I am a quadrillionaire chapter 2684-Lucia also looked at her master. She had no idea why her master needed Master David.

She had only been with Reva for a short time, so her strength was low and she was not qualified enough to understand some of the core issues of Boundless Galaxy.

“Master David, although we have known each other for a short time, from your performance just now, I know that you are a person full of justice.” Reva did not go straight to the topic but praised David instead.

David smiled.

He was even more certain that the other party wanted to ask him for help.

“Miss Marwood, if you have any questions, just ask! You don’t have to be so polite. As I said, we are destined to meet each other. As long as it does not violate any principles, I will try my best to help you if I can.”

Upon hearing what David said, Reva also blushed slightly.

She really wanted to ask David for help.

Moreover, this matter was not small as it might even cause the death of countless living beings and affect the future structure of the entire Boundless Galaxy.

After adjusting her mentality, Reva said, “Master David, to be honest, the Divine Snow Mountain behind me has always been the leader of the upright side of Boundless Galaxy, and it is our responsibility to maintain the safety and stability here. But now, for some reason, the Divine Snow Mountain is facing the danger of being attacked by many forces. Once this happens, countless creatures in the entire Boundless Galaxy will be affected. You are a big shot from a high-level civilization, so I hope you can uphold justice for the Divine Snow Mountain.”

Reva stated her purpose and then bowed to David.

She did not know what David’s strength was, but just because he came from level 7 civilization Star Kingdom, it already sounded very intimidating.

As long as he was here, she believed those guys would not dare to mess around.

David was silent for a while after listening. After that, he shook his head and refused, “Miss Marwood, I’m sorry! I have my own affairs to deal with, so I don’t have time to stay to help you.”

“Master David, please don’t say no to me so quickly. I know you are a person full of justice. You can go to the Divine

Snow Mountain to have a look, or go to any core territory of Boundless Galaxy and ask. Then, you will know what the reputation of the Divine Snow Mountain in the Boundless Galaxy is like. Once something unexpected happens to the Divine Snow Mountain, the stability of the entire Boundless Galaxy will be broken. At that time, the Boundless Galaxy will definitely be in a terrible situation. Please help us, Master David,” Reva said sincerely.

Lucia on the side was completely stunned.

What did she hear?

Her sect, the Divine Snow Mountain, was actually in danger. And they even needed this young man in front of them to help uphold justice.

Although David was from a high-level civilization, he was still so young and he looked similar to her. How would he have the ability to help the Divine Snow Mountain?

Furthermore, David said that he came from a level 7 civilization, but this had not been confirmed. So who knew if this was true?

What if he just made this up?

Anyway, Lucia did not believe that the young man in front of her, who was similar to herself, had the strength to save the Divine Snow Mountain.

“Miss Marwood, I think you misunderstood. I do have very important things to deal with. If I had time, I wouldn’t mind staying here for a while, but unfortunately, I don’t, so I’m sorry, I can’t say yes to that.” David remained unmoved.

Compared with the dangers encountered by Boundless Galaxy, he cared more about the difficulties faced by Leila.

The strength of Heavenly Overlord Lufian was no joke.

As a partial Heavenly Overlord, David understood the power of a true Heavenly Overlord the best.

If Lufian went berserk, the destructive power he would cause would be absolutely epic and horrific.

With a random wave of his hand, he could destroy countless living planets and continents.

Countless creatures’ lives would be ended.

No one in Leila could even slightly restrict Lufian.

Sylvio, a partial Heavenly Overlord, should not even think about stopping him.

If it were not for his Cloning, which allowed him to summon 81 clones of equal strength to fight for him, David would not have dared to head to Leila rashly to fight Lufian.

After all, he was only a partial Heavenly Overlord, and he was still half a step away from the true Heavenly Overlord Rank. At the same time, this half a step was huge.
