I am a quadrillionaire chapter 2006-How would he explain to Alba and the others then?

David did not want to be called a liar.

Even if they did not dare to say it out loud, they would still feel that way.

“Miss Fellowes, urn... Didn't your grandmaster say he would immediately gather all the member of the Fellowes family to fight to the death with the Palmore family? It's been three hours, so why are there no updates?” David finally asked. He could not bear it anymore.

“Master David, there are a lot of people in the Fellowes family, so it will take some time. But don't worry, Grandmaster will notify you and your master after he is ready,” Alba replied respectfully.

“Um... Miss Fellowes, I'm fine but my master has limited time. So, can you urge your grandmaster to hurry up?”

Otherwise, if my master gets angry and leaves, I won't be able to persuade him to come back.”

“Ah, M-Master David, wait a moment, I'll contact the grandmaster immediately and tell him to hurry up.”

Alba was horrified when he heard that David's master might be leaving.

This old man was the hope of all members of the Fellowes family, so he could not leave!

If this old man left, the Fellowes family would be completely doomed.

Alba panicked and was about to get up and go out to find the grandmaster.

At that moment, Zenon's voice started ringing over the Fellowes family.

“The Fellowes family, you should surrender! You won't have a chance, so hand over everything and become slaves of my family. If you do that, I will spare your life. If not, you will be killed without mercy!”

Upon hearing this voice, David was overjoyed.

'It's time!'

In order to make this look more realistic, David yelled.

“Hey, Old Man, it’s your time to shine!”

“You brat, can’t you be more respectful?” An old voice said from the next room.

Boom!

With a loud bang, the clone rushed out.

Then, David hurriedly led Alba to follow.

Not long after Zenon finished speaking on the Fellowes Square, a figure emerged from the Fellowes family complex and rose to the sky.

At this time, David’s clone was still bent and hunchbacked.

He was wearing a silver mask while holding a long sword with a blue halo in his hand.

That sword did not look ordinary at first glance.

It was the Ice Soul Excalibur that David took from the Iridescent Sect.

David’s clone stood above the Fellowes family, exuding the energy of Sacred Saint and resisting Zenon’s killing intent.

The existence of the clone also shocked all of the Fellowes family members in the square.

They raised their heads in disbelief, looking at the hunched figure in the sky.

‘The grandmaster was right.

‘He really got the help of a Sacred Saint.

‘The Fellowes family is not doomed.’

At this moment, the Fellowes family members felt infinite hope ignite in their hearts.

Cedar stared closely at David’s clone.

He knew that this was not the time to be happy.

Sacred Saints also had different strengths and weaknesses.

If this guy was only in the beginner or mid-Sacred Saint Rank, then he was definitely not Zenon’s opponent.

However, that was not what worried Cedar the most.

If David's master wanted to firmly stand on the Fellowes family's side and swore to live and die along with the Fellowes family, Zenon would have to weigh the pros and cons so that he would not do anything too extreme.

After all, David's master was also a Sacred Saint, so Zenon could not kill him.

The Palmore family would also suffer if they had a Sacred Saint eying them from the dark.

This was also the reason why Sacred Saints could live in peace and become the top power of Star Kingdom.

It was too difficult for a Sacred Saint to kill another Sacred Saint.

Even if they were a peak Sacred Saint, they would also need the right time, place, and people to be able to kill a beginner Sacred Saint.

Otherwise, they should not even think about it.

What Cedar was really worried about was that David's master would take David away without caring about the fate of the Fellowes family after learning about Zenon's strength and his identity as the head of the Saint Association.

If that happened, the Fellowes family would once again be doomed. 1

By then, it would truly be the death of the Fellowes family.
