

THE VIRGIN'S REVENGE

Chapter 16 Betina's plo

Stuart was dumbstruck by her words "Betina how could you say something this outrageous have you stopped to consider how she'll be affected by all this."

"Consideration you say, well dear husband did she consider my feelings when she gave off her self to those disgusting filthy men, huh?"

"Stuart we both know this marriage alliance with the Valdez family is the only way to lift the reproach on her mud-drugged name."

"You mean your name."

"It's pointless having this conversation with you and there's absolutely nothing you can do to stop this from happening, excuse me."

Stuart was left pale and out of life but i guess that's the price he paid for deeply loving an egotistical ambitious woman.

Betina was assiduously doing everything in her power to make a good impression on the Valdez family particularly Rodolfo's imperious wife Regina.

Betina hated the disdainful look she held towards the lowly people, rumour had it that if it wasn't for her marriage to Rodolfo, her family would've died from penury.

Well she wasn't going to let her insolence get to her not today when she would establish her status as the in law to the Valdez, she laughed out loud at the sound and thought of it.

"Huh, well i need to go speak with Bethany."

"Come in."

"Oh you're drawing again?" She asked but truth was she cared less about her recuperation.

"Yes abit."

"How have you been child?"

Bethany was astounded to see and hear her address her like she used to in the past ;child.

"Mom," she almost teared.

"It's okay i know i've been a little distant with you lately and i'm sorry will you forgive your mother," she forged a sad face.

"Oh mom," Bethany drew her in an embrace.

"It's okay my child."

After hugging Betina spoke out "I'll need you to wear this later in the afternoon," she passed her a nice shoulder length blue dress with matching jewelry.

"What is this for mom?" Bethany asked.

"You will know soon just trust your mother and look your best okay."

There is nothing else Bethany longed for than to restore her relationship with Betina so she agreed instantly with a smile across her face.

Lately she had been doing alot of crying so her face was to pale and out of life.

"Also don't forget to apply some make-up honey."

Betina instantaneously rubbed herself of what she called filth because that's how she viewed her once she was out of her room.

Bethany stared at the dress with all these bombarding questions as to why her mom was acting so affably.

Shrugging it aside, she entered the shower if this was the way to restore their mother-daughter relationship, she was eager to do it.

Soon, a Honda Accord parked outside the Rivera courtyard and out of it came a fancily dressed couple.

The family was none other than the Valdez family.

Regina who was smartly dressed in the fendi brown dress said "Rodolfo we better make it quick before this filth stains my clothes."

So they approached the door.
