

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2672

At

that moment, Liao Jie wanted to strangle Galia to death.

But he didn't, he was a very good young man, and he resigned from the company.

Feeling extremely depressed, in order to relax and not want to stay in this sad place, after Liao Jie resigned, he went north to Kyoto, where he studied for a year.

A year later, he forgot all the sad things, and his mood improved, so he returned to his parents' house with his suitcase.

Who knew that before entering the community, Galia was entangled.

At that time, Galia was ragged, tattered, and stinky.

When Liao Jie met Galia again, he almost scared his soul away.

"You...how are you so haunted! We've broken up! And there's nothing between us! We've never lived together once! You have nothing to lose! Please stop pestering me! We I can't be with you until I die just because I'm in a relationship!"

My whole life can't be ruined in your hands, right?" Liao Jie explained to Galia very helplessly.

Galia didn't listen.

She cried and said to Liao Jie, "Liao Jie, although I deceived the company and made a fake degree, you can see my work ability. Except that I don't know English, I also know all the others. Very good.

I can still find a good job that matches you. Do you believe me?

I am with you, washing your smelly socks and washing your clothes every day, I am very happy, we are together You never have to worry about me, do you?

You can play basketball to your heart's content every day, you don't have to coax me, you don't have to care if I'm happy or not, I'm your little Genban on call.

As long as I can see you every day, I will do anything for you.

Liao Jie, although I lied to the company, and although I am not highly educated, I truly love you.

Don't you give me a chance? "

"Sorry, I don't love you!" I'm so sick of you! I never loved you! I used to fall in love with you because you were good and you were obedient! You are willing to follow me, help me look at my clothes and shoes, and help me clean up my smelly socks!

Do you know why I have been with you for more than a year, why I rarely watch movies with you, and why I never live with you, not even once?

That's because I didn't even think about whether I wanted to marry you!

I didn't think about it, because I don't love you!

I can't think of a reason how to reject you.

it's good now! We are even!

You lied to my company, you made a fool of yourself in the company, you said you didn't lie to me, did you lie to me? You told me that you graduated from college, but you only have junior high school!

You are not lying to me, what are you?

And because of you, I lost a job with my great future, and we are now even!

From now on, we don't owe each other!

If you pester me again, believe it or not, I will call the police and send you back!

If you are still not convinced, I can send you to a mental hospital!

Don't think that I can't be so cruel, my family background, I still have a little ability!

Galia, stop pestering me!

I'm sick! "

After putting such harsh words, Galia finally left his home.

Since then, Galia seems to have disappeared, and he has also changed his mood and changed his job. In the past five or six years, he has been on the rise with his own efforts, and occasionally thinks of this woman during this period.

Every time it's a shot of a woman washing her smelly socks.

He will sigh with emotion that life cannot be both.

His current girlfriend has a very good family background and loves him very much, but she will never wash his smelly socks again, and she has to act like a spoiled child from time to time.

But so what?

His life is still wonderful, especially after being hooked up with the Fu Group, it will make him soaring.

But he never thought that he would meet his nemesis, Galia, in the Fu Group.

Since he is the enemy, don't blame him for being ruthless, Liao Jie said to Galia with a sneer, "Galia, I am determined to win the Fu Group. Since you don't know how to praise, then don't blame me for being ruthless!"

Chapter 2673

Galia was not shocked by Liao Jie's harsh words.

She is calm.

She was keeping in mind what Arron said to her: "Others are ruthless, you are more ruthless than him. Only you can win by surprise."

Besides, as far as work is concerned, she believes that she does not harm others.

Until this moment, she is still very sincere. As long as Liao Jie is willing to cooperate with the Fu Group, if it can achieve a win-win situation for both companies, she will definitely help and do her best to facilitate it.

Isn't this sincerity?

Since he has a clear conscience, why are he afraid of Liao Jie?

"Mr. Liao, you...don't be merciful, we are a cooperative relationship, and both of us must restrict each other to be as transparent as possible, such as quality, such as quotation, such as production volume, production duration,

and payment speed.

For us, of course, we ask that your quality quotation, production and delivery time can satisfy us. In this regard, I will not be merciful. Remember the URL

, but for you, the speed of payment, in the future The greater the amount of cooperation, is your restraint and supervision on our company. The tighter your restraint, the stricter the supervision, and the more ruthless the more ruthless, the more we can promote development.

Isn't it?

Mr. Liao, you don't have to . Show mercy.

I won't either."

"You..." Galia's words left Liao Jie speechless.

That little white flower back then had been around for five more years than before, and she has become so old now!

The tricks are even better.

Yesterday, Mingming had promised Liao Jie that she could resign because of him.

Now it seems that she is all a liar!

She is delaying him, she is still lying!

"Galia, don't pretend to be confused! You know what I'm talking about is not business! I'm talking about the relationship between me and you back

then! It makes it impossible for us to have a cooperative relationship!" Liao Jie directly asked Clearly said.

Galia sighed, her tone not fluctuating at all: "Mr. Liao, for now, I have long since lost that relationship with you, I don't understand, what do you mean by bringing up old things?"

Now ? , you have a boyfriend, you have a girlfriend.

Even if we don't have boyfriends and girlfriends, we don't care, right?

Since we don't have any relationship in private, then we only have one relationship left, which is the company's official business to the company. Relationship, since we have only official relationship and only cooperative relationship, do you think it is appropriate for you to talk about personal relationship with me now?"

"Okay! Good! Very good!" Liao Jie was completely irritated, but he had a completely Can't feel fire.

He was stunned for a long time before saying another sentence: "Since you are so quibble, and you don't want to face up to our previous relationship, then we really can't cooperate!"

Galia, I can't cooperate with Fu Group!

Galia replied without thinking: "Yes! Since that is the case, we will start the next round of bidding from tomorrow. I believe that the country is so big and the fashion industry is so developed, we will definitely be able to find a company that is better than yours A suitable partner.

Now that Mr. Liao has decided, I respect your opinion.

Anyway, we haven't signed the contract yet, and there is no breach of contract.

Chapter 2674

Mr.

Liao, if you have nothing else, I will hang up. "

Speaking of words, Galia didn't even give Liao Jie a chance to refute, so she took the initiative to hang up the phone.

Who knew that Galia's cell phone rang again as soon as she hung up the phone.

She didn't want to connect, but she saw that the call was actually Shen Shen . When Suzi called, Galia immediately answered: "Hey, Sister Suzi, is there anything else you have to do? At the

other end, Suzi was extremely apologetic: "Galia, I was in a hurry when I talked to you just now, and I didn't leave you for dinner at home. My only father and I are very sorry, Galia, when you come on Sunday, come here." Eat at home?

After hearing this, Galia was very moved: "Sister Suzi, thank you, it's not that I don't go to your house for dinner, it's that I go to Galia's parents every Saturday and Sunday, one day, to try my best to be able . I have done all the work for them, and one day I have to go to Christopher's parents to accompany them.

Christopher is not at home all the year round.

The four old people are very lonely. "

Suzi said with relief: "Yes, if the four old people hadn't been with you, I really don't know how they lived. Look at me, three children are by my side, and I also have an old mother who is getting older and older. Rayna also has two children. This is not the third one who has just been born. The time we go to Yan's house is not as fixed as yours.

You are a good girl.

come on! "

Suzi made this call to Galia, in fact, the main meaning was not to invite Galia to come to the house for dinner.

She invited Galia several times, but Galia refused very firmly.

Suzi knew that if the little girl didn't want to, or felt uncomfortable, don't force others.

The reason why she is making this call now is actually to give Galia an encouragement and want to add another layer of encouragement.

She wanted to completely build up Galia's confidence and make Galia a real powerhouse from her heart. Because just now, Arron discussed something with her.

"Suzi, Galia is a really good child. You and I both know that she has 110,000 flaws, but she is very vegan in nature and soft-hearted. Such a soft-hearted person is most easily influenced by others. You don't think she has gained strength with us today, like she has gained a new life. But

if time passes for a while, if there is some external pressure, or other people's gossip or something, maybe she will still be shaken, She will be overwhelmed. She

will lose her direction."

Suzi also nodded worriedly: "Yes, this child is too pure and kind, is it her fault, she will be nervous at the first moment, and she will think about it the first time. Is it her own fault?"

In fact, I have thought about this situation. In the final analysis, there are two points.

One is that her mother has planted the seeds of inferiority and self-blame in her since she was a child. Once there is a bit of trouble, she feels that it is hers. Wrong.

Secondly, there is another point, that is the company she entered for the first time with a fake degree.

When I heard Christopher tell me about her various situations in that company, I felt that the boss of that company is it too much to look at people's dishes and brainwash people too much?

In fact, no matter how bad Galia's interpersonal relationships are handled, her work ability is obvious to all, why should she suppress her in terms of self-confidence and self-esteem

? You all think she is unqualified, not good, and does not benefit the company at all, so why did she not get fired after working in the company for three years?

Obviously, they know that Galia has created value for them !

They are very clear.

Knowing Galia's abilities, and suppressing Galia like this, caused Galia's self-confidence to collapse to the point where it almost became too much, this is really irritating! Mentioning this ,

Suzi was extremely annoyed.

Seeing his wife's annoyed look, Arron said lightly: "So, the bell still needs to be tied to the bell. Whether Galia can get out of her own heart disease depends on that." Heart medicine heals, doesn't it? "

Suzi glanced at Arron blankly: "You mean..."

Chapter 2675

Arron nodded: "Yeah!"

Suzi hesitated a little: "Shaoqin, will this... ..Too cruel to Galia? You can see that when she met a Liao Jie, she let her build up her confidence for a year or two, and all of a sudden it was messed up again.

If you let her...

we are Help her, or destroy her?"

Arron sighed: "Suzi, you and I both know, how can there be so many good opportunities in this world? How can there be so many people who meet a rich man today to help me pay off my debt, and tomorrow there will be another one? A Prince Charming took me home. The

day after tomorrow, an ambulance took me to the world's top hospital and cured my eye disease.

Those are fairy tales.

All the people living in this world, I have to face the cruelty of society.

Everything I got in the past was achieved with my own hands, and I didn't have so much luck.

I am like this. Remember the website, so are

you. The

reason why you have experienced so much It is not by me, not by Joan, not by Sanford, not by Darius.

You are dependent on yourself.

On the contrary, the reason why Joan has become so good today is because The perseverance you have instilled in him.

Sanford spent his life to save you back then was also repaid by your perseverance and your kindness to others. Conquered by action.

While Sanford saved your life, he also saved his own soul.

isn't it? "

Suzi looked at her husband tenderly: "Shaoqin, you are the person who knows me best in this world. If I told the world now that I did not depend on others to survive, but on my own perseverance and vitality, how many people would believe it?

I'm afraid not.

But as long as my husband knows that I do live on my own, I'm content. "

So, I am fortunate to be your husband. Arron kissed Suzi's forehead and continued: "So, even the wife of Arron, the richest man in Nancheng, survived by himself.

Do you think there is a call in this world?

No.

In this world, everyone can only save themselves by themselves.

If you want to make yourself invincible, you have to be like you and make yourself strong inside!

So Galia had to pass this level.

If she can pass this level, she will be invincible in the future.

If Galia wants to pass this off, that's fine.

Because most of the world is ordinary girls.

If she can't get past this level, isn't it still us?

Let's wait and see what happens, and then support her behind her back. what do you think? "

Suzi smiled and joked: "You are the head of the family, and everything listens to the head of the family!" "

Then she took out her mobile phone: "I want to call Galia now to increase her confidence psychologically." Arron nodded: "

Okay!" "

This is the real reason why the couple called Galia. On

that end, Galia was really confident.

Her tone was very brisk: "Sister Suzi, thank you for treating me as a friend. Mr. Fu's advice to me made me feel empowered.

Besides, I immediately applied what I learned."

Suzi was stunned for a moment: "Huh?"

Galia smiled and said, "I've already used it."
