

When His Eyes Opened Read Novel Chapter 3118

Novel Chapter 3118 -Hazel couldn't stop her brother's decision.

There was no way to tell Lucas the truth of this matter.

She could only take one step at a time.

The next day, Aaron and Hazel came to the company together.

Aaron was really bored and crazy, so he talked to Hazel last night and asked Hazel to bring him to work at Night Technology.

Seeing Hazel bringing Aaron here, Niko frowned slightly.

Hazel introduced to Niko: "Brother Niko, this is my cousin. His family is very rich, and he came out with me to experience life. Can you let him come to the company to stay? If you have anything, you can arrange for him to do. You can arrange him to do the things you want, but he doesn't want wages."

Niko: "..."

Aaron smiled at Niko: "Boss Niko, you don't have to be polite to me. I can do any physical work! Mental work is fine! but I can't do it."

Niko: "..."

Niko could see that Hazel's rich cousin had well-developed limbs, but his mind seemed simple. This kind of person should be the kind who bullies others in society, and it was impossible for them to be bullied.

Niko: "Cousin, our company doesn't have any manual work."

Aaron: "I can also do simple mental work. For example, I can also do the front desk."

Niko: I never expected, never expected, that someone would compete with me for a job.

Niko: "Okay! Then you can work at the front desk! If you do a good job, I will pay you. But the salary may not be too high."

Aaron: "Whatever you want."

After Aaron finished speaking, he sat down in the chair at the front desk.

Foster family paid him a very high salary, and now he followed Hazel to Night Technology, saying that it was because of boredom, but in fact it was to protect Hazel.

Niko said to Hazel: "It just so happens that investors are coming over today. I'll go outside to pick them up now."

Hazel asked: "Are the investors male or female? How many people are here?"

Niko: "If you're so interested, you can hide in Lucas's office and eaves drop later."

Hazel: "...Are you sure I can eavesdrop in his office later?"

Niko: "He didn't pay much attention to this meeting. He doesn't like others to control him."

Hazel: "Oh!"

Hazel had decided that when the investor arrived, she would go into the office to eavesdrop.

She didn't know if the person her brother sent recognized her.

After Niko went out, Lucas came to the company after a while.

Lucas passed by the reception desk, then backed away, and glanced at the person sitting in the reception desk.

Lucas: "Cousin?"

Aaron pulled out a forced smile: "Go and do your work! Leave me alone!"

Lucas: "???"

Lucas entered his office and saw Hazel spraying the green plants with a watering can.

“What’s the matter with your cousin?” Lucas walked to the office chair and sat down, asking Hazel.

Hazel put down the watering can, walked up to Lucas, and explained with a smile: “My cousin is too boring, so he came to work with me. But you don’t have to pay him. He can’t do much, so let him stay at the front desk. At least he can guarantee that the bad guys won’t come in.”

Lucas: “Are you sure he is your cousin? I feel like he is your bodyguard.”

Hazel: “...”

Was it that obvious?

Was it because Aaron was taller and stronger?

Hazel changed the topic: “Brother Niko is going to pick up investors, boss, are you nervous?”

“What’s there to be nervous about?” Lucas glanced at her, “Are you nervous?”
