I am a quadrillionaire chapter 2297-Blue followed Sahar's instructions and reached the headquarters of the TSA at the Central Sacred Continent.

Their appearance did not catch anyone's attention.

Which included Sid, Zenon, and the rest of the Sacred Saint masters.

After all, the Divine Realm was way stronger than the Saint Realm.

Upon reaching the venue, Blue used his mind power to scan the area and found six strong auras.

'I suppose these are the six Sacred Saint masters of the Star Kingdom that Sahar was saying!'

Blue showed a smile.

'I guess today is my lucky day.'

'I don't need to waste much time since all six are here.'

He then brought Sahar to the conference area where Sid and the rest were located.

Sid only noticed him after he sat in the empty seat.

This proved the gap between the Divine Realm and the Saint Realm.

If he were to make a move on Sid and the group, it was just a matter of seconds.

There would be no other alternatives.

"Please continue, I am just here to listen and I won't interfere with anything," Blue said with a smirk.

"Who the hell are you? How did you get in here?" Sid asked with a deep voice.

He knew that this was not someone simple.

How could an ordinary man pass by the six Sacred Saint masters without being noticed?

Yet Sid could not figure out when he appeared in Star Kingdom

Either he was like David, with power beyond the Saint Realm, or he had some kind of special ability to hide his aura.

Sid would rather he be the latter.

“You will know who I am in a while, but I am interested in the topic that you guys were discussing earlier,” Blue answered.

He was attracted to the conversation of the few Sacred Saints before this. Two key phrases caught his attention.

The Feather family.

‘Isn’t that my family?’

‘And Master David!’

He would at least be a partial Divine Realm master for the Sacred Saint masters to address him in such a way.

‘It seems like Sahar doesn’t know everything in the Star Kingdom.’

It was not too big of a surprise.

Sahar did not have such a level of capabilities yet. So he could not gain access to the highest confidentiality information in the Star Kingdom.

Sid did not get the answer he wanted so he looked towards the man standing behind himself.

This man was more familiar to him.

Although there were so many Saint Realm individuals in the Star Kingdom and some of them stayed in to cultivate, as the head of TSA, Sid knew at least half of them.

The man in front of him rang a bell.

Sid then remembered who he was.

There were not a lot of Sacred Saint masters in the Star Kingdom. True Saints were even lesser.

Sahar Simmons was one of the OG True Saint masters in the Star Kingdom.

'You are Grandmaster Sahar from the Simmons family, right? Please explain to me what is going on?' Sid looked at Sahar and asked.

The five other Sacred Saint masters had their eyes on Sahar as well.

They were all waiting for his explanation.

Yet Sahar chose to keep quiet.

Since he had already made up his mind to follow Blue, he would not bother about Sid.

The hall fell into deep silence.

Blue said once again with a threatening tone.

"I shall repeat myself once again, please continue your conversation."
