

Mistaken Marriage, Unexpected Love

Chapter 139

Chapter 139 A Clear Goal

Isaac's face darkened

He clenched his hands into fists as he felt his anger boil within him

"Camila, do you really think Jaylen likes you? Have you forgotten that you were married once and you slept with me before..." @

"Isaac!" Camila interrupted, hissing

"What? Are you angry now?" Isaac extended a hand to her and said, "Come, Camila. It's not too late for you to return to me."

"Didn't you say you wanted to divorce me? We're over, so leave me alone already! Besides, you have Fidelia now. She might get jealous if

she finds out that you're here. By the way, I heard that you entrusted her with your most prized possession. You must really like her, huh?

Congratulations! You finally meet someone you truly love."

"I just returned it to its original owner," Isaac explained

Camila arched a brow and replied, "It turns out that the thing you value most in the world actually belonged to her all along. What a

beautiful relationship you have there."

Isaac clamped his mouth shut. He could not deny it

After all, Fidelia was the one who saved him when he was a child

Otherwise, he likely would not have offered her a position in the company

"You should leave. My future husband will be here soon."

Camila was exhausted, but she had to pretend to be a happy bride-to-be in Isaac's

presence

Isaac reached out again to hold her hand. In a more solemn tone, he said, "Come with me."

"I'm marrying Jaylen, and that's final. Go back to Fidelia, and leave my life

alone forever. There's nothing between us now."

"But all I want is you." As soon as he completed what he said, he moved closer to her and took her into his arms.

He admired her stunning

appearance with avarice and asked, "Do you really want to marry him?"

"Yes, I must marry him." @

Camila averted her gaze as she spoke. "If you're here to give your blessing, you're more than welcome to do so; if you're just here to insult,

then leave." "Mr. Johnston."

Jaylen, all dressed up, came over and gave Isaac a smile.

"You shouldn't be hugging my future wife like that. It's rude and inappropriate. Not

to mention, you're a well-known public figure. Aren't you worried that your actions might spark rumours?"

Instead of letting her go, Isaac embraced her even more tightly. He whispered in her ear, "Are you really going to marry him?"

"Yes!" Camila then shoved him away
Isaac staggered backward awkwardly. Though he
appeared cool, he was actually boiling inside. "You won't
regret it?"

She cocked her head and proclaimed, "Never. I'll never
regret it."

Even though Jaylen was pressuring her into marrying him,
she was upset that Isaac had started dating Fidelia so
soon. @

If Isaac was free to date other women, there was no
reason why she could not wed another man. @

She could not tolerate the fact that he was dating Fidelia,
but she forced herself to stop thinking about it

"I will make you regret this." Camila smoothed out the
wrinkles of the wedding dress in a composed manner
Isaac, being a man of pride, scoffed. "You'll make me
regret it?"

"Yes!" Camila replied firmly

"Keep dreaming. Why would I regret letting you go when I
have a lot of women

throwing themselves at me?" After making this statement,
Isaac turned around

and briskly left. If one looked closely enough, one would
notice the pulsing of the veins on his forehead

It was clear that Isaac's composure was just an act

Camila was not thrilled by his anger, though. Her
expression was sullen, and nobody could guess what was
going through her mind

Jaylen, on the other hand, looked pleased

"It looks like you and Isaac have truly broken up."

Camila gave him a sidelong glance. "Are you happy now?"

"Isaac looks extremely upset, so of course, I'm happy," Jaylen answered truthfully

She snorted. "What makes you think he's upset? He has a new girlfriend. I'm sure he's more than happy right now, unlike you."

"What do you mean?" Jaylen demanded

"You're getting married to the woman he dumped, his ex-wife. If you think you're lucky to marry me, then you're wrong." Camila cocked an eyebrow at him

"Why would you say that? Why are you degrading yourself?" Jaylen questioned with a frown. @

Camila shrugged

As long as the people she cared about were safe, it did not matter how she felt

"I know you're only doing this to rile up Isaac. Now that you've achieved your goal, could you perhaps call off the wedding ceremony? I told you I'd marry you, but I don't want to go through all the steps that other couples do."

"Do you think this is just a farce? No, it's not. I want us to get married for real

We will get the marriage certificate later." Jaylen had never thought for a second that their marriage was fake

He came for Camila

The fact that it annoyed Isaac was merely a side benefit
Afraid of upsetting her too much, Jaylen said, "It's a simple wedding ceremony

I promise it'll be over shortly. After this, I'll do whatever you ask me to do."

Camila maintained silence

"Let's get going so we don't get late," Jaylen urged
A wedding ceremony would indeed be held, but it lacked
any real celebration

Jaylen was the only one who thought this was satisfactory
"Okay," Camila responded briskly

Now that they had come to this point, she had no other
choice but to marry him

The sooner the wedding was finished, the sooner she
could see her child. @ With a sigh, Camila walked out of
the room

Rowena was waiting down the stairs

She did not want her daughter to marry someone she did
not like

When she saw Camila in her wedding dress, however, she
could not resist making her way over to her

"Mila."

Camila turned around and beamed at her. "Mom, I'm
getting married today

You should be happy for me."

How could Rowena possibly be happy?

It took all her willpower not to cry right then and there

Jaylen threw an arm around Camila's shoulder as he
stared at Rowena. "Don't worry, ma'am. I'll treat your
daughter well."

Rowena did not believe a single word he said

After he kidnapped Joe, he threatened Camila and
ultimately convinced her to marry him. How was that
treating her well? @

How ridiculous

In addition to that, this was the second time that he had
Camila under his control

That was why Rowena would never believe him
Camila gave Rowena a reassuring smile. "You should stay here at home, Mom." Then, she turned to Jaylen and said, "Let's go."

"Trust me just this once," Jaylen muttered
"The moment you took Joe, you lost all trust that I had in you."

With that, Camila walked to the car
Jaylen sighed helplessly as he stared at her back
The Rolls-Royce Phantom that would serve as their wedding vehicle was decorated with flowers for the special occasion

As far as Camila was concerned, it was not a real wedding
So, she acted like she was not involved with it

"Are you mad at me?" Jaylen asked as he got into the car.
@

"No." Despite her denial, her expression conveyed anger
"Today is our big day. Cheer up, will you?" "I'll marry you, but I won't sleep with you," Camila stated firmly when Jaylen scooted closer to her.

@
"Of course," Jaylen replied
He was sure he could eventually win her heart
She would learn to live with him because she had no choice. Then, she would love him. @

Jaylen was certain that would happen
On the road, the car maintained a constant speed.
Suddenly, a number of vehicles came barrelling from the other direction. They obviously meant to hit Jaylen's car, and they did so head-on

As a high-end vehicle, the Rolls-Royce Phantom naturally had superior safety features. Although the impact was severe and the car's front

end was smashed, no one was hurt in the accident

A group of men alighted from the vehicles and walked over to them. The door was opened, and they attempted to seize Camila

"Who the hell are you?" Jaylen immediately placed himself in front of Camila
