself.

More importantly, he was already over sixty years old this year, and with the wind and candles, this Xiao Hailóng didn't even spare an old man, it was hateful!

Xiao Hailóng sneered at this point, "Why, a dog slave who can't recognize his master without a good beating, how will he know who is the master! There's a saying that it's up to the owner to beat the dog, and I'm beating the dog to show his owner who's the one to mess with."

Saying that, Xiao Hailóng laughed arrogantly and wildly, his face filled with the pleasure of revenge.

Ye Chen was already furious, and did not hesitate to pound straight over with a punch.

"Bang!"

Xiao Hailóng couldn't dodge and was suddenly hit by an iron fist on the bridge of his nose, which was bleeding wildly and screaming in pain.

"What are you waiting for, all of you! I want this loser dead!"

Xiao Hailong retreated crazily like a dog as he shouted wildly at the bodyguards.

Those bodyguards pulled out long knives from their waists and viciously rushed towards Ye Chen.

"Ye Chen, I know you can fight, but what can you do if you can fight! I'd like to see if it's your skin or your blade that's tough!"

Xiao Chorán and Xiao Changkún saw this and turned pale.

Ye Chen was able to fight, but after all, he was flesh and blood, but his opponent was a Xiao family bodyguard holding a long sword, how could he win?

Ye Chen, however, didn't care, and his face looked indifferent without any change.

"With these stinky fish and rotten shrimp, you want my life too?!"

Saying that, Ye Chen's speed was like that of a ghost, weaving through the Xiao family's bodyguards.

Even though those bodyguards of the Xiao family held long swords, they couldn't touch him in the slightest.

And like a butterfly through a flower, Ye Chen dodged and started attacking at the same time.

With just a casual fist, he could easily make a cracking sound with great momentum!

Those bodyguards, although they were all retired special forces soldiers and were armed with long knives, were no match for Ye Chen!

In just the blink of an eye, the entire crowd was knocked over by Ye Chen!

No one knew exactly how he did it, as they couldn't even see Ye Chen's moves to strike and these bodyguards had been knocked to the ground!

Moreover, Ye Chen had great anger in his heart when he took action, so he had no sympathy for these bodyguards at all, and directly came down hard on them, and this crowd of people either broke their arms or legs, all lying in the yard screaming and screaming!

Xiao Hailong had been stunned by the sight before him!

He knew Ye Chen was powerful, but he didn't think the bodyguards with knives were still no match for Ye Chen!

His legs were trembling in fear as he looked at the murderous Ye Chen.

Coming to rob the villa was at the behest of Old Mrs. Xiao, who had a grudge against Ye Chen, so he volunteered to take this opportunity to disable Ye Chen.

However, he never expected that Ye Chen would put down all the bodyguards with knives, and he himself wasn't hurt at all!

This Ye Chen, is he still human?

At this time, Ye Chen was already walking towards Xiao Hailong with a cold face.

He wanted to teach this dude a lesson and make him pay a painful price!

Seeing Ye Chen walking towards him, Xiao Hailong was terrified and blurted out, "You can't kill me! I am the son of the Xiao family, if you dare to touch a hair of my head, the Xiao family will definitely not let you go!"

Ye Chen was indifferent and ruthless as he walked step by step to Xiao Hailong, directly dragged his collar and lifted him up, saying in a cold voice, "The Xiao family you speak of is not even a hair in my eyes!"

"Choran, Second Uncle, you have to make Ye Chen stop."

In a rush, Xiao Hailong panicked and pleaded with Xiao Choran and Xiao Changkun, forgetting all about his previously unattractive appearance.

Xiao Choran said coldly, "You all deserve to end up where you are today!"

Xiao Changkun looked at Xiao Choran and then at Xiao Hailong, his heart was very much struggling.

Asking himself, Xiao Changkun was already completely disappointed in the Xiao family, although Xiao Hailong was his nephew, people didn't even care about their relatives, so why should he care.

But after all, the Xiao family still had some power, and if Ye Chen really did lay a deadly hand on Xiao Hailong, he would definitely usher in crazy retaliation from the Xiao family.

Thinking of this, Xiao Changkun helplessly said, "Ye Chen, just give him a lesson."

Ye Chen pondered for a moment, nodded coldly, and pressed Xiao Hailong to the ground, the crushed stone directly stabbed into his face, and the blood couldn't stop flowing down.

"I can spare your life, but if you have annoyed me, the death penalty will be forgiven and the living crime will be hard to escape!"

Saying that, Ye Chen punched him in the small abdomen, the punch was so powerful that it directly hit Xiao Hailong's dantian.

Although Xiao Hailong was just an ordinary person and had no martial arts cultivation himself, but this punch was enough to destroy his ability in that area, and from now on, this boy would become an incompetent man.

Xiao Hailong only felt the most painful pain in the world at this point as he punched him! It made him lie on the ground and roll around in pain, not knowing what kind of aftermath the punch would still bring to him.

After that, Ye Chen immediately called the community security and arrested the gang and sent them all to the station, while he looked at Uncle Li's injuries.

It was good that Uncle Li was only suffering from some flesh wounds, but it was nothing serious, and Ye Chen was relieved.

However, in his heart, Ye Chen was extremely angry at the Xiao family, since the Xiao family was so faceless, then don't blame yourself for being ruthless!

Back home.

Xiao Changkun sits on the sofa, the blood on his face has been treated, but he still has a swollen nose and a bruise on his forehead, and his mind is somewhat dazed and dizzy.

Today, big brother ordered the bodyguard to beat him up, he was cold and uncomfortable, and is still indignant to this day.

Xiao Churan rubbed medicine on his forehead as he said, "Dad, Ye Chen has already helped you out, so don't take it too personally."

Xiao Changkun sighed and said, "I am chilled, my own mother and brother, none of them treat me as one of their own."

Saying that, Xiao Changkun said, "Churan, now that they have kicked you out of the Xiao Group, what are your next plans?"

196

Xiao Churan said, "What else can you plan, let's find a job first.

When Ye Chen saw this, he didn't say anything, but went to the balcony and made a call to Wang Zhenggang.

As soon as he spoke, Ye Chen asked him, "Your nephew, Wang Yunfei, is he engaged to Xiao Weiwei?"

"Right." Wang Zhenggang hurriedly asked, "What instructions does Master Ye have?"

Ye Chen said coldly, "I have already broken with the Xiao family, if your Wang family is still intermarrying with the Xiao family, then you are not giving face to me Ye Chen, if any conflicts arise then, don't blame me for being rude."

When Wang Zhenggang heard this, he became nervous and spoke out of turn, "Master Ye don't misunderstand, our Wang family actually wanted to repent our marriage long ago, if it wasn't for the fact that you, Master Ye, are the son-in-law of the Xiao family, why would we marry a woman like Xiao Weiwei into our family! Don't worry, I'll arrange for someone to go over and inform the Xiao family to break off the engagement!"

Ye Chen nodded his head and said with satisfaction, "Count you on."

Wang Zhenggang hurriedly said, "Don't worry, Master Ye, my Wang family will have you at the forefront of everything in the future!"

"Mm." Ye Chen said indifferently, "Alright, get on with it."

"Okay Master Ye!"

Didn't the Xiao family want to be close to the Wang family? In that case, I'll let your plans go to waste!

After that, Ye Chen made another call to Wang Dongxue of the Emperor's Group.

The Xiao family is now a mangy dog, hit the dog to hit a little harder.

As soon as the call was connected, Ye Chen said in a cold voice, "Dongxue, announce to the public now that the Dihao Group is suspending all cooperation with the Xiao Group! And exclude them from cooperation forever!"

Wang Dongxue was surprised and asked, "Young Master, this is Young Grandmother's family's company, aren't you hurting Young Grandmother too much by doing this?"

Ye Chen said indifferently, "My wife has broken up with them, they will have nothing to do with me or my wife from now on!"

Only then did Wang Dongxue understand and immediately took off, "Young Master, don't worry, I got it! That's a statement!"

This will be the end of the Xiao family!

I thought your little old lady was arrogant? Then I'll leave you with nothing!

After hanging up the phone, Ye Chen returned to the living room and looked at Xiao Changkun, only to see that his father-in-law's eyes were swollen, and the bruises on his brain were getting worse and worse, I'm afraid that ten days and half a month would not go away.

Moreover, he could see that Xiao Changkun had not only suffered trauma, but also suffered some impacts to the brain, and there was a slight bruise inside the skull, so it was best to go to the hospital for a craniotomy to remove the blood clot.

If not, the hematoma will be a time bomb for a long period of time, and may suddenly erupt one day, and the person will be dead.

However, Ye Chen was afraid of Xiao Churan panic, so he hid this for the time being.

He stood up and said, "I'll go out and buy some herbs to treat Dad's injuries."

There were many medical techniques recorded in the Nine Xuan Heavenly Scriptures, and there was a remedy that had a miraculous effect in resolving depression and invigorating blood, which was just right for treating father-in-law's condition.

Xiao Churan curiously asked, "What herbs to buy ah, will it work? Why don't we go to the hospital?"

Ye Chen smiled slightly and said, "Don't go to the hospital, many doctors will deliberately scare people and make things sound serious, Dad should be anxious again when he hears about it, I have a prescription that is very effective for bruises."

Only then did Xiao Chu Ran nodded.

Just as Ye Chen opened the door, there was an acquaintance just outside the door.

It was that Qin Gang from the Qin family.

His eyebrows furrowed as he looked at Qin Gang and asked, "What are you doing here?"

197

As soon as Qin Gang saw Ye Chen, he even smiled and said, "Master Ye, I heard that you encountered something today, so I gathered some medicinal herbs and sent them over for your perusal.

After saying that, a bodyguard behind him stepped forward and respectfully presented a red wooden box.

Qin Gang opened the lid of the box and smiled respectfully, "Master Ye, please take a look."

Only an arm-thick old mountain ginseng was inside the box, as well as purple-red glowing Ganoderma lucidum, and several expensive medicinal herbs that could not be seen in ordinary herbal shops.

Ye Chen took a glance at them, although these herbs were precious, they didn't contain much aura, but it was better than nothing.

It was just as well that he was going to prepare pills that invigorated blood and transformed swimmers, and these herbs would be just the thing to be useful.

Ye Chen faintly nodded his head and said, "Give it to me."

Qin Gang even brought the box over and said, "Thanks to Grandmaster Ye's guidance, the Qin family now has everything going well, and their business has doubled in the past two days, all thanks to Grandmaster Ye's merits. If Master Ye is useful to the Qin family in the future, please feel free to send me, I will do my best."

Ye Chen gracefully said, "Then you continue to keep an eye out for me, and if there are any good herbs, bring them over to me, I have a use for them."

"Yes!" After Qin Gang promised, he then said, "Master Ye, if there's nothing else, could you be kind enough to come to the house for a casual meal?"

Ye Chen faintly said, "Some other day, there's something going on at home right now."

"Okay." Qin Gang hurriedly said, "Then I won't bother you!"

After saying that, he took his leave.

Ye Chen also turned around and went back home again.

Xiao Changkun had an unbearable headache, and asked Xiao Chorán to help him go to a nearby Chinese medicine acupuncture center, wanting to push and revitalize blood.

Ye Chen then said to him, "Dad, you're not fit to walk around now, it's better to rest for a while, a friend just happened to send some herbs, I'll configure a little pill for you, it should have a good effect."

Xiao Changkun wondered, "Ye Chen, you still have the ability to cure and prescribe medicine?"

Ye Chen said, "I learned a little bit of skin before."

He couldn't say that he had read the Nine Xuan Heavenly Scriptures and knew that there was a medicine on it called Scattering Blood and Saving Heart Pill.

It was a lost Chinese medicine formula that could not only dissolve the bruises on the brain, but also had a miraculous effect on serious brain diseases such as brain infarction and stroke.

If the Blood Scattering Heart Saving Pill was formulated, it would be a natural remedy for Xiao Changkun.

But Xiao Changkun was a little worried, he said awkwardly, "Ye Chen ah, it's not that Dad doesn't believe you, you're okay at this fighting, healing people isn't something you can learn by watching TV ah"

Saying that, he coughed twice and said, "That, I'd better ask Chorán to take me to the medical clinic."

Ye Chen smiled slightly and said, "Okay, if you can't trust me, just try going to the medical center first, it would be good if it works."

Xiao Changkun hurriedly said, "It's not that Dad doesn't trust you ah, Dad is in a bit of pain at the moment, go take a look first."

Only after saying that, did he say to Xiao Churan, "Churan, let's go."

Xiao Churan nodded and helped Xiao Changkun out the door.

Ye Chen, on the other hand, went into the kitchen and began to prepare the medicinal recipe.

According to the records on the Nine Xuan Heavenly Scriptures, the medicinal effect of this medicine was very strong, Xiao Changkun was only slightly swimming in blood in his brain, and in order to avoid overloading the medicine, Ye Chen subtracted a small amount of herbs, which was why he began to prepare it.

198

The Blood Scattering Pill was developed by Sun Simiao, a famous Chinese medicine practitioner of the Tang Dynasty, whose popular works include the Thousand Golden Formula and Tang Xin Materia Medica.

Compared to the first two medical books, this Sun's medical dictionary had more clinical value, but not many people knew about it, and it was now completely lost, and most Chinese doctors hadn't even heard of the name.

According to the prescription in the medical book, Ye Chen quickly prepared a box of honey pills the size of walnuts, there were six of them.

As soon as the pills were configured, Xiao Chorán helped Xiao Changkun return.

Xiao Changkun still looked like he was in pain, and his walking was becoming more and more uncomfortable.

Xiao Churan was also a little worried and spoke up, "Dad, if we really can't, let's go to the hospital, what do you think?"

Xiao Changkun waved his hand: "Oh my, I don't want to go to the hospital, too much trouble, and to test the blood and urine test but also to take a film, nothing is also tossed out, so let's say, you help me to sit on the sofa for a while, I slow down."

Xiao Changkun just went to the Traditional Chinese Medicine Center acupuncture massage, did not think that it does not work at all, the head is more swollen and painful, now just want to quickly sit down to rest and rest, otherwise I am afraid to faint.

At this time, Ye Chen came out with the newly configured medicinal pills.

Xiao Churan smelled the smell of medicine floating in the air, she asked in surprise, "Ye Chen, you are boiling medicine?"

Ye Chen pointed at the honey pill in his hand and said, "Dad, this pill can invigorate blood and resolve bruises, it's very effective, so take one and try it."

He picked up the pill and looked at it, a particularly fresh medicinal scent reached his nostrils, making his entire body feel invigorated.

He asked in surprise, "Did you make this pill?"

"Right!" Ye Chen said, "I just made it."

Xiao Changkun asked again, "Have you studied medical arts?"

Ye Chen said, "I used to learn from an orphanage floor sweeping boss, his ancestor was a Chinese medicine practitioner."

Xiao Changkun said with an incredulous face, "Really? What the old man sweeping the floor taught you works?"

"It's guaranteed to be effective, you try it, it's an absolute cure for the disease."

Xiao Changkun was a bit apprehensive, but when he thought of his current condition, the pain was really a bit unbearable, so he put his heart on the line and took the pill in a couple of gulps.

Before Xiao Choran even asked about the origin of the pill, he saw that Xiao Changkun had already eaten it and asked, "Dad, how are you feeling?"

"It seems as if I just ate and my head really doesn't hurt that much." Xiao Changkun was also surprised.

The pill seemed insipid, but after he ate it, it was as if a clear air had reached the sky, his nose was clear, his head was much clearer, and the swelling and pain in the back of his head had really disappeared a lot.

Xiao Changkun happily asked, "Ye Chen, where did you buy this medicine?"

Ye Chen said, "Just now, Qin Gang sent over some herbs, I was just trying to get them."

Xiao Changkun then exclaimed incessantly, "This Mr. Qin, what a great man! Knowing that I was injured, he even sent medicine over specifically for me!"

Xiao Churan also said, "Everyone in Jinling City says that Qin Gang is a generous person, and it seems to be true. If uncle had been as kind-hearted as Qin, how would it have come to this."

At the mention of Xiao Changkun, Xiao Changkun looked downcast, waved his hand and said, "Let's not mention him."

After Xiao Changkun finished his medicine, he went back to his house to rest.

Ye Chen saw that Xiao Chorán didn't look too good and asked, "You should also rest early, don't be angry, the Xiao family, will definitely pay the price for today's incident!"

199

At this moment, the Xiao family compound.

Old Mrs. Xiao and Xiao Chang Qian were waiting for the news that Xiao Hailong had successfully robbed the villa.

But what they did not expect to wait for was the news that Xiao Hailong had been seriously injured, yet he was arrested and detained by the police on suspicion of trespassing, as well as intentionally injuring others!

This made Mrs. Xiao especially angry!

She said furiously, "This must be the work of Xiao Churan and her family again!How outrageous!"

When Xiao Chang Qian heard that his son was injured, he was nervous and incredibly angry and said, "Mom!Chang Gon is so defiant!You have to decide for Hailong!After all, he's always listened to your old man, and whatever you say, he takes you at your word!"

"It's natural!"The old lady snorted and said, "Even if the family had that villa what would they have?It's still an empty shell?You can't fight us without money and power!I'm not only going to get the villa, I'm going to make them pay dearly!"

As I was saying, someone came in to pass on the message, "Old lady, the head of the Wang family, Wang Zhenggang, is here!"

"Oh?"The old lady blurted out, "Come on in!I was just about to find him and ask why he gave the villa to that family, he Wang Zhenggang is also our in-laws, how can he turn his elbows super outside!"

As I was saying, Wang Zhenggang came with his nephew Wang Yunfei.

The two of them came over to withdraw from the marriage.

Wang Yunfei actually had already lost Xiao Weiwei some boredom, the main reason was that Xiao Weiwei's family was really a bit too much for the stage.

All, as soon as the uncle said to let himself withdraw from the marriage, he did not object, when he let the uncle make the decision.

Old Mrs. Xiao saw the two people come in, and welcomed them out in a panic, saying, "Oh my, the in-laws are here, why didn't you say hello beforehand!"

Wang Zhenggang sneered and said, "Old Madam Xiao is so awesome!"

Old Mrs. Xiao didn't know what Wang Zhenggang meant by that, squeezed out an embarrassed smile and said, "What are you talking about?"

She said, "It's rare for Mr. Wang to come to your door, why don't you hurry over and invite Mr. Wang to have a seat? It's your future in-laws!"

"I won't go in." Wang Zhenggang waved his hand with a cold face and said, "Today, I came over mainly to talk about the marriage of the two families."

Old Mrs. Xiao even said in a pleasing manner, "Please don't worry, Mr. Wang, we will definitely not be less courteous at the wedding banquet, so please feel free to ask for anything."

Wang Zhenggang said coldly, "Then I'll keep it short, our Wang family has recently thought about it and felt that the way is different, so this time, we came here to prepare to cancel the marriage contract between Yun Fei and your family Xiao Weiwei."

"What, to cancel the marriage contract?" Old Mrs. Xiao and Xiao Chang Qian were both startled.

Behind her, Xiao Weiwei was dumbfounded and spoke out of turn, "Why ah? I've booked the big day with Brother Yun Fei!"

After saying that, he asked Wang Yunfei, "Brother Yunfei, what's going on?"

Wang Yunfei spread his hands in embarrassment and said, "This is a family arrangement, I can't do anything about it."

The Xiao family was on the verge of collapse!

The two families had already booked their marriage, even the wedding was booked, and now all their friends and relatives knew about it, waiting for the wedding to be held next month.

At this point, the Wang family is even calling it off?

Old Mrs. Xiao is looking forward to marrying the Wang family and leaning on them for her prosperity.

Now that the royal family is going to cancel it with a single word, doesn't that make all the hard work go up in smoke?

200

Moreover, although Xiao Weiwei is not married to Wang Yunfei, but they have been together for a long time, some time ago, the two children were inattentive and accidentally pregnant, in order not to be gossiped about, the old lady asked Xiao Weiwei to abort the child, ready to wait for the marriage before having a child in name only

I didn't expect that the Wang family would come to say that they are withdrawing their marriage!

Isn't this, like, playing with your granddaughter for nothing for so long?

And to shrug it off after getting her pregnant once too?

She was furious in her heart and asked shakily, "Mr. Wang, why on earth are you doing this? I didn't offend you! Besides, we've always treated Yun Fei as if he were our own son, he and Vivian had a child before, and I also felt that we had to consider the reputation of both families and couldn't get pregnant unmarried, so I advocated that Vivian abort the child, you can't do that to her, right?"

Speaking of the child, Xiao Weiwei cried out all of a sudden.

Wang Zhenggang sneered and said, "If you want to blame this matter, you can't blame anyone else, just blame your old lady Xiao for doing something too shameless!"

"This" Old Mrs. Xiao didn't expect that Wang Zhenggang would directly scold her with one sentence and couldn't help but ask, "What's wrong with me, old lady?"

Wang Zhenggang grunted, "The villa I gave to Ye Chen, you guys even want to rob it, how can I be a family member with you guys if you have no character?!"

Old Mrs. Xiao was dumbfounded and said off the top of her head, "Pro[penpal www.biquisa.vip] family, this is a matter between us and Ye Chen, so why do you need to get involved in the middle?"

Wang Zhenggang said coldly, "You're a shameless wife! That villa is my gift to Mr. Yip. How dare you take it? You don't even look, you're nothing you!"

Old Mrs. Xiao felt a sharp pain in her chest.

This Wang Zhenggang, he was also too disrespectful! Can you insult me like that just because your family is rich?

However, she didn't dare to retort at once.

Because she knew that she was at fault for this!

And, she really didn't expect Wang Zhenggang to respect that trash Ye Chen so much!

Why the hell is that?!

At this time, Xiao Weiwei sat paralyzed on the ground and looked at Wang Yunfei and cried, "Brother Yunfei, I was pregnant with your child, you can't not want me!"

On the side, Wang Yunfei faintly said, "Blame your grandmother and your father, oh yes, and your brother!"

I'm not sure if I've ever had a chance to be with you, but I'm not sure if I've ever been with you before. Hit it! That's outrageous! I won't be your family's son-in-law or our family's daughter-in-law to a shameless person like your family!"

Xiao Chang Qian was standing by the side, already hearing his face pale.

Old Mrs. Xiao also looked frightened and shaken.

They thought that Uncle Li was just a servant, but he was so important to the Wang family!

Old Mrs. Xiao regretted her intestines at this point, if she had known, why would she have robbed the villa!

We didn't get this villa and we ruined our granddaughter's wedding!

The point is that I'm counting on the Wang family to soar to prominence! Now they're all dead!

Thinking of this, the old lady almost wanted to cry.

Xiao Weiwei, who was paralyzed on the ground, shouted angrily at Old Mrs. Xiao, "It's all because of you, this dead old woman! It's your fault for ruining my happiness!"
