And the cousin who was on good terms with Jiang Chen also came back.

Her name was Jiang Lu, a very pretty woman. As soon as she came back to the Southwind Ridge, she went to Jiang Chen's room and expressed her empathy and anger for what had happened to him.

She also brought Su Qian's news to him.

Jiang Chen got to understand the situation, but he still had some doubts, so he asked, "How did you know these things?"

Jiang Chen nodded. Jiang Lu was working in the Whitewater City. Of course she was more well-informed. "Even you know that Meng Fei is Su Qian's boyfriend. There is nothing wrong with my certi cate of divorce."

Jiang Lu was worried. "I am afraid that he will rock the boat tomorrow. He is in the peak of the preliminary stage, and his

However, there were some new people among this year's guests.

That was a powerful school beyond the Hundred Thousand Mountains. People could deduct from its reputation in the Southwind Ridge how great and powerful it was.

For example, Meng Fei and his apprentice sister, Liu Fei, whom Jiang Lu had mentioned.

The two disciples were pursuing a villain who was hiding in the Hundred Thousand Mountains and didn't get time to go back. That was how they were in the Jiang Mansion.

Of course the Jiangs treated them as noble guests. At the same time, there was a special guest for the east courtyard, someone from the Su's.

The young man was Jiang Jian's brother, who just came back from the institution. He was in the peak of the preliminary

Of course Jin Jie wouldn't leave so easily, but she was so dumbfounded that she couldn't even say a word.

"You'll know it soon. There are plenty of chances at the banquet."

Jiang Feng didn't rush. Instead, he left with Jin Jie for the moment.

Jiang Lu came to him and noticed his look. She nodded at him. "Is he Meng Fei?"

Jiang Chen squinted. Instead of being intimidated, he looked like he had accepted the challenge.

He called Cher over, pointed at Meng Fei and asked her, "Is he that guy?" "Exactly!" Cher looked at him and nodded.

"What did he say?" Jiang Chen asked. **ADVERTISEMENT**

"Young Master." To his surprise, Cher glanced at him and didn't dare speak.

Jiang Chen couldn't imagine what terrible things Meng Fei had said that even the talkative Cher didn't dare speak them out. "Good. I got it," Jiang Chen said coldly.
