

When His Eyes Opened Read Novel Chapter 3161

Novel Chapter 3161 -Joanna's message said that she and Hayden were coming to Thopiavelle.

Seeing the message, Hazel jumped up nervously from the bed.

Hazel said to herself: "What should I do? They must have come to see Lucas. I have to tell Lucas."

As Hazel said, she dialed the phone to Lucas.

Lucas quickly answered the phone.

Hazel: "Lucas! My elder brother is coming to Thopiavelle!"

Hazel's tone was very excited, and Lucas's mood also became tense: "What is he doing here? Will he pick you up?"

Hazel: "No! He is definitely not here to pick me up. My sister-in-law told me that the two of them are here for their honeymoon. But it is conceivable that they are definitely not just here for their honeymoon. How could they choose here?"

Lucas understood: "They came to see me."

Hazel smiled: "It must be. What should I do, I'm so nervous now."

Lucas's tone was quite calm: "Why are you nervous?"

Hazel: "Aren't you nervous at all?"

Lucas: "Stress can't solve any problems."

Hazel: "What if my elder brother makes things difficult for you? I respect my elder brother..."

Lucas: "Don't panic. Wait until your elder brother comes."

Hazel: "Oh... that's the only way to go."

Lucas: "When will he come?"

Hazel: "The day after tomorrow. They have already set off to our side."

Lucas: "Have they booked a hotel yet?"

Hazel: "I don't know. If they don't book it, they can just stay in the hotel I'm staying in. You don't have to worry about it."

Lucas thought for a while, and it seemed that there was nothing he could do.

Hazel: "Lucas, if my brother says something unpleasant to you, can you not be angry? My elder brother is very straight-talking."

Lucas: "Let's talk about it when the time comes! I can't promise you anything now."

Because even if he agrees now, when the time comes when he really quarrels with Hayden, he won't be able to control his emotions.

"Okay! In fact, if my sister-in-law comes together, my elder brother should not go too far. If my elder brother goes too far, my sister-in-law will definitely criticize him." Thinking of this, Hazel felt a lot better, "Let's sleep!"

Lucas: "Yes."

After hanging up the phone, Lucas opened the calendar and checked the time of the day after tomorrow.

The day after tomorrow was Friday.

Lucas found Niko's phone number and dialed it.

Niko's voice came lazily from the phone: "Lucas, what's the matter? I just took a shower."

Lucas: "I have something to do this Friday."

Niko: "What's the matter?"

Lucas: "Hazel's elder brother will come over on Friday. I will receive him then."

Niko froze for a moment, then exclaimed, "You mean Hayden is coming to our place?"

Lucas: "Yes."

"Fck, *sht*, sh*t!" Niko screamed frantically, "What is he doing here?"

"I don't know. Stop barking." Lucas frowned, his eardrums trembling, "I won't go to the company on Friday. If there is anything to do then, you bear it."

"Understood! Lucas, can you handle seeing Hayden alone? Do you really want me to meet him with you? Anyway, I'm also your natal family..." Niko especially admired Hayden, he wanted to see Hayden with her own eyes.

It would be even better if he could take a photo with the idol and ask for an autograph or something.
