

## Illicit 111

### Chapter 111 - Ah. I'm Tired, Little Brother

After working for several hours, Xiao Tian looked at the clock. "It's already 06:00 pm."

Because he worked hard, he didn't realize that it was time to go home.

"Little brother, are you still working?" Shi Fei said after knocking on his office door.

"No." Xiao Tian replied, "Come in."

Shi Fei entered his office and immediately sat on his embrace.

"Ah. I'm tired, little brother" Shi Fei said while placing Xiao Tian's hands on her waist.

"Thanks for the hard work" Xiao Tian embraced Shi Fei and leaned his head on her shoulders. Xiao Tian moved her hair to the left side and kissed the backside of her neck.

When Xiao Tian's lips were on her neck, Shi Fei slowly closed her eyes. After several seconds, she got up and dragged Xiao Tian to the couch. After making him sitting on the sofa, Shi Fei sat on his lap, facing him. She stroked his hair and looked into his eyes for five seconds.

Shi Fei then kissed his forehead, his eyes, his nose before working her way to his lips. When they kissed, they didn't immediately kiss passionately, but they only pressed their lips while still looking into each other's eyes.

They were in that position for about seven seconds before finally, Shi Fei broke the kiss. Two seconds later, Shi Fei kissed him again, but this time she kissed him hungrily as if the world will end tomorrow.

As they kissed, they started taking off their clothes, and after they were naked, they started doing shake-shake-ah-ah-things for about thirty minutes.

After taking a shower together, which ended up with them having sex again in the bathroom for another twenty minutes, they went home.

Xiao Tian immediately headed to his backyard after eating dinner with his mother and aunt.

"This is the best" Xiao Tian laid down on the mat with an electric lamps on each corner of the mat.

Lately, because he was busy, Xiao Tian rarely spends his time in his backyard.

"It's beautiful" Xiao Tian felt calm after seeing the moon surrounded by the stars. "Oh, right. Should tell mother and aunt that I was invited by Rising Stars TV show?"

Not long after that, Ye Qingyu and Ye Xueyin came and laid down on both of his sides.

"It's wonderful" Ye Xueyin stated after looking at the sky.

"Yes," Ye Qingyu nodded her head.

"Mother, aunt, today I got invited by Rising Stars TV show, and tomorrow I will go to their studio" Xiao Tian decided to tell his mother and aunt that he was invited by Rising Stars TV show.

"Wow! You're amazing, Tian" Ye Xueyin said happily. Lately, her son always gave her a surprise. From suddenly wanted to become the businessman until his business grew smoothly in a short time even though he had never done business before. A well-known magazine had also interviewed him, and now he said that a famous TV show also invited him to be their guest on their TV shows.

Ye Xueyin could hardly believe that the successful young man next to her was her son. Maybe if Xiao Tian has a different appearance, Ye Xueyin would not be able to find out that he was her son.

"It seems that you have achieved your dream," Ye Qingyu said abruptly.

"No, aunt. This is only the beginning. I will make my company bigger than my company right now" even though his company proliferated, Xiao Tian still hasn't satisfied. He wanted to make his company big enough to dominate Shanghai or even the whole of China.

"Good luck then." Ye Qingyu said

Xiao Tian kissed his aunt's cheeks and said, "Un. I will do my best."

Ye Xueyin, who saw her son kissing her little sister, was envy and said, "Tian, mother wants a kiss too."

"Un. Fine" Xiao Tian then kissed his mother's cheeks.

They were chatting until 11:00 pm before entering the house because they were sleepy.

-----

Tit....Tit...Tit....

Xiao Tian opened his eyes slowly after hearing the alarm's ringing.

"It's already 06:00 am" Xiao Tian immediately got up and headed to the bathroom.

After bathing, as usual, he had breakfast with his mother and aunt before travelling to Rising Stars studio. With Zi Yin help, Xiao Tian finally reached Rising Stars studio.

Zi Yin immediately brought him to the guest room. The guest room was around 6x6 meters with red couch, table and TV.

Upon entering the guest room, Xiao Tian saw a handsome young man wearing a red shirt and blue jeans.

When the young man saw Xiao Tian, he walked closer to Xiao Tian and said, "Hi. I'm Zhao Sheng. You're Xiao Tian, right? I've never thought that I will meet you here."

Zhao Sheng smiled while patting Xiao Tian's shoulders.

"Hi. I've never thought that I will meet you too" Xiao Tian knew Zhao Sheng because Zhao Sheng was like him, one of five talented young men who succeeded in his business. What made him curious was Why Zhao Sheng chose to become a businessman because, in Young Talented Person magazine, it was said that Zhao Sheng's family was martial art family.

"Mr Xiao Tian, Mr Zhao Sheng, I will make tea and bring some snacks" when Zi Yin was about to head to the kitchen, Zhao Sheng grabbed her hands.

Zi Yin then looked at Zhao Sheng and said, "Mr Zhao Sheng, do you need something else?"

Zhao Sheng touched Zi Yin's cheeks and looked into her eyes. "Big sister Zi Yin, you don't need to make tea or bring snacks. I will not get hungry or thirsty as long as you're near me."

"Mr Zhao Sheng, please stop it. Mr Xiao Tian is looking at us" Zi Yin did nothing when Zhao Sheng touched her cheeks. She knew that something like this would happen to her after meeting him. When she was interviewing him yesterday, Zhao Sheng also teased her a lot but thanked him; she didn't feel nervous when she was in Zhao family. To her, Zhao Sheng was a funny and interesting young man.

'What a playboy.'

Xiao Tian looked at them for two seconds before sitting on the couch.

"Don't worry about him. I'm sure he is the same as me" Zhao Sheng looked at Xiao Tian for a second before returning his attention onto Zi Yin.

"Big sister Zi Yin, how about we have lunch together later?" Zhao Sheng inquired

"I will think about it" Zi Yin immediately headed to the kitchen after freeing herself from Zhao Sheng.

Seeing that, Zhao Sheng sat on the couch.

## **Chapter 112 - Kyaaaa... So Handsome**

9-11 minutes

---

After sitting next to Xiao Tian, Zhao Sheng spoke, "Xiao Tian, how many girlfriends do you have now?"

Upon hearing Zhao Sheng's words, Xiao Tian turned his head toward Zhao Sheng and looked at him intently. He had no idea why Zhao Sheng suddenly asked that question. They had only met a few minutes ago, but Zhao Sheng spoke to him as if they had been friends for a long time.

"It has nothing to do with you" Xiao Tian crossed his arms over his chest and closed his eyes.

Seeing that, Zhao Sheng patted Xiao Tian's shoulders and said, "Hey, don't be like that! What's wrong with this cold attitude?"

Because Zhao Sheng kept patting his shoulders even though he tried to ignore Zhao Sheng, Xiao Tian opened his eyes and sighed, "Zhao Sheng, we only met a few minutes ago. Why did you behave like we are friends?"

"We are destined to be friends, you know." Zhao Sheng replied with a big smile on his face.

"Bases on what? I don't know anything about you, and you don't know me either. We don't even know whether our personality is suitable to be friends or not." Xiao Tian had no idea why Zhao Sheng insisted on becoming his friend. He was from a small family, and Zhao Sheng was from an upper-class family. He thought, if Zhao Sheng wanted to find a friend, he was sure it would be as easy as flipping his hands. For this reason, Xiao Tian wanted to know why Zhao Sheng wished to become his friend.

"Bases on what, you ask?" Zhao Sheng spoke and stopped for second before he continued, "Look here, dude. We're young, famous, handsome, and genius in business. Isn't this a sign that we're destined to befriend?"

The corner of Xiao Tian's lips twitched after hearing Zhao Sheng's words.

"Just because of that?" Xiao Tian could hardly believe Zhao Sheng's words. It was the first time he had listened to such a reason, so he thought it was hilarious.

"Yes. What? Do you think that reason is still not enough?" Zhao Sheng pretended he was surprised. He knew that he was telling nonsense, but his intention to befriend Xiao Tian was real. He had no idea why he wanted to become Xiao Tian's friend the moment he met Xiao Tian earlier.

"Look here, dude. You're from the famous upper-class family, and I'm from an ordinary family. Why did you want to befriend with me, a nobody from an ordinary family? Aren't people from upper-class families like you detest a person from an ordinary family like me and only want to be friends with people who are equal?" that doesn't mean Xiao Tian cares about upper-class families or something like that. It's just he needs to be careful in making friends, especially with people from upper-class families, because even though having friends from upper-class families has many benefits, but there are also many disadvantages. It's like a double-edged sword.

"Maybe for other people, yes, but not me. Usually, other people want to become my friend because they want something from me or my family. But when I met you, you never flatter me or try to get my good side. You even don't care about me as if I'm air to you," Zhao Sheng said honestly.

Well, you're only a person from an upper-class family, nothing more. Sooner or later, I will make my family an upper-class family too. Xiao Tian thought to himself

"Aren't you afraid I'm just pretending to ignore you to make you curious so that you want to be my friend?" Xiao Tian inquired

"Hey. I know the difference between someone who pretends to ignore me and someone who completely ignores me. So, let me ask you something. Why aren't you interested in being friends with me? Isn't having friends from upper-class families profitable?"

"You're only born from an upper-class family, nothing more. I, Xiao Tian, sooner or later will make my family an upper-class family" Xiao Tian said with determination

Zhao Sheng was happy to hear Xiao Tian's answer and became more convinced to befriend with him.

"Wow! Good ambition. So, this is the reason you chose to become a businessman?"

"Of course." because Zhao Sheng asked him about it, this was the chance for him to know why Zhao Sheng chose to become a businessman. "Why did you choose to become a businessman?"

"Training martial art every day is boring, you know. I prefer the business over martial arts," Zhao Sheng was tired of practicing martial arts every day. His family always forces him to train every day, and he will be beaten if he refuses to practice. He felt his life became boring. For this reason, he chose to become a businessman.

"I read in a magazine that you're a genius in martial art. Genius martial art chose to become a businessman. Isn't your family against it?" Xiao Tian knew that Zhao Sheng's family was wealthy and had many connections on government due to their family martial art. If he reincarnates in Zhao Sheng's body, he won't choose to become a businessman and would only spend his time playing with women. He decided to become a businessman because his predecessor wanted his family to have a comfortable life.

"They are against it. You know, I was beaten by my father after saying that I wanted to become a businessman. I even stayed in bed for three weeks because of it." Zhao Shen shivered after remembering his father brutally beat him. At that time, he even thought that his father wanted to kill him.

"So, your father still against it. What about your mo-"before Xiao Tian had finished his words, Zi Yin entered the room.

After placing the tea and the snacks on the table, she said, "It seems you two have become friends."

"Yes. We just became friends," even though Xiao Tian hasn't agreed to be his friend, but Zhao Sheng had acknowledged Xiao Tian as his friend.

Xiao Tian, on the other hand, didn't say a word when Zhao Sheng told her that they were friends.

Since you told her that we're friends, don't blame me for taking advantage of our friendship later. Hehehe. But I need to be careful too and can't be careless. Xiao Tian thought to himself.

"It's great that both of you have become friends. You two are of the same age and successful businessman too. I think if you two become friends, it will benefit each of you," Zi Yin said happily. The young men next to her were not only young and handsome but also successful young men.

They then talked for about fifteen minutes before one of the staff entered the room and told them that the filming would begin in five minutes.

Upon hearing that, Xiao Tian and Zhao Sheng were preparing themselves.

In the studio.

After everything was ready, a mature female lady around twenty-seven years old did the opening scene.

"Hello, audiences, we meet again in the Rising Stars TV show. I'm Fu Jiayi, the host of this TV show. Today, our guests are two young men who are successful in their business. They are not only young but handsome too. Do you know who they are?" Fu Jiayi asked the audiences who were watching in the studio or at home.

"No," the audiences who were watching in the studio answered at the same time.

"I'm sure you all will be happy after knowing who they are. Let's welcome our guest today, Mr. Xiao Tian and Mr. Zhao Sheng" Fu Jiayi turned around to welcome Xiao Tian and Zhao Sheng

The audiences rose from their seats after hearing Fu Jiayi's words. They knew that Xiao Tian and Zhao Sheng were good-looking and successful young man. When they saw their picture at the Young Talented

Young People magazine, the audiences were surprised at how handsome they were. The audiences had no idea that the guests today were Xiao Tian and Zhao Sheng.

Many people wanted to meet Xiao Tian and Zhao Sheng after seeing them in the magazine. That was why the audiences were pleasantly surprised after knowing that the guests were Xiao Tian and Zhao Sheng.

Xiao Tian and Zhao Sheng entered the room with a dazzling smile on their faces.

"Kyaaaa... So handsome," the female audiences said after seeing Xiao Tian and Zhao Sheng. The whole room immediately became noisy because the female audiences kept praising Xiao Tian and Zhao Sheng.

Xiao Tian and Zhao Sheng did a handshake with Fu Jiayi before sitting on the couch.

"Alright, audiences, please calm down. I know what you feel because I feel it too. I even hope that this show never end so that I can spend time with the successful and handsome young men next to me forever," Fu Jiayi said with half joke and half serious. She knew that Xiao Tian and Zhao Sheng were handsome in the magazine, but she was surprised because they were more handsome in person.

"Host, I envy you. Please switch place with me," one of the female audiences shouted until all the people in the whole room heard it.

But the people in the room didn't hate her. Even the other people began following her, asking to switch place with the host.

Xiao Tian and Zhao Sheng only smiled after hearing their words. Not long after that, the audiences stopped speaking because they wanted the show to continue. They were curious about Xiao Tian and Zhao Sheng. If they kept asking or talking, the show would not proceed immediately.

### **Chapter 113 - Because I Want To Become A Rich Person**

9-11 minutes

---

After the audience stopped talking, Fu Jiayi said, "Alright. You two, please introduce yourself."

Upon hearing Fu Jiayi's words, Xiao Tian looked at Zhao Sheng as if he was communicating with Zhao Sheng through their eyes to decide who among them would introduce themselves first.

After they nodded their heads as if they agreed on something, Xiao Tian introduced himself first, "Hi, my name is Xiao Tian. I'm nineteen years old."

After introducing himself, a dazzling smile spread across his face.

"Kya... Xiao Tian, I love you."

"Xiao Tian, be my boyfriend."

"Xiao Tian, I'm your biggest fan."

"Xiao Tian, you're amazing."

"Xiao Tian, you're my ideal man."

One by one, the female audiences expressed their admiration or love for Xiao Tian after he finished introducing himself as if they were hypnotized by his charming smile.

"It seems I can't control the excitement of the audiences today" Fu Jiayi could only smile after seeing one by one the female audiences kept expressing their admiration or love for Xiao Tian. She was unable to blame the female audiences because she was also excited after meeting Xiao Tian and Zhao Sheng.

When she knew that today guests were Xiao Tian and Zhao Sheng, she was overwhelmed with delight. For her, they were excellent young men due to their achievements at such a young age. Not only young, good-looking, but they were successful people too.

After the audience stopped talking, Fu Jiayi looked at Zhao Sheng and said, "Mr. Zhao. It's your turn now."

"Hi everyone, I'm Zhao Sheng. I'm also nineteen years old." Zhao Sheng said as he smiled

"Zhao Sheng, please look at me. I'm your biggest fan."

"Zhao Sheng, I love you."

"Zhao Sheng, you're my idol."

Once again, one by one, the female audiences expressed their admiration or love for Zhao Sheng after he finished introducing himself.

Seeing this, Fu Jiayi could only wait until the audience stopped talking.

Several seconds later, after the audiences stopped talking, Fu Jiayi looked at Xiao Tian and Zhao Sheng. "Wow! You two are still nineteen years old but already become a successful person. Please tell me and the audiences why did you choose to become a businessman? Let's start with Mr. Xiao Tian."

"Because I want to become a rich person," Xiao Tian went straight to the point.

The host and audiences laughed after hearing his reason. They thought Xiao Tian was a funny and entertaining person.

"If only to become a rich person, why didn't you choose to be a model? I'm sure it's easy for Mr. Xiao Tian to be a model and become popular. Isn't that right, audiences?" Fu Jiayi was curious why Xiao Tian and Zhao Sheng didn't choose to become a model. With their appearance, she was sure if they become a model, they will famous in no time.

"Yes. That's right," the audiences answered at the same time.

"If I choose to become a model, I will not get any income if I don't work. But it's different if I become a successful businessman because I will still get income even though I spend all my day sleeping at home" Xiao Tian explained the reason why he prefers business over other works.

Xiao Tian's words dropped the entire area into dead silence for several seconds. The host and audiences were surprised after hearing his reason. They didn't expect that Xiao Tian had a thought like that. In their view, it was a good reason, no, it was the best reason for choosing business over the other works.

With that, Xiao Tian's impression rose significantly in their hearts.

"What about you, Mr. Zhao Sheng? Please don't tell us that the reason you chose to become a businessman is to become a rich person too because we won't believe it. We all know that your family is an upper-class family, so we're sure money is not a problem for you." Fu Jiayi said as she smiled.

"Well, because I don't want to train martial art every day." Zhao Sheng answered while laughing.

The whole room was filled with the audiences' laughter after hearing Zhao Sheng's words. It was the first time for them to listen to that kind of reason. Usually, if someone chooses to become a businessman, they want to become a rich person or something like that but not for Zhao Sheng. Zhao Sheng decided to become a businessman because he didn't want to train every day. They thought his reason was funny. That was why they laughed.

Zhao Sheng was not angry when he saw everybody laughing. He even laughed louder.

"Is your family not against it?" Fu Jiayi wanted to know how Zhao Sheng was allowed to become a businessman because his family was a martial arts family.

"Well, my grandfather and big brother support me. They want me to live the way I want. My mother is wavering right now, whether to support me or not while my father against it" Zhao Sheng spoke and paused for a second before he continued, "That's why I want to prove to my father that I'm not playing around and I can become a successful person."

"I hope one day, your father will support you in the future." Fu Jiayi felt sad after hearing Zhao Sheng's words. She hoped one day his father would support him. She didn't want something to happen to his company because, in her view, Zhao Sheng was a genius in business. It's rare for people who were only nineteen years old but have succeeded in their business.

"Thank you," Zhao Sheng answered as he smiled.

"Mr. Xiao Tian, who design the clothes in your shop?" Fu Jiayi was informed that he designed all the clothes in his shop. But Fu Jiayi wanted to make sure whether it was true or not.

"All the clothes in my shop are designed by me," Xiao Tian answered honestly.

"There is no one who helps you design the clothes?" Fu Jiayi inquired

"No." Xiao Tian shook his head

"I was informed that you're a student at Sky university, and your major is engineering, so how can you design clothes? Did you take a lesson? Because the clothes you design are very nice. It's even at the same level as professional designers." Fu Jiayi asked

"Yes, you're right. I'm a student at Sky university, and my major is engineering. I didn't take lessons on designing clothes because I don't have any money for that. I've learned it by myself, from watching lots

of tutorials on YouTube or reading books " once again, Xiao Tian had to lie because he couldn't tell the truth.

"Wow! If so, you're a genius in designing clothes," Fu Jiayi was stunned after hearing his words. If Xiao Tian design all the clothes because he took lessons on designing clothes, she would believe it easily. But when he told her that he learned all of it by himself, she was amazed. There are many people who still unable to design good clothes even after taking lessons for years, and here, Xiao Tian was able to design good clothes just from self-study. She thought, not only was Xiao Tian genius in designing clothes, but he was also talented in business because everyone knew that his business was successful in a short time.

At Xiao Tian's home.

"Qingyu, look, Tian is so handsome on TV." Ye Xueyin said happily. Today, Ye Xueyin deliberately didn't go to her shop because she wanted to see her son on TV. For her, it was an important moment, that was why she chose not to go to her shop as usual. Coincidentally on that day, her little sister was also off work, so she dragged her little sister to watch a TV with her in the living room.

A beautiful smile appeared on her face. Suddenly flashes of memory appeared on her head.

"Mother, I want to become a businessman" Xiao Tian held his mother's shoulders and looked into her eyes. There was a seriousness in his eyes when he said that.

Another flash of memory appeared on her head

"Mother, I will become a successful person and make you and aunt happy," Xiao Tian said seriously.

Another flash of memory appeared on her head

"Mother, aunt. One day, I will prove to both of you that I can become a successful person and make you two proud of me," Xiao Tian said while looking into his mother's eyes but at that time, an aura of determination radiated in his eyes.

Another flash of memory appeared on her head

"Mother, aunt, if I become a successful person, please don't work anymore. Let me be one who works for the living" Xiao Tian said in a soft, loving voice

Tears of happiness dripped down her cheeks after remembering what her son had said to her in the past. She was pleased that her son had become a successful person at a young age. She suddenly felt proud of herself because she was able to raise a successful young man alone.

"Yes. You are right, big sister. He is handsome" Ye Qingyu's face broke into a soft smile after seeing her nephew on TV. She didn't expect that her nephew will be famous and became a successful young man.

She then remembered the moment her nephew told her that he would be a successful young man. At that time, she only took it as a joke, but she didn't expect that he would prove to her that really could become a successful young man. Her nephew even became a successful person in a short time.

I'm proud of you, Tian. Ye Qingyu thought to herself.

**Chapter 114 - Holy Moly Fucking Shit**

10-12 minutes

---

After wiping her tears off with her sleeve, Ye Xueyin looked at her little sister and smiled beautifully, "What do you think of my son, Qingyu?"

"Tian is amazing." Ye Qingyu replied

"Un, un. You're right. My son is amazing. He is the most amazing person in the world," Ye Xueyin said proudly while nodding her head. "I know, sooner or later, my son will become a famous and successful person because I'm the one who raises him. I have been raising him with love, so something like this is normal. Well done, Xueyin, well done. You're the best mother in the world."

Ye Xueyin suddenly felt proud of herself due to her son became a successful person.

Ye Qingyu, who was seeing her big sister's behavior, only smiled. "Yes. Big sister, you're indeed an amazing mother. You're the best mother in the world. I hope when I become a mother later, I can become an amazing mother like you."

After saying that, Ye Qingyu suddenly imagined something

\*Ye Qingyu imagination:

"Qingyu, my wife. I'm back," a mature, handsome grown man entered the house with a smile on his face.

Hearing that, a beautiful mature lady wearing casual clothes came out of her room. When Ye Qingyu was in front of him, she smiled and said, "Husband, welcome home."

"Wifey. I'm exhausted. Today, there were a lot of works in the company. Please kiss me so that I can recover my energy quickly," a mature, handsome grown man brought his face closer to Ye Qingyu's face, intending to kiss her lips.

Upon seeing that, Ye Qingyu slowly closed her eyes. But before he could kiss her, a voice rang out.

"Father. Welcome home. Father, let's play together" a cute child, or more precisely, a mini version of Ye Qingyu ran toward them, and when she was in front of them, she immediately pulled the handsome grown man's jeans.

The handsome grown man immediately squatted down and smiled, "Oh my little princess wants to play with father? Sure. What are we going to play?"

"Little sister, you shouldn't disturb father and mother. They want to act lovey-dovey, you know," once again, a voice rang out. Not long after that, a handsome child or a mini version of the handsome grown man appeared.

"Shut up, big brother. Father wants to play with me," the cute child replied. She then turned her head toward the handsome grown man and continued, "Isn't that right, father?"

"Un," the handsome grown man nodded his head.

Ye Qingyu then squatted down in front of her son and daughter and said, "Xiao Ning, Xiao Feng, don't fight. Xiao Ning, father will play with you after he changes his clothes, so you go with big brother to the living room and wait there ."

"Father, hurry up and change your clothes because Ning'er want to play with father so badly," Xiao Ning said cutely.

"Un. Please wait in the living room" the handsome grown man replied

"Alright," Xiao Ning nodded her head and headed to the living room with her big brother.

"Wifey, where is Xueyin?" the handsome grown man asked

"Big sister went out to buy something" Ye Qingyu replied

"Oh! Is that so?" the handsome mature man suddenly carried Ye Qingyu in a princess style.

"Kya.." Ye Qingyu was surprised and immediately wrapped her hands around his neck.

They then headed to their bedroom, and after that, he put her on the bed. After lying prone on her body, he rubbed her cheeks and said, "Wifey, you're gorgeous" he then brought his face closer to her face.

When she saw his face getting closer to her face, she slowly closed her eyes.

They kissed for three seconds before Ye Qingyu broke the kiss, "Tian, no more than a kiss or else our son and daughter will know"

"Alright. But tonight, we will have a sweet time, right?" Xiao Tian said

\*Back to reality:

Ye Qingyu immediately patted her cheeks to get rid of her wild imagination.

'No, no. Tian is still a student, and I'm not ready to have children. But, it seems nice to have kids with him.'

Ye Qingyu's face turned red after thinking about it.

"Qingyu, why is your face turning red?" Ye Xueyin inquired

"Nothing, nothing," Ye Qingyu immediately answered and shook her head.

At Stars Clothes company.

Inside Shi Fei's office, Lin Xing Xue and Shi Fei were watching the Rising Star TV show.

"Xue, little brother looks so handsome and elegant, right? He is so perfect" Shi Fei said abruptly

"Un, he is handsome and elegant" Lin Xing Xue knew that Xiao Tian was a good-looking young man, but at that time, Xiao Tian was so dazzling in her eyes.

In her eyes, Xiao Tian suddenly looked like an angel with two beautiful white wings on his back. Slowly, one by one, everyone disappeared until finally, only Xiao Tian was in her eyes. Every time Xiao Tian looked at the camera, Lin Xing Xue felt as if he was staring at her directly. And when he was smiling, slowly, a soft smile spread across her face.

"Xue, Xue, Xue. Did you hear what I said?" Shi Fei patted Lin Xing Xue's shoulders. She asked Lin Xing Xue a question, but Lin Xing Xue didn't respond.

Lin Xing Xue came to her senses after Shi Fei patted her shoulders repeatedly. "Hmm. What is it, Fei?"

"How about we give him a surprise when he returns to the company later?" Shi Fei thought Xiao Tian would like it if she and other employees give him a surprise when he returns to the company later.

It was the first time for Xiao Tian to appear on TV, so Shi Fei wanted to make it a special moment for him and the other employees.

"Alright. We will give him a surprise later" Lin Xing Xue thought it wasn't a bad idea to give him a surprise. With a surprise, it will provide him with a sign that many people love him and support him with all their hearts.

"Alright, I will tell the other employees," Shi Fei came out of her office to tell the other employees about her idea.

'Tian, you're amazing. I'm proud of you.'

Lin Xing Xue's face broke into a soft smile.

Inside the tailor room

All the tailors were watching the Rising Star TV show with a smile on their faces. They were delighted when they saw their boss on TV.

"Our young boss is awesome."

"Yes, you're right. Our boss is still young, but he has become a successful person."

"Wow! It makes me feel proud to work in his company."

"Yes, me too."

"And our boss is also not stingy. He even gave us a bonus on payday yesterday."

"Yes. We know about it. We all get bonuses from our boss because he is satisfied with our work. Our boss is indeed a man of his word."

"Now that our boss has become a famous person, should I ask for his autograph?"

"Hahaha. We almost meet our boss every day. Isn't it better to take pictures rather than asking for autographs?"

"Ah! You're right."

"Alright, stop watching, and let's get back to work."

"Alright"

"Alright"

At Stars Clothes shop.

Almost all the employees were watching Rising Star TV show on their smartphones

'Wow! Our young boss is becoming more famous.'

"Our boss is the best person in China."

"The next time I meet our boss, I will take a picture with him and show it off to my friends."

"Ah! Me too,"

"Ah! Our boss looks so handsome."

"It's because our boss is a handsome young man."

"Yes. I know that, but right now, he is more handsome than usual."

the male employees only smiled after seeing their boss on the Rising Star TV show.

"What are you doing?" a voice rang out

Hearing that, all the employees turned their heads to the source of the sound.

"Ah manager, we are watching our boss on the Rising Star TV show right now," one of the employees said

After seeing that there was no costumer, the manager sighed and said, "Alright, but make sure to stop if a customer comes. If our boss knows you all like this, he will be angry."

"Yes, manager." one of the employees said

After that, the manager returned to her office.

Somewhere inside the luxury room, there was a beautiful young lady watching TV alone in her room.

"Wow! Little brother, you're awesome. Now you are famous like a celebrity." A beautiful smile appeared on the young lady's face after seeing Xiao Tian on the Rising Star TV show.

At the unknown person's home

"What? Isn't that Xiao Tian?" a young man who was watching TV alone in his room said in surprise.

At the unfamiliar person's home

"Isn't that prince Xiao Tian? Wow! He is on the Rising Star TV show" a young girl around eighteen years old said

"Xiao Tian?! He...he...he is on TV?" a young man around nineteen years old said. The young man immediately grabbed his smartphone and called his friends

"Yo. What's up?"

"Are you watching TV right now?"

"No. I'm eating right now. What's going on?"

"Xiao Tian is on Rising Stars TV show."

"What? Wait a minute" after turning on the TV and seeing Xiao Tian on the Rising Star TV show; he immediately said, "Holy Moly Fucking Shit. It's Xiao Tian."

They then told their friends. From one person to two people, from two people to four people and so on until finally someone posted about Xiao Tian on Sky University's website forum.

Many people began chatting about Xiao Tian on Sky University's website forum.

"Everyone, are you watching Rising Star TV show right now?"

"No. Why?"

"Watch it, right now."

"Holy moly. Isn't that Xiao Tian? The famous bookworm prince?"

"He is invited by Rising Star TV show? Does that mean he is a successful person now? Does that mean he has become a rich man now?"

"Does anyone know why he is invited by Rising Stars TV show?"

"What? You don't know?"

"I don't know. Tell me!"

"Are you living under stone?"

"Fuck you! I'm not in Shanghai right now. I'm in my hometown, so it hard to get the news."

"He has a business now. His company name is Stars Clothes Company, and he has one shop right now?"

"What? Really?"

"He even appeared in Young Talented Person magazine."

"Wow! He is awesome."

"I just found out today. lol"

"Hey, I also just found out today. Haha"

"Me too."

"Me three."

"Me four."

"Me five."

"Fuck, stop it! What the fuck is me three, me four, or me five? Where the hell did you learn those words?"

"Internet"

"Internet"

"Internet"

"Internet"

And with that, not only Xiao Tian became a celebrity at Sky University, but the whole of China knew that there was a successful young man from a lower-class family, and that young man's name was XIAO TIAN.

### **Chapter 115 - I'm Just Lucky**

9-11 minutes

---

After Xiao Tian finished attending the Rising Star TV show, he immediately left because he was starving. Xiao Tian walked for about five minutes before finally, he decided to eat at a street vendor.

The reason he wanted to eat at a street vendor was that he remembered when he didn't have money to buy a portion of food in the restaurant.

At that time, even though the food was cheap but it was tasty. That was why Xiao Tian wanted to eat at the street vendor again.

And when he spotted a street vendor, he was startled because he saw many people eating in that street vendor. There were several tables and chairs around the street vendor, but almost all the chairs were occupied.

Seeing that, Xiao Tian was curious why many people ate at that street vendor. After choosing the food he wanted to eat and immediately paying for it, Xiao Tian scanned for an empty seat.

Seeing an empty chair in front of an elderly who was around sixty years old, Xiao Tian walked toward the elderly. Even though the elder was already old, but his body was still healthy, as if he was a person who diligently exercised every day to keep his body healthy.

"Excuse me, elder. Is this seat empty?" Xiao Tian didn't immediately sit on the chair. He was afraid that the chair was not empty, or the elderly was waiting for someone.

"Oh, young man. You can sit in this chair. This chair is empty" the elderly replied

Hearing his answer, Xiao Tian put the food on the table before sitting on the chair.

"It's delicious" Xiao Tian smiled happily after tasting the food.

No wonder many people eat here. The food here is good and affordable. Xiao Tian thought to himself.

The elderly, who was drinking tea, put the tea on the table after seeing Xiao Tian's happy expression. "Young man, is this your first time eating here?"

"Yes, elder. This is my first time eating here. At first, I just wanted to know why many people eat here, but after tasting the food, I know the reason" Xiao Tian was a little surprised when the elderly suddenly talked to him. He knew in a big city like Shanghai; not many people want to talk to a stranger. People in big cities usually live individually; even many people don't know who their neighbors are.

"The food here is reasonable and tasty. This street vendor is well-known for its delicious food. That's why many people eat here," the elderly spoke and pause for several seconds after remembering something. "You're Xiao Tian, right? The young man who recently appeared in Young Talented People magazine."

"Yes. You're right. I'm Xiao Tian. I'm just lucky" Xiao Tian didn't feel proud even though he appeared in a well-known magazine; instead, he was annoyed. If he can repeat time, he will refuse to be interviewed by Young Talented People magazine. Xiao Tian was still annoyed after remembering Jiang Yin kept asking the questions about his past life.

"Ah! It seems you're not happy even though you appear in a famous magazine" even though Xiao Tian answered the question with a smile on his face, the elderly could see that the smile on Xiao Tian's face was not from Xiao Tian's heart.

Xiao Tian was shocked after hearing the elder's words. He had no idea why the elderly knew that he was unhappy even though he appeared in a famous magazine. He was sure that he answered the question with a smile on his face, but the elderly still knew his real feelings.

'Who is this elderly? How did he know that?'

Xiao Tian looked at the elderly intently.

"Don't look at me like that, young man. I've experienced many things in life. That's why I know your true feeling" the elderly closed his eyes and started drinking the tea again

"Elder, may I know your name?" Xiao Tian wanted to know who was the person sitting in front of him.

The elderly opened his eyes and answered, "I'm Zhao Chen."

Xiao Tian was a little surprised after Zhen Chen introduced himself. But he wanted to know whether the elderly in front of him was from the famous Zhao family or not. "Elder, are you from the famous Zhao family? the Zhao family, which famous for their martial art?"

"That's right. I'm from the famous Zhao family" Zhao Chen didn't expect that Xiao Tian would ask that question. Zhao Chen had guessed that Xiao Tian didn't know anything about him the moment Xiao Tian asked his name.

In the past, Zhao Chen often appeared on TV or in magazines. That's why he was famous in the whole of China, but he didn't expect that there was still someone in China that didn't know who he was.

Zhao Chen then looked into Xiao Tian's eyes. He wanted to know whether Xiao Tian really didn't know anything about him or just pretended not to know. But after seeing Xiao Tian's eyes, Zhao Chen knew that Xiao Tian really didn't know who he was.

'Does he never read newspapers, magazines or watch TV? He doesn't know who I am?! Does he live under stone?'

Zhao Chen was a little disappointed after learning that there were still people who didn't know anything about him. He thought all people in the whole of China knew him due to how genius he was when he was young or due to his family. But of course, he didn't show it on his face that he was a little disappointed.

Xiao Tian, on the other hand, didn't expect to meet with one of Zhao's family members in the street vendor. Usually upper-class family always eat at famous or luxury places and here, Xiao Tian met with one of Zhao's family members who was eating and drinking at the street vendor as if he was from a lower-class family.

"Who is Zhao Sheng to you?" Xiao Tian was curious about Zhao Chen relationship with Zhao Sheng, was it grandson or nephew.

"He is my grandson. Oh! Did you meet him earlier? Or are you, his friend?" once again, Zhao Chen was a little surprised that Xiao Tian didn't know Zhao Sheng was his grandson. Many people knew that Zhao Sheng was his grandson because they often appear together in a party or hang out together. It could be said that in the Zhao family, his relationship with his grandson Zhao Sheng was the closest compared to other family members. When Zhao Sheng was beaten by his father, Zhao Chen was the one who punishes Zhao Sheng's father, and the reason Zhao Sheng could become a businessman was because of him too.

Even though Zhao Chen was disappointed when his grandson chose business over their family martial art, he still let his grandson become a businessman. The reason he allowed his grandson to become a businessman was that he loved his grandson very much and didn't want to make his grandson regret his life when his grandson is old later. For this reason, he let his grandson do what he wanted.

"I met him at Rising Star TV show earlier," Xiao Tian answered honestly.

"Oh! So, you were also invited by Rising Star TV show today?" although Zhao Chen knew that Xiao Tian would get invited by Rising Star TV show, he didn't expect that they would invite Xiao Tian and Zhao Sheng at the same time.

Actually, Zhao Chen was curious about Xiao Tian the moment Xiao Tian appeared in Young Talented People magazine. He thought his grandson was the only business genius in his grandson generation, but he was wrong because there was one more person who was as genius as his grandson in business. And that person was none other than Xiao Tian.

For this reason, Zhao Chen was curious about Xiao Tian and did some research on Xiao Tian's background. Zhao Chen was a little surprised after knowing Xiao Tian's origin. He didn't expect Xiao Tian is a child who was expelled from the Xiao family sixteen years ago.

Zhao Chen suddenly felt sorry for the young man in front of him. He didn't expect that Xiao Tian would have that kind of history.

"Yes. I met your grandson in the studio earlier, but I immediately left after the show was over" Xiao Tian replied

Hearing Xiao Tian's words, Zhao Chen touched his chin and said, "So the show was over. Why is my grandson still not coming to meet me now? What is he doing right now?"

"Ah! Maybe he is eating lunch with Zi Yin right now. Before I left, I saw that he was inviting Zi Yin to have lunch with him" after the show was over, Xiao Tian saw Zhao Sheng immediately walked toward Zi Yin to seduce her and invite her to have lunch with him.

Zhao Chen immediately smiled after hearing Xiao Tian's words, but a terrifying aura appeared around him when he was smiling. "Ho! So that grandson of mine didn't keep his words and seduced another woman again. Interesting, interesting."

'Eh! What is this? Did I say the wrong thing?'

Xiao Tian looked at Zhao Chen for several seconds before drinking mineral water.

'Zhao Sheng, I hope you are still alive after today.'

Xiao Tian knew that after Zhao Sheng gets home, Zhao Sheng would get some education from his grandfather.

'I suddenly feel guilty for telling his grandfather about it. Well, I will pray to God so that Zhao Sheng won't stay in bed for too long this time.'

## **Chapter 116 - Strongest My Ass!**

10-12 minutes

---

Xiao Tian and Zhao Chen talked for about an hour before finally, a handsome young man ran toward them.

"Grandfather, what are you doing here?" Zhao Sheng, who was breathing heavily, asked Zhao Chen. From his breath, he seemed to have run for a few minutes.

"Eating and drinking," Zhao Chen gave a simple answer.

"I know that. What I ask is, why are you eating here? Didn't you say that you will wait at a spicy seafood restaurant?" after he had lunch with Zi Yin, he went to a spicy seafood restaurant to meet his grandfather, but his grandfather wasn't there. When he asked the waiters, they told him that his grandfather left without leaving a message for him.

For this reason, Zhao Sheng ran to all restaurants which his grandfather often visited. Still, he was unable to find his grandfather, but when he was about to give up and call his big brother for help, Zhao Sheng saw his grandfather drinking with Xiao Tian.

Zhao Sheng didn't expect to see Xiao Tian again so soon, and Xiao Tian was even eating and drinking with his grandfather.

After the show was over, Zhao Sheng wanted to invite Xiao Tian to lunch, but he couldn't find him after he invited Zi Yin. He wanted to call him, but he suddenly remembered that he didn't have Xiao Tian's number. That was why he only had lunch with Zi Yin.

"Because I want to eat here. Why?" Zhao Chen acted normally even though he saw his grandson breathing heavily as if it was not his fault.

"Stupid old man, at least leave a message to the waiters for me. And where is your smartphone?" earlier, when he was searching his grandfather, Zhao Sheng kept calling his grandfather's smartphone, but his grandfather didn't pick up his phone.

"Oh! I forget to bring it," Zhao Chen answered as he laughed.

'This stupid old man. Didn't he know that because he forgets to bring his smartphone, I had to run to many restaurants to find him? if he brings his smartphone, this shit will not happen to me.'

Zhao Sheng had guessed that his grandfather forgot to bring his smartphone the moment his grandfather didn't pick his call. He didn't know why his grandfather often forgets to bring his smartphone. This was the umpteenth time his grandfather forgot to bring his smartphone when they were away together. He often thought that there was no point in having a smartphone because his grandfather often forgot to bring it.

"Oh! I heard that you had lunch with a lady earlier. What is her name again.....Zi Yan...?...Zi Yun...? no Zi.....Zi...Zi" Zhao Chen touched his chin while trying to remember the name of the woman who had lunch with his grandson, "Zi...Zi Yin? Yes. Zi Yin. How is it? Did you enjoy your lunch with her?"

Upon hearing his grandfather's words, Zhao Sheng immediately looked at Xiao Tian. Xiao Tian looked back at him innocently, as if it wasn't him who gave information to Zhao Sheng's grandfather.

"Xiao Tian, you bastard. We just become friends, and you already betray me?" Zhao Sheng knew that Xiao Tian was the one who gives the information to his grandfather. Before coming to the Rising Stars TV show, Zhao Sheng had promised his grandfather not to seduce women again for today. That was why when his grandfather knew that he was seducing woman again, Zhao Sheng suddenly felt like his life will be over in several seconds or when he gets home later.

Zhao Sheng returned his attention to his grandfather again while trying to find an excuse. "Grandfather, actually I---"

But before Zhao Sheng had finished his words, he was interrupted by Zhao Chen.

"Did you remember your promise?" Zhao Chen spoke and paused for a second before he continued, "It seems I need to give you a lesson today. We, Zhao family, always keep our words. That's why I need to give you a good lesson so that in the future, you will always keep your words."

"Grandfather, I suddenly remember that I have a meeting at the company. I will call big brother to pick you up." Zhao Sheng said while trying to avoid the punishment from his grandfather.

Zhao Chen rose from his seat and pinched his grandson's right ear. "Just forget about a meeting, and let's go home."

"Ahhh... Grandfather, stop it! It hurts! It hurts! I told you I could not go home today because I have an important meeting at the company today." Zhao Sheng still tried his best to avoid the punishment by continuing to lie to his grandfather.

"Let your big brother replace you" Zhao Chen knew that his grandson was lying to him. That's why he didn't buy it.

"No! Big brother doesn't know a single thing about my company" Zhao Sheng wanted to run for his life, but his grandfather suddenly pulled his ears, making him unable to run.

"Oh! Is that so? Then tell your secretary to cancel the meeting. Problem solved," Zhao Che said with a smile on his face as if he just helped his grandson solve a big problem.

"I've told you this meeting is important so I can't cancel it," Zhao Sheng said

"You only have a meeting with your subordinate, right?" Zhao Che inquired

After hearing his grandfather's words, Zhao Sheng's eyes were shining as he suddenly thought a better excuse "No. I have meeting with important person. He is from an upper-class family too."

With this excuse, Zhao Sheng thought his grandfather would let him free, but he was wrong.

"Oh! Is that so? Tell me about that person! I will come to that person's house, and if that person still insists on having a meeting with you today, I will burn that person's house. Hahaha," Zhao Chen said as he laughed. "Maybe I will burn that person's cars too. Oh! and maybe some of that person's business too."

The corner of Zhao Sheng's lips twitched after hearing his grandfather's words. while Xiao Tian, on the other hand, unable to believe what he was hearing. Xiao Tian couldn't believe that Zhao Chen said something like that as if it was a small thing.

Zhao Chen suddenly stopped his footsteps and turned his head, "Ah, young man. Come to our house if you have time. Our door is open to you."

"Yes, Xiao Tian. Come to our home. Let's play and seduce ladies together," Zhao Sheng added. After saying that, Zhao Sheng immediately covered his mouth and looked at his grandfather. "I mean, eh, I will...I will teach you martial art. Yes, yes. I will show you the mighty of our martial art. Isn't that right, grandfather?"

"Oh, so you will learn martial art again from now on? Good! That's my grandson!" Zhao Chen said.

Zhao Sheng suddenly thought that he was using the wrong excuse and correcting himself. "Grandfather, I think you heard it wrong. What I mean is, I will become a business partner with Xiao Tian." Zhao Sheng then turned his head toward Xiao Tian and blinked his right eye, signaling Xiao Tian to cooperate with his lie, "Isn't that right, Xiao Tian?"

"Eh! But what I heard was that you want to teach me your mighty martial art. You never told me to cooperate with you in business," Xiao Tian said as he laughed. He decided not to cooperate with Zhao Sheng; instead, he cooperated with Zhao Chen.

"Xiao Tian, you asshole!" Zhao Sheng shouted when Xiao Tian didn't cover his lie. With this, Zhao Sheng knew, his peaceful life would be over because he has to learn martial art again.

"See? My ears are good. It seems I need to give you a lesson about our family principle from the beginning again" Zhao Che spoke and paused for a second. He then turned his head toward Xiao Tian and continued, "Young man, see you again."

"Xiao Tian, don't forget to come to our home." Zhao Sheng said as he bid goodbye.

"Un. I will come to visit in the future" Xiao Tian had planned to visit their home in the future because he thought if he were to befriends them, maybe in the future, they will help him if he encounters a problem.

"Good. I will be waiting" Zhao Sheng was happy when Xiao Tian decided to visit his home in the future because he thought he and Xiao Tian could become a good friend "Ah.. grandfather stop it. you will tear my ears."

"Oh! That is not a bad idea. Should I tear your left ear or right? or...." Zhao Chen touched his chin and continued, "or maybe both of your ears? Which one do you prefer?"

Upon hearing his grandfather's words, Zhao Sheng shivered for a second. "Stop it, you stupid old man! You are scaring me with your words."

"Oh! Didn't you say that in this world, nothing will scare you? So, you're afraid of me now?" Zhao Chen said with a smug face, intending to make fun of his grandson.

Seeing his grandfather's face, Zhao Sheng was unhappy and said angrily, "Old man, wait five more years... no three more.. no, no I mean, two more years. I will beat you so you won't dare to talk with me with that smug face."

"Oh! So, you will beat me in two years. Interesting, interesting. I'm looking forward to it" Zhao Chen was delighted because it meant that his grandson would learn martial art again. One of the reasons he always makes fun of grandson was to make his grandson keep learning a martial art, and the other purpose was because it's interesting seeing his grandson's face when he teases his grandson.

In the Zhao family, everyone always listens to his words, and no one dares to oppose him, which makes him feel bored. His grandson was the only person who dares to oppose him. Due to that, they finally had a close relationship with each other.

"Just you wait, old man. I will kick your butt in two years. Haha. Just imagining it already make me happy. Hahaha," Zhao Sheng laughed while crossing his hands over his chest

"You know that I'm the strongest person in our family, right? It's not easy to beat me, or maybe you will never beat me in your whole life. Hahaha," Zhao Chen said proudly.

"Strongest my ass! I, Zhao Sheng, am a genius in martial art. Beating you in martial art is as easy as flipping my hands. In two years, I will be the strongest person in our family. Hahaha," Zhao Sheng said as he laughed.

"Hahaha. You're indeed an interesting person, grandson. Hahaha" Zhao Chen also laughed loudly

Xiao Tian, who heard their conversation, was smiling. He thought many exciting would happen if he often meets that duo grandfather and grandson.

## **Chapter 117 - Everyone, Let's Start The Party**

9-12 minutes

---

Not long after Zhao Sheng and Zhao Chen left, Xiao Tian went to his company, and when he reached his company, he saw that his company was empty. Xiao Tian was dumbfounded by this and began to search in every room, but he found no one.

'Where are all the employees? Why is the company empty?'

He was standing in the tailor's room, touching his chin.

With the confetti cannon in their hands, Shi Fei and Lin Xing Xue tiptoed towards Xiao Tian, followed by the other employees.

Preet...Preet...Preet...Pzt...Pittz...Pittz...

The sound of trumpets echoed in the tailor's room, which was followed by Shi Fei and other employees launching confetti cannons.

'Holy hell. I almost had a heart attack just now! If I have heart disease, I'm sure I'm on my way to meet king Yama right now.'

Xiao Tian turned around while cleaning his body from all the papers which were attached to his body. With a smile on his face, Xiao Tian spoke, "What is this? Did something good happen when I wasn't around?"

"Yes," Shi Fei answered as she smiled. She turned her head toward the other employees and continued, "Isn't that right, everyone?"

"Yes," all the employees said at the same time.

Hearing that, Xiao Tian was pleased. He didn't expect that many good things happen to him in a day. From being friends with two people from the Zhao family, becoming more famous, which was beneficial for his company and when he reached his company, his employees said that goods thing also happened in the company.

"What is it?" Xiao Tian was very curious about it.

"Our boss appeared on a famous TV show. He looked more handsome and elegant. We're happy because we believe that from now on, the company will develop even more," Shi Fei replied and then looked at the other employees again, "Isn't that right, everyone?"

"Yes," once again, all the employees said at the same time.

The corner of Xiao Tian's lips twitched after hearing his employees' words. because he didn't want to destroy their happiness, he decided to have a little party with them. "Alright, it's already 03:00 pm. Let's stop working for today and have a party right now."

Upon hearing Xiao Tian's words, all the employees were delighted. Some of them jumped with a smile on their faces while the other kept praising him, saying that he was the best boss in the world.

Xiao Tian told Shi Fei and Lin Xing Xue to buy food and drinks for the party. Of course, he also said to purchase beer because, in his view, it's not a party if there is no beer.

Lin Xing Xue, Shi Fei, and some of the employees left while the other employees quickly prepared a place for the party.

Because they decided to have a party in the front yard, they placed several mats under the trees.

After everything was done, they sat under the trees, waiting for Shi Fei and the others to return.

An hour later, Shi Fei and the others returned with plenty of food and drinks. Seeing Shi Fei and the others have returned, the other employees walked towards them to help prepare food and drinks so they could immediately start the party.

After everything was ready, Xiao Tian, as their boss, spoke, "Alright, everyone. This will be our first party, but this won't be our last party because, in the future, we will have a party again. I, Xiao Tian, as your boss want to thank all of you for working hard until now. As long as you keep working hard, stay loyal to me, and keep our good reputation, I promise I won't mistreat you all."

"Long live our boss."

"Our boss is indeed the best."

"I'm glad I work in his company."

"Un. Me too."

"I hope this company will keep growing."

"Yes"

Xiao Tian's face broke into a smile after seeing his employees' happy face.

"Alright, everyone, let's start the party" Xiao Tian raised his glass full of beer before drinking. Seeing that, his employees followed him.

They began to eat the food with happy faces. Some of the employees were eating while chatting or joking while the others were only eating.

At that time, Shi Fei was sitting on Xiao Tian's right side, while Lin Xing Xue was on his left side.

"It's delicious," Xiao Tian said after eating boneless fried chicken

"Is it really delicious, little brother?" Shi Fei, who was seeing his happy face, asked curiously. She was eating pizza, but after seeing his expression, she suddenly wanted to eat boneless fried chicken too.

"Un. It's good" Xiao Tian took another boneless fried chicken with a fork and said, "Here, try it."

Shi Fei opened her small mouth and ate it. "Un. You are right. It's tasty."

Even though they behaved like lovers in front of other people, Xiao Tian and Shi Fei were not shy at all, as if there was no one around them.

The employees, who saw their boss feeding Shi Fei, acted as if they saw nothing. They knew that their boss and Shi Fei had a special relationship. They even had sex at the company, making them unable to focus on work after hearing Shi Fei's moans.

While Lin Xing Xue, on the other hand, stared at Xiao Tian intently.

Feeling someone was gazing toward him, Xiao Tian turned his head and asked, "What is it, little Xue? Do you want me to feed you too?"

"No. I have hands so I can feed myself" Lin Xing Xue was a shy person, so she refused when Xiao Tian wanted to feed her. If there were only Xiao Tian and her, she would accept it but not in front of other employees.

"Why? Don't worry about the other employees. Treat it as if we are the only one here" Xiao Tian tried to tell Lin Xing Xue that it was fine to act lovey-dovey in front of his employees. He was sure that his employees would say nothing even if he acts lovey-dovey in front of them.

"No, thank you." Lin Xing Xue replied.

"Ah, ok." Xiao Tian decided to feed Shi Fei again to make Lin Xing Xue jealous "Fei, here, eat again."

Shi Fei once again opened her mouth and ate it with a smile on her face.

And Xiao Tian's plan worked because when he was feeding Shi Fei, Lin Xing Xue looked at him intently.

Xiao Tian could feel the jealousy in Lin Xing Xue's eyes when he was feeding Shi Fei. Using his right hand, Xiao Tian grabbed Shi Fei by her waist and pulled her to him, making them sit with their shoulders touching to each other.

Xiao Tian took his melon juice and said, "Fei, try this melon juice. I'm sure you will like it."

"Ok," Shi Fei started drinking the juice. "Little brother, it's like an indirect kiss," she said after drinking the melon juice.

Fei, it's late to say that because we had done something more than that. Xiao Tian thought to himself.

Lin Xing Xue, who was seeing them, pulled Xiao Tian's shirt with her right hand.

"Tian, I....I...." Lin Xing Xue was too shy to finish her words, but she also wanted him to feed her. At that time, she had no idea how to make him feed her without asking.

"Hmm. What is it, little Xue?" even though Xiao Tian knew what she wanted, but he pretended as if he knew nothing. He was happy when he saw her complicated face because, in his eyes, her complicated face was too cute, making him want to tease her even more.

Lin Xing Xue opened her mouth but immediately closed it again after noticing some of the employees were looking at her.

'I want you to feed me too.'

Lin Xing Xue wanted to voice it out, but she was too shy to say it. At that time, she wished that she was like Shi Fei, who dared to do anything openly. As a result, she only looked at Xiao Tian, hoping he would understand what she wanted.

After several seconds, he decided to stop teasing her and took the chicken, "Little Xue, try this."

A beautiful smile suddenly appeared on her face when she saw that Xiao Tian wanted to feed her. With a blushing face, slowly, Lin Xing Xue opened her mouth to eat the chicken.

A soft smile spread across his face when he saw Lin Xing Xue eating the chicken. "Is it delicious?"

"Un. It's delicious" Lin Xing Xue covered her mouth with her right hand when she was eating the chicken.

Seeing that, Xiao Tian suddenly thought of something. After drinking half of the apple juice, he gave it to Lin Xing Xue and said, "Try this. It's delicious too. I'm sure you will like it."

Xiao Tian wanted to know whether Lin Xing Xue dares to drink it or not. Lin Xing Xue knew that before he gave the apple juice to her, he had drunk half of it. She also knew that he wanted to tease her by giving the apple juice to her.

Xiao Tian was still waiting. He wanted to know what Lin Xing Xue would do at that time.

To his surprise, Lin Xing Xue accepted it and started to drink it, "Un. It's tasty."

Xiao Tian brought his face closer to Lin Xing Xue's ears and whispered, "Eh! Little Xue, where is your shyness earlier?"

Lin Xing Xue's face turned red, and she immediately pinched Xiao Tian's waist.

"Hii," Xiao Tian gritted his teeth "Little Xue, stop pinching my waist. How about we hold hands instead?"

Without waiting for Lin Xing Xue's answer, Xiao Tian held her right hand with his left hand.

"Tian, I won't be able to eat if you're holding my right hand" even though Lin Xing Xue said that, she didn't try to free herself from his grasp.

"It's fine. I will feed you. You just need to tell me which food do you want to eat, and I will immediately feed it to you" Xiao Tian retook the food and fed it to Lin Xing Xue, "Here. Eat again"

Lin Xing Xue immediately ate the food.

Shi Fei, who was seeing them, felt envy. "Little brother, feed me too,"

Hearing her words, Xiao Tian fed Shi Fei the food too. The employees, who were seeing them, did nothing nor say a single word.

Actually, Xiao Tian wanted to feed them from mouth to mouth but decided against it.

"Little Xue, here eat again" after feeding Lin Xing Xue a chicken, Xiao Tian also fed Shi Fei a chicken, "Fei, eat this."

They were eating happily. Some of the employees even took photos so that they could remember the happy time they had in the future. At that time, they had a party until 07:00 pm, before they went home.

## **Chapter 118 - Mother, Feed Me Again**

8-11 minutes

---

After arriving at home, Xiao Tian headed to the living room.

"Tian, why did you bring home so many food and drinks?" Ye Xueyin, who was seeing plenty of meals and beverages in her son's hands, asked curiously. She remembered that there was nothing special about that day.

Before going home, Xiao Tian bought plenty of food and drinks for his mother and aunt because he felt bad for having a party without them earlier.

Actually, there was leftover meals or beverages from the party, but Xiao Tian didn't want to give leftover food or drinks to his mother and aunt and told his employees to bring it home. For this reason, on the way going back, he decided to buy food and drinks for his aunt and mother.

"What is this? Did you buy plenty of meals and beverages because you've become more famous now?" Ye Qingyu, who was sitting on the couch, turned her head toward her nephew and teased him.

"No. Today, I had a party with my employees at the company. Because mother and aunt weren't there, I decided to have another party at home." Xiao Tian explained, "Mother, aunt, let's head to the backyard and throw a small party there."

Ye Qingyu and Ye Xueyin were surprised after hearing his words. They didn't expect that he wanted to have a party with them just because he had a party with his employees in the company.

"Alright," Ye Xueyin answered happily. She immediately brought mats and electric lamps while Ye Qingyu brought the other things.

After preparing everything, they started the party.

"It's delicious" Ye Xueyin stated

"Un. It's tasty," Ye Qingyu said as she nodded her head.

"Tian, try this" Ye Xueyin took fried shrimp and fed it to her son.

Xiao Tian immediately ate it with a happy face. Seeing his expression, Ye Xueyin said, "It's delicious, right?"

"Of course, it's delicious because the person who feeds me is my beautiful lover. As long as my gorgeous lover feeds me the food, I'm sure; any food will taste good in my mouth," Xiao Tian replied as he smiled.

Upon hearing his words, Ye Xueyin pinched his nose and said, "You really know how to please a lady, huh. Your mouth is really dangerous for women."

"Hehehe," Xiao Tian laughed. He then patted his thighs and said, "Mother, come here and sit on my lap. I suddenly desire to hug you."

Ye Xueyin immediately sat on his embrace and continued eating. When she was eating the food, Xiao Tian wrapped his hands around her waist and leaned his head on her right shoulder, "Mother, feed me again."

Ye Xueyin took fried cheese sticks and fed her son. "Here, eat it."

"As I thought, eating the food while hugging my pretty lover is the best" Xiao Tian was pleased when he could embrace his mother while eating. It made him smile from ear to ear.

"Un. Mother also loves it when Tian embraces mother like this" Ye Xueyin turned her head and kissed his cheeks before she continued eating again.

"Aunt, come here and sit next to me," Xiao Tian said while patting the mat on his right side.

Hearing his words, Ye Qingyu sat on his right side before eating again.

Xiao Tian, who saw his aunt eating happily, kissed her left cheek. Ye Qingyu kept eating the food as if her nephew did nothing to her.

At that time, they ate the food happily and fed each other. Of course, sometimes, Xiao Tian fed them from mouth to mouth, which always ended up with them having an erotic and lewd kiss.

After feeling full, they laid down on the mat while looking at the sky. Even though there was no moon, but with many stars that emitted the beautiful light, the atmosphere around them felt great, making them feel relaxed.

"Aunt, mother, let's buy a car tomorrow," Xiao Tian thought it was time for him to buy a car. However, he didn't want to buy a car only for him but for his mother and aunt too. He already had enough money to buy a car, so there was no reason for him not to buy it.

"Tian, can you drive a car?" Ye Qingyu had never seen her nephew driving a car before, so she was a little shocked when he wanted to buy a car. Usually, people will learn how to drive first before purchasing a vehicle, but her nephew suddenly wanted to buy a car without learning how to drive it first. That was why she questioned him whether he could drive a car or not.

Xiao Tian knew that his mother or aunt would ask him that question, that was why he had prepared the answer. "Aunt, I've got a friend who can drive a car, and he had taught me how to drive a car. I only need to get a driving license now."

Hearing his words, Ye Qingyu only nodded her head.

"Tian, what car do you want to buy tomorrow?" Ye Xueyin inquired

"Maybe I will buy Lamborghini Aventador or BMW M5." Xiao Tian spoke and stopped for a second before he continued, "Mother, aunt, what car do you want?"

"Tian, mother doesn't want a car. If you want a car, just buy for yourself and Qingyu." even though Ye Xueyin knew how to drive, she didn't want a car. Every day, she only goes to her shop or to the supermarket to buy groceries. That was why she thought it would be wasting his money if he buys her a car too.

"Aunt also doesn't want a car. Just buy for yourself" Ye Qingyu said

"No. You two have to buy a car too." Xiao Tian insisted on buying them a car. "it's fine if you two rarely use it, but I'm sure it will be useful in the future."

"Tian, but mother really doesn't want a car" Ye Xueyin still wanted to reject because the car is useless for her.

"Yes, Tian. Rather than buying a car for us, it would be better to use the money for your company. Just buy a car for yourself. If in the future we need a car, we will borrow your car. Aunt has told you many times not to waste money, right?" Ye Qingyu also thought that the car is useless for her. She rarely hangs out because she prefers to stay at home, spending her time with her nephew and big sister. If she needs to go somewhere far, she could use public transportation or taxi.

"Mother, aunt, don't reject it. I've promised myself that I want to make you two happy. Buying both of you a car is the first step for me to make you two happy. If you two still reject my good intention, it means that both of you don't want to let me achieve my dream," Xiao Tian had no choice but to bring his dream. He believed his mother and aunt wouldn't say no after hearing his words.

And what he guessed was right because the moment he said that, they had a complicated face. They were wavering whether to accept it or not.

Because they didn't want to make Xiao Tian sad, they decided to accept his offer.

"Alright," Ye Qingyu and Ye Xueyin said at the same time.

Xiao Tian was delighted after hearing their words. He gave his mother and aunt a kiss on their cheeks and said, "Let's buy a car tomorrow. You two can choose any car you want."

They were lying down and chatting until 11:00 pm before they entered the house and slept.

The next day in the morning, after breakfast, they went to the car showroom.

When Xiao Tian, his mother, and aunt entered the car showroom, a grown man walked toward them and said, "Welcome to RA car showroom. I'm Di Lu. May I know what kind of car you're looking for, Sir, Misses?"

Di Lu was surprised when he realized that the person who entered the car showroom with two beautiful women was a young man who had recently become a topic of conversation because he appeared in a well-known magazine and famous TV show.

"I want a comfortable one." Xiao Tian then turned his head toward his mother and aunt. "Mother, aunt, go and see all the cars here. You two can choose any car you like."

"Alright," Ye Qingyu and Ye Xueyin said at the same.

Di Lu, who was hearing that, was pleased because Xiao Tian intended to buy more than one car.

Ye Qingyu and Ye Xueyin began to look for the cars in the exhibition hall. As for Xiao Tian, he suddenly saw gray metallic BMW M5.

When Di Lu realized Xiao Tian's gaze was on the BMW car that had just been displayed in the showroom, he immediately explained everything to Xiao Tian.

After hearing Di Lu's explanation and looking at the exterior and interior of the car, Xiao Tian decided to buy it.

Not long after that, Ye Qingyu and Ye Xueyin walked toward Xiao Tian and told him which car they wanted to buy. When Xiao Tian knew that they wanted to purchase ordinary vehicles, he told them to choose better car.

At first, they rejected it, but due to Xiao Tian kept telling them to choose better car, they had no choice but to followed his words.

After looking for more than several minutes, Ye Qingyu chose to buy black colour Ford Mustang GT Premium 400A while Ye Xueyin chose a grey colour, Audi R8 coupe. The reason Ye Xueyin chose a gray colour for her car was that her son wanted the gray colour for his car.

After everything was done, Xiao Tian and others went home.

## **Chapter 119 - Are You Fascinated By My Beautiful Lips?**

9-11 minutes

---

After they arrived at their home, they called several builders to make a new garage for their vehicles. Thirty minutes later, the cars they had just bought arrived at their home. But due to the garage was still not ready, they just placed the vehicles in front of their house.

On that day, Xiao Tian didn't go to his company because he wanted to get a driving license. Using the power of money, Xiao Tian was able to get the driving license in a day.

By the time Xiao Tian get home, the garage was finished. After paying the builders, Xiao Tian told his mother and aunt to take a shower because he wanted to bring them to the place where he had dinner with Lin Xing Xue before.

When they were ready, they traveled to the dinner place, and after they landed, Xiao Tian immediately looked for a place that only had a few people around it. Ye Qingyu and Ye Xueyin, who had no idea what was on Xiao Tian's mind, followed him quietly. After searching for several seconds, Xiao Tian finally found the best spot for them. The place was near the lake and no one around it.

'This is the best spot for me, aunt and mother, to have dinner together. With no one around it, we can act lovey-dovey or doing anything we want. Hehehe'

A smile suddenly appeared on Xiao Tian's face.

Not long after they sat on the bamboo chair, the waitress walked toward them. After writing down their order, the waitress left.

Xiao Tian grabbed his mother and aunt by their waist and asked, "Qingyu, Xueyin, do you like this place?"

When Ye Qingyu and Ye Xueyin heard Xiao Tian addressing them by their birth names, they didn't say a single word or complaint as if it was normal for him to call them by their birth names. Whenever they went to someplace, which only visited by lovers, he always called them by their birth names, and they didn't mind it because they had done something taboo with him.

Ye Xueyin and Ye Qingyu leaned their heads on his shoulders and said at the same time, "Yes. This place is nice."

Hearing that, Xiao Tian kissed their hairs and said, "I'm glad you two like this place."

"Why did you suddenly want to dinner with us in this place?" Ye Qingyu inquired

"Qingyu, Xueyin, we never go out to dinner together, right? This place is beautiful and romantic. That's why I take you two to this place" Xiao Tian spoke and stopped for a second before he continued, "Actually, I want to take you two to Autumn restaurant, but in my view, this place is better than Autumn restaurant. Even though this place is not as luxurious as Autumn restaurant, but in this place, we can enjoy the beautiful night, see the stars, moon, lake, and there are even colorful electric candles arranged in a heart-shaped on the ground."

After realizing that their table was in the middle of the colorful electric candles arranged in a heart-shaped, Xiao Tian immediately said, "I like this place because it illustrates my feelings for both of you. We're in the middle of the colorful electric candles, which arranged in a heart-shaped. That means we are very important for these colorful electric candles" Xiao embraced them tighter and continued, "It's the same as you two in my heart. For me, both of you are the most important person in the world. No one can replace you two in my heart."

When Xiao Tian said that to his mother and aunt, he was telling the truth. Even though he loved Lin Xing Xue and Shi Fei but his love for his mother and aunt was far greater than his love for Lin Xing Xue or Shi Fei.

Upon hearing her son's words, Ye Xueyin stared at him and said in a soft loving voice, "Tian, you and Qingyu are the most important person to me too. nobody can replace it."

Ye Qingyu, who was on his right side, grabbed his right hand and embraced it tighter. "You two are the most important person to me too."

Once again, Xiao Tian kissed their hair gently. First, he kissed his aunt's hair and then his mother's hair, but after he kissed his mother's hair, his mother raised her head and gazed at him.

Seeing that, Xiao Tian glanced at his mother too, and after they looked at each other for three seconds, Xiao Tian brought his face closer to his mother's face and kissed her lips for two seconds.

After they kissed for two seconds, a beautiful smile that can outshine even the brightest moon arose on their faces.

Ye Qingyu, on the other hand, only leaned her head on her nephew's shoulders. Seeing that, Xiao Tian touched his aunt's chin and made her face him.

Ye Qingyu did nothing to her nephew and only looked at him for two seconds before slowly closing her eyes.

Upon seeing his aunt's pretty face, Xiao Tian's heart beat faster every second. Xiao Tian then looked at her forehead, her shutting eyes, her nose, and her beautiful, pink lips. Using his thumb, he rubbed her lips gently.

And when he was rubbing her lips, Ye Qingyu slowly opened her eyes. She only looked at her nephew and let him rub her beautiful, pink lips.

But when his face was getting closer to her face, Ye Qingyu once again closed her eyes because she knew that her nephew desired to kiss her lips.

Two seconds later, their lips joined. They didn't kiss passionately and only pressed their lips for five seconds as if they wanted to feel each other's love through their lips.

And when Xiao Tian broke the kiss, Ye Qingyu's face blossomed into a smile.

Not long after that, the waitress came with their order, and after placing their order on the table, she immediately left.

"Qingyu, Xueyin, our order has arrived. Let's eat first," Xiao Tian spoke after seeing one malado salad, french fries, apple juice, melon juice, and mango juice on the table.

Malado salad was healthy food with lots of vegetables or meat in it like creamy avocado slices, grilled red and yellow pepper strips, or the succulent chicken.

After grabbing a fork, Xiao Tian took the chicken and said, "Qingyu, here, eat it."

Ye Qingyu then opened her mouth and ate the chicken. When Xiao Tian saw his aunt eating the chicken, he smiled and asked, "Is it delicious?"

"Un. It's delicious," Ye Qingyu said as she nodded her head.

"Tian, feed moth----" Ye Xueyin immediately covered her mouth and corrected her words "Tian, this big sister wants you to feed her too."

Ye Qingyu and Xiao Tian, who heard her words, giggled.

"Alright. Here big sister, open your mouth." Xiao Tian then took another chicken and fed his mother.

"It's tasty," Ye Xueyin said happily. Actually, what made the food taste delicious for her was because she could eat dinner with her little sister and son in a beautiful place.

Coupled with his son, who was feeding her, the food became more delicious in her mouth.

"Qingyu, here eat again," Xiao Tian fed his aunt a chicken again, and after his aunt finished eating the chicken, he grabbed the melon juice and said, "Drink this melon juice."

When his aunt was drinking the melon juice, Xiao Tian looked at her lovingly. Xiao Tian took a tissue and gently cleaned the remaining food on her lips.

After that, Xiao Tian looked at his aunt's lips without blinking as if there was a magnet on her lips that made him unable to look away from her beautiful pink lips.

Ye Qingyu, who was realizing this, smiled happily and said, "Eh, what is this, Tian? Why are you looking at my lips? Are you fascinated by my beautiful lips? Or..... you want to kiss my lips again?"

Xiao Tian, who just came to his senses, brought his face to his aunt's face. He decided to punish his aunt for teasing him by kissing her lips.

Ye Qingyu welcomed her nephew's kiss happily, but this time, she didn't close her eyes; instead, she looked into his eyes intently.

They looked into each other's eyes for three seconds before finally, Ye Qingyu widened her eyes when she felt his tongue was trying to enter her little mouth.

After looking at him for two more seconds, slowly, Ye Qingyu opened her mouth, giving his tongue a way to enter her little mouth.

Xiao Tian didn't waste his time and immediately put his tongue into her mouth. He then explored every inch of her mouth with his tongue before finally, their tongue intertwined. Saliva began dripping from the corner of their mouths, and as they were kissing passionately, they looked into each other's eyes, and their views never leave from their eyes.

Several seconds later, Xiao Tian broke the kiss, but due to their faces were still close to each other, they were able to feel each other breath.

Huft..... Huft..... Huft

The hot breaths escaped from their mouth, and slowly, they opened their mouths again to have another battle. But when they were about to kiss again, Ye Xueyin, who was seeing them from the beginning, said with envy, "Tian, this big sister wants a kiss too. When will you kiss this big sister's lips too?"

Upon hearing Ye Xueyin's words, Xiao Tian and Ye Qingyu looked toward her and smiled. Xiao Tian gave his aunt a quick kiss on her lips before turning his head toward his mother and touched her cheeks, "Alright."

## **Chapter 120 - Big Sister, I've Kissed Him In Your Place**

9-11 minutes

---

"Hurry up," Ye Xueyin then closed her eyes and waited for her son to kiss her lips.

However, Xiao Tian, who saw his mother pouting her lips and waiting for him to kiss her, only smiled and looked at his mother's cute face.

Ye Xueyin, who was closing her eyes, slowly opened her eyes because his son still hadn't kissed her lips. And when she saw her son smiling without doing anything, she hit his chest and turned her head, "Tian, this big sister hates you. You always bully big sister!"

Seeing his mother's cute behavior, he pulled his mother to him until she fell on his embrace, "Xueyin, you're so cute. I really like it when you behave like this"

Xiao Tian gently pinched his mother's nose, which was immediately followed by a beautiful smile that suddenly appeared on her face.

"Xueyin, it's a sin for you to behave like this. I can cough up blood just from seeing your cuteness." Xiao Tian placed his mother's head on his chest and embraced her.

Ye Xueyin, who heard his words, was delighted and raised her head to look at her son,

"Tian, even though I'm happy because you are embracing me right now, but what I want is a kiss" using her left index finger, she touched her lips and continued, "Here. I want a kiss here."

Ye Qingyu, who was drinking mango juice, put the juice on the table. After placing her left hand on the backside of her nephew's shoulders, Ye Qingyu turned her nephew's face and kissed his lips for two seconds.

After she broke the kiss, Ye Qingyu giggled and said, "Alright big sister, I've kissed him in your place."

Xiao Tian, who was a little surprised by his aunt's sudden kiss, also giggled. He had no idea that his aunt suddenly teased his mother. While Ye Xueyin, on the other hand, was pouting and said, "Qingyu, how could you do that to your big sister? I didn't disturb you when you were kissing him earlier. Now, it's my turn, so you shouldn't disturb us."

Upon hearing her words, Xiao Tian and Ye Qingyu laughed happily.

"Don't be angry, my cute lover" after Xiao Tian pinched his mother's nose, he kissed her forehead.

"There, there. I've kissed you now."

"Tian, but I want a kiss on my lips," even though Ye Xueyin was delighted because her son kissed her forehead, but what she desired was a kiss on her lips. That was why she asked her son to kiss her again, but this time, on her lips.

Xiao Tian stopped hugging his mother and brought his face closer to her face. Seeing this, Ye Xueyin was pleased because her son was about to kiss her lips.

Once again, Ye Xueyin closed her eyes and waited for her son's lips to meet her beautiful, pink lips. But once again, she was disappointed because when she was waiting happily, her son still hadn't kissed her.

After opening her eyes, due to her desire to kiss her son has reached the limit, she wrapped her hands around his neck and kissed him.

As her lips were meeting her son's lips, she immediately tried to put her tongue into his mouth. Xiao Tian, who was a little surprised due to his mother's aggressiveness, slowly opened his mouth to give his mother's tongue a way to enter his mouth.

Realizing the opportunity for her tongue to enter her son's mouth has arisen, Ye Xueyin didn't wait for another second and immediately put her tongue into his mouth.

Xiao Tian welcomed her kiss by intertwining his tongue with his mother's tongue. Soon, saliva dripped down from the corner of their mouths as they kissed passionately.

As they kissed, they tilted their heads to the left and right, fighting to become the dominant one. And after several seconds, Ye Xueyin, who was breathing slowly, broke the kiss to catch her breath.

Due to no one around them and their chair was far from other people's sight, coupled with the back of the chair, which has a high of one and a half meters that makes people unable to see them, Xiao Tian became braver and decided to squeeze his mother's breasts.

"Hmm," Ye Xueyin, who was surprised because her son suddenly squeezed her breasts, bit her left index finger so that she could hold her moan.

"What is this, Xueyin? You're not wearing a bra?" when Xiao Tian was squeezing her breasts, he noticed that she didn't wear a bra. It's not that he was angry or against it; he was only a little surprised by it.

"Un" Ye Xueyin nodded her head shyly. She was wearing a one-shoulder dress, so in her view, it was better not to wear a bra.

Because she was wearing a one-shoulder dress, it was easy for him to squeeze one of her breasts directly without taking off her dress.

"Tian, are you going to suck my bare breasts here?" Ye Xueyin, who saw her son squeezing her right breast, asked. She skimmed around them to see whether it was safe for them to continue or not.

"Yes," Xiao Tian knew that there was no one around them and thought that it would be safe just to lick his mother's breasts. That was why he didn't stop and desired to lick his mother's breasts.

Ye Qingyu was surprised when she saw her big sister's right breast, and with a low voice, she said, "Tian, what are you doing? It's dangerous!" she did not expect that her nephew wanted to play with her sister's breasts in the open place. She thought that kind of thing was very dangerous. That's why she asked her nephew, hoping that he will stop.

Upon hearing his aunt's words, Xiao Tian stopped squeezing his mother's breasts and turned his head toward his aunt, "Qingyu, don't worry. I will suck your breasts too later."

"Ah! Alright, I will wait fo--" Ye Qingyu then realized what she was about to say, so she immediately corrected her words, "No. what I mean is, are you really going to continue sucking big sister's bare breasts? It's fine for a kiss on the lips, but it will be dangerous to do more than that because we're outside. What if people suddenly come and see what you are doing?"

"It's fine because mother is wearing a one-shoulder dress" Xiao Tian kissed his aunt's lips before playing with his mother's breasts again.

"Big sister, this is dangerous. Stop him! Are you fine with this?" because Ye Qinyu failed to make her nephew stop, she asked her big sister, hoping she will stop her nephew.

"Ah! Well, if Tian wants to play with my breasts, I'm fine with it. I will let him do whatever he wanted. Hmm," Ye Xueyin tilted her head back while trying to hold her moan.

"Well, do whatever you two want!" because none of them wanted to stop, Ye Qinyu decided to ignore them and continued eating and drinking.

Xiao Tian turned his head toward his aunt and kissed his aunt's lips, which immediately welcomed by her. Xiao Tian did multitask, kissing his aunt passionately and, at the same time, squeezing his mother's breasts, causing his mother to let out a small moan.

After five seconds, Xiao Tian broke the kiss and said, "Qinyu, please wait. I will play with you later."

Ye Qinyu turned her head and replied, "I'm fine with a kiss, but if you want to... want to..." Ye Qinyu was too shy to say it, so she was unable to finish her words.

Seeing his aunt's expression, Xiao Tian started to smirk and said, "What is it, Qinyu? I don't get it."

Ye Qinyu lowered her head and said, "If you want to play with my....my breasts or my body, you have to wait until we get home."

Due to her shyness, each word that came out of her mouth getting smaller and smaller.

"Alright, I will make it up to you later at home," Xiao Tian whispered on her ears.

Imagining what her nephew will do to her once they get home later made her covering her face with her hands, but actually, she was looking forward to it too. To get rid of her dirty mind, Ye Qinyu took the mango juice and drank it.

Xiao Tian turned his head toward his mother and said, "Sorry for the wait, Xueyin."

Without waiting for her answer, he started licking and biting her breasts. As her son was playing with her breasts, Ye Xueyin felt that her thong became wet from her love juice.

But that didn't stop her from enjoying the pleasure. She only closed her eyes while tilting her head back. And when she opened her eyes, Ye Xueyin noticed that her son's cock was already hard.

With a little courage, Ye Xueyin started to rub her son's cock through his trousers with her right hand. "Ah, It's hard!"

Xiao Tian, who was playing with his mother's breasts, was surprised when she suddenly rubbed his cock through his trousers. However, he immediately ignored it, as if his mother did nothing to him.

Because Xiao Tian was unable to play with his mother's other breast directly, he decided to squeeze her breasts through her dress.

Ye Xueyin stopped rubbing her son's cock when he suddenly squeezed her left breast through her dress. But it was only last for two seconds before she continued rubbing her son's cock through his trousers again.

They were pleasuring each other for several seconds before they stopped and looked into each other eyes while breathing heavily.
