

The Girl Without A Wolf: The Rejected Luna Chapter 15 - Tips

0 7 minutes read

Jane's point of view.

What kills a werewolf the most is having a wolf and she dies. Being woofless is better than having a dead one.

I was still grieving my loss. I lock myself in my room without allowing anyone to see me. Amber is gone. My wolf is gone. I was happy I had a wolf to call mine. She's my partner and my everything. I kept talking to her, but I got no response from her.

"Amber, are you there? No responds.

This is my 100th time talking to her, and I'm hoping she's gonna reply to me.

The little time I got to know my wolf, she made me feel happy and special. She is always there for me. I causes all this. She dies because of me. Oh, Amber, I'm sorry. I'm so sorry you're mated with someone cruel and brutal. I vow to avenge you. I swear to kill him. I will make him pay with blood. I will make him feel more pain than the one I'm passing through right now.

"Are you in there, Jane? I hear Amira's voice.

I stay silent without responding. I don't want anyone to see me like this. Even when my mate rejected me. I have never felt sad and heartbroken like this.

"Jane, open this door, please. "We are here to talk to you," Ella spoke out.

"I am not in the mood to see anyone," I replies. Please go back.

"Don't do this, please. "We're very worried about you. "Please, open this door", Amira said as she keep knocking on the door.

"Can't you let me be, for goodness' sake? My voice comes out weak. Can you give me some space?

"Okay", Amira said. "We will do as you say, but we are not leaving you. We will be sitting here until you open your door.

I ignored what she said. I feel weak

Resentment replenished my heart. Should I blame the moon goddess for mating me with a bastard? She blessed me with a wolf and later took her away from me. I think the goddess must hate me for intentionally mating me with a killer. I was still in my thoughts when my phone rang. I ignored it. It rang the second time. I picked up my phone to check who the caller is. "It was my mother." I picked up the call.

"Hello, baby girl," says my mother.

"Hi, mom! "Good evening," I respond, trying my best not to let her sense my sorrow through my voice.

"What happened, my love? She asks. Why are you sounding like this?"

"It's nothing, mom! I'm fine.

"Oh, no. Don't tell me that, darling. This is not my daughter's voice. "I can sense that you are very sad. Don't tell lies", she says. Tell me what was wrong.

I guess I can't keep it to myself any longer. She already knows, even without saying a word yet.

"Are you there? Her voice sounding worrying. Jane, are you still there?"

"Yes, mother. I'm with you, I breathe.

"Okay, good. Now tell your mother what's bothering you.

"Mother," I burst out crying. I lost Amber. I lost my wolf.

"Your wolf? My mother inquired. Jane, do you have a wolf?"

"Yes, mom. It all happens so fast. I met Amber and now she's gone. I met Amber and now she's gone, "I enunciate. He kills her. He was thinking of killing me, but Amber got killed instead. I cried so hard. "She died for me. I caused all this, mother.

"Calm down, baby," she muttered. "Who killed your wolf? Did you meet a strong warrior in a fight?"

My mother's voice was full of worries.

"Mother!!" My mate killed her. He intentionally killed my wolf", I emitted.

"What!!" she screams. "What have I done to deserve this? Oh, moon goddess, why is my beloved daughter mated with a monster king? She didn't deserve this kind of barbarity.

My mother keeps blaming the goddess for pairing me with him. I can feel her sorrow, yet she's still trying her best to calm me. I was taunted, bullied, and called names because I had no wolf. No one likes me, and they all think I don't deserve to be their future beta. Only my mother believed in me when no one else did. She already understood how he killed my wolf.

"I'm sorry, darling. Please stop reprimanding yourself. You didn't cause her death, your stupid mate did. I never believed he could go that eschelon to kill you," she said with anger. "Thank God you have a wolf that saves you. Your wolf saved you, Jane. She loves you. All you have to do is get stronger and avenge her. You should make him pay for his sins and ruthlessness.

Mother consoled me for a long time. She's right. I need to gather myself and begin to train harder than before if I want to defeat that bastard. I need to deal with him.

I wipe away my tears. I stand up and head to the bathroom.

I stand under the shower as the water fell on my body. My heart hurt. I open my door when I am fully dress only to meet Amira and Ella sitting at my doorstep.

"Thank goddess you open your door", Amira said, standing on her feet.

Ella smiled at me before saying, "Good to see you, Jane.

I invite them in. I sit on my bed. They took their sits beside me.

"I'm so sorry for what happens to you", Ella starts. I just hear from Amira that you lost your wolf due to your mate's betrayal. "Are you okay?

My blood boils when I hear the word "Mate". Everything I have learns about them is a scam.

I smile at her, "It's okay! I'm fine. Thank you for checking on me.

“I don’t want you to be sad, Jane”, Amira said. I always want you to be happy, no matter what your circumstances are. I want the old Jane back.

It’s not as easy as she says. Not having a wolf at all is better than having a wolf and losing it. I never blamed her. She’s only looking out for me.

“We’ll always be here if you want to avenge your wolf”, they affirm. We will join forces together to take him down for doing this to you. He doesn’t deserve any mercy from you.

I was shocked by what I just hear from them. They knew who my mate is and yet they still offered to help me. They know he’s the king. He’s a powerful being.

“Thank you,” I whisper. I appreciate your help, but I think it’s better to kill him myself. I don’t want to involve my friends and my loved ones. I could go crazy beyond repair if I lose any of you. I’m sorry. I can’t allow you guys to fight him.

“We are not scared of him,” they announce. How dare he think of killing our friend? Your wolf saves you. She didn’t allow him to kill you. She takes away your pain with her. We are not afraid of that trash.

I’m speechless. They know they might not survive when facing him in a fight, but they still choose to help me. This is genuine love. The love and care is real.

“I appreciate your kind gesture, but I still stand by my words. I chose to fight him alone. Thank you, girls.

They talk and tell jokes. They try to make me happy and feel good. They stay with me all day, chatting and playing.

“It’s getting late. “Won’t you go to your room to have some rest?” I mumble.

“We are not leaving,” they said. We are staying here tonight.

“What!!” Are you serious or joking? I ask my friends, who were already laying on my bed.

I sighed, “Just for tonight! I will allow you guys to sleep with me tonight.

“Yes! Thank you, girly.

The next morning, I woke up to find them asleep beside me. They look so cute. I need to get myself together to go train. I stand up quietly beside my sleeping buddies. I begin to strip to go take my bath. I was still bathing when I hear their voices.

“Where are you, Jane? They ask.

“I’m in here. I’m having my bath”, I answer. I relax in the cold shower. I feel a little good. when I’m done bathing. I walk into my room only to find them stripping themselves.

“What the hell are you doing? I scream in stupefaction. “Why are you stripping down to nothing?

“Why? We are thinking of having our bath here”, they respond.

“Oh, I see. And what about your clothes? Are you still gonna put this on again?

“Ah, no. We already mind-linked the maid to bring our clothes here”, they murmured. You don’t have to worry. We will hang out with you all day today.

“Thank you! I speak, I’ll be going to the training grounds after my breakfast.

“Okay then, we will accompany you there,” Amira smiles. We will watch you train.

I don’t know what else to say. I agree with whatever they say. I understand they are doing it for my good.

We all dress and head to the kitchen. The food is already prepared by the omegas. We took our seats and begin to dig into the food.

“This is so yummy. What do you think about the food, Jane? Amira raised a question.

“I like it. “The food is delicious,” I whisper. She beamed sweetly at me. She’s doing her best to make me smile. We rest a bit after our breakfast before heading to the training domain.

“You can sit here and watch me train”, I tell them, pointing at the little chair beside me.

“Okay!

I forgets about my friends. I start venting my wrath on the punching bag. I hate to admit this, but no matter how I vent my anger, it's never enough. I need to train harder. I need to be strong. I want to avenge Amber. I need to be stronger to slaughter him. All this glides through my head and mind as I keep punching harder. I had no idea that my hands were already hurting and my blood was trickling until Amira screams at me.

“Stop it, Jane. What do you think you're doing? Do you want to kill yourself before you avenge your wolf? She screams.
