

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

### Chapter 261 Waiting Silently; Maintaining Order!

Jiangbei University, downstairs of the girls' dormitory.

Xia Bing and Xia Xue had been standing under the big tree in front of the dormitory since morning. Their two pairs of bright eyes were always silently watching the distance.

Their eyes were filled with anticipation.

At this moment, their roommate, Zhao Ni, who had just returned from outside, walked forward in surprise and said, "Xia Bing, Xia Xue, why are you still here? Could it be that you've been standing here since this morning?"

Although Xia Bing and Xia Xue were introverted and they rarely talked to their roommates, Zhao Ni could easily feel that the two of them were very kind.

Therefore, she was very willing to be friends with them.

Xia Bing and Xia Xue did not like to lie, so they said truthfully, "Yes... That's right."

eglesnovel "What are you waiting here for? Have you had dinner?" Zhao Ni asked.

Xia Bing and Xia Xue said, "Not yet."

"Not yet? Wait, you haven't even eaten lunch yet, have you?" Zhao Ni asked again.

Xia Bing and Xia Xue nodded in embarrassment.

"What?!" Zhao Ni immediately widened her eyes and shouted, "What are you doing? Hurry up and eat!"

Xia Bing and Xia Xue hesitated. "We... We're waiting for someone."

"Who is it? Why are you waiting like this? You've already waited for a day! No matter who it is, it's not worth it to wait for them like this!" Zhao Ni shouted.

After saying that, she was about to forcefully drag the two of them to the cafeteria.

At this moment, there was a sudden sound in the distance.

Then, a cool-looking helicopter appeared above the school.

This scene... attracted the attention of many people.

"F\*ck! It's a helicopter!"

"A helicopter actually came to our school!"

"So cool!"

While many people were looking up at the sky and discussing, a rope ladder descended from the helicopter.

Then, a tall and handsome figure slowly climbed down the rope ladder.

It was Lin Fan!

Seeing this...

Xia Bing and Xia Xue seemed to see a hot sun that was constantly approaching them, completely illuminating their eyes. Their faces became extremely bright.

Lin Fan smiled and said, "You must have waited for a long time."

Xia Bing and Xia Xue shook their heads repeatedly. Then, they seemed to have thought of something and quickly handed Lin Fan a bottle of energy drink each from their small backpacks.

Regarding this...

Lin Fan was already used to it. He took the energy drinks and drank a mouthful from each bottle.

After Xia Bing and Xia Xue saw it, the joy on their faces became even greater.

Lin Fan said, "Let's go."

At this moment, Zhao Ni, who had been standing at the side without saying a word, shouted, "Leave? Do you know that Xia Bing and Xia Xue have been waiting for you here for an entire day?"

"They haven't even eaten lunch or dinner yet! You still have the face to ask them to leave with you? Don't think you're so great just because you have money!"

Zhao Ni was also shocked by the helicopter in the sky.

Thus, she was not able to rebuke Lin Fan immediately.

Lin Fan was shocked. "What? Have you been waiting here for a day?"

Xia Bing and Xia Xue lowered their heads like children who had done something wrong.

Lin Fan looked at their tired faces and thought...He could not help but recall how they had waited for him on the basketball court every day, and his heart ached slightly.

He reached out and gently stroked their heads. "Don't be so silly in the future."

Xia Bing and Xia Xue nodded in enjoyment.

After a pause, Lin Fan said, "It's my fault. I didn't say when I would pick you up yesterday.

"Alright, let's go eat now."

Xia Bing and Xia Xue said obediently, "Okay."

Then, Lin Fan said to Zhao Ni, "Do you want to go with us? We're going to the concert later."

Although Zhao Ni's tone just now was very impolite and it could even be said to be a reprimand, Lin Fan was not angry.

It was because he understood that... Zhao Ni treated Xia Bing and Xia Xue really well.

Therefore, he had a good impression of her.

Zhao Ni seemed to realize that she seemed to have misunderstood something. She could not help but stutter, "I... I've already eaten, so I won't go."

Lin Fan did not force her. He said goodbye and entered the helicopter with Xia Bing and Xia Xue using the rope ladder.

"To the Imperial Hotel."

"Yes!" the two pilots replied.

Rumble!

After a loud noise, the helicopter sped into the distance and stopped steadily at the landing point on the top floor of the Imperial Hotel.

Under the lead of the attendant who was already waiting on the top floor, Lin Fan and the rest quickly arrived at the VIP room.

At this moment, the table was already filled with sumptuous dishes.

Lin Fan personally scooped two bowls of soup and handed them to Xia Bing and Xia Xue, "You haven't eaten all day. Have a bowl of soup to warm your stomachs first."

Xia Bing and Xia Xue were like chicks pecking at rice as they kept nodding.

The bowl of soup was quickly finished.

Then, Lin Fan picked up some noodles for them and said, "Eat some more noodles to replenish your energy."

...

While Xia Bing and Xia Xue were eating, there were already countless people standing around the Jiangbei City Stadium.

In order to prevent any accidents, police cars, fire engines, and ambulances were lined up on the side.

Standing at the entrance were men in suits and leather shoes. Some were bald, some had a buzz cut, and some had tattoos on their bodies. They exclaimed, "I've never seen such a big scene!"

"Brother Wang, your boss is amazing!"

"He's amazing!"

The manager of Flying Dragon Security Company, Wang Shengli, said proudly, "Of course!"

In the past, Wang Shengli knew that Lin Fan was different.

Now, he was even more impressed by Lin Fan.

Immediately after, Wang Shengli said seriously, "As you can see, there are a lot of people here tonight. Later, you must make sure that order is maintained. Don't let any accidents happen!"

Today, Wang Shengli transferred hundreds of security guards from Flying Dragon Security Company.

However, to be on the safe side, he called some other people over to help.

"Brother Wang, don't worry. There won't be any problems!"

The bald man in the suit said, "If anything happens to the area I'm in charge of, you can kick my head like a ball!"

"That's right!"

"Me too!"

The others echoed.

"If there's a chance in the future, I'll let you meet my boss." Wang Shengli nodded in satisfaction.

When everyone heard this, they all revealed an unconcealable excitement.

In their opinion...

A person who could host such a grand concert was definitely a top-notch existence.

If they could meet, it would definitely be a great thing.

"Thank you, Brother Wang!" everyone said in unison.

"Alright, it's about time. You can let the audience in slowly."

"Alright, we'll go and arrange it now!"

Soon, there were long lines at the ten side doors of the Jiangbei City Stadium. Under the protection of many security guards, people walked in in an orderly manner.

**RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH**

Even though the stadium had ten side doors, there were 100,000 spectators for this concert! It would still take a long time for everyone to enter.

Song Yi swiped his ticket and went through a strict security check before finding his seat.

"I'm finally in."

Next to him, a girl named Gao Lanwen, who scored about 80 points in appearance, looked at the dark shadows in the stadium and sighed, "There are too many people! I don't know if Juan Juan and the others have come in."

As she spoke, she could not help but look into the distance, trying to find her friends.

"Use this." Song Yi took out the binoculars that he had prepared earlier and said.

"You even brought binoculars!" Gao Lanwen exclaimed in surprise."

"This will allow us to see more clearly." Song Yi smiled. "I remember Liu Juan and the others are in the 4,000+ seats in Zone E, right? It should be behind that direction..."

Gao Lanwen looked in the direction Song Yi was pointing at. Sure enough, she soon saw her friends. She could not help but wave and shout at them.

However, how could the other party hear her voice from such a distance?

Song Yi looked at Gao Lanwen's cute face and was fascinated.

Then, he raised his head and looked into the distance as if he was looking for something, but he did not find anything.

"I don't know where Ma Zhong and the others are. Forget it, I'll just ask them."

As he spoke, Song Yi took out his phone and quickly sent a message to the 104 Roommate group.

Song Yi: [Ma Zhong, have you entered the stadium?]

Ma Zhong: [We're coming in.]

Zheng Jinbao: [Song Yi, do you know where we're sitting? Our seats are VIP 196 and VIP 197, which are in the middle of the VIP area!]

Zheng Jinbao: [The chairs here are all real leather sofas. Can you believe it?]

Song Yi was speechless. [Really?]

Zheng Jinbao: [Do you think I'm lying?]

Then, Song Yi took the binoculars from Gao Lanwen and looked at the VIP area.

He saw...

A chubby man with a round face waving his hand in his direction.

aglesnovel`c,om If this person was not Zheng Jinbao, then who was he?

Song Yi slowly put down his binoculars and said regretfully, "If I had known earlier, I would have asked Brother Lin Fan to help get me seats."

...

At this moment, Gundong Entertainment's music director, Zhao Peng, and deputy director, Zhang Xiaohai, also lined up to enter the stadium.

Zhang Xiaohai looked at the densely packed figures and said, "There are so many people!"

Zhao Peng said, "That's normal. After all, WeChat, UA Browser, and Today's Headlines have been promoting it for several days in a row. Plus, it's free... If the venue was bigger, I wouldn't be surprised even if the number of people is doubled."

"Director Zhao, whose concert do you think this is?" Zhang Xiaohai asked.

"I don't know." Zhao Peng shook his head.

Then, he looked at his watch and frowned. "It's almost eight o'clock. Why is it still dark around the stage?"

In fact...

Zhao Peng was not the only one who was puzzled. Many people in the audience had similar doubts.

The audience members in the stadium were still confused, while those who had only managed to grab standing tickets outside the stadium were a little irritated.

"What's going on? The venue is black. Where's the screen?"

"It's fine if you don't let me in, but there's no display screen either?"

"If I had known earlier, I wouldn't have come."

...

While everyone was still confused and discussing, a helicopter quietly stopped beside the stadium.

After Lin Fan, Xia Bing, and Xia Xue got off the plane, they went straight to VIP 1 at the front of the stadium.

Hu Tian, Chu Yunyue, Qiu Ziqian, Huang Ling, Han Tian, Song Jiaxin, and the others were all there.

When they caught sight of Lin Fan, their faces lit up.

"You guys are finally here. I thought you were going to be late."

"You're Xia Bing and Xia Xue, right? You're really cute."

"Sit down, sit down."

Xia Bing and Xia Xue were very introverted. Originally, they were a little shy when they saw so many people.

However, after being warmly greeted by them, they finally calmed down.

Looking at the relaxed and harmonious expressions of the girls, Lin Fan heaved a sigh of relief.

In fact...

He had also gone through a mental struggle at the thought of letting the girls meet.

All the girls knew that Lin Fan had other women.

However, they had never met each other before.

Lin Fan did not know what would happen if they really met.

However... he had to face this sooner or later.

After all, there was still a long way to go.

Lin Fan could not separate everyone into different worlds.

Therefore, he finally took this opportunity to let them meet first.

From the looks of it, the situation was not bad.

Lin Fan scanned the women, and when he saw Song Jiaxin, he could not help but use his Eyes of Truth.

[Appearance: 95]

[Favorability: 89.5]

Seeing this...

Lin Fan was stunned.

89.5?

What was going on?

Favorability?

Song Jiaxin's favorability toward him last time seemed to be 89.

It had increased?

Tan Shengyu, who was sitting at the back, looked at the row of beauties sitting around Lin Fan and praised sincerely, "As expected of Brother Lin Fan!"

"Is that even necessary to say?" Liu Yuhang said.

Sun Luguo, who was sitting next to him, looked at his watch and said, "It's almost eight o'clock. Why is the stage still dark?"

"Don't tell me it's not ready yet?" Zhang Bin asked.

Just as they were wondering, a soft sound suddenly appeared on the stage, attracting everyone's attention.

Chapter 263 The Concert Began; Lively Venue!

In the next moment...

The originally dark stage suddenly shot out 20 dazzling pillars of light.

At the same time, ten high-end, magnificent, and cool Rolls-Royce Phantoms appeared on the huge stage.

each novel Rolls-Royce Phantoms! Each was worth ten million!

Ten cars meant 100 million!

Most ordinary people might not even see one in their lifetime.

At this moment, a total of ten cars had appeared!

The stadium was immediately filled with exclamations.

"F\*ck! Rolls-Royce Phantoms!"

"Moreover, there are ten of them!"

"So cool!"

"Using Rolls-Royce Phantoms as the light, how awesome!"

...

These exclamations did not only appear in the stadium.

The audience outside the hall also exclaimed loudly.

This was because a huge high-definition display screen of more than 100 square meters suddenly appeared in front of the originally pitch-black area.

Although they could not see the ten Rolls-Royce Phantoms at the scene, through the huge high-definition display screen, the outline and details of the Rolls-Royce Phantoms could be seen more clearly.

On the display screen, the light beams formed by the 20 headlights looked more like 20 laser beams that cut through the night, adding a dreamy color to the stage.

Just as countless viewers were exclaiming in amazement...

A woman in a white muslin dress slowly rose from the stage. She only stopped when she was a few meters above the stage.

She... was today's main character, Ling Rou.

Rumble!

At the same time, a helicopter suddenly appeared in the sky and shot out a dazzling beam of light that landed on Ling Rou.

Instantly, her originally fair skin became slightly transparent.

The white muslin dress on her body was as dazzling as the stars.

This dress was actually inlaid with countless diamonds!

Seeing this...

The audience exclaimed again.

"Heavens! So beautiful!"

"Is this a fairy?"

"They're actually using a helicopter as a stage light. Isn't this too extravagant?"

"Furthermore, it's not an ordinary helicopter. It's an MD902 worth 45 million!"

"The dress she's wearing seems to be the work of a famous Louis Vuitton designer, Lawrence. It's called Star!"

"That's right! It's Star! I saw it at the International Fashion Exhibition Center in Country F not long ago! This dress is inlaid with 365 diamonds, and the total value is more than 10 million US dollars!"

...

At this moment, the entire stadium was filled with a burst of light music.

The music surrounded the audience and made them feel as if they were wearing headphones. It was extremely enjoyable.

Some people shouted again.

"FM Acoustics! It's FM Acoustics! Heavens! This concert is actually using FM Acoustics' sound system!"

"Is this audio system very expensive?" someone asked.

"Is it very expensive? Don't you know? FM Acoustics' is the world's top audio system. If a car needs to be equipped with FM Acoustics, it would cost at least a million yuan! And a large-scale sound system for a concert like this would cost at least 20 million? No!

"Maybe 50 million!"

Everyone around gasped.

A set of speakers cost 50 million?

Oh my God, this had completely exceeded their imaginations.

At this moment, the prelude music ended. Ling Rou, who was standing on the stage, slowly opened her willow-shaped lips.

"The trees in the mountains form a forest, the curved stream flows, the handsome man wields a long sword, and the fallen leaves do not touch his body..."

Her singing was light and free... With the help of FM Acoustics' sound system, it was as if the audience was depicting the wonderful life of an ancient chivalrous woman in the minds of the audience.

At this moment, the audience seemed to have been transported into a world of ancient martial arts. They saw with their own eyes the swordswoman dancing as he eliminated evil, becoming famous all over the world!

Everyone was intoxicated by it and could not extricate themselves.

The song came to an end after a melodious tune.

The moment the music stopped, thunderous applause erupted.

Ling Rou listened to the audience's enthusiastic applause and looked at the excited expressions of the audience. Her beautiful eyes were faintly glistening with tears.

She had successfully held a concert and won everyone's favor.

Then, Ling Rou looked around the audience.

Soon, her gaze landed on Lin Fan, who was sitting at the front.

Ling Rou understood that all of this... was because of Lin Fan.

After the applause stopped, Ling Rou said, "Thank you for your applause."

"My name is Ling Rou, and I've liked martial arts since I was young. I used to buy martial arts manuals from street stalls and secretly practice them at home.

"After a month of seclusion, I felt that my martial arts had already reached great success. Therefore, I ran out to fight with the boy who had bullied me in the past. In the end... I was beaten up until I cried."

The audience did not expect the beauty on stage to have such an experience. They could not help but laugh.

Ling Rou was also very satisfied with everyone's reaction and continued, "Later on, I finally understood something. I shouldn't be a martial arts genius. I wouldn't be able to become a martial arts expert.

"I could only imagine myself as a martial arts expert, which was how I came to compose 'Sword Dance'."

There was another round of applause.

Qiu Ziqian, who was sitting in the front row, praised, "Is this our other sister? She's too beautiful, and her singing is so good! Moreover, she actually knows how to tell stories. How amazing!"

Lin Fan almost choked on his own saliva. He explained, "I don't have that kind of relationship with her."

"Really? It doesn't matter. There'll be that kind of relationship in the future anyway," Qiu Ziqian said.

The surrounding women nodded in agreement.

...

At this moment, Ling Rou, who was standing on stage, said, "Later on, my mother told me that girls should be quiet instead of always wanting to fight... In this way, there would be a prince riding a white horse who would dote on me like a princess in the future.

"However, this prince never appeared. So, I wrote another song, 'I Am the Princess!'"

A burst of pleasant music rang out in the spacious gymnasium again.

"The fairy tale book in the cabinet, the happiness of enjoying it alone, I had many feelings when I was young..."

"I put on a gorgeous gown, walked into a gorgeous palace, and held the prince's hand to sing and dance..."

Different from the previous carefree and elegant song, the melody of this song was more brisk and leisurely.

With the help of the FM Acoustics' sound system and the helicopter lights, Ling Rou seemed to have really become a noble princess.

Everyone felt as if they were in a gorgeous banquet hall. They watched as Princess Ling Rou and a tall and handsome prince swayed gently to elegant music.

Everything was so wonderful.

The music stopped, and the audience once again burst into enthusiastic applause.

Chapter 264 Confession; End!

Ling Rou had a good voice and was very hardworking. She sang hard every day.

Today... her hard work over the years had finally paid off.

At the end of each song, the live audience would give a round of applause.

In the blink of an eye, she had sung more than ten songs.

The atmosphere at the scene did not slow down even though time had passed.

On the contrary, it became even more enthusiastic.

Everyone's faces were filled with enjoyment and excitement, and their bodies could not help but sway along with the music.

Ling Rou picked up the microphone again and said, "I've always had a dream, and that was to hold a concert of my own.

"But I understood that dreams were just dreams. Most of the time, they can only appear in dreams.

"And today, someone helped me realize it!

"I wish to thank him!

"I don't know how long I have left in this life, but I know that he's definitely the most important person in my life!"

As she said this, Ling Rou's gaze was fixed on Lin Fan.

As soon as she said this, the crowd immediately erupted into an uproar. Many of the audience members exclaimed loudly.

"Heavens, isn't this too romantic?"

"Ling Rou, you're the best!"

"Is this a confession? No!"

...

VIP 1.

Hu Tian, Qiu Ziqian, Chu Yunyue, Huang Ling, Han Tian, and the other women all looked at Lin Fan with smiles.

That appearance... It was as if they were saying, "Are still gonna say that she's not our sister?"

Lin Fan did not expect Ling Rou to say something like that. He rubbed his nose. He was too charming.

...

Ling Rou ignored the noise and continued, "The next song, which is also the last song of tonight's concert, is not my original song but his song. It's titled Galaxy!"

As soon as Ling Rou finished speaking, pleasant music immediately sounded in the venue.

Although the audience was still a little excited because of Ling Rou's words, after the music started, they could not help but quieten down.

They were all looking forward to it... They were looking forward to Ling Rou's beautiful singing!

At this moment, Ling Rou finally opened her willow-shaped red lips slowly.

"It's a clear and cloudless night. A full moon hangs in the sky. Her long clothes dance in the wind. She's as soft as feathers, as light as a swan, and as fair as jade..."

If the previous Sword Dance had brought the audience into the world of chivalrous righteousness and lofty sentiments, then Galaxy brought the audience into the world of immortals and heroes.

As the song rang out, they seemed to see Ling Rou move mountains and fill the sea, exterminate demons and devils, and finally leap into the vast starry sky.

The sun and moon revolved above Ling Rou's head, and the stars spun around her body. It was extremely magical.

She... She was the only fairy in the world!

In the next moment...

She raised her hand and formed a rainbow sword. She slashed at the endless void. The terrifying sword light formed a storm that covered the sky and the

sun, causing all chaos and the universe to shatter like bubbles. The most dazzling fireworks in the world bloomed.

"In the end, I split apart the chaos and the universe with a single sword strike!"

The music gradually stopped and the song ended.

Silence.

The entire place was silent at first.

Everyone was shocked by this song.

After a while, someone gradually came back to their senses and started clapping.

Then, everyone applauded.

The applause shook the sky like thunder!

Some people could not help but shout loudly.

"You sang so well!"

"It was so great!"

"This is definitely the best song I've ever heard!"

eaglesnovel`c,om "Ling Rou, you're the best!"

...

In fact...

It was not just the ordinary audience who was excited. Zhang Xiaohai, the deputy director of Gundong Entertainment, was also excited and shouted, "She sang these songs so well! Especially the last song, it was simply... It was like splitting the heavens and earth!"

"It's so good!"

Director Zhao Peng jumped up excitedly and shouted, "Beautiful appearance, excellent voice, strong creative ability, perfect stage performance... She's definitely going to be a superstar in the future!"

"No, I have to talk to her!"

Then, he hurried toward the stage.

However, there were many people who had similar thoughts.

The security guards had already expected this situation and blocked the surroundings of the stage. How could they let anyone get close?

...

Ling Rou looked at the audience who were cheering for her crazily and was extremely excited. She bowed slightly and said, "Thank you for your applause, thank you!"

Then, she slowly descended from the stage that was several meters high.

At the same time, a voice rang out in the stadium.

"Today's concert will end here. Please leave in order..."

However, the vast majority of people were still immersed in the beautiful song and did not have any thoughts of leaving.

...

VIP 1.

Hu Tian, Chu Yunyue, Huang Ling, Qiu Ziqian, Han Tian, and the others all looked at Lin Fan.

The looks on their faces... It was as if they were saying, 'Why didn't we know that you wrote such a good song?'

Lin Fan coughed lightly and said, "Writing songs is a very simple matter. That's why I didn't tell you guys."

At this moment, a clear notification sounded in his mind.

[Ding! Mission completed—hold a concert with more than 100,000 spectators. You'll receive ten silver packets.]

Mission accomplished!

Lin Fan was in a pretty good mood as well. His lips curled up slightly.

At this moment, Qiu Ziqian, who was sitting beside him, suggested, "Ling Rou must be very tired after singing on stage for so long. Let's go and visit her."

This sentence immediately gained the unanimous agreement of all the women.

Normal people could not get close to the stage, but Lin Fan and the others were not included in this group of people.

....

Xia Yan, like many others, was full of praise for Ling Rou's singing.

She slowly stood up and muttered, "What a pity. If I had let my two obedient sisters learn to sing when they were young, they might be able to sing nice songs for me now."

The next moment, her eyes that were looking straight ahead moved slightly as if she saw two familiar figures. She said in surprise, "Huh? Xia Bing, Xia Xue?"

However, by the time Xia Yan wanted to confirm it again, the two familiar figures had already been completely submerged in the sea of people.

Xia Yan could not help but shake her head. "It's just my misconception. That's right, they should still be studying seriously in school and preparing for the competition..."

"They're completely obsessed with Lin Fan...As a mother... As an elder sister, I can't just watch them sink into oblivion. I have to save my good sisters."

Xia Yan's lips curled into a faint smile.

Chapter 265 - 265 Take Good Care of Her; Hot Discussion!

265 Take Good Care of Her; Hot Discussion!

Lin Fan led the women through the passage under the lead of Flying Dragon Security Company's manager, Wang Shengli. They soon arrived at the stadium's lounge.

Thank you readers!

At this moment, Ling Rou was sitting inside.

She seemed to have heard footsteps and slowly turned around.

Instantly, Ling Rou's beautiful face appeared in everyone's sight.

Ling Rou was very beautiful...

However, when she was on stage, she gave off a dream-like feeling as if she was in the clouds—out of reach.

Now, she had truly appeared in front of everyone.

The Star diamond dress, her jet-black hair, fair skin, and voluptuous figure...  
The air was faintly filled with a unique fragrance of sweat.

Even Lin Fan was stunned.

Just as Lin Fan was looking at Ling Rou, Ling Rou was also looking at Lin Fan.

At this moment, in Ling Rou's eyes, Lin Fan was the only one standing in the lounge.

If it was not for Lin Fan, she might have stayed in the bar for two years and then given up singing.

If it was not for Lin Fan, she might not have been able to hold a concert in her lifetime, let alone receive so much applause.

At this moment, Lin Fan's handsome face, tall figure, crisp voice, and the scene of him performing Galaxy... All of them were like scenes from a movie, gradually engraving themselves in the depths of Ling Rou's mind.

In Ling Rou's eyes, the entire lounge had turned dark while Lin Fan's body emitted a dazzling light.

At this moment, Lin Fan, who was initially stunned, suddenly had a change in expression.

It was because a crisp voice had suddenly sounded in his mind.

[Ding! Charming Aura, triggered!]

Then, Lin Fan could not help but use the Eyes of Truth on Ling Rou.

[Appearance: 98]

[Favorability: 95]

As expected, Charming Aura was triggered on Ling Rou.

At this moment, Qiu Ziqian praised sincerely, "So beautiful!"

"You're also very beautiful."

"Sister Ling Rou, your songs are so good!" Huang Ling said.

"Thank you," Ling Rou said.

It seemed that it was easy for beautiful women to become friends.

After a while, the women started chatting with Ling Rou and laughed from time to time.

Even the shy Xia Bing and Xia Xue also said something.

They chatted for more than half an hour.

At this moment, Hu Tian said, "Sister Ling Rou sang so many songs on stage just now. I think she's very tired... Lin Fan, you have to take good care of her later."

When the women heard this, they also echoed.

"Yeah, take good care of her."

"I'll leave Sister Ling Rou to you."

Then, the women walked out and closed the door.

At this point...

Only Lin Fan and Ling Rou were left in the lounge. It was very quiet

The two of them sat facing each other, and they could even vaguely hear each other's breathing.

The air... It gradually became hot and dry, causing Ling Rou's pretty face to flush red.

Then, the two of them seemed to be attracted by something as they kept approaching... They got closer.

...

After more than an hour, the door to the lounge slowly opened.

Then, a helicopter flew over from afar and carried the two of them toward Coiling Dragon Villa.

The Coiling Dragon Villa Complex was very lively tonight. Soon, a long and special song sounded, and it did not stop for the entire night.

....

The Coiling Dragon Villa Complex was bustling with activity, and the internet was even more lively.

On Weibo.

Jun Zhi ZN: [Oh my God! The concert at Jiangbei City Stadium is definitely the best concert I've ever been to! It was so cool!]

Dragon God: [Isn't that so? Not only was Ling Rou beautiful, but she also sang so well! From today onward, she's my goddess! No! She's a true goddess!]

Guarding the World: [I got the tickets but didn't go. You guys are praising it so much that I'm a little regretful now.]

Shadowless: [Brother, you'll regret it for the rest of your life. I took some videos with my phone. You'll know when you watch it.]

Guarding the World: [F\*ck, f\*ck! The stage of the concert, am I seeing things? Are those ten Rolls-Royce Phantoms?! Using ten Rolls-Royce Phantoms as lights? 100 million yuan worth of lights?]

The Person Closest to God: [Brother, you're not mistaken. Those are lights that cost 100 million! However, this is still nothing! Do you see the stage lights shining on Ling Rou? That's the light of a MD902 helicopter! By the way, that helicopter costs 45 million yuan.]

The Person Closest to God: [Also, do you see the shiny dress on Ling Rou? Those are all diamonds! This dress is called Star and is worth more than ten million US dollars!]

Most Mysterious Person: [The sound system at the concert is much better than at other concerts. Because they used a complete set of FM Acoustics. The total cost should be more than 50 million yuan.]

Most Mysterious Person: [In addition, there were ten 100 square meters LED high-definition display screens outside the stadium. The total cost of this is also more than ten million yuan.]

As the most mysterious person concluded, more people exclaimed.

Isha Irene: [100 million on lights, 45 million on stage lights, 70 million on clothes, 50 million on the sound system, ten on million screens... That's a total of 275 million yuan! Heavens!]

Shadowless: [Don't just talk about money. Look at Ling Rou's appearance and listen to her singing! That's simply the pinnacle of looks and vocals!]

....

Soon, the concert at Jiangbei City Stadium became the top trending topic on Weibo.

Moreover, under the intentional promotion of Penguin, Little Tanuki Corporation, and Alphabet, videos and news of the event were still spreading.

At this moment, at Gundong Entertainment.

Although it was already very late, Director Zhao Peng still called for an emergency meeting with the higher-ups.

“I’m sorry to have called everyone over so late at night, but there is indeed something very important to discuss with everyone.

“I won’t say much about the gossip. You should all know that there was a concert at Jiangbei City Stadium tonight. If you don’t know, you can take a look at the trending searches on Weibo.

“I’ve checked the information about the concert’s main character, Ling Rou. She doesn’t seem to have signed a contract with any entertainment company... What I mean is that we have to use methods such as offering a sky-high offer and massive amounts of resources as well as big-name advertisements to get her to sign a contract with our company or cooperate with us as much as possible.

“Otherwise, if other companies get ahead of us, we’ll be left with endless regret.”

After hearing his words, some of the higher-ups frowned, while others lowered their heads in thought.

Finally, a bald man said hesitantly, “Ling Rou should be quite popular now. However, there were some people who were very popular in the past, but in the end, they all disappeared completely in the ocean of the internet.

“Do we need to put in so much effort to work with her?”

Chapter 266 - 266 Snatching; Lin Fan’s Principle!

## 266 Snatching; Lin Fan's Principle!

As soon as the bald man finished speaking, many higher-ups nodded slightly.

Thank you readers!

Obviously, they agreed with him.

They had been in the entertainment industry for too long and had seen too many such things.

On the internet, there were often people who suddenly appeared with high popularity.

However, these people were often like small sand dunes. Once the waves hit them, nothing would be left.

Zhao Peng said, "I know. Well, it's useless for me to say more. You should understand after watching this video."

Then, he turned on the projector.

Immediately, Ling Rou, who was wearing the Star diamond dress, appeared on the screen. She was holding a microphone and singing Galaxy.

Watching this...

The pupils of all the higher-ups present constricted, and their faces were filled with shock and intoxication.

When the video ended, everyone was still staring at the projector. The entire conference room fell into silence.

Zhao Peng looked around and explained, "This is the video I recorded at the concert today. The phone's functions are limited, so be it her singing or her

stage presence, they aren't conveyed very well... The feeling I had at the scene was definitely several times better than this!"

At this moment, the chairman, who had been sitting at the head of the table and had not spoken all this time, said, "Just do as Director Zhao said just now and do your best to establish a partnership with Ling Rou!"

The final blow!

...

In fact, Gundong Entertainment was not the only entertainment company that had its eyes on Ling Rou.

Those companies either had a meeting at night like Gundong Entertainment, or they were prepared to wait until tomorrow morning to discuss it. Perhaps they were already working on a plan...

The timing was different, but their goal was the same. They wanted Ling Rou to cooperate with them!

...

Lin Fan and Ling Rou had no idea about all of this yet.

The next day, when a gentle breeze blew past the treetops, Lin Fan slowly opened his eyes.

He looked at Ling Rou, who was lying quietly beside him, and the bright red marks on the white bed that looked like plum blossoms. He could not help but smile.

At this moment, Ling Rou seemed to have sensed something. Her long eyelashes trembled slightly.

When she saw Lin Fan in front of her, she could not help but recall what had happened yesterday. She was like a shy rabbit, her face flushing red as she buried her head in the blanket.

Her movements seemed to be a little too big. She felt a tearing pain in her lower abdomen, and a pearl-like teardrop rolled down her beautiful eyes.

“Ling Rou, are you alright?” Lin Fan asked with concern.”

“...I’m fine,” Ling Rou said with some difficulty.

At this moment, Ling Rou’s phone rang.

She turned her body with difficulty as if she wanted to pick up her phone.

Lin Fan said, “Let me help you.”

As he spoke, he directly handed the phone to Ling Rou.

Ling Rou looked at the caller ID and saw that it was an unknown number. After a moment of hesitation, she still picked up the call.

“May I ask if this is Ms. Ling Rou?” a magnetic voice came from the phone.

“Yes, it’s me. May I ask who you are?” Ling Rou said softly.

“Hello, Ms. Ling. I’m Zhang Xiaoqian, the general manager of Gundong Entertainment. I wonder if you’re willing to cooperate with our company? Our Gundong Entertainment Company is willing to give you leading roles in TV shows and movies, let you release records, go on variety shows... You’ll also receive more than ten million yuan if you sign a contract with us,” Zhang Xiaoqian said.

Ling Rou’s expression changed slightly when she heard the voice on the phone.

Although she was only a resident singer at the bar, that did not mean that she knew nothing about entertainment companies.

On the contrary, she was very familiar with entertainment companies.

That was because when she was free, she would pay attention to the entertainment news.

She knew that... Gundong Entertainment was one of the top ten entertainment companies in the country.

She had once dreamed of entering such a big company.

Now... Gundong Entertainment was actually taking the initiative to call her?

Furthermore, she was even being offered a contract that would pay her ten million yuan. She would be able to appear on TV shows and movies, release records, and go on variety shows!

This... Even in Ling Rou's dreams, she had never dreamed of these things!

After a while, Ling Rou came back to her senses.

However, she did not say anything immediately. Instead, she looked at Lin Fan.

She understood that the reason for this call was entirely because of Lin Fan.

Then, Ling Rou said, "Uhh... I need to think about it first."

"We, Gundong Entertainment, really hope to work with you," Zhang Xiaoqian said. "Of course, I know that this matter requires careful consideration. If you have any other requests, you can tell us. Our Gundong Entertainment has high hopes for you. At the same time, we also have great sincerity..."

Ling Rou and Zhang Xiaoqian chatted for a while before hanging up.

She had just hung up but received a few more calls.

Without exception, they were all the top entertainment companies in Hua Nation.

Every entertainment company offered very generous terms.

Ling Rou looked at her phone and hesitated.

Lin Fan gently stroked Ling Rou's hair and said, "You want to go into the entertainment industry?"

Ling Rou nodded.

Lin Fan was not surprised by this answer.

Whether it was Ling Rou's musical ability or her ability to perform on stage, everything showed that she was very suitable for performing and singing.

Lin Fan said, "If you like it, then go for it. I won't keep you by my side. If you run into any trouble, you have to tell me at any time because you're my woman!"

His words were overbearing yet sweet, making Ling Rou blush even more.

Lin Fan was not just saying this casually. He had always kept his word.

Otherwise, he could just have all his women live in the Coiling Dragon Villa Complex. He did not have to do anything and could guarantee that everyone would have no worries about food and clothing for the rest of their lives.

Instead, he let Qin Yuxuan start an investment company in Modu, he let Chu Yunyue manage Flower Stem, and he let Hu Tian continue to be a lecturer...

If one loved someone, one should give them enough freedom, not tie them tightly to one's side.

Lin Fan said, "You must be a little tired from yesterday. Have a good rest. I'll get someone to send some breakfast over."

"Alright," Ling Rou replied.

Then, Lin Fan slowly got up and walked out. He first sent a reservation message to the Michelin restaurant.

After washing up and sitting on the sofa, the phone in his pocket rang.

“Mr. Lin, am I disturbing your rest?” Wang Fengyi, the general manager of the Imperial Hotel, spoke through the phone.

“No, I’ve been awake for a while,” Lin Fan said.

Wang Fengyi heaved a sigh of relief and said, “Yesterday’s concert cost a total of 149 million yuan. I’ve already sent the details to your WeChat... In addition, there’s still 351 million left from the 500 million you gave me. Shall I return it directly to your Merchant Bank account?”

Chapter 267 - 267 15,721 Red Packets; A Great Harvest!

267 15,721 Red Packets; A Great Harvest!

Back then, after Lin Fan agreed to help Ling Rou organize a concert, he immediately contacted Wang Fengyi.

Thank you readers!

Lin Fan explained the rough requirements and transferred 500 million yuan.

In Lin Fan’s mind... Wang Fengyi was able to manage the Imperial Hotel in an orderly manner, his ability should be pretty good.

From the results, Wang Fengyi did not disappoint Lin Fan’s trust.

...

!!

When Wang Fengyi received 500 million yuan, he was a little stunned.

As the general manager of the Imperial Hotel, he had made friends with big shots from all walks of life. It could be said that he had a certain understanding of concerts.

Generally speaking, a few million yuan would be enough.

In the end, Lin Fan gave him 500 million!

500 million!

Was Lin Fan not afraid that he would run away with the money?

After being stunned for a while...

Wang Fengyi used all his connections to order the best audio equipment, display screens, clothes, and so on.

The reason why the final price was different from what many netizens had guessed was that the ten Rolls-Royce and the MD902 helicopter all belonged to Lin Fan. No money was spent on them!

Lin Fan curled his lips and said, "You only used that much?"

Wang Fengyi's mouth twitched slightly.

That was 149 million yuan!

Was that a little?

This... His poverty had limited his imagination!

Lin Fan continued, "Alright, just send it to my Merchant Bank account."

Just as he hung up the phone, a crisp notification sounded in Lin Fan's mind.

[Level 7 reward: 100 yuan for every breath; 100 yuan for every second of sleep, and 100 yuan for every step taken. Rewards are distributed at 12 a.m. daily.]

At level 6, he could earn about 3.5 million yuan per day.

Now, the reward was doubled!

In other words, he could earn about 7 million yuan a day.

Even though Lin Fan did not lack money now, when he saw the system that had not been upgraded for a long time being upgraded again, he could not help but smile.

[Upgrade cost: 69.8 million/500 million (not including gifts and gambling. In addition, all items obtained from the system are prohibited from being traded.)]

Lin Fan was in a good mood. He slowly placed his attention on the silver packets and muttered in his heart, 'I received a total of 10 silver packets from this mission. Let's see what I can get.'

[Ding! Congratulations, you've received 500,000 yuan.]

[Ding! Congratulations, you've received 200,000 yuan.]

...

[Ding! Congratulations, you've obtained Haoting Building.]

[Ding! Congratulations, you've received 100,000 yuan.]

[Ding! Congratulations, you've obtained Xin Mei Entertainment.]

With ten silver packets, Lin Fan received a total of 2.7 million yuan, a luxury building, and Xin Mei Entertainment.

Seeing this...

Lin Fan could not help but reveal a strange look.

2.7 million yuan was nothing to worry about.

Haoting Building was a newly built high-end office building. When Lin Fan was playing with his phone, he accidentally saw a piece of news. It seemed that

this building was located by the river and had a total investment of five billion yuan.

It had just been built... but it became his?

In addition, he also got Xin Mei Entertainment?

Even though Lin Fan did not know much about the entertainment industry, the name Xin Mei Entertainment would often appear at the beginning of movies and TV shows.

Obviously, Xin Mei Entertainment had a certain level of strength.

In other words, he helped Ling Rou hold a concert and then obtained a large entertainment company?

Lin Fan rubbed his nose and muttered, "Looks like my luck today is pretty good?"

Hence, he turned his gaze to the check-in system.

"Sign in!"

[Ding! Congratulations, you've received a double shares coupon.]

Seeing this...

Lin Fan's eyes lit up.

Doubling shares was definitely a good thing!

Not long ago, after he used it on Penguin Group, he directly increased his shares from 5% to 10%, causing Lin Fan's assets to instantly increase by 250 billion yuan!

Now that he had obtained another one, if he continued to use it on Penguin Group... Then, Lin Fan's shares in Penguin Group would reach 20%! His assets would increase by 500 billion yuan!

However, Lin Fan did not immediately use the double shares coupon. Instead, he thought about it for a while before making a decision.

[Ding! Do you want to use the double shares coupon for Little Tanuki Group?]

“Yes!”]

[Ding! Successfully used. You now own 10% of the shares of Little Tanuki.]

Using the double shares coupon on Penguin Group could yield more benefits, but Lin Fan’s goal was to take back most of the shares of Penguin Group and Little Tanuki Group that were in the hands of foreigners.

Thus, there was no need to care about temporary gains and losses.

Last time, he chose Penguin Group. This time, he chose Little Tanuki Group. This way, he would not be biased.

Little Tanuki’s market value was five trillion yuan, and now he had an additional 5% shares.

Hence, Lin Fan’s assets increased by another 250 billion!

Lin Fan rubbed his nose and smiled, “Looks like...Today’s luck is indeed not bad.”

Then, he turned his attention to his phone.

At this moment, there were 15,712 unclaimed red packets on the screen.

Among them, 14,900 red packets were earned from spending 149 million yuan on this concert.

The rest were the millions that he spent in the past.

In the past, the reason why he did not open the packets was that he wanted to collect 1,000 of them and open them together.

Now, he had gathered 15,712 of them!

This was the first time he had so many red packets.

Lin Fan thought that his luck was pretty good today. Without any hesitation, he chose to open all of them.

[Ding! Congratulations, you have received 3 yuan.]

[Ding! Congratulations, you've received 5 yuan.]

...

[Ding! Congratulations, you've obtained a land certificate.]

...

[Ding! Congratulations, you've received 19,999 yuan.]

[Ding! Congratulations, you've obtained the double skill card.]

...

[Ding! Congratulations, you've received a skill level upgrade card.]

...

[Ding! Congratulations, you've obtained a land certificate.]

...

[Ding! Congratulations, you've obtained a one yuan critical hit card.]

...

[Ding! Congratulations, you've obtained Expert-Level Dancing Technique.]

...

These 15,721 red packets gave Lin Fan a total of 2,320,811 yuan. Lin Fan acted as if he did not see this amount of money and ignored it.

His gaze first fell on the land certificate.

[Land certificate: After use, you can obtain land within 10,000 square meters and the ownership of all the buildings on it. More land means more wealth, and at the same time, it'll show more charm.]

Seeing this...

Lin Fan's eyes lit up.

One had to know that the total area of a typical residential area was only about 5,000 square meters.

10,000 square meters meant that he could own two residential areas?

If it was some office buildings that were closer to each other, he could probably own several of them, right?

Land certificates were definitely a rare treasure!

As for himself... he had just obtained two land certificates!

Even Lin Fan could not help but smile.

Chapter 268 - 268 Upgrade the Eyes of Truth; Join Them!

268 Upgrade the Eyes of Truth; Join Them!

Then, Lin Fan's gaze landed on the double skill card and the skill level upgrade card.

Thank you readers!

[Double skill card: You can double the ability of a certain skill for an hour. You'll possess more powerful skills and display more charm.]

[Skill level upgrade card: You can upgrade a skill level. Mastering even more profound skills will make you more fascinating.]

Lin Fan was very familiar with these two cards.

It was because he had used them before.

!!

Even before Lin Fan opened the 15,721 red packets, he already had two double skill cards and one skill level upgrade card.

The double skill card had a time limit, so Lin Fan had not used it yet.

As for the skill level upgrade card, he only had one for the time being. He wanted to save it for when he needed it and be more selective with the skill he chose so as to be prepared.

Now, he could use one of them.

Hence, Lin Fan turned his attention back to the system.

[Skills: Professional Driving Skills, Charming Aura (5% chance of triggering love at first sight, unforgettable memory), Violent Aesthetics, Drinking Gentleman, Professor-Level Mathematics Experience, Eyes of Truth...]

After some consideration, Lin Fan locked onto the Eyes of Truth.

[Do you want to upgrade the level of Eyes of Truth?]

“Yes!”

[Ding! Upgrade successful! Congratulations, you've obtained the Eyes of True Sight.]

[Eyes of True Sight: Possesses all the abilities of the Eyes of Truth. In addition, you can see the specific origin of the object. Seeing the origin of an object lets you grasp things that ordinary people don't know. You get to display amazing charm.]

Eyes of True Sight?

See the origin of the object?

Lin Fan could not help but feel puzzled. He used the Eyes of True Sight on the marble table in front of him.

In an instant, he saw a slab of marble getting discovered, processed, polished, and carved...The entire process was like a movie scene, appearing very clearly in Lin Fan's mind.

Seeing this...

Even Lin Fan could not help but reveal a look of shock.

Then, he used the Eyes of True Sight on the cup on the table, and then the clock on the wall...

This feeling... It was as if these things were all personally made by Lin Fan. It was incomparably magical.

Lin Fan could not help but praise, "This skill level upgrade card is pretty good!"

Then, his gaze fell on Expert-Level Dancing Technique.

[Expert-Level Dancing Technique: Master all kinds of dancing techniques. You can be all-powerful on the stage and show off your charm.]

Dance?

Lin Fan nodded his head in satisfaction.

"One yuan critical hit card: After spending one yuan, you'll receive a reward of 100 million yuan.]

Lin Fan only glanced at it casually and did not take it to heart.

All in all...

This concert allowed Lin Fan to obtain 5% of the shares of Little Tanuki Group, a high-end office building worth five billion, a large entertainment company, two land certificates for a plot of land up to 10,000 square meters, Expert-Level Dancing Technique, and a one yuan critical hit card...

At the same time, it raised the system's level to level 7. Furthermore, Lin Fan's Eyes of Truth became the Eyes of True Sight.

On the other hand, Lin Fan had only spent 149 million yuan to organize this concert!

This was definitely a great harvest!

At this moment, a crisp bell rang outside.

A man in a white shirt was standing outside the door with high-end lunch boxes in his hand.

Seeing this...

Lin Fan opened the door.

"Sir, this is the breakfast you ordered," the man said respectfully."

"Alright," Lin Fan replied.

The man bowed slightly and said, "Enjoy your meal."

Whether it was his tone or his service attitude, they were all very good.

Ling Rou seemed to have heard the noise outside. She dragged her tired body and slowly walked out.

Lin Fan said, "You're up? Since breakfast has arrived, let's eat together."

"Alright..." Ling Rou replied.

Then, she and Lin Fan sat down at the dining table and opened the high-end lunch boxes.

When she saw the delicious food in the lunch box, Ling Rou was slightly stunned.

Sea urchin egg, big scallops, bird's nest porridge, seafood porridge, truffle egg tart, caviar cake, and beef...

Ling Rou could not help but say, "This... How much is this breakfast?"

"About 30,000," Lin Fan replied casually.

More than 30,000 yuan... for breakfast?

Even though Ling Rou already knew that Lin Fan was rich, she could not help but widen her eyes.

One had to know...

Her monthly food expenses were only 3,000 yuan.

In other words, today's breakfast... was almost a year's worth of food?

Lin Fan did not care about Ling Rou's surprise. He personally scooped a bowl of bird's nest porridge and handed it to Ling Rou, "You're still a little weak. Drink something light to warm yourself up first..."

"Alright... Alright," Ling Rou stuttered.

When she drank the first mouthful of porridge, Ling Rou could not help but exclaim, "It's delicious!"

Lin Fan smiled. "If you like it, then have more."

"Yes, yes!" Ling Rou said.

This breakfast was definitely the most Ling Rou had ever eaten.

One had to know...

Lin Fan had ordered enough for three men.

In the end, everything was finished.

Ling Rou named it Operation Disc.

The lunch boxes were empty, and Ling Rou's stomach became round.

At this moment, Ling Rou's phone rang again.

"Hello, Ms. Ling. I'm Li Xiaofei, the general manager of Dafang Entertainment." A middle-aged woman's voice came from the phone.

Ling Rou had already answered several similar calls.

It could be said that she already had some experience.

When she answered the call, she was no longer as nervous as before. She seemed much more relaxed and indifferent.

"Hello, Manager Li," Ling Rou said.

"Dafang Entertainment is very optimistic about you, Ms. Ling..." Li Xiaofei said.

Like the representatives of the previous companies, she listed out a lot of conditions.

"Thank you for your offer, but I'd like to think about this matter carefully."

Li Xiaofei said, "Yes, this really needs to be considered... However, Ms. Ling, Dafang Entertainment can definitely give you the best resources..."

The two of them chatted for a while before hanging up.

Ling Rou opened her phone's reminder and slowly wrote down the name of Dafang Entertainment as well as the general remuneration and relevant contacts.

Then, Ling Rou looked at the names of the companies and their benefits. She was lost in thought.

“You haven’t decided which company to choose yet?” Lin Fan asked.

Ling Rou shook her head and said, “No...”

“What do you think of Xin Mei Entertainment?” Lin Fan asked.

“Xin Mei Entertainment is one of the top three entertainment companies in Hua Nation! Its celebrities consist of A-list movie stars and singers who occupy almost a quarter of Hua Nation’s market. They’re also the company I want to work for the most, but they didn’t call me...” Ling Rou said helplessly.

Lin Fan said, “Then join them.”

“Huh?”

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 269 - 269 Invitation; Verification Completed!

269 Invitation; Verification Completed!

Ling Rou was puzzled by Lin Fan’s words.

Thank you readers!

Did she not just say that Xin Mei Entertainment did not call her?

Could it be that Lin Fan knew someone from Xin Mei Entertainment?

It seemed like... it was really possible.

At this moment, Lin Fan's phone on the table rang.

Lin Fan looked at the caller ID. It was an unknown number.

He did not hesitate to answer the call.

"Hello?" Lin Fan said.

"Hello... Is this Mr. Lin?" A respectful voice sounded from the phone.

Lin Fan said, "It's me. And you are?"

"Hello, Mr. Lin. I'm Wang Haohua, the chairman of Xin Mei Entertainment."

The voice on the phone became even more respectful.

"Oh, Chairman Dong, what's the matter?" Lin Fan asked.

"I just found out that you acquired Xin Mei Entertainment today..." Wang Haohua said carefully. "Do you think we need to hold a meeting between the higher-ups and the artistes? You could guide the company's future development..."

Back then, the general manager of Imperial Hotel, the chairman of the Yinshan Group, the chairman of Xiao Wu Wholesale City, and the others had all sent similar invitations to Lin Fan.

However, Lin Fan rejected all of them.

He had no interest in such meetings.

This time, there was no surprise.

"There's no need. The company will continue to develop as usual. I won't be hands-on regarding the management," Lin Fan said calmly.

When Wang Haohua heard this, he was overjoyed.

He had his own plans for the future development of Xin Mei Entertainment.

If the new boss needed to make adjustments, it would definitely not be a good thing.

Wang Haohua's tone did not change, but his attitude became more respectful.

"Alright..."

Wang Haohua's heart skipped a beat.

He finally understood... why the publicity for the concert at Jiangbei City Stadium was so intense.

He understood why it was done so lavishly.

All of this... It was all because of his new boss, Lin Fan!

He got Penguin Group, Little Tanuki Group, and Alphabet Group to vigorously promote it...

He spent hundreds of millions on the concert venue...

This boss of his was much more powerful than he had imagined!

After a while, Wang Haohua said, "I understand... I'll definitely handle this to your satisfaction."

"Alright, that's it," Lin Fan said.

After saying that, he hung up the phone.

At this moment, Ling Rou, who was sitting beside him, was completely stunned.

It was because she had heard everything that was said over the phone.

She was not eavesdropping on purpose.

It was just that she was sitting too close to Lin Fan. In addition, there was no other sound in the entire villa. Under such circumstances, it was difficult for her not to hear him.

Lin Fan acquired Xin Mei Entertainment today?!

First, he helped her hold a concert at all costs.

Then, in order to help her enter the entertainment industry, he directly acquired one of the top three entertainment companies in Hua Nation...

Ling Rou looked at Lin Fan who was sitting in front of her. Her beautiful eyes started to well up with tears as a teardrop rolled down her face.

These were tears of gratitude and happiness!

No one had ever treated her so well in her life.

Lin Fan wiped her tears away and asked, "Why are you crying?"

Ling Rou did not say anything. She used the most primitive and instinctive way to answer Lin Fan.

o(ε\*)

(\*3)(ε\*)

...

About two hours later, Lin Fan and Ling Rou slowly separated.

At this moment, Ling Rou's phone rang again.

Ling Rou adjusted her clothes and answered the call.

"Hello, is this Ms. Ling Rou?" A familiar voice came from the phone.

Ling Rou replied, "Yes, this is Ling Rou... May I ask who you are?"

The voice on the phone became even more respectful.

"Hello, Ms. Ling! I'm Wang Haohua, the chairman of Xin Mei Entertainment. I had a call with Mr. Lin earlier..."

“We’ve prepared the best manager, makeup artist, and fashion designer for you. We’ve also allocated roles in many movies, television shows, and programs for you...

“When will you be free to come to the company to make the arrangements?”

Ling Rou finally understood why the voice sounded familiar.

He was the chairman of Xin Mei Entertainment!

A manager, a makeup artist, a fashion designer, as well as roles in movies, TV shows, and programs... She could have her pick!

What kind of treatment was this?!

Ling Rou suppressed the excitement in her heart and said, “I can come over anytime!”

Wang Haohua thought for a moment and said, “Then... Is tomorrow okay with you?”

“Of course!” Ling Rou said.

As soon as she hung up, Ling Rou’s phone rang again.

This time, it was her mother.

Even though Ling Rou previously worked in the bar every day, her family was still worried about her.

In fact, her family was very strict.

Her parents had been worried for the entire night since she did not go home last night.

Therefore, when she received the call, Ling Rou chose to answer it and go home.

Regarding this...

Lin Fan also expressed his support.

After the two of them were intimate for a while, Lin Fan drove the Mercedes-Benz and brought Ling Rou back.

Lin Fan did not stay outside for long. He returned to the Coiling Dragon Villa and lay on the soft sofa, playing with his phone.

...

Princeton University, America.

These days, Jeffrey had given up on all activities and classes... He spent almost the entire time in the Institute for Advanced Study, carefully checking the complex Hail Conjecture.

It was not until today that he finally completed the thesis and sent the results to Annual Mathematics.

If it were an ordinary person, they would definitely be exhausted after working hard for a long time.

However, Jeffrey's face was filled with excitement.

"Hey! Professor Jeffrey, why haven't I seen you for days?" Professor Adivan said.

"Because I'm in the midst of witnessing something big!" Jeffrey said.

"Something big?" Adivan was puzzled.

"Hail conjecture! Someone has solved the Hail Conjecture!" Jeffrey said excitedly.

"What? Who? They came up with the answer process?" Adivan said anxiously.

“Hey, don’t get so worked up, my friend!” Jeffrey laughed. “I’m not too sure who it is. As for the content... You can wait for the next issue of Annual Mathematics.”

Even though there was a detailed explanation process in his email, it would be against the rules if he showed it to others.

Of course, more importantly, if he were to show it to Adivan, how could he act all mysterious afterward?

### Chapter 270 President Ma's Call; Shopping!

Naturally, Lin Fan did not know that the Hail Conjecture that he had solved had passed the verification process and was about to be published in Annual Mathematics.

Of course, even if he knew, he would not be surprised.

This was the answer given by the system. How could it be wrong?

As for... Annual Mathematics?

Lin Fan did not care at all.

A day of leisure passed in the blink of an eye.

...

The next day, Lin Fan did not order any food.

Instead, he drove the Mercedes-Benz to a restaurant a few kilometers away.  
After all, sometimes lying down was also very tiring.

Lin Fan had just eaten his fill when the phone in his pocket rang.

He looked at the caller ID and saw that it was the chairman of Little Tanuki Group, President Ma.

Hence, Lin Fan did not hesitate and answered the call.

"Good morning, Mr. Lin!" President Ma laughed heartily.

"Good morning, President Ma.

"Why did you call me today, President Ma?" he asked after a pause.

President Ma laughed. "Can't I call you for no reason?"

Then, he added, "However, I did call you this time because I have something to say..."

"Mr. Lin, you should know that our country is now vigorously developing the central region."

"Jiangbei is the central part of Hua Nation and the center of development in the future. Of course, we have to keep up with the pace of the country..."

"So, other than establishing a branch in Jiangbei two years ago, we're also preparing to invest and acquire a group of companies..."

"Recently, the person in charge of our branch in Jiangbei told me that he has inspected a group of companies with more potential for development. He asked me to go over and decide if we need to invest or acquire them.

"I rushed to Jiangbei early this morning for this matter..."

"Mr. Lin, are you free later? Do you want to come over and give me some advice? We can have a meal together afterward. I miss the special delicacies of Jiangbei so much!"

It had to be said that Da Ma was indeed the capable person who founded Little Tanuki Group.

When he spoke, he was full of tricks.

From the general direction of the country's development, the topic of conversation gradually became about giving opinions and eating.

In reality?

Yesterday, President Ma suddenly found out that Lin Fan had bought another 5% of Little Tanuki's shares.

Hence, Lin Fan's total of 10% of Little Tanuki's shares made him a major shareholder that far surpassed the CEO's ranking!

Da Ma was not worried... He just did not know why Lin Fan would increase his shares, so he rushed to Jiangbei early in the morning.

His purpose... He just wanted to meet Lin Fan and have a chat with him.

Regarding this...

Lin Fan understood everything clearly. However, having a meal was not a problem. "Sure."

Da Ma laughed heartily and said, "Haha! Alright, then it's a deal!"

The two of them chatted for a while more before hanging up.

When Lin Fan walked out of the restaurant, a graceful figure appeared in front of him.

"Han Tian!" Lin Fan shouted.

Han Tian slowly turned around, and her pretty face immediately revealed a hint of surprise. She called out, "Lin Fan!"

Today, Han Tian was wearing a dress with floral patterns. Her long black hair hung down naturally like a waterfall, and it swayed in the wind. Her entire body was filled with a faint fragrance... It was extremely charming.

Lin Fan asked, "What are your plans today?"

"I'm not going to work today. I'm going shopping," Han Tian said.

Shopping?

Lin Fan could not help but recall that he had only casually given her two Gucci bags...

After that, he did not give her anything else.

In addition, the time he spent with her was also the least.

Thus, Lin Fan said, "Then I'll go shopping with you."

"Really?"

Han Tian's beautiful eyes instantly became crescent-shaped, and there was a faint starlight shining in them. She was extremely beautiful.

Lin Fan smiled. "Of course it's true. Let's go shopping!"

Then, Lin Fan drove his Mercedes Benz to the shopping mall with Han Tian.

They first walked into Chanel.

"Welcome to Chanel." The dignified female shop assistant quickly came up to them and said, "May I know how I can help you?"

"I'm here to help my girlfriend buy some clothes. Do you have any recommendations?"

The shop assistant secretly sized up Han Tian.

Then, she praised, "Your girlfriend is so beautiful! I rarely see a woman with such fair skin and such a good figure like her!"

It had to be said that the shop assistant's ability was not bad.

With just a few simple words, the relationship between the few of them had unknowingly become closer.

"Thank you for your compliment." Han Tian blushed.

"How is this a compliment? This is the truth," the shop assistant said.

Then, she pointed at a few clothes not far away and said, "I personally think that these two white dresses, as well as those pink and light-colored clothes, are more suitable for you..."

As she spoke, she took out the two white dresses and said, "Moreover, these clothes are all 100% pure cotton. They'll be very comfortable to wear."

When Han Tian changed into the clothes recommended by the shop assistant, her already perfect figure became even more prominent.

"Do you like it?" asked Lin Fan. "Is it comfortable to wear?"

Han Tian nodded.

Then, Lin Fan took the two pieces of clothes that he had picked out and said, "Try these two."

"Alright," Han Tian replied.

After a while, Han Tian walked out wearing the clothes that Lin Fan had picked out.

Han Tian's figure was simply too good. Every piece of clothing she wore made people's eyes light up.

Lin Fan seemed to have realized this and asked, "Do you want to try on other clothes?"

"No need," Han Tian said.

Lin Fan said, "Alright then. Wrap up these clothes."

When the shop assistant standing at the side heard this, she was excited and quickly asked, "Do you wish to purchase all the clothes here?"

One had to know...

This was a Chanel store. Three pieces of clothing would easily cost tens of thousands of dollars.

To her, it was a considerable achievement.

Lin Fan shook his head, "No... Including the clothes you pointed out just now, there should be a total of eight pieces."

The shop assistant was obviously stunned. She could not help but ask, "You... Are you sure?"

"Is there a problem?" Lin Fan asked.

"No problem at all."

The shop assistant was very agile. She quickly folded all eight pieces of clothing and said, "It's a total of 137,899 yuan."

Beep!

Lin Fan took out his bank card and placed it on the machine. The bill appeared.

At the same time, 13 red packets appeared on Lin Fan's phone.

Seeing this...

The shop assistant's heart raced. She then bent down and said, "Thank you, and please come again."

After Lin Fan and Han Tian had left, the shop assistant mumbled, "What a godly tycoon."

Immediately after, she revealed a regretful expression and said, "If I had known... I would've pointed at a few more clothes just now."
