

## Read Married at First Sight Chapter 2574

**Married at First Sight Chapter 2574**-Kevin followed her and said as he walked, "I don't know when Matriarch Farrell will come back. I really can't wait to watch the Farrell family's drama."

Hayden turned her head to look at him and said, "Even if Matriarch Farrell finds out that her husband eats outside, she won't make trouble outside. She will take Holden back and make trouble behind closed doors. You won't be able to see the show, even if you want to."

"Isn't there Kathryn? Kathryn personally controlled the Farrell family. The calm on the surface was broken. Can her father's scandal be hidden? I don't believe it anyway." After thinking about it, Kevin whispered, "Kathryn is not simple either; she made a big mess at home. She can find an opportunity to clean out her brothers from the Farrell Group. Without those troublemakers, her position in the Farrell Group can be stronger. She is truly worthy of being the biological daughter of Matriarch Farrell to deal with her own siblings. "

After Hayden was silent for a while, she spoke for Kathryn: "Kathryn has the cruelty of a woman from the Farrell family, but her cruelty is still a little different from Matriarch Farrell. I dare to bet that the best she can do is drive her brothers out of the Farrell Group and prevent them from enriching their own pockets, forming cliques, and causing trouble. She will never kill her own brothers like Matriarch Farrell did. "

Kevin knew that Hayden admired Kathryn, so he couldn't talk about Kathryn's faults anymore, so he changed the topic.

The group entered the hotel, and Kevin took Hayden directly to the top floor in his special elevator and to his presidential suite, which had a revolving buffet where Hayden could eat whatever he wanted.

Kevin still wanted to know what Holden and that hot-figured young girl were doing. He secretly sent messages and arranged for someone to help him keep an eye on Holden's every move. If Holden opened the room with the hot girl and entered the room, just take a back photo of them entering the room together.

At the same time, the Farrell Group,

In the CEO's office, Kathryn sat alone at her desk, eating fast food.

She was busy at work, so she didn't want to go out to eat; she just came and went, wasting time.

She ordered takeout in advance.

Sometimes, she would go downstairs and eat in the company canteen.

Unless she was entertaining clients, she would only go to high-end hotels to spend money.

Having experienced the hardships of starting a business, she knew that making money was not easy.

Miss Farrell was not as lavish in consumption as Shiloh, spending money like water.

She spent what she should spend and didn't spend a penny on what she shouldn't.

For example, when it came to eating, as long as she could eat enough, she didn't choose.

Unlike Shiloh, who spent at least several thousand dollars to have a meal out, if she drank some wine, it would cost tens of thousands.

“Dun dun——”

Kathryn's cell phone rang, and there was a new message.

While she was eating, she took her phone and looked at a video and several photos that Pedro Fraser sent her.

Whether it's a video or a photo, it's all a picture of her dad and that hot girl together.

The hot girl was the mistress of a certain big boss. Since the big boss would only visit her once in a while, she couldn't bear the loneliness and often went out to have a romantic and happy life secretly.

**Married at First Sight Chapter 2575**-Anyway, not many people know that the girl was the mistress of a certain boss.

Holden just didn't know; otherwise, he wouldn't dare provoke his mistress.

After Kathryn watched the video and photos, she sent a message to Pedro, saying, "Keep these safely there. I will delete it after I see it here. I can't keep it because my mother comes back in case she gets suspicious of me, and she will check my phone."

Pedro replied to her, "It has been reserved. Miss, have you eaten?"

Kathryn: "I am eating and have ordered takeout."

Pedro over there frowned. "Miss, don't always order takeout; isn't there a canteen in the company? You can eat in the canteen. If you don't have time, tell me in advance, and I will deliver meals to you every day."

Kathryn felt warm in her heart as she looked at the message he sent.

After returning to Farrell's house, she could be said to be fighting alone, with no one on her side.

Even her mother was not really of the same mind as her. She was not her mother alone, but also the mother of her brother and Shiloh.

It was natural for Shiloh to act coquettishly in front of her mother, but she couldn't do it.

Fortunately, Pedro came to her. After she understood Pedro's responsibilities and the significance of him staying by her side, although she had tested Pedro, her trust in him was somewhat deeper than that of her family. Pedro also helped her a lot.

She remembered that when Pedro first came to her side, he told her that in the future, everyone may leave her, but he will not. Since the moment he was sent out, he has been loyal to her all his life, belongs to her confidant, and will never leave her unless he dies.

If he dies, someone will quickly replace him, and she will not lack truly loyal confidants around her.

Pedro was almost an all-rounder and could do everything.

Of course, cooking was not a problem for him, and his cooking was very delicious.

Kathryn felt that typing was too slow, so she simply made a voice call. After Pedro answered the call, she asked him, "Have you eaten?"

Pedro: "Not yet; I will eat later. Miss, do you need me to deliver food to you?"

Kathryn: "You are already busy enough. I don't want to cause you any more trouble. I don't eat takeout every day. Occasionally, I just order takeout when I don't want to go out. It's enough to satisfy me and save a lot of time at dinner.

You asked someone to follow my dad without being discovered, right? When they first met, my mother couldn't have guessed that it was my handiwork."

Pedro said gently, "I'm doing the work; don't worry, Miss."

Kathryn smiled and said, "I'm not worried; that's okay; you go and eat. I've finished eating too, and I deleted the chat messages about my father cheating on my mother. My mother is extremely suspicious and does not have 100% trust in me. Shiloh has reported my black condition again. She will doubt me as soon as she calms down."

"Okay."

Pedro understood.

Pedro said, "By the way, Miss, I have something to tell you."

Kathryn: "What's the matter?"

"Mr. Janzen took that hot girl to the Fortress Hotel for dinner, and Young Master Queen saw it. The third Young Master of the York family was with Young Master Queen, and he also took a video."

Kathryn was silent and said, "It's normal for Young Master Queen to recognize my dad."

Kathryn's thought: Mr. York probably didn't recognize her father; Mr. Queen must have told him. They really came together. It's a pity; both of them are very good men.

**Married at First Sight Chapter 2576**-Kathryn couldn't blame Shiloh for gnashing her teeth when Kevin was mentioned, calling Kevin a scoundrel and the most shameless for taking away her favorite Hayden.

Pedro: "Miss, you can leave the villain who exposed this matter to Young Master York. He has started to target the Farrell family overtly and covertly."

To the Farrell family, Kevin was an enemy.

Thinking of the relationship between the Farrell family and Mrs. Stone, as well as Kathryn's attitude towards Wiltspoon, Pedro sighed in his heart. His Miss Kathryn would not be an enemy of Wiltspoon.

Kathryn also wanted to find out the real cause of the death of the previous matriarch.

Pedro dared to say that if Kathryn had evidence that the previous Matriarch died at the hands of the current Matriarch, she would no longer be the successor of the Farrell family and would leave the Farrell family and return to her own little world.

She was not as weak as she appeared. In fact, before returning to Farrell's family, she was already a successful young female boss. Because her adoptive parents were not good to her and always wanted to suck her blood, she kept hiding it.

It made people think that she was weak and incompetent and that the next matriarch might be Shiloh.

It's ridiculous; the Farrell family's iron rules didn't allow anyone to change them.

If Kathryn was not the biological daughter of the Farrell family, then she was ineligible to inherit, regardless of how exceptional her abilities were. As soon as she realized that she was not the biological daughter of the Farrell family, she lost the right to inherit.

"Kevin won't know it and not tell it. He will do what you want. He doesn't want the Farrell family to be good. With that kind of evidence, we don't need to plot against Mr. Janzen; Young Master York will take action himself. Anyway, it's not a big deal to watch the excitement."

"Serenity is his sister-in-law." Kathryn said. "Zachary's cousins all respect Serenity, the eldest sister-in-law."

Pedro hummed, "Then let's just watch."

They waited for Kevin to tell Matriarch Farrell about Holden's cheating.

Kathryn: "You go and eat; I'm full."

Pedro: "Okay."

Kathryn quickly hung up the phone.

Pedro removed the phone from his ear, looked at it for a long time, then put the phone back into his trouser pocket, and then picked up a bag from the passenger seat, which also contained packed meals.

He also ate takeout.

He often ran outside, but in fact he didn't have much time to cook, nor did he have much time to find a good place to sit down and enjoy the food slowly. He usually packed the food, took it to the car, and ate it when he was done.

Kathryn suggested that he buy an RV. With his income, he could afford an RV.

Unless Kathryn needed him to deliver food to her every day and he bought an RV to use, there was no need for it.

Kathryn could eat takeout, but he was not a person of noble status, so why couldn't he eat it?

After being brought into the training camp and receiving devilish training, he had been enduring hardships. Being sent to Kathryn was already a very happy thing for him.

If he failed various assessments and was unable to serve as the assistant to the head of the family or the successor, he would be assigned to work as a bodyguard for the Farrell family. It may be the head of the family or the young masters.

As an orphan who grew up in a training camp, the best destination for him was to become Kathryn's assistant.

After Kathryn had eaten and drunk enough, she put the bag away and threw it into the trash can. She took out a few paper towels and wiped the grease around her mouth. She wiped the table again and threw away the paper towels.

She then leaned back on the black swivel chair, took her phone, and looked at the video Pedro sent her again, preparing to watch it clearly before deleting it.
