Chapter 801

Cornelia [Alright, you guys hold your horses |

Cornelia immediately found Marcus and handed him her phone. “President Hartley, can you take a photo of me? Make sure to get the light show in the background”

Instead of taking her phone, Marcus pulled out his own. ‘Shift a bit to your right, half a step more, perfect”

Marcus look several pictures of Cornelia before passing his phone back to her, “Take a look, if you’re not happy with them, we can take more

Cornelia was very pleased with the pictures The composition and color correction were on par with professional photography, “President Hartley, did you study photography or something? How did you manage to make me look so good in these pictures?”

Marcus chuckled at her compliments, “Don’t flatter me too much”

Cornelia looked at him with wide eyes, Tm not exaggerating! Your photography skills are some of the best Ive seen. Can’t I compliment you? Come clean, did you secretly take lessons?”

Marcus said, “It’s actually pretty simple, you just need to look and learn.”

He said photography was simple and didn’t need any studying! Did he know how terrible her own pictures turned out?

Whenever she tried to take a portrait, Abigail would mock her for a whole year, claiming she didn’t have an artistic bone in her body.

Marcus asked, “Why are you looking at me like that?”

Cornelia said, “Because you’re blowing things out of proportion.”

Marcus said, “I’m just telling it like it is.”

Cornelia said, "You must have been a top student back in school."

Marcus calmly admitted to the fact, "Yeah."

Cornelia didn't want to continue the conversation, so she posted one of the pictures she liked best into the group chat.

[Our Nelly is so beautiful! She's even more dazzling than the light show!] Granny Luisa responded almost instantly. Cornelia suspected that she didn't even open the picture before showering her with praises.

Patricia [Nelly is so beautiful, we can't take our eyes off her]

Those two were the real flatterers, praising her no matter what she did. If she sent a picture, they could come up with all sorts of compliments

Thankfully, Granny Rebecca didn't join in on the adulation: [Marc, don't you have a picture with Nelly?]

The picture was taken with Marcus' phone, and Cornelia had used his phone to send it to the group. So naturally, they assumed that Marcus was the one who sent the

picture.

Cornelia, "President Hartley, the grannies want to see a picture of us together. If you're okay with it, we can take one. If not, I won't force you."

Marcus asked, "Why wouldn't I be okay with it?"

"Then let's do it" Cornelia picked up her phone, opened the selfie mode, "Lower your head a bit, come closer to me, a bit more."

Only when she saw his head almost resting on her shoulder in the camera, did Cornelia feel satisfied and took two pictures, "That's it"

Suddenly, as she turned her head, her soft lips brushed against his cheek. Feeling shy, Cornelia quickly backed away. But Marcus reached out his long arm, pulling her back into his embrace, he whispered in her ear, "Cornelia"

The way he called her name in that sexy and charming voice made her blush, "Hmm?"

Marcus asked, "Does your lip still hurt?"

Cornelia

was so nervous she started stuttering. "Why, why would you ask that?"

Marcus said, "Because I want to kiss you."

He just wanted to smooch her! How could he say it so bluntly?

Cornelia, startled quickly looked around, thanking her lucky stars that everyone was busy minding their own business, no one noticed them, "This place is crowded, it's not very appropriate Let's save it for home"

Marcus playfully picked up a strand of her hair, sniffed it at the tip of his nose, and said, "Alright"

Comelia dared not look at him she kept her head down and continued texting in the group chat

When they sent out that photo, there was no doubt that the two grannies and Patricia would shower them with compliments again, praising them to the high heavens.

After the grannies and Patricia finished their praises, the usually quiet Briana sent a message: [Grannies, and Patricia, did you see the way my brother was looking at Cornelia

Granny Luisa replied [What's up with his look?]

Briana replied [it's like a wolf looking at a lamb, as if he could gobble up Cornelia any second. How come I never noticed this side of my brother before?]

Cornelia quickly checked the photo. She hadn't realized it before, but with Briana's reminder, she did feel like Marcus was looking at her as if he wanted to eat her up.

Cornelia rushed to click the photo, trying to retract the message, but it was past the retraction time. Annoyed, she looked at Marcus, "Why were you looking at me like that?" Marcus asked, "What happened?"

Comelia said, "Just check the group chat."

Marcus immediately opened his phone and quickly read through all the messages, "You are indeed gorgeous, is it wrong for our family to compliment your beauty?"

Cornelia angrily said. "That's not what I'm talking about!"

Marcus asked, "Then are you talking about our selfie?"

Cornelia said, I'm not some kind of food"

Marcus pulled her into his arms, his laughter shaking his chest, "Cornelia, do you know in my eyes, you are more tempting than food

*Cornelia raised an eyebrow at him,
"So what if you find me tempting? You can only look, but you don't have the guts to eat"*

Marcus asked, "What did you say?"

Cornelia said, "Nothing. Are you guys going to play cards later?"

Marcus said, "I don't feel like playing anymore, let's just go home."

Cornelia said, "They've traveled all this way to Riverton, isn't it a bit rude not to play cards with them?"

Marcus said, "Do you think Steven and Lucas are still in the mood to play?"

Following Marcus' gaze, she saw that Steven and his wife and Lucas and his wife were already hugging tightly. It seemed like their world probably didn't have room for anyone else at that moment. They definitely weren't in the mood for cards.

Only Xavier was still sitting in the corner, chain smoking, as if cigarettes were his whole world.

As Cornelia looked at him, Xavier suddenly looked up at her. Their eyes met, and Xavier suddenly smiled, a peculiar smile that left Cornelia a bit spooked.

She instinctively hid behind Marcus. "Why did Xavier smash the glass earlier?"

Marcus said, "Because I said I don't know where Skyler is."

Cornelia said, "He knows you, so even if you deny it, it's useless."

Marcus replied, "I really don't know!"

Cornelia was clearly surprised, her face pale, and she asked, "You really don't know? Then where on earth is Skyler? Is she in danger?"

"

Marcus told Cornelia, "Skyler's a grown up now, and you're just her friend You don't have to carry the world on your shoulder for her

Cornelia wanted to say something but Marcus cut her off, "Skyler wants her freedom and she broke up with Xavier to stand on her own two feet What's the difference

if I send someone to watch over her, to help her out? That might not be the freedom she's after

Comelia tried to interject. "What if

Marcus cut her off again, "You're worried about her getting into trouble? Can't fend for herself if she can't find work? Any of us could end up in hot water, but the chances are slim to none. If it does happen, well, that's just life. We all face the same struggles, like

not being able to find a job and make ends meet. Take you, for instance, without a job you can't even put food on the table. Who else is gonna help you out apart from your kin? Skyler wants her freedom, doesn't want to be a burden o

n anyone Every decision she's making now is her own. You should trust her and wish her well. No need to worry your pretty head over it."

Marcus words left Comelia at a loss for words

Just then, Xavier walked up, a newly lit cigarette in his hand, "Mrs. Hartley, could we have a little chat?"

Comelia eyed Xavier warily and moved to stand in front of Marcus, "I don't think we've got anything to talk about!"

"Are you sure about that?" Xavier asked, "I think we've got plenty to talk about Like my wife, Skyler"

"Mr. Rivera, you look like you could use a good night's sleep You should head back to your hotel Marcus ushered Cornelia away without even saying goodbye to the other couples.

Both of them had been drinking and couldn't drive, so Marcus had already called for a driver.

The driver, Austin, asked, "Mr. Hartley, where to?"

"To the old house To keep his promise to his grandma, Marcus decided to stay at the old house for at least two weeks. He didn't want to let the old lady down.

"Right away" Austin nodded and then drove off.

Marcus immediately raised the partition in the car, separating the front from the back. He then patted the seat next to him, "Come here

Cornelia was a little nervous, "Maybe we should wait until we get home, you know

Marcus laughed. "What do you think I want to do?"

Cornelia didn't respond. She thought he wanted to kiss her..

When Cornelia didn't move, Marcus leaned in close to her, resting his head on her shoulder, "Cornelia, I'm beat Mind if I take a nap on your shoulder?"

Cornelia didn't respond. Turned out he just wanted to use her shoulder as a pillow. She felt a bit silly for overthinking.

Marcus fell asleep on her shoulder in no time. He had stayed up with her all night by her grandma's side and had been running around all day. He must be exhausted.

Thinking about this, Cornelia felt a pang of sympathy for him. Not wanting to wake him, she kept still until they reached the Hartley Mansion.

When they arrived, Marcus was still asleep. Cornelia told Austin to go rest and she would stay in the car with him for a while.

Austin understood and left without asking any questions.

Cornelia looked down at Marcus, taking in his long eyelashes under the frame of his glasses, his sharp features. Even from this close, it was hard to tear her eyes away from him.

Cornelia wondered more than once if she would have agreed to marry him if he hadn't been so good looking when her grandma suggested the idea.

She probably wouldn't have

Although people always said not to judge a book by its cover, it was human nature to be attracted to beautiful things. Even when it came to finding a job, good-looking men and women definitely got more attention.

Just as Cornelia was lost in her thoughts, Marcus lazily opened his eyes and their eyes met.

Chapter 804

Cornelia was caught by Marcus. Too shy to meet his eyes, she quickly said, "We're home"

“Okay” After they got out of the car, Marcus took Cornelia’s hand and they walked into the house together.

Holding his hand tightly, Cornelia said. “There’s an important meeting tomorrow morning, so we need to get up early. You should go take a shower and go to bed”

Marcus suggested, “Why don’t you take a couple of days off and hang out with grandma.”

“No problem Cornelia responded, I’ll delegate my work to Wendy for the next two days. What do you think?”

“Sounds good, you make the call” As they walked and talked, Marcus suddenly stopped. He held Cornelia’s face and leaned in for a kiss.

His kiss was gentle and slightly ticklish, Cornelia couldn’t resist and melted into his arms within seconds.

After the kiss, Cornelia’s face was flushed like she’d been thoroughly kissed.

Marcus lightly touched her lips and asked, “Are you satisfied?”

Cornelia was silent for a moment. What the hell was this guy saying? How was she supposed to respond?

“Do you want another one? Marcus asked again.

Cornelia stayed silent. Well, she wouldn’t mind another one. If he wanted to do it, then just do it.

Why did he have to ask her?

Not knowing how to respond, Cornelia hugged his neck and took initiative to kiss him.

She wasn’t very skilled, but she used everything she had learned

As their kiss got intense, Marcus suddenly stopped. He held her close and protectively, looking coldly at the flower bed beside them, “Who’s there? Show yourself!”

Briana popped her head out from behind the flower bed, “It’s me!”

Marcus said, "Hand it over."

Briana played dumb, "Hand over what?"

"You know what" Marcus said.

"I sent the video I just shot to the family chat." Briana said.

Cornelia immediately looked up. "Br, what did you say?"

"I caught you two kissing and I've already shared it in the family chat." Briana said.

Cornelia instantly checked her phone, sure enough there was a video in the family chat sent by Briana. The stars of the video were none other than her and Marcus, "Briana, you."

This was the first time Cornelia had called Briana by her full name since they met, indicating just how mad she was, "You need to delete it now!"

Briana checked the time, it was too late to delete the video. She handed her phone to Cornelia, "Cornelia, you delete it."

Cornelia took the phone and immediately tried to delete the video, but there was no option to do so, "Marcus, are you just going to let your sister get away with this? Look at what you've let her become?"

Marcus stayed silent.

Wasn't it always her who spoiled Briana? Why was she pushing the blame onto him now?

Marcus didn't get a chance to argue when Cornelia shot back, "Did you and your sister team up to screw me over?"

Marcus was left speechless

Cornelia huffed. "I don't want excuses. You need to find your grandmas and Patricia's phones and delete that video before they see it"

With that, Cornelia stormed off into the house, leaving the two of them staring at each other

Realizing

she pissed Cornelia off, Briana attempted to bail But Marcus' stern voice echoed from behind her, "Briana"

She turned around, grinning at Marcus, "Bro, it was all Grandma's idea. If you're going to blame anyone, blame her"

Marcus snapped, "You blame everything on Grandma. Whatever she asks, you would do. Don't you have a mind of your own?"

Briana replied, "Grandma is old, and her biggest wish is to have a great-grandchild. As a dutiful granddaughter, how can I ignore her wishes?"

Marcus said seriously, "All you do is make excuses"

Seeing she was in hot water, Briana quickly apologized, "You're right, it's my fault!"

While she admitted her wrongs, she didn't truly believe she was at fault. She was just following Grandma's orders, keeping tabs on the couple, and reporting any news to Grandma to help her realize her wish

She'd put in a lot of effort for this family. She hadn't done anything wrong!

Not at all!

Marcus asked, "What did you do wrong?"

Briana answered, "Everything"

Marcus said, "You make mistakes and show no remorse. Starting from tomorrow, you're grounded. Reflect on yourself."

Briana said, "Bro, are you joking?"

Marcus ignored her and walked away.

Briana hurried after him, "Please forgive me this time. I promise it won't happen again. I'll take better care of Cornelia if you don't punish me?"

Marcus asked, "If I punish you, you won't take care of Cornelia?"

Briana replied. "Of course I'll still take care of Cornelia, she's always been nice to me. But if you don't punish me, I can take even better care of her"

Marcus said, "This isn't a situation for bargaining."

Briana pleaded, "Bro, please."

She really shouldn't have annoyed Marcus by messing with the person he cared about the most, all because of Grandma's words. If only Cornelia spoke up for her when Marcus was picking on her.

She definitely needed to be smarter in the future and know who not to mess with in the house

After showering, Cornelia went straight to bed, still seeming miffed Marcus came into the room, but she ignored him and buried herself under the covers, pretending to be asleep

He didn't bother with her either.

Cornelia perked up her ears and listened. From the sounds of it, Marcus went to the bathroom. After a while, she heard the sound of running water from the bathroom, and then the water stopped. Next was the sound of the bathroom door opening and closing. Then, Cornelia heard what seemed like deliberately soft footsteps, slowly

approaching

Chapter 806

Just as she felt him nearing, Cornelia cracked one eye open to see him toweling off his hair, with no intention of using a blow dryer.

He was of weak constitution, and could easily catch a cold with wet hair. Even though she was still pissed, Cornelia couldn't help but worry for him, I'm not a sleep yet. Use

the blow-dryer"

Marcus asked, "You're not asleep? Or did I wake you up?"

Cornelia replied, "I wasn't sleeping"

Marcus chuckled grabbed the blow-dryer and sat at the edge of her bed. "You help me blow."

Cornelia retorted, "No way!"

Men should not be spoiled!

She had helped him blow-dry his hair once at a hotel a couple of days ago, and now every time he wanted to dry his hair, he expected her to do it. She absolutely couldn't spoil him, or he'd definitely develop bad habits.

Even though she was adamant about not spoiling him, Cornelia obediently sat up, took the blow-dryer from his hand. She turned it on, adjusted it to the perfect temperature, and started drying his hair.

His hair was short and the blow-dryer was powerful, so it didn't take long for his hair to dry.

When Cornelia handed the blow-dryer back to him, he took the chance to hold her hand, "Cornelia, I apologize for Bri. She won't do it again."

Cornelia said, "Who asked you to apologize for her? She's an adult, can't she apologize herself? Why does she need your help?"

Marcus responded, "I'm punishing her to reflect at home and not allow her to step out of the house. She'll apologize to you in person tomorrow."

Cornelia said, "Why are you punishing her? She's still a child, it's normal to make mistakes. Don't punish her." It was Cornelia who said Briana was an adult and needed to take responsibility for her actions, and it was also her who said Briana was still a child. She really had it both ways.

Marcus replied, "She must be punished, or she'll dare to sneak photos of us again."

Cornelia said, "If she wants to take photos, let her. It's nothing to be ashamed of."

Marcus asked, "Are you going soft?"

Indeed, Cornelia's heart had softened. Briana had parents, but it was as if she had none. She had never experienced parental love and her brother and grandmother were the closest people to her. If her beloved brother punished her, the little girl would definitely feel hurt.

Cornelia said, "Anyway, don't punish her. She's preparing for the anime convention and she's one of the organizers. If she's grounded, there might be problems there"

Suddenly, Marcus leaned down and gently bit Cornelia's nose.

Cornelia tried to dodge, but her waist was tightly held by him. His palm was like iron, firmly pressing against her waist. With a slight push, she fell into his arms, their bodies pressed closely together.

They were both wearing thin pajamas and Cornelia felt as if she could sense the contours of his abs. The word that flashed across her mind was

Not long after Marcus held Cornelia, he pushed her away. He then stood up, and hurriedly walked towards the bathroom.

hunk.

The sound of running water in the bathroom resumed, continuing for quite a while without stopping

Cornelia waited, almost falling asleep, but he still didn't come out. So

she went to sleep first.

Meanwhile, Marcus was still in the bathroom, taking cold showers one after another. After a long time, the cold water finally washed away the heat in his body. He turned off the showerhead and helplessly shook his head

He knew that the girl had a great attraction for him, but he couldn't have her now. Why was he still provoking her in such a situation?

When Cornelia was sleeping in a daze, she vaguely felt someone hug her from behind. But she was too sleepy to open her eyes, and fell back asleep.

Chapter 807

When Cornelia woke up, the sun was already high up and Marcus was nowhere to be found

Her

internal clock was usually spot on. Even without an alarm, she'd wake up around the same time. What on earth had her sleeping till 10 am?

She rolled over and stared at the empty side of the bed.

This was their third night living together, and for the last two, he'd waited for her at breakfast every morning. Waking up to his absence left her feeling somehow empty, as if him waiting for her at breakfast had already become a longstanding routine.

She felt out of sorts without him around for even a day

Comelia grabbed her phone and shot Marcus a message without giving it a second thought.

Suddenly, three messages popped up on the big screen in the conference room, causing the room to go eerily silent, even the experienced Ben felt a twinge of loneliness

Cornelia: [What time did you get up?]

Cornelia (Are you at the office already?)

Comelia [Why didn't you wake me up?]

These messages shocked everyone in the room.

However, Marcus acted as if nothing was out of the ordinary picked up his phone and typed out a couple of lines, then hit send I saw you were tired last night, so I let you sleep in Didn't wake you up]

Thanks to the phone screen being projected onto the big screen, everyone in the room could clearly see their conversation.

He then continued [Just woke up?]

Cornelia [Yeah.]

Marcus: [Get up and freshen up, come downstairs for breakfast after. Can't have you starving]

Cornelia [Alright']

The staff, especially the female staff, had mixed feelings seeing this warm exchange.

There'd been rumors that their boss didn't like women. Then after he personally announced his marriage, rumors spread that he adored his wife to bits. Everyone believed these rumors, thinking their boss was the type to spoil his wife rotten and had no interest in other women.

Some harbored feelings for him but didn't dare show it, afraid of getting fired. But Comelia, his assistant, was sharing a bed with him!

After sending his messages, Marcus looked up and asked, "Why the pause?"

Ben collected himself, ready to continue, when another ping from his phone interrupted him.

Marcus checked his phone again, it was a new message in the group chat, sent by his grandmother: It used to worry that our Marc didn't know how to treat a lady. After watching this video, I now know that Marc sure knows how to charm a girl. What was I worried about?)

The 'charm a girl' part referred to the way he kissed in the video. Marcus got it. To avoid distractions, he set his phone to silent and got down to business

But as he exited the group chat, he accidentally tapped on a video Briana had sent last night.

Simultaneously, a video of a couple passionately kissing appeared on the big screen in the conference room. Their kiss was long and intense, as if they couldn't bear to

part.

The screen was so large that they could even see the man gently biting the woman's lower lip during the kiss. Anyone in the room could tell that the couple in the video were Marcus and his assistant, Cornelia.

Chapter 808

If the text

chat just now couldn't prove anything, then this video was the most direct and powerful evidence of their infidelity No wonder the news about Cornelia seducing a married man just blew up on the internet a couple of days ago and then disappeared without a trace at an astonishing speed No wonder someone was warned by Ben this morning for discussing Cornelia's inappropriate photos. They thought Cornelia was too ashamed to come to work today, but it turned out she was being pampered by the boss and couldn't get out of bed

Everyone was speechless.

Men, huh!

Indeed, men! So-called self-discipline, loving only their wives, it turned out it was all a carefully crafted image.

Their boss, like all men, doted on his wife on one hand and also had intimate relationships with other women.

Last time in the elevator, they had a passionate kissing scene in front of Ben. And this time he saw it in the video, the intensity was no less than last time in the elevator. Ben was stunned.

All eyes were on Marcus, thinking he would say something. But he just calmly turned off the video and put away his phone, "Let's continue the meeting!"

Damn! Ben forgot where he was just now!

Marcus immediately spotted Ben's embarrassment and reminded him, "Page 2, Item 3."

Hearing the prompt, Ben gratefully gave Marcus a look. He then sighed in his heart, his boss, President Hartley, had an amazing psychological quality.

Not only could he text his wife in front of so many people, but he could also remember where the meeting was just now.

Ben immediately pulled himself together and got back to work.

The first time he made such a rookie mistake, Marcus would remind him once, but if there was a next time, there simply wouldn't be a second chance to make a mistake.

Over an hour later, the meeting ended and Marcus was the first to leave the conference room.

As usual, Ben quickly followed Marcus. But as Marcus was leaving the room, he stopped and looked back at Ben.

Just one glance at Ben, nothing else.

Having been by his side for so many years, Ben could still guess what the boss wanted to say, 'President Hartley, don't worry, I'll handle this.'

After watching Marcus leave, Ben retreated to the conference room and casually closed the door, "Everyone, please sit down and hear me out."

The people who were about to leave after tidying up their files all sat back down in their seats, quietly waiting for what Ben was about to say. Everyone had an idea.

Ben scanned the room, "Whatever happened in this meeting room today, let's just leave it at that. If anyone talks about it, let alone exaggerate it, then the Hartley Group probably can't accommodate such an employee."

"Ben, you're helping them do wrong" Someone boldly stood up and criticized Ben, President Hartley has a wife, and I heard Cornelia is married too. Their relationship, that's an affair Ben, you must have known this for a while. Not only did you not stop them, you helped them hide it."

Ben said, "Don't talk nonsense, the relationship between President Hartley and Cornelia is legal"

Because he couldn't publicly say that Cornelia was Marcus' lawful wife, Ben could only explain it this way. He was actually a bit confused, they were clearly a legal couple, why did they have to be so secretive?

Did this make it more exciting and help their marriage harmony?

"What are you on about? The guy started to raise his voice, "I didn't make up that stuff about Cornelia and Marcus All the folks at the meeting today saw it with their own eyes. That video was quite a shocker Do you think it was photoshopped or something? A couple of days ago, there were pictures of Cornelia ge

ting cozy with some old geezer floating around in the group chat, and now she's with Marcus I really can't figure it out, what does Marcus see in a flaky chick like her?

The word "flaky just happened to reach Marcus, who hadn't walked too far away, causing him to halt

He pushed open the door, staring icily at the guy who had been talking. What did you just say? Say it again!"

'President Hartley. The guy could mouth off to Ren, but he didn't dare to do the same to Marcus. He didn't expect Marcus to come back when he was shouting out loud

"Cornelia is my woman, it's none of your business to gossip about her behind her back. What's more, the rumors that have been circulating are nothing like you imagined, Cornelia has been a victim from the start." Marcus had never thought to explain his affairs to others, he was only doing so today because it involved Cornelia

He wouldn't allow anyone to defame Cornelia in front of him, "Ben, inform HR to terminate this guy's contract and never hire him again"

Ben said, "Sure."

The guy's face turned pale from fear.

"Anyone who dares to gossip about Cornelia behind her back will be fired on the spot and never hired again" Marcus' words were calm, but they carried an absolute deterrence No one dared to make a sound.

He left immediately after finishing

Ben caught up with Marcus, thought for a moment, and decided to ask, "Marcus, you and Cornelia are legally married, why are you hiding it? Like today's situation, if you don't disclose Cornelia's identity people will definitely have prejudice against her, which will affect her future work."

Marcus certainly understood Ben's concerns, "You think I don't want to disclose her identity?"

Ben asked, "You do? Then why don't you?"

Marcus gave Ben a cold glance, "What do you think?"

*After being glared at by Marcus, Ben felt wronged,
"If I knew, would I need to ask you?"*

Marcus didn't continue the topic, "I don't get along with that Wendy. You take over Cornelia's work while she takes a few days off."

Although this meant he had to do the work of two people alone, Ben still accepted, "Alright."

Cornelia had no idea about the stir she had caused with her message.

After sending the message, she got dressed and went downstairs after washing up, Patricia was waiting at the bottom of the stairs on the first floor. When she saw Cornelia coming down, she immediately went up to greet her. "Nelly, you're awake. Come and have breakfast"

Patricia's face was all smiles, her gaze couldn't help but land on Cornelia's belly

Cornelia felt a bit awkward under her gaze, "Patricia, is there something on me?"

*Patricia replied,
"No, I was just thinking about what Marc said before he went to work, and I'm very happy."*

Cornelia asked, "What did he say?"

Patricia replied, "He said you might have been tired last night, so he turned off your alarm clock and told us not to disturb you, so that you can wake up naturally"

Marcus never made things crystal clear, so Patricia must have got the wrong end of the stick.

Cornelia couldn't explain, she just awkwardly chuckled

As she strolled into the dining room, she spotted the two grannies. The moment she entered, their eyes zeroed in on her, particularly her belly

She figured they must have got the wrong idea from Briana's video last night. She didn't know what to say, "Why are you guys eyeballing me like that?"

Granny Luisa said, "Oh, nothing we're just tickled pink to see you"

Granny Rebecca said, "Marcus is such a sweetheart, giving you the day off to day"

Granny Luisa said, "I've always told you. Marcus may seem cold as ice, but he's got a heart of gold."

Granny Rebecca said, "Yes, yes, your great-grandson is the bee's knees."

Granny Luisa said. "How else could he have won over our wonderful Nelly if he wasn't?"

Seeing the grannies about to launch into praises, Cornelia quickly changed the subject, "Granny, how are you feeling today? Any discomfort?"

Granny Rebecca said, "I used to feel groggy all the time, no matter how much I slept. But yesterday and today, I feel as fresh as a daisy. Could it be my anger flushed out my health issues?"

Cornelia knew her granny was feeling better because she was no longer being poisoned, but she couldn't spill the beans. She played along. "Well, you should pick fights more often, Granny. Who knows, you might even get younger!"

Granny Rebecca laughed, "You're such a sweet talker."

Cornelia said, "What do you guys want to do today? I can keep you company"

Granny Luisa said, "As long as you're with us, anything goes"

The two grannies didn't have any special activities Granny Luisa liked to work out, and Granny Rebecca stayed home most of the time due to her health. Her major activity was strolling in her garden.

Granny Rebecca said, "I know you took the day off to be with us, but it'll get boring. Go check on Bri. I heard her comic con ran into some snags. She left early this morning and hasn't been back since"

"Bri's comic con hit a snag? Cornelia was on pins and needles, "Grannies, I'll skip breakfast today. I need to go to the expo center"

The moment she finished, Patricia served up the breakfast she just cooked, "Cornelia, skipping breakfast is a one-way ticket to ulcers. You have to eat. Even if you don't. think about the baby."

Cornelia asked. "What baby?"

Patricia instantly regretted her words, "I was talking nonsense. Nonsense! Anyways, you should eat your breakfast, it's the most important meal of the day"

There was an old school belief in Riverton that people shouldn't spill the beans about a pregnancy in the first three months. Patricia and others believed Cornelia might be pregnant but they didn't mention it because of this.

Granny Luisa said, "Bri should handle her own problems. Let her figure it out. Nelly, you need to take care of yourself. You can't carry the world on your shoulders. Now sit down and eat your breakfast."
