

## The Secret Heir Return To Wealth And Love Chapter 881

The Secret Heir Return To Wealth And Love Chapter 881

Chapter 881

The person involved didn't seem to have much reaction, b

ut Lennon Crawley stood up. Who did this? Keaton, find someone to shut it down!"

Why shut it down? It's all over **the** school forum. Let them see **it**, and give Mrs. Scott a c  
hance to refute it "Taylor crossed his arms and **sneered at** Paige Owens.

"You think my wife has something to refute? Baillie asked Taylor word by word

'Don't lose your IQ just because you're in love There's also **a** video of her hugging and c  
uddling with the gigolo Taylor seemed to have amnesia, forgetting that he himself said b  
efore that this kind of playfulness was more like among siblings

"Yeah, did you know about her having a child?" His tone was full of annoying surprise a  
nd sarcasm

They didnt care if Bae knew or **not**

"**Give** me **a** moment "

Paige was typing on her phone anxiously, responding briefly.

People in the dining hall were all smirking

Baille was now in a super embarrassing situation, and she was still chatting with others.

"Keaton, I thought you really wanted to help returnee students and develop their careers  
, so I agreed to attend this gathering. My wife is even busier **and** made time for this." **Ba**  
**ille** leaned back in his chair glanced at Paige. He didn't look at Keaton, but everyone co  
uld feel Baillie's displeasure

Baillie had always been a gentleman.

For such a person, even if he was angry, there was not much deterrence.

But everyone still felt a terrifying presence in Baillie

They never thought that although Baillie had a **good** temper, almost no one **dared** to provoke him.

He was never easy to mess with

I didn't expect this banquet to be a carefully planned trap.

"My goal is indeed to help students find job opportunities, but the forum exposure happened not long ago..."

Forum?"

At this moment, the screen suddenly went black, and an unfamiliar man's voice appeared

Then the screen lit up again, revealing a familiar face

"Gigolo Taylor pointed at the person on the screen and shouted

Jaime **was** speechless

**He** had just woken up.

His hair was pulled back with a sports headband, revealing a smooth forehead and a handsome but unhappy face

"Who the hell is the gigolo?" Jaime cursed, "Which **bastard** is spreading rumors?"

**Paige** had just sent Jaime a message about the situation.

Jaime was furious and immediately asked for her location, and called her via video

“Baille, can you handle this or not? How can you let these unreliable people buy my sister?” Jaime continued to complain, “Calling me a gigolo, Paige gave me less than 20 dollars for the whole year last year! Can this be called supporting me?!”

Everyone in the **private** room was stunned

They had no idea why Jaime appeared on the screen.

Jaime was furious glanced at his phone, and heard the sound of the video that had just been played

Lennon and the girl who uploaded the video were dumbfounded because only they had this video

“Damn Jaime was angry again, “Aren’t you all graduates from prestigious universities? How can you be as stupid as a pig? Can’t you tell the difference between fighting and **hugging?**”

## Chapter 882

“Jaime, mind your manners!” Paige couldn’t take it anymore.

“Manners? I’m gonna be a person without manners today! Jaime threw his **phone** on the table, crossed his arms, and said, “This whole thing was **targeting** Baie in the first place, and shouldn’t be involved! Let me tell you, I can find out who’s behind this in just three minutes with my programming skills, and expose them all from the other **side** of the earth!” Lennon’s face **stiffened** for a moment, t

hen she recovered

She **hadn’t** really participated in this from the beginning, just providing videos and photos. She thought to herself, “There’s no way he can find me through the **videos** and photos, **right?**” No way!

“And also

Jaime couldn’t help but laugh.

He **picked** up his phone, shook his head, and said, “You **guys** really have a death wish, **huh?** Do you even know who the father **of** Paige’s so-called illegitimate child is?”

“Jaime your sister is on a video conference What are you making a fuss **about?**”

At this moment, the door behind Jaime opened.

A tall figure walked in

Those with sharp eyes were immediately dumbfounded.

Wayne Silverman!!”

Wayne glanced **at** the screen, his handsome face showing displeasure. “What are you doing?”

“Baillie’s classmates are bullying Paige. Take a look for yourself! Jaime ruffled his hair, handed the phone to Wayne, and continued talking to the stunned crowd. “Don’t think that Paige married Baillie just because she’s lucky. It’s Baillie who’s the lucky one! Marrying **Paige** is his good fortune!”

Wayne helplessly watched the **video**, then

he leaned forward, looking into the camera.

Paige could faintly hear someone excitedly shouting, “Wow, he’s so handsome!”

“This child is my son.”

Everyone was stunned.

Lennon was even more **speechless**

Ever since she had taken the video, someone had been watching her, and she couldn’t spy on the other side anymore.

Wayne straightened up after saying that. “Keep it down, find the rumor-monger as soon as possible. I hate people who try to assign parents to other people’s children.” “Alright

Wayne left

Jaime’s voice lowered a bit. “What was I saying? You young people really have no fear, huh?”

“Handsome, this has nothing to do with us! We didn’t spread the rumors, we were just watching the drama!” Someone hurriedly explained

**Their** family had business **dealings** with Bane Corporation!

“Don’t bother **explaining**” Jaime said with disdain ‘Since we’re already talking about this , let me be straight with you. Paige **is** Gabriella Jared’s close friend. Gabriella, I assume **you all** know

**her?”**

The people at the table **nodded** and began to interact seriously with Jaime

Jaime nodded in satisfaction. “She’s always protecting Paige, calling her baby all the time. **Just** wait, when she finishes her meeting, I’ll tell her **about** this, **and** you guys will be in **big** trouble!”

**Paige** tried hard not to laugh Jaime’s threatening manner was just too funny.

“Also, Granny Hilaria really loves Paige too.”

“Jaime, that’s enough. Go catch the rumor–monger. If you do, I’ll transfer money to you,” Paige couldn’t help **but** interrupt Jaime’s teasing and bragging–style threats.

I just completed an important task, and Wayne gave me a huge bonus It’s not about the money I just **want** these people to know that when you married Baillie, it was him who was marrying up!” Jaime grumbled

He had known all along that people his age who were eager to get married couldn’t be trusted.

Chapter 883

A simple reunion with classmates almost

**got** Paige smeared.

If it weren’t for him being a top–notch hacker, Paige might never be able to clear his name

Jaime **seemed** to go on and on

Paige looked around and found the power source for the screen

She walked over and pulled the plug

The room suddenly quieted down

Everyone looked at Paige without saying a word

What did that handsome guy just say? Gabriella was her bestie, Hilaria Jared treated her like a treasure? Wayne even helped her debunk the rumors personally... Who was **her husband** again?

"So, any more questions?" Paige sat back down, her friendly smile sweeping over every one.

Page, actually, no one here has **any** intentions towards you," Lennon said gently "When we saw the news, we instinctively didn't want **you** to get hurt. Now that the misunderstanding has been cleared up, everyone can relax"

"No ill intentions?" Baillie spoke up, her cold gaze sweeping over everyone's faces. You guys have no ill intentions, but you still dare to bully her. If you guys had ill intentions, wouldn't you want to skin her **alive?**"

"Baillie, don't overstep your bounds. Everyone is questioning for your own good!" Taylor got upset when Baillie criticized Lennon. "If you're angry, go vent **at** the person who spread the rumor Why are you treating Lennon so poorly?"

Paige

slammed her utensils on the **table**

Everyone looked at her in astonishment.

"Hey, you, are you looking for a fight today? Or have I been too kind with you?" She looked at Taylor "From the moment I walked in, you've been sarcastic and mocking. I don't **see how** you're trying to do anyone any favors, just picking a fight"

"You

Taylor was suddenly exposed by **Paige**

His face turned red instantly

This is my family's hotel, **and** I don't welcome you guys. Get out **of** here!" He yelled, furious and embarrassed

Everyone was stunned

The hotel was indeed his family's, but with

Pages family background, and Badies presence.. How dare he be so arrogant?

Everyone tried to persuade **him**,

At that moment, a

loud scolding came from the **door** of the private room.

Useless

Everyone looked over and saw a chubby middle-aged man hurrying **in**

“Dad” Taylor was confused “How did you get here?”

President Owens “The middle aged man approached Paige with a frightened face. I apologise for my son’s behavior. He’s been spoiled by his grandparents and offended you

Dad what are you doing?” Taylor was dumbfounded

“Mr Kiely, what a coincidence Just yesterday you discussed the hotel acquisition with me, and today I’m here with your esteemed son . Paige glanced at Taylor

Taylor’s dad was almost pissed off by his own son

Today he heard that the Scott family’s young master, Bailie, was coming to the hotel for a party.

He rushed over hoping to meet him

**But** he didn’t expect that as soon as he arrived, his secretary told him that Paige had already come

He was over the moon

He even told people that his son’s connections had far surpassed his own.

Just as he was

happily coming over he heard Taylor’s rude words at the door, telling them to leave the hotel.

didn’t educate my child well President Owens and Mr **Scott**, please forgive **us**. I will discipline **him properly when we get home!**” Mr Kiely’s **forehead** was **covered in sweat** as he repeatedly bowed and apologized to Baile and Paige

Taylor was dumbfounded

He had never seen his dad like this

“How **you** educate your child is your **family’s** business Since Mr. Kiely has asked **us to** leave, my wife and I will not impose any longer Baile **stood up**, his tall **stature** giving off an

oppressive aura

Wie?

Kiely **looked** at the two in surprise

+

## **Chapter 884**

He **didn't** know the two were married.

“Baillie Keaton rushed over, “We finally got together. This place won't do, let's go some where else. “No need

Baillie was naturally cold, but he understood the rules of survival in human **society** very well.

Some things should be done

But for him, Paige was the most important person

Baillie responded coldly

and held Paige's hand tightly and strode out.

As they left

Paige felt a gaze.

and looked back subconsciously

Her eyes met Lennon's.

Paige wasn't afraid.

She gave her a disdainful look and then looked **away**.

She was sure that Lennon was behind today's mess.

In the future. I won't bring you to events like this Baillie said solemnly after they left

He wanted more people to know that Paige was his wife, b

ut he didn't expect such a farce to happen.

“Huh?” Paige still held Baillie's hand, but she quickened her pace, bending down to look up at Baillie

Baile was touched by her cute gesture

“So, you won’t take me to social events anymore?” Paige asked.

“Of course not

“I was thinking that you would take me to where you studied and lived, meet your class mates and teachers. “Paige looked disappointed

“Arent you upset about today?” Baillie was afraid Paige would be traumatized **by** the incident

Paige shook her head, then laughed and said, “Why should I be angry? I was amused b y that fool Jaime, and Mr. Kiely’s appearance was the highlight. How could everything b e so coincidental”

Baile looked **at** her

Paying no attention to whether they were outside or if there were people coming and goi ng, hi

**e** pulled her into his arms and kissed her

The person he chose at **first** sight was indeed the right one.

Paige was the sun in his life and his soulmate

Nicole came out with Baillie and Paige

The posts in the forum and the video on the screen just now were all her doing.

She met Baillie at a summer camp when she was very young.

**Baile** was different from everyone else.

He was handsome, always well-**dressed**, and **a** quiet person

She fell and got dirty, everyone laughed at her, but Baile handed her a soft, fragrant ha ndkerchief

From that moment on, Baillie became her ideal partner

Wherever he went to school she studied hard to be in the same school as him

She wanted to confess her love, b

ut there **were** always countless women around him

So she went for plastic surgery, worked hard to keep fit.

And when she finally became beautiful.

she **couldnt** wait to confess her love

But he said. "I don't remember what happened when we were young. Thank you for **you** r kindness, but I have no plans for a relationship"

Later, she would confess her love to him every once in a while

She became a well-known Baile's crazy pursuer in the international student circle

Chapter **885**

Even though she got rejected **every** time, Nicole developed an unshakable belief in her relentless pursuit of Baile day after day. She convinced herself **that** she was special to Baile, above all other girls. She **even** thought that the only reason Baillie didn't accept her was that **he** was still in school focusing on his academic research

With this thought in mind. Nicole waited until she heard the news that Baile had confirmed his relationship with his girlfriend. The elegant and aloof Baile dropped his pretense, **and** in the photos with Paige, his face was full of tenderness and love Nicole almost went crazy Then, Lennon found **her**

When Nicole saw the photos and videos in Lennon's hand, she completely lost it

"She deceived Baile! She actually deceived Baile! I'm gonna kill her!!!"

Lennon held her hand and gently persuaded, "Nicole, what's the point of killing her? What **you** need **to** do is to let Baillie know the truth!"

So, there was the forum exposure and Nicole's screen projection just now

She was all prepared She wanted to see the bitch's true colors exposed, then let Baillie be disappointed and disgusted with her, and publicly dump her

But the thing she had been longing for didn't happen. From the very beginning, Baillie chose to love the bitch' unconditionally!

Nicole stood there, watching Baile kiss the girl **as** if no one else was there

Her hands were trembling uncontrollably.

It wasn't supposed to be like this Baillie belonged to her!

Page, who was always uneasy about public displays of affection, quickly noticed Nicole staring at them from a distance

She leaned back, ending the kiss

Jae **was** obviously not satisfied. Paige patted his shoulder and hinted: Nicole was nearby.

He looked back, recognizing her but not knowing her

“Excuse me, do you need something?” Paige took the initiative to ask her voice gentle, completely devoid of her domineering attitude in the restaurant.

Nicole walked over

and quickly approached Baillie

Her gaze was fixated on Baillie, her obsession undisguised

“Baillie, didn’t you tell me before that you had no plans for a relationship? Why did **you** suddenly get married?” Finally looking at Paige, the resentment **in** Nicole’s eyes made Paige involuntarily frown, “She’s so ordinary. What makes her worthy of you?”

Ordinary” Compared to most people, Paige was a very beautiful girl

“Baillie”

As Nicole spoke, she tried to grab Baillie’s hand.

Baillie stepped back with Paige, increasing the distance between them and Nicole

Nicole’s hand froze in mid-air

Miss, I don’t know you Please respect yourself “Baillie said coldly

Nicole **was** stunned

She looked at Baillie in surprise, “M Nicole! How can you not know me? I’ve written **you** so many love letters, and we’ve met many times!”

As Nicole spoke, her voice suddenly stopped because she genuinely felt the strangeness in Baillie’s eyes

He seemed not to know her **at** all
