## **I'm Sorry My Love Novel Alternative**

### Chapter 2604

Christopher said gently: "You can think about it."

Galia wiped her tears and looked at Christopher Asked: "You don't think I really want to kill my aunt's cousin with a knife, do you?"

Christopher smiled: "No, you're not that stupid, are you?"

Galia sighed: "Anyway, I My reputation is also stinky in our three towns and five miles, and no one wants me to introduce the target. I am already like this, so I will just treat myself as a hard worker.

The first thing is to change the money first.

Follow-up Let's talk about it. By

the way, Brother Christopher, can you..."

She bit her lip, embarrassed to look at Christopher.

She is full of money and has an extra 1,000 yuan. With this 1,000 yuan, she has to support until she goes out to work and then has to find a job. Also have to support one month of living expenses.

So she really has no money for hospital expenses. Christopher said with a gentle smile, "Little girl! You

saved my life, and you were only slightly poisoned. How can I make you pay for this money."

Galia was a little embarrassed: "But, I'm afraid You don't have enough money, didn't you come to ask for the bill? You haven't received the bill yet, do you have money?"

"Better than you." Christopher said, "Relax."

Galia nodded: "Thank you, Brother Christopher."

"Sleep at ease. Tomorrow's matters will be resolved tomorrow. Stay here for a few more days. When there is no poison in your body, you will be discharged. Anyway, your relatives never imagined that you were in the hospital. live there.

Just let them go in a hurry, rush them to death! Christopher laughed.

Galia also burst out laughing.

"Go to sleep." "Christopher said.

"Well, you can sleep too, brother Christopher." I have complained so much to you today, I feel much better, and I will definitely be able to sleep well. "

"Then have a good dream." "

"Good night." "

Galia said that she could sleep well, and what she said was true. After so many years of depression, someone was willing to listen. She seemed to write down a big burden, and she felt very relaxed.

This night, Galia slept very sweetly.

In the same ward, Christopher could even hear the girl's slight snoring.

She was nagging about the two hours, and she repeated several times that she was a Chang Tai is a psychopath, a devil, etc.

But the girl sleeping is very cute.

She is lying on her side, with her hands on the pillow, like a new born puppy, half open She pouted, drooling at the corners of her mouth, and she had a sweet smile on her sleeping face.

That appearance was very harmless and innocent.

How could such a girl be a change?

Then she It's true that she hasn't met Chang Tai.

She doesn't know how many girls in this world can't eat at all, and when they encounter a little difficulty, they just fall straight, and some girls, for that little cosmetics, bags , in order to make himself look bright in front of others, he has done a lot of things that hurt him. That kind of girl is more willing to fall than Galia.

Christopher sees that kind of girl a lot. And he also I have never seen a girl who can reflect on

herself like Galia. But Galia scolded her daughter for being too much. This is the first time Christopher has seen her.

Just watching the girl sleeping soundly like that, Christopher felt very warm. Seeing the girl gradually fall asleep, Christopher also lay on the bed and pulled the quilt, thinking quietly in his mind how to help this poor girl tomorrow, his eyes closed unconsciously.

Just when he was about to fall asleep, he suddenly heard a scream and cry: "Don't, don't, don't hit me, don't hit me..."

Christopher, who has always responded quickly Carp sat up straight, and saw the girl on the opposite hospital bed was asleep but crying, she must be having a nightmare.

Christopher immediately got out of bed, came to Galia, and hugged her: "It's alright, it's alright Galia, with my brother here, it's alright."

## Chapter 2605

Galia suddenly threw herself into Christopher's arms and cried in horror: "They beat me, my whole body hurts, My head was rubbed on the concrete floor, the pain was piercing my heart, woo woo, I hurt..."

"Brother knows, brother knows." Christopher said distressedly.

Today, while giving Galia serotonin, the doctor also gave Galia a comprehensive examination. There is no problem with her organs, but there are multiple contusions in the soft tissues all over her body.

There are wounds all over the scalp.

Christopher couldn't help but sighed in his heart that with such a close relationship, cousins and sisters could even beat someone with such a ruthless hand.

But on second thought, where is this not the case?

Back then, the brother of the Fourth Master Fu, didn't he do everything possible to kill the Fourth Master Fu?

Human nature has an evil side.

"Go to sleep, no one will beat you again." Christopher gently coaxed Galia.

Galia's eyes closed again, this time she slept very sweetly, and she had no nightmares until dawn.

Galia woke up first in the morning. She slept well last night, so she is refreshed now.

Seeing that Christopher on the opposite hospital bed was still fast asleep, Galia did not wake him up.

The man's sleeping face is very straight, it doesn't look like he is asleep, but he is snoring evenly and lightly. What's wrong?

After observing for a while, I found that his muscles were all tense, and his legs and arms were all in that

state of...preparation?

Galia couldn't think of a good term to describe it, so she felt that Christopher, who was asleep, was like a person preparing for battle.

Maybe it's because he's out of town? So he sleeps very alert?

Galia quietly looked at this sleeping man who looked like a big brother.

About half an hour later, Christopher woke up.

When the man habitually opened his eyes, he also sat up straight with a carp. In an instant, he saw the girl's clear eyes looking at him without blinking.

Girls are funny.

His head was covered with a white gauze cap, and there were two blisters in his eyes.

Half of the cheek was beaten, and I couldn't see it during the day yesterday. Today, it has obvious bruises and is a little swollen.

And the corners of her lips... The

girl just sat on the hospital bed with no image and looked at Christopher.

Christopher suddenly laughed in his heart.

Laughed a lot.

This is the only time in the past two years that he has laughed very happily from the heart.

He thought, how can there be so many all-round beautiful women in this world.

However, with such a firework smell and a stinky body, she almost became too ugly. How can a girl with such an ugly appearance be so cute and painful?

"You, are you awake? Are you laughing...what are you laughing at?" Galia scratched her head and asked Christopher uncomfortably.

After all, Christopher couldn't help laughing out his voice: "Look at the saliva at the corner of your mouth, it's all flowing into your ears, it's a long list, it's really ugly..." The

girl smiled instantly: "Ah... Ah, ah, you are not allowed to look at me!" The

little girl got down from the bed and hurried to the sink outside the ward. The moment she saw herself, she smiled again.

It takes a lot longer for girls to clean up themselves than for men.

After Galia packed herself up and went back to the ward, she saw that Christopher had packed herself up a long time ago, and then she was ready for breakfast.

"We can only eat plain porridge and side dishes for the past two days. I'll take you to have a good meal when you're healthy. I'll give you a supplement, and you'll see how thin you are." Christopher put the plain porridge side dishes in front of Galia. push over.

Galia's eyes were slightly red when she was moved.

"What's wrong?" Christopher asked.

## Chapter 2606

"Brother Christopher, in fact, we met by chance, I yesterday... I really gave you a big deal yesterday. I'm so sorry. I'm sorry, Christopher, I made you laugh.

Also, I'm actually nothing. It's

just... I owe some money, I can pay it back.

You can treat me like yesterday It 's all nonsense.

Don't take it to heart.

After we're all healed, you... hurry to find your sister, don't delay your business."

Christopher nodded: " I know, I will, um..."

After thinking about it, he said: "I am honored that you treat me as a friend, I am even more honored that you pour your bitter water with me, I think I can be competent in the future. Another occupation."

Galia asked in confusion, "What occupation?"

Christopher said solemnly, "Sister Confidant."

"Haha..." Galia smiled very happily.

"Eat quickly, it will be cold in a while."

"Yeah." The little girl lowered her head and snorted.

The two stayed in the hospital for a week, and were discharged after their bodies recovered completely.

During this period, the phone calls of Galia's relatives and friends almost exploded.

According to Christopher's meaning, except for the phone calls from his parents and his younger brother, the others will not answer.

But my mother never called.

Only Dad called once.

Dad asked Galia in a very sad tone: "Galia, tell Dad where you are? You... Did they beat you seriously? Dad go and fight them! Just go to them!"

"Dad." Galia's calm tone was clearly crying: "Dad, you are so old, you can get sick less often and take care of yourself, it will reduce the burden on me. They are my mother's relatives. If you fight with them, my mother should get angry again.

So Dad, don't worry about this, I can handle it."

The old man on the other end cried and cried: "Dad, I'm sorry for you, Dad saves more money in the future, Dad helps you pay back the money to the

child, and when the money is paid back, you can find an honest man who does his duty and start a family, have another child, and the life will go on slowly.

Don't think too much. , just think about having a good life."

Galia's tears also fell instantly: "Dad, I will understand later. You don't have to save money for me, I can save money myself, and now I work better than before in the past few years. If I look for more, I will have a job during the day, and I can also deliver a nighttime takeaway at night. I think it should not be a problem to earn more than 10,000 yuan a month.

I will be able to pay back the money I owe in two years.

Dad, you will later Okay, don't be lazy, save up the money to build a house for my brother.

If my uncle's family takes away our house, we have to have a place to live."

The old man on the other end blamed himself: " Dad knows, tell Dad where you are now? Dad needs to know if you are safe or not?"

Galia smiled with tears in her eyes: "Dad, don't worry, I'm safe, I won't put me in any danger, No matter how bad it is, I can still call the police, don't worry about me, just take care of yourself. Okay."

"Okay." Dad said in a choked voice.

After a pause, Dad asked again, "Your mother, did you call you?"

Galia smiled sadly: "My mother's eyes and hearts are always only her siblings and her siblings' children, how could she possibly call me."

Dad: "... .."

"Don't be sad, Dad, I'll hang up if I'm fine. I have something to do here." Galia hung up the phone when she saw the doctor who was doing the rounds.

Since my father asked her about her condition, my father would make a phone call every day to ask her about her condition.

I also ask every day, did my mother call?

But until the day Galia was discharged from the hospital, Galia's mother did not call for a whole week.

After finishing the discharge procedures, Christopher couldn't help but say something: "I've never seen your mother so cruel, what are you going to do, go out to work directly, or go home and see your mother?"

Christopher's voice just came When it fell, Galia's cell phone rang, she picked it up and saw that it was her mother calling.

## Chapter 2607

Seeing that it was her mother's phone, Galia's face turned pale.

Her hands were trembling, and she was too late to answer.

"Who called? Or your relatives? It's okay, I'll go home with you today to solve this problem. Even if it can't be solved, it is a society ruled by law, and no one dares to rob or mess around." Christopher comforted.

Galia handed the phone to Christopher with red eyes: "Brother Christopher, my mother called."

Christopher: "..."

"Take it." Christopher encouraged Galia.

Galia took a deep breath, and after pressing the answer button, she called out bleakly: "Mom?"

The voice on the other end was also bleak and cold: "You still know how to answer my call!"

Galia smiled sadly. "Mom, didn't you call me? Are you not curious at all, am I dead or alive?"

Standing next to Galia, Christopher tugged at the corner of Galia's clothes: "Don't do this. Talk to your mother, calm down, and solve everything." Remember the website

Galia eased her tone: "Mom, are you okay?"

"It's been a week, you've been fooling around with that man? That man looks like You are older than you. I didn't react before. In the past few days, your cousin, cousin, cousin, and others have analyzed it before I understand. Are you acting as a mistress outside?"

It's the mistress of the man who took you away that day. Right?

You useless thing!

After working outside for nearly ten years, not only did you not make any money, but you also owed a lot of debt.

What do you sit in the office of a big company in a big city.

What your boyfriend is a top student in a big city, his parents have very good jobs.

You damned dead woman, why are you not dead, why are you still alive! On the other end of the phone, there was still the mother's scolding.

Galia burst into tears on the phone, and she couldn't even utter a word.

Christopher, who was listening on the side, was so angry, Galia grabbed the phone in her hand and said into the receiver, "Auntie! I really doubt that Galia is yours! "

The woman at the other end: "Who are you?" "

Christopher sneered: "The one who took your daughter away that day! "

Woman: " You're still with her! Christopher: "

Did you know that when your daughter was hospitalized, the skin on her head was broken in many places, her hair fell out several times, she was bleeding everywhere, and there were many soft tissue bruises all over her body. Fortunately, she knew how to hide. When her cousin and cousin beat her, she hugged her head and curled up.

Otherwise, her internal organs would be damaged.

When the internal organs are damaged, the human being is truly gone.

Auntie, ask yourself, do you really want your biological daughter to die?

Or is Galia not your biological daughter at all? "

"Of course she is my biological daughter!" It's my daughter who was conceived in October! The woman at the other end was extremely angry.

Christopher sneered again and again: "Of course it's your daughter!" Your daughter did not come into this world of her own accord! It was you who gave birth to her in October! She has your blood all over her!

From the day you gave birth to her, you are obliged to educate her well, teach him how to be a man, and teach her to study hard! Teach her how to protect

herself. Since you have given birth to her, you are obliged to love her and give her the maternal love that a mother deserves!

Did you give her this? "

"You nonsense! Which mother in this world doesn't love her daughter! But my family is poor! I don't have so many things to hurt her, so I don't want to hurt her anymore? She really has no conscience, she can even say that I don't hurt her.

I've said it all, their family surnamed Yan are all such scumbags!

Next work!
