I am a quadrillionaire chapter 2421-“Captain Longer, since you’re much older than me, I’ll call you my big brother! You don’t have to say anything anymore. From now on, as long as you need me and as long as it’s within my ability and not something harmful, I will do my best to help you,” David patted Arian on the shoulder and said.

Aside from the fact that he did not have any huge conflict with Arian, even if there was, David would not split hairs about the past if Arian was willing to do this.

Helping David obtain a large amount of lavish points to improve his strength was a great kindness and David would keep it in his heart forever.

David’s sudden enthusiasm stunned Arian.

“I’m just selling some real estate and treasures to him.”

“With his identity, does he need to do this?”

“Just how much does this guy like real estate?”

Arian could not understand, so he stopped thinking too much about it. He said, “Master David, you’re too kind! It’s just a small matter, so you don’t have to do this.”

“It may be a small matter for you, but it’s a big matter for me. You won’t understand even if I tell you. In short, after the matter is done, you will be my brother.”

David directly put his arm around Arian’s shoulder, as if they were already very close to each other.

He was very excited.

After he completes this deal with Arian and even though he still could not breakthrough Supreme Overlord Rank and reach the Ancient Overlord Rank, he could at least elevate his Body and Mind to Supreme level 10.

For now, that would be enough.

If he wanted to break through to Ancient Overlord Rank, he needed more than a million lavish points for both Body and Mind.

This was not something that he could accumulate in a short while.

After his Body and Mind reached Supreme level 10, under the effect of the double limit, his strength could go further, cross Supreme Overlord Rank, and achieve partial Ancient Overlord Rank.

David's current goal was to achieve partial Ancient Overlord Rank first. Then, he would slowly accumulate lavish points, wait for the opportunity, and then become an Ancient Overlord in one fell swoop.

"I really don't understand, but I can understand why you're doing this. After all, everyone has their hobbies. Some like power, some like money, and some like beautiful women. I don't think there is anything wrong with you liking to collect real estate and treasures," Arian thought for a while and said.

"Haha... Arian, you know me so well." David laughed.

He even changed how he addressed Arian. This showed how happy he was.

"Since you like these things so much, I can be a middleman in the future to help you buy more properties and treasures. I still command respect in Amber City."

"It's a deal!" David extended his hand immediately and amicably.

Smack!

Arian shook his hand.

The two reached a tacit agreement.

They completely wiped out their past.

Arian was also delighted.

He could resolve his grievances with David by just losing some worldly possessions. At the same time, he could also make a friend with great potential.

So why not?

He was not worried about David's identity at all.

Never mind him, even Mayor Salem was so optimistic about David and willing to make friends with him.

One must know that Salem was from the Birch family, one of the top powers in Leila. If he could be assigned to be in charge of The Spirit Cage's affairs, his status in the family must be at least among the top five, not counting the grandmasters living in seclusion.

"Arian, let's go, let's have a drink or two. After that, we will discuss the three thousand real estate and treasures."

"As you wish!" Arian naturally would not refuse.

After drinking three rounds, David called Beanie who was in charge of buying the properties.

When she saw Arian, she was very surprised and could not stop herself from feeling a little nervous.

This man was the captain of Amber City's law enforcement team.

He was leading more than a hundred thousand law enforcement elites so his status was terribly high in Amber City.

However, when she saw Arian drinking with David, she felt relieved.
