

Mistaken Marriage, Unexpected Love

Chapter 103

Chapter 103 I Don't Love You

The doctor didn't answer immediately. Instead, he asked, "Where's your family?"

Standing next to Marvin, Trudy hurriedly answered for him. "I'm his wife." Whenever one lacked something, he thirsted for it greedily

Trudy was no exception

She seized any and every opportunity to introduce herself as Marvin's wife, even though she was just his mistress

"Doctor, what's my husband's prognosis?" she asked anxiously

"It's not that serious, so don't worry too much. I recommend he go through another check-up."

As he spoke, the doctor wrote up a note for Marvin and handed it to him, saying, "You can go now. I'll have a word with your wife."

Frowning, Marvin had a sinking feeling about this

"Doctor, if you have anything to say, just say it. Don't hide it from me. |

can take it." The doctor hesitated for a moment before finally saying, "Okay."

He looked at the examination results again and said, "There's a malignant tumor in your brain."

Marvin had mentally prepared himself for the worst, but when he heard it come from the doctor's mouth, all the color still drained from his face

Trudy was the first to react. After all, she relied on Marvin to live. "He just has a cough. How could he have brain cancer? This has to be a mistake!"

The doctor explained, "It's not uncommon for the cancer to spread to the

throat and lungs, hence the dry cough." "No! You're wrong!" Trudy shouted angrily

Marvin didn't have the strength to scold her. "Leave first," he ordered

her weakly

But Trudy ignored him. "I'll take you to another hospital.

The doctors here are all quacks! How could they say your cough is related to

cancer? They're not professional at all—"

"Enough!" Marvin snapped

This woman was so annoying!

He was already in a bad mood, yet she kept pestering him

Trudy shut up, albeit reluctantly

Feeling somewhat embarrassed, Marvin apologized to the doctor shamefacedly. "Sorry about that."

The doctor waved his hand nonchalantly to show his understanding

He had seen worse than this

"How long do I have?" Marvin asked in a trembling voice, trying his best to suppress his sadness

There wasn't a soul in this world who could stare death in the face unflinchingly
At the end of the day, everyone was afraid of death
Marvin was no exception
The doctor answered, "I can't say for sure. You need further examination
If possible, you should be hospitalized now so that we can start
conducting tests." "I want to go home and think about it first."
The doctor nodded in understanding. "Of course." He sorted out the
medical records and handed them to Marvin. "If you'd like, you can go to
another hospital for a second opinion."
Marvin was in terribly low spirits. Without saying anything more, he stood up and left with his head down
Trudy followed him out and said, "Let's go to another hospital. Maybe they botched your results."
Marvin's eyes flickered with annoyance. At this time, he wanted nothing
but peace and quiet. However, Trudy kept chattering endlessly!
"Shut up or else I'll die right here, right now!" Marvin hissed at her in
exasperation
Trudy whined, "I'm doing this for your own good! Don't you see that?" However, Marvin didn't want to waste his breath on her anymore
Now that he knew he was terminally ill, he didn't even have the strength to speak

Meanwhile, oblivious to her father's situation, Camila was stuck at home in the villa

Willie had his men stationed all over the place

Of course, this was just to prevent Camila from escaping again

But she was basically their prisoner. 3

Isaac hadn't shown up ever since she was locked up in the villa. This situation lasted for about a month. 2

She was kept in confinement the whole time. She wasn't allowed to contact anyone, nor was she allowed to watch the news. Despite this,

Camila actually lived quite comfortably over the past month

Jaylen, on the other hand, was not that lucky

Isaac was absolutely enraged, but he couldn't vent his anger on Camila, so he took it all out on Jaylen

All of the Williams Group's projects were attacked

Even if it would cause financial losses to Isaac too, he didn't care!

He was determined to leave Jaylen bankrupt!

The string of bad news about Jaylen and his company kept making headlines, one after another

As a result, all of the Williams Group's projects were dropped. 2 Unable to stand the pressure, in the end,

Jaylen went to Isaac directly to tell him the truth

He didn't hide the fact that he made it look like he and Camila were having an affair deliberately to piss Isaac off

Jaylen explained, "I just wanted to piss you off a little, okay? Since Camila wants to divorce you, we came to the agreement that we'd

pretend to be in a relationship. But the truth is, there's nothing going on between us." 2

Only when Isaac returned to the villa did Camila catch wind of the news

But she didn't care too much

After all, it was Jaylen who came up with the idea to pretend to have an affair. 4

Because he dared to suggest such a thing, he must've been prepared to deal with the consequences

But if he didn't make preparations in advance and suffered huge losses, that meant that he was just an idiot

"Your little boyfriend is on the verge of bankruptcy, yet you have nothing to say?" Isaac studied Camila's expression carefully

Although Jaylen had already explained the truth to Isaac, the latter didn't fully believe it

The reason why he showed the news to Camila was to test her

When he saw that Camila didn't care at all, he was sure that what Jaylen had said was true

After all, if Camila really loved Jaylen, she would've reacted when she saw that Jaylen was in such a predicament

But she didn't even flinch or frown. She didn't care because she didn't love him!

Still, although it was just an act between her and Jaylen, it was true that

she wanted to divorce Isaac

Was she so determined to leave him?

"Camila, why do you insist on divorcing me?" he asked bluntly

Only then did the indifferent Camila show a hint of emotion. Hesitating, she said, "Because of my relationship with Jaylen—"

"He told me that you two are just pretending," Isaac cut her off abruptly

Hearing this, Camila's eyebrows shot up in surprise
Jaylen was such an unreliable bastard!

"Well, I didn't want to marry you in the first place. I don't love you, and I don't want to spend the rest of my life with someone I don't love

That's why I want a divorce." In the end, she figured it would be best to just tell Isaac the truth

Perhaps the truth would be offensive enough to irritate Isaac. Perhaps

he'd finally agree to a divorce! Isaac fell silent for a long time. Then he started to say something. "I was..."

He wanted to tell Camila that he was the man from that night. Maybe if

she knew the truth, she wouldn't want to divorce him
At least they had sex..

"If you lost your child because of the man from that night, would you

hate him?" he asked instead

If she said no, he'd tell her the truth in a heartbeat

Without hesitation, Camila answered, "Of course I'd hate him. I'd wish he was dead!" Anger was written all over her face

"I also hate you. Because of you, I lost my child," Camila added through

gripped teeth. If it weren't for Isaac and Debora, she'd still have her child! "You can hate me if you want," Isaac said softly

Camila was stunned for a moment. If she wasn't mistaken, there was a

trace of sadness in his voice

"Isaac?" She asked hesitantly, "What's wrong with you?"

Isaac stood up and walked towards the French window.

Staring at the

scenery outside, he murmured, "It's my fault."

He was also devastated when he learned that he had caused the baby's death

Standing by the French window, he looked so lonely and sad

Camila suddenly felt the urge to hug him. She felt sorry for him

The next second, she shook her head violently. How could she have such a thought?

Although Isaac didn't directly kill her baby, her baby's death still had something to do with him

That was why she could never be reconciled with him

"Glenda!" Camila called

Soon, Glenda came over

"Could you help me go upstairs?" Camila asked

Before Glenda could help her up, Isaac came over and said, "Let me do it." Glenda stepped aside immediately

Camila refused his advances and said, "No, I want Glenda."

Isaac didn't say anything and scooped her up silently

At a loss, Camila didn't know where to place her hands

She bit her lower lip and held her breath as Isaac pulled her close

"You know that I hate you. Why are you still so good to me?" she asked softly. 5

Without answering, Isaac carried her into the bedroom and laid her on the bed. He didn't immediately move away.

Instead, he looked at her

seriously and said, "Because I love you." #

Camila's eyes widened and her heart skipped a beat

She clenched the sheets tightly

Not daring to meet his gaze, she muttered, "But I don't love you."

"I know."

Surprised by his reaction, Camila raised her head so fast that her forehead hit his chin accidentally

"Sorry, I didn't mean to—"

She reached out to touch his chin and found that it looked fine. "Oh, good..."

As she spoke, she met Isaac's eyes and fell into a daze. It took her a while to realize that her fingers were still

touching his chin. She was so

flustered that she immediately withdrew her hand, but the next second,

it was grabbed by Isaac!
