

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2516

Zhang Feng: "Me?" At this moment, Cheng Feng was also dumbfounded. During the few months that Galia lived here, Cheng Feng found the best doctor for her to treat her injuries and protect her from the miscarriage.

After raising it for several months, it seems that Galia will be sent back. However, Galia actually disappeared. At this moment, Cheng Feng's face turned gray. He knew from the beginning that once he was captured by Arron again,

he would have no chance of life at all. He didn't even think about surviving. It's just that his concern has been living here for a few days. With an "ordinary" sound, Cheng Feng knelt in front of Arron: "Mr. Fu,

I have no complaints about how you deal with me. I only ask you one thing, only one thing..." " Say it!" "Leave...let go of my wife...and children..." Cheng Feng said with difficulty. Arron: "... " After a long while, he asked,

"You... do you have a wife and children?" Cheng Feng nodded: "I haven't been able to take care of myself for so many years. Accompanying my wife and son, especially my son, who is so old, I can count the number of times I have accompanied him on one hand. I am grazing on this grassland alone, and my son has never been here. This is the first time I came once. But I met you and came to arrest me.

Mr. Fu, it is not a pity for me to die. Please don't implicate my wife and son, will you? " Up

to now, Cheng Feng finally told the truth.

Arron sneered: "My Fu, someone has never accumulated innocence, let's go! "

"Really?" Cheng Feng asked.

"Christopher!" Take him away! Arron did not answer Cheng Feng's question, but directly ordered Christopher.

"Yes!" Fourth Lord! Christopher responded immediately.

He said yes, but Christopher was actually very polite to Cheng Feng.

He took him to the car all the way, drove him all the way to the city, and then diverted to the airport.

All the men, Arron and Joan They all followed, and Cheng Feng was also obedient. Whether it was entering or leaving the airport, handling boarding passes, etc., he did not make trouble in public.

In this way, Arron took Cheng Feng smoothly from the vast grassland in western South America. , and brought it back to Nancheng.

"Mr. Cheng, when will you kill me? Still need to pick a date? Cheng Feng asked Arron. Joan,

who had been following him all along, didn't understand: "Fourth brother, why are we keeping him?" Fu

Shaoqin's tone was flat: "Of course it works. "

Joan: "..."

Arron looked at Cheng Feng again and said slowly: "Cheng Feng, forty years old this year. "

Cheng Feng: "..."

You grew up without a parent or mother. Before the age of eight, you lived by picking up trash by yourself. Once, you were rescued by someone by accident. He bathed you and gave you You change into beautiful clothes.

Then I take you to the hospital.

In that hospital, you, at the age of six or seven, donated a bag of blood for a newborn.

It's just a bag of blood. As a homeless child, you don't think it's a big deal. But you didn't think that the family has been serving you to eat and drink since then.

When you were nine years old, the family sent you to a nearby school to learn to read.

I didn't intend to make you talented.

I didn't expect your grades to be so good.

Chapter 2517

Two months, you finish the first grade of primary school, and in another two months, you take the second grade of primary school Grade completed.

By the time you enter your new school in September, you will be in the third grade of primary school just like your peers.

And, your academic performance is still among the best.

That family is also out of kindness, and they have been supporting you to study, and you are also a good candidate. From elementary school to junior

high school to high school, you have always been the top student in all grades in the school.

Later, when you were in high school, you were admitted to a foreign labor university in one fell swoop.

And the annual scholarship is enough for your living expenses.

Cheng Feng, you have been a leader for so many years abroad, which shows how talented you are. Even me, I think I am inferior to you.

Not only that, but you are a very grateful person.

From the beginning to the end, no matter how broad your road is, you have never forgotten the person who adopted you to study for you.

Although you later learned that the reason why that family brought you home, fed you, and clothed you, was because they wanted your blood, and they have been supporting you since then, because they were afraid that their children would need blood. time, you can supply in time. Remember the URL

but you still can't thank them enough.

You want to do everything you can to help them. After graduating from college, you are an adult. Although you do everything you can to help them, their family and their industry are still withering.

The reason why it withered is because that family has been passed down for hundreds of years, passed down from generation to generation, and has shrunk from generation to generation. It has been passed down to their generation, and the rest are all delicious and lazy sons and brothers.

And none of them are learned well.

Learn to smoke at a young age!

Some fell ill and died.

In the end, there was only one girl left in the entire big family.

This girl is ignorant and ignorant, but fortunately she has high ambitions and loves vanity.

Although this girl's family has fallen, she has a good relative. Her relatives are in the famous Fu family in Nancheng, so the girl defected to the Fu family and lived there happily.

During this period, that girl has little contact with you.

At that time, you had already become prosperous abroad, had your own industry, and had your own hobbies.

Also has a family of his own, and a lovely son who is as smart and studious as you are.

If I'm not mistaken, your son should be sixteen now, right?

How happy were you back then?

Not only did you take good care of your family, but you still kept your promise to take good care of the only girl in the family who once saved you, gave you a second life, and provided you with education.

You send that girl a sum of money every year.

Although that girl never replied to you, never paid attention to you, and always treated you like a slave, you still spared no effort to help her.

Then one day, because the daughter couldn't stay in the Fu family any longer, she returned to her hometown and accidentally discovered that in her

hometown's ancestral house, there were still rare treasures left by the previous generations.

The girl sold these rare treasures and quietly established a company.

Then, the girl calls you and asks you to come back and help her.

You told the truth to the girl at the time, it is not suitable for a girl to open a company, and a girl has so much wealth to eat for several lifetimes, so why bother?

But the girl tells you she wants revenge.

Avenge her entire family, and avenge herself.

She needs your full help for her. She tells you that her enemy is Arron of the Fu family in Nancheng.

She said that in this world, only you can deal with Arron, she forced you with death, and forced you with their great kindness to you.

And you, there is indeed an arrogance in your heart.

Your ability is no worse than my Arron, but you are far less powerful than my Fu family, so you yourself want to compete with me. You promised that girl, and from then on, you began to plan how to get rid of me, Arron.

Am i right? Cheng Feng? "

Cheng Feng was stunned: "You...you already knew?"

Joan next to him also asked Arron coldly: "Fourth brother, who is that girl who is related to our Fu family ? "

Chapter 2518

Arron sneered helplessly: "Qin Shuang."

Joan was suddenly stunned.

Qin Shuang.

It turned out to be Qin Shuang.

Qin Shuang is the niece of her aunt Qin Wenyu's maiden family, and she is still the kind who doesn't kiss. Back then, when the Qin family fell, there was almost no one in the aunt's maiden family. She was just such a distant niece who had been raised by her in the Fu family.

In the early years, when Suzi first came back, Qin Wenyu had always fantasized about marrying Qin Shuang to Arron, so as to further control Arron.

Qin Shuang also wanted to marry Arron very much.

He thought that he and Lanita were ripping off Arron's hair.

That year, after the death of the aunt, Qin Shuang disappeared.

When Qin Shuang left, Arron didn't care. First, he felt that this clown-like woman was not a threat to his Fu family.

Secondly, I also feel that, after all, the aunt has passed away, and the only remaining family members, why bother her?

However, Arron never thought that Qin Shuang could cause such a big storm after such a lapse of six or seven years.

If Arron was not well prepared, Qin Shuang would have almost won this battle.

If he wins, Qin Shuang will be the new king of Nancheng who has destroyed the Fu family and the Shu family in Nancheng.

Good hanging.

"This Qin Shuang doesn't talk about a woman, just her temperament, how can she cause such a big storm?" Joan frowned and looked at Arron.

Arron sneered again: "I didn't say it just now. Her ancestors left some ancient objects. She sold a lot of money and recruited soldiers. Sometimes women have to do things, and they are more ruthless than men.

What's more, she has a lot of money in her hands . There is Cheng Feng's trump card."

After speaking, Arron looked at Cheng Feng: "Cheng Feng, the boss you mentioned is Qin Shuang."

"You..." Cheng Feng was stunned: "You... actually knew?"

"I knew it for a long time!" Arron sneered: "It didn't take long for you to bump Galia, and I checked it out, but you didn't come out at that time. I can't find your real home, so I can't do it rashly.

Of course, I didn't count it, you will take Mingsai as your last bargaining chip.

At that time, I could have you and Qin Shuang . But because I want to save Mingsai's life, I have to let you go first.

Cheng Feng, at that time, you were still thinking about your boss and trying to hide it for Qin Shuang.

But you never thought about it . , I already knew the details of Qin Shuang!"

"You...how did you know Qin Shuang? She..." Until this time, Cheng Feng was still trying to protect Qin Shuang.

"This is very easy." Arron said, "I know that the Fu family and the Shu family have so many origins, and I know that the three brothers of the Shu family are all abroad. There are not many people, some of them are the Shu family, the Fu family, and the Jingjun family. The rest are people who are related to these families.

I also suspected Zeyan's cousin. I also spent a few days investigating Sanford's cousin Xu Zetong and found that there was

nothing different about him.

When I was doing a carpet search, I found that the courtyard of the Qin family had been renovated, and a lot of domestic helpers were hired to look after the house in the second phase. These all caught my attention, so I asked someone to investigate.

The result really made me Unexpectedly, Qin Shuang has a helper like you Cheng Feng."

"Can I spare my boss's life?" Cheng Feng asked.

"Yes." Arron agreed very readily: "Qin Shuang is not at all lethal to me. If it weren't for you, she would be more or less related to me, and I would keep her under control for the rest of my life. The moment she died.

But you..."

Cheng Feng suddenly laughed: "I'm waiting, I'm waiting for you, Mr. Fu, what you will do with me, but I'm a little curious, how will... how will you handle me?"

Arron's face suddenly became extremely hot, he raised his hand and pinched Cheng Feng's neck: "Are you imagining that I will be open to you because of my talent?"

Cheng Feng: "... ."

Chapter 2519

He does have such a fantasy.

He is a talented person, he is proud, he is loyal, he does not love money, he is self-disciplined, and if he can basically not hurt others, he will definitely not hurt others. There are almost no good people like him in this world.

So Cheng Feng concluded that Arron cherished talents.

What's more, Arron's own experience has been ups and downs, very similar to Cheng Feng.

"Cheng Feng, I have indeed put down the butcher's knife for many years..." Arron said quietly.

Cheng Feng's face suddenly lit up with joy: "President Fu..."

"But!" Arron changed the subject: "Cheng Feng, when I saw Galia was hit like that and disappeared again, my body The kind of killing in the deepest part of the world has already rushed up. The

reason why I tell you this so calmly now is because I want to let you feel the fear before death.

Cheng Feng, you will tell I, you are not afraid of death.

But I tell you, I am afraid of death. In

this world, no one is not afraid of death.

If you are not afraid of death, you will not have hope for me.

You know me very deeply, how can you not think of me? Surely I won't keep you?"

Cheng Feng's face suddenly became extremely pale: "Fu...Mr. Fu, I...you know, everything I do actually ends up in the end. I have avoided harming you and your friends as much as possible..."

"Cheng Feng!" Arron roared suddenly.

He hadn't been so angry in a long time.

At this moment, Arron finally burst out: "Cheng Feng! You are right, Galia has been cured again, and you have found a good doctor to take care of her and her fetus. You have indeed connected Ming Sai's fingers. Yes . But

, can this erase the fear they endured? Can

this erase the pain that Sai Sai endured, the pain of cutting bones? Not only can she not, but she has to suffer when her bones are cut, and she has to suffer when she is spliced. To endure the second pain, this is what you call unscathed?

Galia!

Not to mention her eyes.

A girl who is so sweet, loves her husband so much, but you chose to use the cruelest method to hurt her Heart, take her life!

Even if you find the best doctor, you will be able to make up for the damage to her?

Cheng Feng, let me ask you, I will give you all the flesh and blood, and then I will Gradually stick it to you little by little, and connect your blood to you. If there is any place where the flesh is necrotic and cannot be connected, I will find you some dog skin to stick it on. In short, I will give you a complete human skin. Then will you be grateful to me?"

Cheng Feng: "..."

"Christopher!" Arron suddenly shouted angrily.

Christopher immediately responded: "Yes!"

"Drag him to the no-man's land in the western suburbs." Arron said in a calm and cold tone.

"Yes!"

After half a day, Cheng Feng was dragged to the no-man's land in the western suburbs, which was really gloomy and very suitable for the scene.

Arron said without emotion: "Tie him to the book." Christopher: "President Fu, tie him to the book, won't you do anything to

him?"

What was torn apart was not a human being, but just a piece of meat.

"No...don't..." Cheng Feng thought about infinite ways to die, but he didn't expect him to be bitten to death by a wolf anyway.

Arron didn't look back, he just walked down the mountain in a very cold morning.

"Let go of my father, and I'll replace him, okay?" Suddenly, a slightly childish, yet slightly juvenile male voice reached out to Arron
