### **Chapter 2790 – 2791**

#### Chapter 2790

Mi Lu looked at Suzi proudly: "In the northwest, I even helped people chop wood, do you believe it? It's just with a child on my back and a child in my arms. After I finished chopping wood, I carried it with both hands. , I can probably sell it for two or three dollars for a trip. I just saved it little by little. In half a month, I saved enough to travel from the northwest to the ancient city of Xijing.

Then, I settled in the ancient city of Xijing. "

"That is, where did you meet Mi Qunli?" Suzi asked.

"Yeah." Thinking of Mi Qunli, Mi Lu sighed for a while: "The Galia who lives in my house, I can tell that she is Mi Qunli's voice. When she took me in, I thought I met a good person again. , because....."

"Why?" Suzi asked.

Mi Lu laughed at herself and said, "Because I have always met good people since I was a child, except for the incident where I was kidnapped to go abroad this time, the rest are the powerful and good people I met.

You are a good person, Rayna is a good person, Ming Zhen is a good person, the couple from abroad are good people, including the man who kidnapped

me, in fact, he is not too bad, his wife is also very good, I really never Never met a bad guy.

Mi Qunli has always been very kind to me, and I didn't have any defense against her.

I told Mi Qunli all about my past and my experiences.

But I didn't think that I met a wolf this time!

A wolf that will kill people outright and occupy the magpie's nest! "

Suzi's eyes also became fierce: "It seems that this woman came prepared, and she is bound to get it, or she wouldn't look like you, would she? And the doctor in the hospital, if I guessed correctly, Mi Qunli should have bought it, and now Mi Qunli is at your parent's house."

Mi Lu immediately became anxious: "No, Suzi, no, although Mi Qunli has made her look like me, she is not me after all, she will harm my parents, she will take my coffin book, and In the past few years, Mingzhen has defrauded all the property of my parents, and my parents will have no money for retirement."

Suzi smiled: "Silly girl, how come your parents are short of pension money, you don't know yet, your brother is now one of the five directors, and the annual dividends are more than one billion.

And me, and Ming Zhen.

There are many people who care for your parents, so you don't have to worry about your parents' retirement. "

Mi Lu cried anxiously: "Suzi, this is even worse, it's even more obvious, that Mi Qunli, that group of them are coming for my brother, for you, and for A Zhen.

Is it? They want to control my parents first and then threaten you with my parents. They have a big conspiracy, Suzi."

Suzi looked at Mi Lu with relief, raised his hand, and stroked Mi Lu's cheek: "Silly girl, you have finally become wiser, and you have finally become defensive, you are right since Mi Qunli spent money So if you try to make yourself like you, she is definitely not just here for your parents' pension money.

How much money do your parents have in retirement?

A few million at most.

How could she put so much thought into it?

She just has big plans!

I want to use your parents as bargaining chips to threaten me, Ming Zhen, and your brother. Even if she just wants to completely replace you, it is possible to marry into the Shu family and become the real young grandmother of the Shu family. "

"Then...then what should we do now?" Mi Lu's anxious tears fell.

Suzi sneered: "What should I do? Just plan!"

## Chapter 2791

Seeing Suzi's expression, Mi Lu smiled: "Suzi, you have the most ideas, you must have a way to treat her, right?"

Suzi looked at Mi Lu seriously: "Galia, I have to grieve you for a while now, we... I'm talking about all of us, we can't recognize you for the time being, it may be superficial. Come on, we have to..."

"I understand, I understand! I know Suzi, I will cooperate." Before Suzi could finish speaking, Mi Lu nodded desperately.

Suzi hugged Mi Lu in his arms: "Be good! If you persist, we will definitely wipe out that group of people!"

"I will persevere! No matter how long I will persevere! I will persevere for one year, ten years, even for a lifetime, it doesn't matter, as long as you recognize me in your heart, I will be very satisfied." There was a smile on Mi Lu's face.

Suzi looked at Mi Lu distressedly: "Ming Zhen...I won't come to see you during this time, and your parents..."

"I know, don't let them come, I can bear it, otherwise the acting won't be real." Mi Lu said firmly.

"Okay, that's it. The doctors and nurses here will take care of you for a while. If you need anything, you can call the only one. Remember to start at seven in the morning, after eleven at noon, and at one in the afternoon. Before, and after 4:30 in the evening, as long as you called the only one, that is, as long as it was not the only class time, you could call the only one.

After all, the only one is a student, she is in school, and no one will notice her.

Understand? "

Suzi explained Mi Lu carefully.

Mi Lu said with a gratified smile: "I didn't think that it's been a few years since I haven't seen you, and the only one who has become such a useful person. It's great."

"We're leaving, you have to promise more," Suzi said indifferently.

"Well, I will take care of myself." Mi Lu said firmly.

Suzi and Pan Mingsai didn't spend much time in the hospital, so they left quietly.

It was already out of the hospital door, and Suzi was still crying, Pan Mingsai looked at Suzi with a smile: "Auntie, I have never seen you cry, you are a woman who does not cry, you are in my heart. It's Iron Man, why are you crying?"

Suzi looked at his niece angrily: "You child, you don't know that everyone in this world has developed lacrimal glands. It's just that many people have the conditions to cry.

Some people just don't have the conditions to cry.

Back then, I went up the mountain of knives and went down the sea of fire, but I basically didn't cry. What's the reason for that?

Because crying is useless, because there is no time to cry, if I spend a little time crying, I may die in a sea of swords and flames. Now life is good.

My life is good, but Galia..."

Thinking of Galia, Suzi's tears seemed to burst.

She choked up for a while before she said to Ming Sai: "Ming Sai, you know aunt... When I was brought back to Nancheng by your uncle, do you know how lonely and helpless I was? I think about it every day. It's not how to live, but how to die.

Every day is a day to die.

But on such days, God let me meet Galia.

She is so sunny, so happy, like a little sun, she is not afraid of power, she is not complicit with anyone, she is a clean spring.

When you see Galia, you know that the world is actually beautiful.

Galia is the source of my happiness.

In contrast, Rayna is not.

At that time, Rayna bullied me, and everyone in the company bullied me, except Galia, who swears to stand by my side.
