

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2702

I did not expect that after you left my company, it will intensify to harm another company.

You even sold the core content of another company?

Galia, when you were in our company, I didn't discipline you properly! In the end, I was too lenient with you. Your behavior was so bad at the time, I should have sent you to the police station! Lin Dazhou 's

remarks shocked the audience.

Galia didn't waver at all.

She lowered her head and played with her mobile phone. After a minute or two, she looked up at Lin Dazhou and asked casually, "Then Mr. Lin, please tell me." , I was in your company at the time, what shameful or criminal things did I do?

You might as well say it straight.

Lin Dazhou was stunned.

He didn't expect Galia to react like this. Based

on what he knew about Galia, when Galia saw him get angry like this and heard him expose her scandals one by one, Galia should have been Fearful, she will be like a shrinking tortoise, shivering and not knowing what to do.

But Galia is not the kind of performance she used to do.

She is very calm, not even once.

Galia used to be extremely afraid of him as the boss, yes It is sincere and fearful .

Now Galia is no longer afraid of him, let alone fearful.

This made Lin Dazhou feel a strong sense of frustration that he lost face.

"You! "He raised his finger angrily and pointed at Galia: "You're good at it now, don't you dare to talk back to me!" "

"Then who are you? I dare not talk back to you?"

Are you... the emperor?" Galia asked with a smile.

"Okay, very good!" Lin Dazhou also sneered, and then looked at the people sitting: "I think you must not know what this woman did!"

His tone was obviously excited: "This woman, she is a After graduating from junior high school, when she came to my company to apply for a job, she actually said that she was a college student, and she actually deceived me.

As a result, I recruited her to our company, and she began to be a frequent demon in our company

. She was unqualified everywhere, and she framed others

everywhere. She quarreled with colleagues everywhere, and everyone in the company was offended by her!

In the end, she also blamed rogues.

Her behavior was so low that everyone in our company looked at her. It's like watching a monster. She is a wonderful flower among wonderful flowers.

I don't know when she joined the Fu Group.

Now that I know it, of course I won't let her go unpunished like this.

I solemnly say to you , she, Galia, is a liar with extremely low-level behavior!

When she left my company, she cost my company hundreds of thousands of millions, and later went to another company, and she took the core of that company. The documents were sold.

She was still pestering her ex-boyfriend!

She went to that company with a fake resume.

She was obviously a junior high school student, but she said she graduated from college and her professional knowledge was solid.

That's it, abruptly She deceived the company again, and the ex-boyfriend who also harmed her was severely injured. She hid outside for a year. As soon as they came back, she rushed to pester them!

All of this was done by this woman!

If I guessed correctly, when she joined this company, she must have a fake degree and a fake resume, saying that she was a college student, but she actually did not graduate from junior high school.

If you don't believe me, you can rely on her English.

She doesn't even speak a word of English! After some words ,

Galia did not have a role to play.

However, she was still able to stabilize. She looked up at the door, suddenly got up, and walked out two steps, when she saw the foreign leader who had just arrived. Lin Dazhou was stunned for a moment, and then laughed.

This was really a coincidence.

He wanted to communicate with Galia on the spot. Lin Dazhou was still thinking, but he wanted to see how Galia was hiding this time. I got past it.

But I never thought that Galia greeted the foreign person in charge in stray English as soon as she opened her mouth.

Chapter 2703

There are several meanings in Lin Dazhou's eyes, some are contemptuous, some are determined, and some must not forgive Yanyan lightly. Meaning, he looked at Galia like this: "Your foreign person in charge is here. Last time, you dismissed the foreign person in charge in front of Mr. Liao.

This time, it is not so easy for you to support him again. Open.

Galia, since this foreign person in charge is with you, please communicate with him in front of us!"

Lin Dazhou said these words, as if he is still Galia's. Like a boss.

It was as if he could still control Galia's life and death.

Galia raised her eyebrows, looked down at the document in her hand, and then looked up at the foreign person in charge who just came in.

She smiled at the man.

The foreign person in charge also smiled at Galia.

His smile is bright.

Then, he opened his mouth unexpectedly and spoke a long string of English. His speech was so fast that everyone present could not understand what he was saying. Remember that

among the people present at the website, there are many outstanding people who can only speak English and major in English listening, speaking and writing.

Among them, Liao Jie's English level is particularly good.

But, except for Galia, none of the people present could understand what the foreign person in charge said.

Many people looked at the man suspiciously.

Does he speak English?

Lindazhou was also stunned.

He really didn't expect that the English of this crooked nut is like a book from heaven?

Are you sure you speak English?

Lin Dazhou looked at Galia suspiciously, but Galia had already spoken.

She spoke a long series of English to the other party, all of which were standard British English. The colloquial language, the fluency, the pure British taste, the confidence and indifference made the audience stunned.

However, one person was not stunned.

It was the foreign person in charge. He smiled and looked at Galia, nodding incessantly.

After nodding, the crooked nut looked at everyone present and said in extremely poor Chinese: "Hello everyone, my name is Louis, I grew up in Guyana, South America, and my English is not too standard

. I have been to many places, and when I communicate with people, language is a barrier.

But only with Galia, she can understand the English I speak, and her comprehension ability is very good.

This is why our company decided to communicate with Galia . The reason for the cooperation.

I don't know what happened between you two?

There are so many people who want to listen and watch me and Galia communicate?

If you can understand the English I speak, I don't mind talking to you in English Communication, after all, I speak our local English very fluently." After speaking,

all the people present were stunned.

Then, some people blushed.

Some people sneer.

Some people mourned.

Of course, it was Lin Dazhou and Liao Jie who were blushing.

Lin Dazhou and Liao Jie never imagined that Galia could speak English so fluently that she was literally kneeling.

this woman!

When did you learn such fluent English?

It really caught them off guard!

And those who sneered were all colleagues and leaders of Galia's department, including the director, because everyone in Galia's department knew how Galia got the job, and knew that Galia had never cheated. It was one step at a time, climbing up abruptly.

And those who are sighing are the top executives and leaders of the Fu Group company.

They didn't know Galia's origin, and they didn't know whether Galia's academic qualifications were fake or not. They were very angry at first. How could the Fu Group have such a black sheep as Galia?

But when they heard Galia's fluent English, they instantly respected Galia.

What makes them even more awe-inspiring is that Galia can understand the other party's English with such a poor hometown accent, which is not something anyone can do
