Chapter 2544 – 2545

Chapter 2544

Christopher A big man cried and cried: "I...I didn't expect you, Fourth Master.. ... You actually gave me such a big favor. The salary you gave me, and the nearly every year you gave me, is enough for a senior elite in the city to earn a year.

I... I'm just a thug. If I go out to be a coach or something, my salary will be at most 300,000 yuan a year.

However, my annual salary is more than 5 million yuan.

You are good enough to me.

Fourth Master, I, I don't deserve you to treat me like this."

Arron raised his hand and brushed Yankuan's hair, and scolded with a smile: "Stinky boy, manly man, don't cry! Are you trying to say that I'm not good enough for my brother? This level.

But Christopher, do I have a brother?

Youming is one of them.

But the Fu Group already has shares in Youming, so you don't have to worry about it.

In this world, apart from Youming, you, you are following me. The longest, the most loyal to me, and the person who protects my life all the time. You are basically the closest relative in this world except Suzi and my three children. Remember the website and

I will give you this share , what's wrong with letting you manage one-fifth of the company's business situation?"

"Thank you, thank you Fourth Master. I will follow you all my life, and I will go through fire and water for the Fu Group and you. Don't worry, Fourth Master!" Christopher said in the final contract.

"Come on." Arron patted Christopher's shoulder: "From today, you are the director of the Fu Group, one of the big bosses."

"Okay Fourth Master!"

"By the way, you told me early in the morning, what do you have to do with me?" Arron asked again.

Christopher just slapped his head: "I almost forgot, I... Fourth Master, I... I'm embarrassed to tell you something, but... "

"Stinky boy! When are you talking straight!"

"I... If I don't want this share, I don't want it, I don't want the fourth master..."

"What's wrong!" Arron felt the strictness Kwan seems to have something serious.

Christopher lowered his head: "Fourth Master, you also know that my parents have always had a good relationship with my uncle and aunt. My father and my uncle have been dependent on each other since childhood. Our family has only two children.

I am a boy . , my parents have been strict with me since I was a child and asked me to protect my sister.

There are four elderly people in our Yan family, and we are only a girl like my sister.

Galia is lost, her whereabouts are unknown, her life and death are unknown, let alone my uncle and aunt. , Even my parents fell ill. If things go on like this, I'm really afraid that my parents and my uncle will not be able to take such a blow.

I'm afraid...

and my sister , She doesn't come home for a day, I'm worried about being a big brother for a day.

She...she is still pregnant with a baby.

I...I want to find my sister.

No matter what . The end of the world is still calling, I have to look for it, even if I find a corpse, I will give it to my parents, my uncle and aunt.

Even if it is a corpse, I will always ask my sister to come back. To be buried next to your relatives?"

When he said this, Christopher cried again.

There is only one girl in my life.

Since childhood, girls have lived under the care of their families. When they are 30 years old, they have never suffered the slightest bit of pain. Even if they get an injection, Galia will cry.

All of a sudden, this kind of catastrophe happened.

How can she survive by letting her eat outside alone?

Christopher's scalp tingled at the thought that she was still pregnant with a child.

Not to mention Arron gave him several billions.

Even if Arron gave the entire Fu family to the Yan family, what's the use?

The whereabouts of the sister are unknown.

The Yan family's heart will always be in pain like a knife.

Chapter 2545

Parents and uncles and aunts are old, and now the entire Yan family can find Galia, only Christopher.

"I'm sorry, Mr. Fu, thank you for your kindness, I'm ashamed of you. Today, I plan to resign from you. From today, I'm going to look for my sister from all over the world. I can't accept your gift, right? Stay, Fourth Master." Christopher bowed deeply to Arron.

Arron: "..."

To be honest, Arron was stunned at this moment.

Everyone said that he, Arron, was the most disrespectful of family.

Even his own brothers and fathers are so ruthless.

But, who can know that Arron is the most affectionate one?

No one understands why Kraig in Kyoto is willing to go through fire and water for Arron for 20 years, but whenever Arron has difficulties, Kraig will definitely sweep everything for Arron.

Everyone doesn't understand why Arron is such a ruthless person, and there are so many loyal people around him, such as Christopher, who has been like a day for 20 years. Protected by Arron, willing to be a dead man.

But few people know how true Arron is to people.

It was the first time he saw Kraig that year. At that time, when Kraig became famous as a young man, he was envied by so many people, and was surrounded and killed abroad. It was Arron, who had never had friendship, who desperately saved Kraig.

It was also Arron, who had never seen Christopher before, just because Christopher, who was a few years older than him, almost starved to death, Arron took care of Christopher's food and bought him a return ticket.

Those were all the care Arron gave to a stranger.

In this world, few people know how much Arron cares about love and righteousness, and how much he pays attention to family affection.

Kraig knew.

Christopher also knew.

Arron himself knew better.

People who value family affection are the ones who cherish the same affection.

When Arron heard Christopher say this, his heart was deeply touched, and he was stunned for a while.

"Stinky boy, don't you have that ability?" Arron asked suddenly.

"You, what did you say, why can't I understand what you said? Fourth Master?" Christopher scratched his head.

"Can't you be in charge of the company and look for girls, both?" Arron asked angrily.

Christopher: "..."

After a long while, he asked in surprise, "You mean..."

"First, I also sent people all over the country to look for Galia, All over the country, every station, every wharf, I have sent someone to pay attention to it. Secondly, you will naturally be more careful and sure to find it yourself, because you are most familiar with Galia's appearance and living habits. It will not be missed.

But, even so, the Internet is so developed these days. The transportation is so developed.

No matter where you are, you can handle company business on the Internet, right?

Even if you hold a weekly meeting, you can actually hold a video meeting. What are

you worried about?

There is really an emergency situation that requires you to sign the contract in person. No matter where you are in the country, the plane will only take three or four hours, at most, right?

High-speed rail, at most seven or eight hours.

How long can it delay you? time?"

Christopher smiled and touched his head: "That's right, Fourth Master, then I have billions of assets, and with this genuine boss, I will be your bodyguard in the future... ."

He began to worry again.

Arron said gently: "I've already stepped down, I'm no longer in my position, I've become an idler, and no one is paying attention to me. What do I need a bodyguard to do?"

"That's right." Christopher nodded.

After a pause, he suddenly asked in surprise: "Fourth Master, then... Then can I marry a daughter-in-law in the future?"
