

## Chapter 5584

Revender hurriedly said, "My lord! If something happens to Jermo and Jeremiah today,"

"The subordinates can be sure that the person who killed them is the same as the person who killed Jarvis,"

"And the one who rescued An family in New York."

"The people who set up the family and the people who rescued Maria in Northern Europe are definitely in the same camp!"

"In this way, it also proves that the other party is not just a person, but a huge organization like the Warriors Den!"

"They are not only traditional masters like monks, but they are also proficient in the use of modern weapons such as close-in defense guns,"

"Which can be said to be comprehensive development."

"If the opponent is allowed to develop further, it will definitely pose a great threat to the future of the Warriors Den!"

After a pause, Revender continued, "Moreover, in the recent period, they have been winning one after another,"

"And they are on the verge of breaking through."

"If we don't kill them, I'm afraid there will be even more trouble in the future!"

"Lord, this crisis is unprecedented, you can't hesitate any longer!"

Victoria fell into a moment of silence.

Revender's worry made her anxious and apprehensive a little bit more.

She also knew that what Revender said was not unreasonable.

If she really allowed the other party to continue to grow in secret, it might be a huge threat to herself in the future!

Thinking of this, she gritted her teeth and said,

"Immediately notify the Chinese military governor's office and ask them to send their best scouts to Aurous Hill by plane to investigate!

"For explosion traces, after dawn tomorrow, as long as they fly over Wanliu Villa,"

"They will definitely be able to find the explosion site!"

"If it is confirmed that Jermo has been killed, I will let the three elders go out!"

"Let the three of them go to Aurous Hill, and work together to find that man,"

“Tear his body into pieces, and put an end to future troubles forever!”

... On the other side.

The helicopter piloted by Maria has already flown directly above the center of the explosion.

Since Charlie had already taken the reshaping pill, he could hardly move his body,  
So she flew the helicopter, turned on the searchlight of the fuselage,  
And flew around the entire valley at a low altitude with the nose tilted downward,  
While checking the following situation.

At this time, Charlie was feeling the repair and reorganization of bones, organs, muscles, and meridians in his body.

Fortunately, his injury was not as serious as Duncan's back then, so the whole process was much faster.

At the same time, Jeremiah was like a song in the natural crevice formed by a boulder shattering on the edge of the valley,

Listening to the roar of the helicopter in the mid-air of the valley, feeling uneasy.

Right now, her body has been severely injured, her meridians, dantian, and even her internal organs have been severely injured.

She climbed under this boulder to take shelter temporarily after going through a lot of hardships.

Originally, she planned to hide here, recover a little in a few days, and then find a way to leave.

In her judgment, although that Charlie saw her at the moment of the explosion,  
But the power of Jermo's explosion was so strong, Charlie must have only found a dead end.

Therefore, she can also conclude that no one on the other side knows her existence,  
And she can heal her wounds here with peace of mind.

But she never expected that just as the wishful thinking started,

Another helicopter came, and the helicopter had been circling in the valley as if looking for something.

She thought to herself, “Could it be that those people couldn't find Charlie and were unwilling to give up, so they came to look for him again?”

Thinking of this, she felt a little relieved, and secretly said, “As long as they don't come to me!”

Immediately, she suddenly thought of the Lord, and exclaimed in her heart, "Today Jermo blew himself up, and I disappeared with him."

"The Lord will find a way to investigate clearly, and I must not let her know that I am still alive!"

So she took out his cell phone.

The phone was completely broken and deformed at this time, and even the battery was bulged due to the deformation.

Seeing this, she finally breathed a sigh of relief,

Thinking that it would be impossible for the phone to continue to report her position to the lord.

about ten minutes later, Charlie finally recovered from the effects of the Reshaping Pill.

He twisted his neck and stretched vigorously in the narrow cabin.

He no longer looked seriously injured or weak.

Maria on the side exclaimed again and again, "My lord, have you recovered?"

Charlie nodded, and said, "The body has recovered, but the spiritual energy has not yet."

As he spoke, he took out two more cultivation Pills and stuffed them into his mouth.

Once the elixir entered the abdomen, it turned into a pure aura and spread to the whole body along the restored meridians and dantian.

Charlie felt the surge of aura returning, and he immediately felt an indescribable comfort.

Maria on the side felt that his body was filled with spiritual energy again, and said in surprise,

"It seems that the young master has fully recovered!"

Charlie nodded slightly, and couldn't help sighing, "I have recovered, but the ring probably needs a lot of money."

"This can only be done slowly."

Then, he asked Maria, "Did Miss Lin find anything in this valley?"

Maria said, "I just swept around a few times at low altitude, but I didn't see Jeremiah's body."

“There is a high probability that she is still alive. Moreover, when I was flying at low altitude,”

“The strong wind from the helicopter could blow away the vegetation.”

“After several inspections, the flat area of the valley should not be able to hide people.”

“The place is surrounded by mountains. Jeremiah should have been seriously injured.”

“The possibility of her climbing out of the mountain by herself is almost zero,”

“And there is a high probability that she is hidden at the foot of the surrounding mountains,”

“We can go down and look for her carefully.”

Charlie nodded and said in agreement, “Your speculation is very good. Reasonable, since this is the case,”

“You will bring the helicopter as low as possible to the foot of the mountain,”

“And I will use my spiritual energy to investigate.”

“Okay!” Maria immediately lowered the height of the helicopter to the lowest level, And flew slowly, almost touching the treetops at the foot of the mountain.

And Charlie released an aura around his body to perceive the whereabouts of Jeremiah.

At this moment, Jeremiah was at the other end of the valley.

Seeing that the helicopter not only didn't go away but started to lower its altitude, And approached her direction a little bit along the foot of the mountain, her heart rose in her throat instantly.

She is very clear about her current situation.

If someone finds out, she doesn't need any experts. A ten-year-old child can easily kill her.

Moreover, she is also very clear that if she falls into the hands of An family, the end will only be even more tragic!

Because the Warriors Den killed Margaret and her husband Changying, 20 years ago,

And buried a secret thread in the An family for 20 years, and even tried twice to destroy the An family.

Moreover, Margaret and Changying's son also died under the power of Jermo's self-destruct today.

At this time, the An family must regard the Warriors Den as the mortal enemy among the mortal enemies.

If she was caught by them, wouldn't she only have a dead end? !

Nervous, she moved her body with difficulty to hide herself deeper,

Hoping to use the cover of the boulder to escape the detection of the opponent's helicopter.

She thought that the other party was just an ordinary person who didn't understand aura,

And that the other party was definitely not looking for herself, but Charlie,

So she concluded that the other party would at most check for Charlie's whereabouts on the helicopter,

And would not pay attention to the bottom of the boulder for someone hiding.

But where did she expect that Charlie found her not by vision, but by the perception of aura!

Maria flew the helicopter to search all the way along the foot of the mountain.

When the helicopter was still two to three hundred meters away from Jeremiah, Charlie's expression suddenly froze.

Immediately, he pointed to the dark place in front to the left, and said to Maria, "Over there!"
