

## An Understated Dominance Chapter 1431 - 1440

### Chapter 1431

“What’s special?”

Facing Tang Xiaobao’s meaningful gaze, the corners of Lu Chen’s eyes twitched twice, and he felt his scalp go numb.

This guy doesn’t really want my body, does he?

Lu Chen took a deep breath, calmed down and said, “Young Master Tang, I heard that the Tang family has developed very well in medicine, and here I have a magical trauma medicine called Yulu Ointment. It can not only stop bleeding and heal wounds, but also It can remove scars, once it comes out, it will be enough for the Tang family to make a lot of money.”

“Trauma medicine?”

Tang Xiaobao picked up the tea cup and took a sip, and said without interest: “There are countless medicines like this in our Tang family. For example, Tang’s Golden Sore Medicine is specially used to treat wounds and remove scars, and its effect is far better than those on the market. Those trauma medicines.”

“Of course I’ve heard about Tang’s golden sore medicine, but it’s still a lot worse than my Yulu ointment.” Lu Chen said with a smile.

“Oh? So confident?” Tang Xiaobao was quite surprised.

Tangjia Medicine is the leader in the industry.

Whether it is acquisitions or drugs developed, they are all top-notch.

And Tang's golden sore medicine is even more famous and the sales volume is extremely good.

A trauma medicine that he had never heard of before dared to challenge Tang's golden sore medicine. He was curious, where did the man in front of him have the confidence?

“Not confidence, but fact.”

Lu Chen said solemnly: “It is no exaggeration to say that the healing effect of Yulu Ointment is at least ten times that of Tang's Golden Sore Medicine!”

“What? Ten times?”

Hearing this, Tang Xiaobao's volume was raised a bit, and he asked: “You are not playing me on purpose, are you? Look at me, do you look like a badass?”

You know, Tang's Golden Sore Medicine is already the best trauma medicine on the market.

A Yulu ointment that I had never heard of, dared to claim that it was ten times as effective as Tang's golden sore medicine.

He was simply fooled into thinking he was a fool.

“Young Master Tang, don't be impatient. If it's true or not, just try it and you'll know.”

Lu Chen smiled slightly and didn't explain much.

Instead, in the same way as before, a cut was made on the arm, and then Yulu ointment was applied.

After waiting for about a stick of incense, Lu Chen wiped off the remaining Yulu ointment, revealing a brand new arm.

The previous wounds have suddenly recovered as before.

“How can it be?”

Seeing this scene, Tang Xiaobao couldn't help but widen his eyes.

Even though he was well-informed, he was also shocked by the scene in front of him.

Such a long wound will disappear immediately. The effect of this medicine is too miraculous, right?

Down's syndrome medicine has achieved its current status after years of research and development.

However, the performance of this Jade Dew Cream completely beats the Tang syndrome medicine.

The medicine is more than ten times more effective.

It's an exaggeration!

“How's it going? Are you satisfied with my Jade Dew Cream, Mr. Tang?” Lu Chen seemed to be smiling but not smiling.

“This...” Tang Xiaobao's expression froze.

More than satisfaction?

If this medicine comes out, all the trauma medicines on the market will no longer be used.

This is completely a dimensionality reduction blow.

“Master, be careful of fraud!”

At this time, the female guard Dong'er, who had been watching with cold eyes, suddenly spoke.

“I wonder if Miss Dong'er has any concerns?” Lu Chen asked.

“How can there be such a magical medicine? I suspect that you have tampered with it just now.” Dong'er said with a cold face.

In her opinion, Lu Chen must have used some kind of cover-up trick to deliberately deceive.

Just like those magicians on the stage, they cut people up and then put them back together intact.

These are all tricks to fool people.

“It seems that Miss Dong'er can't trust me. How about you try it yourself?” Lu Chen pushed the jade dew ointment to the table.

“Just try it.”

Without saying anything, Dong'er drew out the knife and scratched his thigh.

As the blade cut across, Dong'er's thigh was immediately torn open and dripping with blood.

Chapter 1432

Judging from the wound, the cut was very deep.

If it were an ordinary person, he probably wouldn't be able to help screaming.

However, Dong'er's face remained expressionless throughout, and he didn't even frown, as if what he was cutting was not his own body.

This woman is indeed a wolf killer!

“Here comes the medicine!”

Dong'er raised her feet on the chair and tore off half of her trousers, revealing her white thighs that still looked powerful and beautiful.

Then he dug a handful of ointment from the jar and applied it to the wound casually.

Then, a magical scene happened.

In just a few breaths, the blood from the wound stopped flowing out.

That cold and numb feeling finally made the expressionless Dong'er feel a little strange.

As a martial arts master, she can naturally feel the subtle changes in her body.

I have to admit that this ointment is indeed extraordinary.

After about a stick of incense, Donger wiped it with a towel.

Sure enough, the previous stab wound had basically recovered, leaving only a faint red mark.

That's newborn tender meat.

“Miss Dong'er, you should believe it now, right?” Lu Chen said with a smile.

“good.”

Dong'er nodded, then hugged his knife and quietly stepped aside without saying a word.

“Master Tang, what do you think?” Lu Chen turned his eyes.

“It’s really a good baby!”

Tang Xiaobao smiled with satisfaction: “Although I am not interested in money, I still have to contribute a little bit for the sake of the family business. How do you plan to cooperate with this Jade Dew Cream?”

“In terms of production, I have found the Yin family to cooperate. Mr. Tang, you will be responsible for sales and promotion. You will use the Tang family’s connections and influence to make Yulu Cream a hit. As for the sharing, it will be divided according to four, three, and three. Your Tang family will take 40%, and the Yin family and I will each take 30%, how about that?” Lu Chen made the conditions.

“I thought you wanted the lion to be too open-minded, but I didn’t expect you were not greedy at all.” Tang Xiaobao smiled half-heartedly.

With the influence of the Tang family, it is no problem to take 40%, but it is another matter to take the initiative to say it from Lu Chen’s mouth.

“When doing business, we should pay attention to sincerity and fairness. The Tang family contributes the most, so naturally it takes the majority.” Lu Chen said with a smile.

“Yes, you are very suitable to my taste.”

Tang Xiaobao nodded in satisfaction, with an even bigger smile on his face.

Those hot eyes gave Lu Chen goosebumps.

There shouldn’t be any unspoken rules, right?

“Young Master Tang, it’s not all smooth sailing for Yulu Cream. We still have two competitors. I hope you can be prepared.” Lu Chen changed the subject in a timely manner.

“Oh? Who dares to compete with our Tang family?” Tang Xiaobao raised his eyebrows slightly.

“The Wang family and the Song family among the eight wealthy families...”

Lu Chen did not hide anything and simply told what happened.

“So that’s what happened.”

After listening, Tang Xiaobao was calm and calm, and didn’t care: “With the virtues of the Wang and Song families, it’s not surprising that they did such a despicable thing, but don’t worry, the Tang family will protect you from now on, and they dare not mess with you.” Come.

As for the market, there is no need to worry, our goods are good and cheap, coupled with the contacts and influence of the Tang family, it is enough to kill them all. “

“With Tang Shao’s words, I feel relieved.” Lu Chen nodded slightly.

“Little Lu, follow me from now on, I will never treat you badly, and I promise to make you popular and delicious.”

Tang Xiaobao put his hand on Lu Chen’s shoulder, and patted it lightly, with a meaningful smile.

Lu Chen froze, not knowing whether to cry or laugh.

Talking about business is business, what the hell do you want to do with your hands and feet?

“Xiao Lu, I think you look good, with thin skin and tender flesh, which fits my aesthetics very well.”

“As long as you agree to some of my needs, I guarantee that you will be rich and prosperous in the future, and you will have endless enjoyment!”

Tang Xiaobao looked up and down, his eyes were hot, as if admiring a beautiful plaything.

“ ... ”

Chase Lu suddenly broke out in a cold sweat and his scalp became numb.

Oh shit! After all, I still didn't escape!

## Chapter 1433

“Why are you so nervous? I won't eat you.”

Tang Xiaobao pinched Lu Chen's broad shoulders and praised: “Looking thin, I didn't expect it to be quite strong to the touch. It should be that he looks thin when he is wearing clothes, but he looks fleshy when he is undressed, right? Yes, it's really good.”

Chase Lu's goosebumps instantly covered his whole body. He quickly pushed Tang Xiaobao's hand away and said solemnly: “Let's talk business. If you have other needs, I really can't satisfy them.”

“Xiao Lu, I'm doing it for your own good. With the Tang family as your backer, you can almost walk sideways in Yanjing in the future. It's just a little sacrifice. It's no big deal. You know, most people don't have this blessing.” Tang Xiaobao said earnestly.

“Forget it, I can’t afford your blessing.” Lu Chen waved his hands again and again.

Making him sell his ass is worse than killing him.

“You! You are so blessed that you don’t know how to be blessed. If it weren’t for your good looks and versatile talents, do you think I would take advantage of you?”

Tang Xiaobao shook his head and sighed: “Do you know how many people want to be my brother-in-law? You can line up directly to the east of the city from here. I’m giving you a chance!”

“etc!”

Lu Chen was suddenly stunned: “What did you just say? Brother-in-law?”

Aren’t you greedy for your body? How did he become a brother-in-law?

“certainly.”

Tang Xiaobao said seriously: “I have a total of seventeen sisters, four of whom are married now, and thirteen more who are waiting to be married at home. They are all very young. I, as a younger brother, am worried!”

Everyone in the world said that he had a good reincarnation, but they didn’t understand his troubles at all.

As the only child in the family, she has been placed on high expectations since she was a child, so it is natural that she cannot just lie down.

There are so many things to learn every day. Fortunately, I still have a bright mind and am outstanding in all aspects.

But it was his sisters’ marriages that troubled him the most.

Firstly, it requires being well-matched, secondly, it requires good looks, thirdly, it requires outstanding talent, and fourthly, it requires paying attention to character.

There are simply too many demands from all aspects.

The most important thing is that he is not looking for one brother-in-law, but thirteen!

One can imagine how difficult it is.

So whenever he has time, he will look for suitable partners for his sisters.

After the observation just now, he found that Lu Chen was pretty good in all aspects, so he had evil thoughts and wanted him to be his brother-in-law.

“It turned out to be brother-in-law?” Lu Chen breathed a sigh of relief: “I was shocked, I thought...”

“Why?”

Tang Xiaobao was startled, and then suddenly realized: “Oh~ I understand, you don’t think I have anything wrong with you, do you?”

“This...” Lu Chen was quite embarrassed.

There is indeed something wrong with the other party’s words and actions just now.

“Is it rumored that I am as good as Long Yang?” Tang Xiaobao smiled.

“It’s probably a rumor, right?” Lu Chen wasn’t sure.

“Well... Actually, it’s not really gossip, because I spread the news myself.” Tang Xiaobao looked calm.

“Huh?” Lu Chen was stunned for a moment, a little confused.

“You also know that handsome people always have some troubles.”

Tang Xiaobao smoothed his hair with his fingers, and said very narcissistically: “A handsome man like me, with a rich family background, and a talented man, has an endless stream of women who fall into his arms every day, like crucian carp crossing the river.

In order to avoid some trouble, I simply claimed that I liked men. Over time, such rumors began to spread. “

“So that’s the case.” Lu Chen nodded.

The strangeness in my heart finally calmed down.

Yin Tao's psychological induction before, coupled with some of Tang Xiaobao's behaviors just now, are indeed easy to be misunderstood.

Fortunately, we clarified it in person, otherwise there would inevitably be some grudges in future cooperation.

## Chapter 1434

“Xiao Lu, then again, do you want to consider becoming my brother-in-law?”

“As long as you marry my sister, the Tang family will be your backing from now on. You can get wind and rain whenever you want, and you can sit at home and enjoy happiness every day.”

“The key point is that my thirteen sisters are all as beautiful as flowers, and they are proficient in music, chess, calligraphy and painting. They will never let you suffer.”

Tang Xiaobao spared no effort to sell, giving full play to his matchmaker qualities.

“Young Master Tang is joking. I'm just a nobody. I really can't compete with the daughters of the Tang family.” Lu Chen declined politely.

“It's okay, I don't care about these, as long as I like you, you can be my brother-in-law, and my sisters will not refuse.”

As Tang Xiaobao spoke, he took out his mobile phone from his pocket, pulled out the photos, and began to introduce Lu Chen one by one: “Come on, come on... Come and take a look. These are the photos of my sisters. You can look at them from the inside.” Choose one, choose whoever you like, don't have to worry about it, and leave the rest to me.”

“ah?”

Lu Chen’s mouth twitched.

Why does this guy seem to be selling products?

And it’s free, you don’t need to spend money at all, just pick it up if you like it.

Can’t wait?

“How about it? My sisters are all very beautiful, right? If you don’t feel satisfied with one, you can have two. As long as your body can bear it, I don’t care.” Tang Xiaobao said happily.

“Young Master Tang, I appreciate your kindness, but I already have a fiancée, so I don’t need to mention this matter anymore.” Lu Chen shook his head and declined.

“What’s a fiancée? As long as you’re not married.” Tang Xiaobao said indifferently:

“Isn’t your fiancée more beautiful than my sisters?”

“It is indeed prettier than your sisters.” Lu Chen nodded.

“Forehead.....”

Tang Xiaobao’s face froze and he was speechless.

Can this guy talk?

“That’s all. If you’re not interested, I won’t force you. I can only say that we are destined to be incompatible.” Tang Xiaobao shook his head regretfully, as if you had suffered a huge loss.

“Master Tang, the matter about Yulu ointment...” Lu Chen hesitated to speak.

“Don’t worry, business is business, and feelings are feelings. I can understand these things clearly.”

Tang Xiaobao displayed his folding fan and said coolly: “As long as you produce this Jade Dew Cream, our Tang family will definitely support it. Then we can all make money together, why not?”

“Master Tang is indeed wise, so I wish our business will be prosperous.” Lu Chen smiled and raised his glass.

“Come on! Do it!”

Tang Xiaobao picked up the teacup, clinked it, and drank it all in one gulp.

“Oh, by the way, Xiao Lu...”

At this time, Tang Xiaobao seemed to have thought of something. He lowered his voice and said mysteriously: “Besides Jade Dew Cream, do you have any other elixirs? It’s the kind of thing that can make men become powerful.”

“Become powerful?”

Lu Chen was startled for a moment, then suddenly realized: “Could it be that Mr. Tang is referring to aphrodisiacs?”

“Hush!”

Tang Xiaobao was so frightened that he quickly made a silence gesture and whispered: “As long as you understand, there is no need to say it. In addition, I solemnly declare that I am not incapable, I just want to be more powerful. Do you understand?”

“understand.”

Chase Lu smiled and nodded: “There is no medicine to become powerful, but I didn’t bring it with me. Next time we meet, I will give you a bottle directly to ensure that you become (cannot be shown), unparalleled in power!”

“Good brother! You really understand me!”

Tang Xiaobao’s eyes lit up and he said excitedly: “From today on, you are my half-brother! If you have any trouble in the future, just come to me!”

Lu Chen’s Jade Dew Cream is so miraculous, so it shouldn’t be a bad aphrodisiac, right?

(cannot be displayed).....

Hehe, I’m a little excited just thinking about it.

## Chapter 1435

After Lu Chen reached an agreement with Tang Xiaobao, he immediately called Yin Tao over in the bread room.

The three discussed it in detail and signed the relevant contract.

At this point, the tripartite alliance was formally established.

In the next two days, Lu Chen taught the pharmacist how to make Jade Dew Cream while working on rebuilding Jishi Hall.

Running at both ends alone is extremely busy.

Fortunately, with Yin Tao’s help, things quickly got on track.

As for the Wang and Song families, the progress is faster, and the Jade Dew Cream produced has entered the sales stage.

And also changed the name, called “rejuvenation ointment”.

Meaning, rejuvenation with a wonderful hand.

Although the drug content of “Rejuvenation Cream” is not up to standard, under the influence of money making ability, these are nothing.

After building momentum, the “Rejuvenation Ointment” of the Wang and Song families has become famous.

Although the price is very expensive, the response has been very good, especially the amazing healing effect, which has attracted countless pharmaceutical dealers to flock to it.

It even alarmed the top brass of the military.

“Rejuvenation Ointment” is an ointment that can quickly stop bleeding and heal injuries. It is definitely a rare treasure for soldiers who are often injured. It can also save lives at critical moments.

Therefore, all departments of the military attach great importance to this.

Wave after wave of people came after hearing the news; batch after batch of orders came one after another.

In just two days, the Wang and Song families have received a large number of orders, and business has never been hotter.

Various medical experts even assert that this rejuvenating ointment will become an unprecedented hit!

...

noon.

Dongcheng, in the office of the chairman of Tang's Pharmaceutical Group.

A smartly dressed and beautiful woman was sitting quietly on a swivel chair, listening to the female secretary's report.

“Director Tang, we have investigated clearly. The rejuvenation ointment that suddenly appeared on the market is a product jointly researched by the Song family and the Wang family. Its efficacy is very miraculous, far better than the Tang's golden sore medicine.”

“If this momentum continues, the situation of our Tang's Medicine will be very bleak!”

As the female secretary spoke, she put the investigation materials in her hand on her desk.

Tang Wanrou took a closer look and frowned slightly: “How could this happen? How could they have developed such a good medicine in just a few days?”

As the daughter of Tang's parents and the chairman of Tang's Pharmaceuticals, she knows the Wang and Song families very well.

Although the two parties are both wealthy, they are indeed competitive, so she has been secretly following the development of the Wang and Song families.

There were even spies inside the two companies.

Among other things, it is absolutely impossible for the Wang and Song families to hide their medical research from her.

But this time, before the rejuvenation ointment came out, she didn't receive any news at all, as if it appeared out of thin air, which was really strange.

“Director Tang, what should we do now? Do you want to contact the Wang and Song families to see if we can cooperate?” the female secretary suggested.

“It’s not that easy.”

Tang Wanrou shook her head: “They obviously came prepared this time. If we take the initiative to seek cooperation, we will probably be torn apart.”

“But if we don’t choose to cooperate, some of our highly profitable drugs for Down syndrome will not be able to survive. Then the stock price will plummet and we will suffer heavy losses, which will be even worse.” The female secretary looked worried.

“Let me see...”

Tang Wanrou gently rubbed her temples, and began to think carefully.

If they choose to cooperate, the Wang and Song families will definitely raise prices on the ground, take the opportunity to seize the Tang family market, and win over Tang family customers.

If they don’t cooperate, Tang Corporation will suffer heavy losses. Over time, the market will still be swallowed up, and customers will still be robbed.

What a dilemma.

“Ding ding ding...”

At this time, the phone on the table rang.

When Tang Wanrou answered the call, a familiar voice came: “Dr. Tang, Miss Wang Zixuan and Mr. Song Yingming are here to visit. I wonder if you are free?”

## Chapter 1436

“Invite them in.” Tang Wanrou replied.

“yes.”

The phone hangs up.

After a while, the office door opened.

Song Yingming and Wang Zixuan walked in hand in hand, with happy faces and smiles on their lips.

“Director Tang, we came here uninvited today. We shouldn’t disturb you, right?” Song Yingming looked polite.

As for Wang Zixuan, she was more straightforward and sat on the sofa minding her own business, looking like a leader.

“Mr. Song, Miss Wang, I wonder if you two have come to visit us. Do you have any advice?” Tang Wanrou said calmly.

“Don’t take advice seriously. We came here this time to discuss business with you, Mr. Tang.” Song Yingming smiled half-heartedly.

“Business? What business?” Tang Wanrou looked calm, pretending not to know.

“Director Tang, have you heard about the rejuvenation ointment recently developed by our Song and Wang family?” Song Yingming asked.

“I heard something, what’s wrong?” Tang Wanrou’s expression remained unchanged.

“Now that you’ve heard it, it’s easy to handle.”

Song Yingming smiled: “The rejuvenation ointment we developed is a holy medicine for healing. As long as it is widely promoted, it will definitely crush all trauma medicines on the market, including your Tang’s golden sore medicine.”

“Young Master Song, are you a little too confident? Although your rejuvenation ointment is good, our Tang’s golden sore medicine is not bad either.” Tang Wan Judo.

“It’s not confidence, it’s fact.”

Song Yingming smiled meaningfully: “Dr. Tang, you are a smart man. You should understand the gap between the two. It is the general trend. It is useless not to admit it.”

“So, what do you want Mr. Song to say? You might as well get straight to the point.”  
Tang Wanrou remained calm.

“readily!”

Song Yingming snapped his fingers and said with a smile, “Dong Tang, our rejuvenation ointment will soon sweep the entire market, but for smoother development, I hope to cooperate with Tang’s Medicine.”

“Oh? What kind of cooperation method?”

Tang Wanrou put her fingers on the table with her fingers crossed, showing a look of attentive listening.

“It’s very simple. It will be produced by our two companies, and then promoted nationwide through the Tang family’s sales channels. In this way, the Huichun ointment can occupy a large market in the shortest possible time. By then, we will be able to make a lot of money.” .” Song Yingming smiled.

“Sounds good, but how to divide the benefits?” Tang Wanrou asked back.

It is inevitable that the rejuvenation ointment will become a hit. Only by cooperating with the Wang and Song families can we better recover the losses.

Of course, this tendency cannot be too obvious, otherwise it will be easily manipulated.

“We have discussed internally and plan to give 3% to Tang’s Medicine...”

Song Yingming held out three fingers and was about to make a quotation when Wang Zixuan, who was sitting on the sofa, suddenly said: “I’ll give you 10% of the profit.”

“Um?”

As soon as these words came out, Tang Wanrou immediately frowned.

Even the smile on Song Yingming’s face couldn’t help but freeze.

The two families had discussed together before that in order to open up the market as soon as possible, it would be best to give the Tang family 30% of the profits.

After it is completely famous, the share ratio will be gradually reduced.

As a result, Wang Zixuan was in a good position, and she kept the share ratio as low as possible as soon as she opened her mouth.

Thirty percent profit dropped directly to 10%.

It was so dark!

“Ms. Wang, are you sincerely discussing business?” Tang Wanrou said with a cold face.

“Director Tang, ten percent profit is already the limit we can give.”

Wang Zixuan said calmly: “After all, the rejuvenation ointment is researched and produced by our two families. Your Tang family has done nothing. It is only responsible for sales. Ten percent is considered very high.”

“If you are not sincere, then there is no need to talk about cooperation anymore!” Tang Wanrou said coldly.

“Tang Dong, you’d better think carefully before answering.”

Wang Zixuan snorted coldly: “If you cooperate, your Tang family can still make some money. If you don’t cooperate, you will be asking for trouble!”

## Chapter 1437

“Miss Wang, are you threatening me?”

Wang Zixuan’s aggressiveness made Tang Wanrou’s face darken, and her eyes suddenly became sharp.

With the Tang family’s sales channels and influence in the pharmaceutical industry, if they want to cooperate with others, sharing 40 to 50% of the profits is not a problem.

Moreover, it also depends on whether what is being sold is valuable enough.

The woman in front of her was quite good. She was obviously here to ask for cooperation, but she also acted arrogant and didn't take the Tang family seriously at all.

Even if he is only given 10% of the profit, he is still making threats here.

Do you really think the Tang family is a soft persimmon?

“Director Tang, don't get me wrong, Zixuan was just joking with you.”

Seeing that the situation was not going well, Song Yingming quickly began to smooth things over, and at the same time kept winking at Wang Zixuan.

Oh shit! I'm afraid this woman took the wrong medicine, right?

The agreed 30% profit was directly reduced to 10%. How could this be talking about cooperation?

This is clearly taking the Tang family for a fool!

Besides, the Tang family is one of the four upper sects, and is stronger than the Wang family and the Song family in all aspects.

Especially in medicine, it is the industry leader.

It is definitely not a wise choice to break up with such a behemoth.

“joke?”

Tang Wanrou snorted coldly: “I don't think Ms. Wang is joking at all.”

“Dong Tang, those who know the current affairs are brilliant, and a 10% profit is not low. Our rejuvenation ointment is destined to become a hit, and no one can stop it.”

Wang Zixuan said with a proud face: “If you miss this train, the loss to your Tang family will be immeasurable. I believe you should be very clear about the stakes.”

The Wang family provides the formula, and the Song family is responsible for production and promotion. According to the agreement, the benefits of the cooperation between the two companies are equally shared.

If 30% is given to the Tang family, then the Wang family and the Song family can only get 35%.

This is really a shame.

The Tang family obviously does nothing and is only responsible for sales. Why does it take such a high proportion of the share?

The rejuvenation ointment is so miraculous, and it's not like it can't be sold, so why should it give such a big profit to the Tang family?

In her opinion, ten percent to the Tang family is high enough.

According to her, giving 5% would be considered a kindness.

“Since your rejuvenation ointment is so powerful, why do you come to Tang's Medicine? You can just cooperate with others!” Tang Wanrou said coldly.

“Director Tang, we are giving you a chance. Ordinary companies are not even qualified to represent our rejuvenation ointment.” Wang Zixuan was still arrogant.

“Thanks, but I don't care.”

Tang Wanrou refused: “You two, I still have something to do, so I won't send you far away!”

“Dr. Tang...”

“No need to say anything, please come back!”

Just as Song Yingming was about to speak, he was interrupted by Tang Wanrou's shout.

When had the Tang family ever received such a threat?

It's just a medicine. Do you really think it can threaten the Tang family's status?

At best, it is just a loss of part of the market.

The Tang family can still withstand this kind of turmoil.

“Tang Wanrou! Do you know how much damage your decision will cause to the Tang family? You’d better weigh it carefully!” Wang Zixuan frowned slightly.

This woman is so shameless!

“No matter how great the loss of the Tang family is, it has nothing to do with you. If you want our Tang family to be a stepping stone, you’d better give up!” Tang Wanrou said solemnly.

“You——!” Wang Zixuan was a little angry.

She didn’t expect that this woman would rather lose money than cooperate with Wang and Song.

## Chapter 1438

So stupid!

“Yo! Is there a guest?”

At this time, Tang Xiaobao suddenly brought someone in.

Holding a folding fan in his hand, he strolls in the courtyard, still so personable.

The female grandmaster Dong’er followed closely behind, her fierce eyes shooting around, alert to any threats around her.

“Xiaobao, why are you here?”

Seeing the person coming, Tang Wanrou couldn’t help but soften her expression.

“Elder Sister, haven’t you eaten yet? I specially packed some food for you from the Emperor Building. You should try it first.”

Tang Xiaobao took the food box that Dong'er handed over, and then placed the food inside on the desk one by one.

Six dishes and one soup, with meat and vegetables, full of color, flavor and taste.

“Little Treasure has a heart, big sister really didn't love you for nothing.” Tang Wanrou immediately smiled.

The troubles just now were swept away.

She is very pleased to have such a sensible brother.

“Elder Sister, is there something important for these two to visit?”

Tang Xiaobao looked at Song Yingming and Wang Zixuan.

As children of a wealthy family, he naturally knew the two of them, but not very well.

“It's all about business, but they didn't reach an agreement.” Tang Wanrou explained.

“You are the young master of the Tang family, right?”

Wang Zixuan took two steps forward and said confidently: “We have recently developed a rejuvenation ointment, which is very effective and will soon dominate the market. We originally wanted to cooperate with the Tang family, but your eldest sister didn't know how to promote it and refused. It is a very stupid decision to reject our invitation, I hope you can inform the top management of the Tang family to reconsider our proposal.”

“Refused to cooperate?”

Tang Xiaobao looked at his elder sister, then at Wang Zixuan, and asked tentatively,

“How much do you plan to give our Tang family?”

“I’ll give you ten percent of the profit.” Wang Zixuan stretched out a finger.

“How much? Ten percent?” Tang Xiaobao was taken aback, a little suspicious that he had heard it wrong.

“That’s right.”

Wang Zixuan said matter-of-factly: “You, the Tang family, can get 10% of the profit without any effort, why not do it?”

“Ms. Wang, are you okay? Ten percent? Why are you here just asking for food?” Tang Xiaobao said angrily.

Lu Chen’s authentic Jade Dew Cream directly gave him 40% of the profit.

The woman in front of me was selling defective products, but she only gave 10%.

Are you really taking advantage of the Tang family?

“Master Tang! Pay attention to your quality!”

Wang Zixuan frowned: “Our rejuvenation ointment will soon become a hit, and then money will continue to flow in. A 10% profit will be enough for your Tang family to make a fortune!”

“Without the help of my Tang family’s channels, you would be nothing but a hotshot!”

Tang Xiaobao rolled his eyes: “No matter how good your stuff is, if you can’t sell it, it will be useless? Do you think our Tang family is an idiot if you want to make a fool of yourself here?”

“You...how did you talk?!”

Wang Zixuan was a little angry.

With her status and beauty, no matter which man sees her, he must be polite and behave like a gentleman.

Now this guy is doing well. He makes all kinds of obscene remarks and swears, and has no quality at all.

“That’s what I say. If you like to hear it, just listen. If you don’t like it, get out!” Tang Xiaobao was not used to it at all.

“You, you, you...you are so presumptuous!” Wang Zixuan gritted her teeth in anger.

“Is this considered presumptuous? I have something even more presumptuous!”

Tang Xiaobao snapped his fingers and ordered: “Come here, throw these two idiots away from me. If they dare to resist, their legs will be broken!”

## Chapter 1439

Following Tang Xiaobao’s order, a group of bodyguards behind him immediately rushed forward and surrounded Wang Zixuan and Song Yingming.

The ferocious looks were like a group of tigers peeking at the two little sheep.

“What are you going to do? I’m warning you not to mess around. I am the daughter of the Wang family. If you touch a hair on my head, you will have to pay a heavy price!” Wang Zixuan shouted with a fierce expression.

She didn’t expect that Tang Xiaobao would be so unreasonable and would take action if he disagreed with her. He was much more difficult to get along with than Tang Wanrou.

“Mr. Tang, don’t be excited. Don’t be excited. Businesses are not done with justice. There is no need to make things like this.” Song Yingming quickly reconciled with a smile.

Everyone in Yanjing’s powerful circles knows how high Tang Xiaobao’s status is.

The entire Tang family held it like a treasure, and no matter what mistakes they made, they would protect him unreasonably and forcefully.

Looking at the children of the major wealthy families, no one can compare with Tang Xiaobao.

In other words, even if Tang Xiaobao really beat them today, the Wang and Song families would not dare to do anything.

“You two are trying to show your prestige to Tang’s Medicine. Do you expect me to be polite to you? Get out of here before I get angry!” Tang Xiaobao was rude.

Since they are competitors, they naturally have no scruples.

“Tang! Just wait for me!”

“Today you are indifferent to us, but tomorrow I will make it impossible for you to climb up!”

“When our rejuvenation cream becomes a hit, I will make you regret it!”

Wang Zixuan became angry and extremely emotional.

She has never been wronged like this, and she has never been pointed at or scolded by anyone.

“Okay, okay, I’ll wait. I want to see how good your rejuvenation ointment is.” Tang Xiaobao sneered.

“Hmph! One day, I will make you kneel on the ground and kowtow to beg for mercy!”

After saying a vicious sentence, Wang Zixuan stormed out of the door angrily.

“Young Master Tang, you made a wrong decision this time, so take care of yourself.”

Song Yingming did not stay long and left immediately.

The cooperation between the two parties completely collapsed.

“Bah! What the hell!”

Tang Xiaobao spat on the ground, his face full of disgust.

“Xiaobao, although these two guys are hateful, they shouldn’t be underestimated.”

At this time, Tang Wanrou said: “I have already investigated the situation of Huichun Ointment. It is indeed going to be ahead of our Tang’s Golden Sore Medicine. Once it becomes a hit, it will deal a big blow to us. You go back first.” Inform father and let him prepare early.”

“Sister, don’t worry, I haven’t paid much attention to the rubbish rejuvenation cream.”

Tang Xiaobao didn’t care.

“Little Treasure, you still don’t understand the seriousness of the matter. In order to avoid causing greater losses, we must take precautions early.” Tang Wanrou’s face became serious.

“Sister, don’t worry, I already have a countermeasure.”

Tang Xiaobao smiled slightly, and pushed his job bowl forward: “The most important thing for you now is to eat well and fill your stomach, and just leave the rest to me.”

“You? What countermeasures do you have?” Tang Wanrou was curious.

“To be honest, the rejuvenation ointment developed by the Wang and Song families actually stole someone else’s formula, and it is also a defective product. Not only is the efficacy poor, but the cost is high. The key point is that it will have certain side effects if used too much. It doesn’t matter if you don’t want it.” Tang Xiaobao said.

“How do you know these things?” Tang Wanrou was taken aback.

“Hey, the person who has the genuine formula has already approached me, and we have reached a cooperation.” Tang Xiaobao grinned.

“What?”

Tang Wanrou was taken aback: “Xiaobao, you’re not kidding me, are you?”

“Sister, how can I joke about such a thing?”

Tang Xiaobao said solemnly: “I have verified it myself. The ointment I am holding now has a healing effect far better than the so-called rejuvenation ointment. As long as our Tang family vigorously promotes it, it will be enough to crush the conspiracy of the Wang and Song families and make it more effective.” They can’t even eat shit!”

Chapter 1440

“Okay, okay... great!”

Tang Wanrou looked overjoyed and felt refreshed.

Just now, she was worried about how to cope with the impact and reduce losses.

I didn't expect the good news to come so soon.

The Tang family is already the leader in the industry, accounting for almost 70% of Yanjing's pharmaceutical market.

As long as you have something in your hands, you don't have to worry about not being able to sell it.

This is why the Wang and Song families will send people to cooperate with each other, because if they want to promote the rejuvenation ointment, they are bound to have to avoid the Tang family.

It's a pity that the two families were too greedy and were unwilling to give up the profits, which eventually led to the collapse of the negotiation.

Now, with the unexpected surprise brought by his younger brother, Tang's Medicine will no longer be hampered by others.

You can even take this opportunity to suppress the Wang and Song families!

“etc.....”

After the surprise, Tang Wanrou seemed to have thought of something, and suddenly asked: “Xiaobao, who is the person you are working with? Is it reliable? What is his character like? Is there any conspiracy?”

“Sister, don't be nervous. I'm not a waste. How can I be easily deceived?”

Tang Xiaobao stretched out two fingers, picked up a piece of braised pork on the plate, and threw it into his mouth. While chewing, he replied: “I have investigated carefully.

The person who cooperates with me is named Lu Chen. He comes from Nan Province. He is well-known in the local area, capable of literary and military skills, and is also a miracle doctor.

There are no problems with his background, and his character is also guaranteed.

There are two reasons why he cooperated with me, one is to make money, and the other is to take revenge.

The ancestral prescription in his hand was originally intended to be sold to the Wang family, but the Wang family went back on their word and refused to pay for the prescription, and even killed people to silence it.

He was forced to have no choice but to look for protection everywhere. Later, he found out that our Tang family was very powerful, so he came to seek refuge with me.

And I have tested him, and this guy is trustworthy. “

While Tang Xiaobao was talking, he picked up another piece of braised pork and threw it into his mouth, obviously not satisfied.

“So that’s how it is.”

Tang Wanrou nodded, and most of the doubts in her heart were finally dispelled.

As a sister, she is naturally worried that her brother will be cheated.

But after thinking about it carefully, although her brother looked unreliable, he never fell off the chain at critical moments.

Especially when it comes to recognizing people, he has a unique eye.

Someone who can make his brother trust him is probably not bad.

“Sister, you can eat in peace, don’t think too much, the food is almost cold.” Tang Xiaobao began to urge.

“Okay, eat.”

Tang Wanrou smiled, picked up the bowl and chopsticks, and began to eat happily. While eating, she said: “Xiaobao, if you have time, bring this Lu Chen over and let me have a look. With such an outstanding talent, our Tang Dynasty Family deserves preferential treatment.”

“Sister, you don’t have any evil thoughts, do you?” Tang Xiaobao suddenly smiled evilly.

“Huh?” Tang Wanrou was stunned for a moment.

“Sister, this guy is good at everything, but he’s too serious.”

Tang Xiaobao shrugged and said helplessly: “Originally, I wanted to use your beauty, sister, to trick him into marrying into the Tang family and becoming my brother-in-law. But in the end, this kid didn’t even look at it and refused directly. It’s really a shame. Not even given.”

“...” Tang Wanrou’s eyes twitched.

“Sister, don’t worry, I won’t give up. For your lifelong happiness, I will definitely convince him!

Tang Xiaobao clenched his fists and vowed: “If it doesn’t work out, let’s just go ahead and cook the raw rice into cooked rice. By then, it will be impossible for him to default on his debt!”

“Hehe...I’m such a genius!”
