I am a quadrillionaire chapter 2430-Not long after the chat, David got up to bid farewell.

“Miss Fellowes, I’ll take my leave first. Let’s talk more the next time I come back.”

“Alright, David. You said that yourself, so you must come to find me when you are back.”

“Of course!”

David was about to turn around and leave after he said that.

However, Alba stopped him.

“David!”

“Can I help you with anything else, Miss Fellowes?” David turned around and asked.

“Nothing. Safe journey,” Alba forced a smile and said.

“Thanks. Bye!”

“Bye!”

Finally, David left the Central Sacred Continent under Alba’s depressed gaze.

Alba stared at the spot where David left, lost in her thoughts.

She knew David would not be back for a long time.

There was a moment when Alba wanted to leave with David.

She would be fine, even if she was just his maid.

However, she did not dare to say it in the end.

So, she could only watch as David left her vision.

Back then, Alba wished to get acknowledgment from the seniors of her family so they would not treat her as a tool for marriage.

Unfortunately, no matter how hard she worked, she could never achieve this dream. She could see no hope for herself.

However, after she met David, everything changed drastically.

Now, she had realized her dream.

She had taken over her entire family.

Soon, she would become the head of her family.

Ever since the Fellowes family was established, no woman had ever become the true person in charge of the family.

Yet, Alba created history.

Logically speaking, she should be happy.

However, this was not the case.

Alba knew this was not because of her hard work. It was all because she was David's good friend. She helped him and that was why she had what she had now.

After staring at the spot where David left for a long time, she finally came back to her senses.

She almost fell to the ground. As if all the energy had been sucked out of her.

After David left the Central Sacred Continent, he went back to the Iridescent Sect very soon.

He then went directly to the courtyard where Celia and the others lived.

He did not inform Celeste.

He wanted to give her more time so he would only inform her when they were departing.

After all, she had to leave the place she grew up in, so she would surely be reluctant to part with this place.

He thought, 'She might have a lot to say to Nova.'

However, when he came back to the courtyard, he noticed that Celeste was back and chatting with the women.

After David looked closely, he noticed something was off. 'Why is there one more person?'
