An Understated Dominance by Marina Chapter 1938

Chapter 1938

Hit it back and forth, roaring.

Alexis Walters had gone crazy, and instead of using his true energy to protect his body, he resisted with his physical body.

As a result, under Hulk's sharp spear light, Alexis Walters was stabbed with bruises all over his body and blood dripping from his body.

Just when everyone thought Alexis Walters was going to be seriously injured and fall to the ground, a shocking scene happened.

Alexis Walters seemed to be in no pain and didn't care about the injuries on his body. After roaring angrily, he rushed towards Hulk without fear of death.

The most frightening thing is that Alexis Walters's wounds are healing at a speed visible to the naked eye.

Its powerful recovery ability is simply astonishing.

"Hmph! It's true that I can't shed tears until I see the coffin! Let me defeat you with one shot!" Seeing Alexis Walters pounce on him again, Hulk no longer held back, and the spear suddenly shook, and instantly bloomed with silver light that filled the sky, illuminating the surrounding area.

"A shot that shocked the world!"

Hulk's eyes narrowed, and he quickly pulled back his spear, then stabbed forward suddenly.

"Buzz~!"

Just heard a roar.

The silver spear in Hulk's hand suddenly shone brightly and turned into a silver dragon, roaring towards Alexis Walters.

The blow was fast and hard, with astonishing power, as if it could destroy everything.

"What a gorgeous marksmanship! What a terrifying spear power!"

"Is this the power of the deadly spear? It is really powerful!" "

Once this spear is released, no one on the scene can stop it. Alexis Walters is probably going to die!"

Look ! Seeing the silver blue dragon thrust out by Hulk, everyone was shocked.

Although they have all heard of Hulk's name, they rarely see him take action.

Now, the shocking shot in front of them finally made them understand the tyrannical strength of Hulk, the fatal spear.

"Roar!"

Facing Hulk's attack, Alexis Walters still did not dodge, and just rushed forward.

"Bang!"

There was an explosion.

Hulk's silver spear stabbed Alexis Walters hard in the abdomen.

The sharp spear point penetrated from the abdomen and came out from the back, piercing his entire body.

However, the strange thing is that the blood on the tip of the spear is not red, but black.

"Back off!"

Hulk shouted, holding spears in both hands, he quickly rushed forward against Alexis Walters, and then nailed Alexis Walters to the tree with a "dong" sound.

"Roar!"

Alexis Walters screamed again and again, struggling wildly, but was hung on the tree, with his feet dangling in the air, and had nowhere to use his strength. He could only bare his teeth and claws, unable to move.

It is worth mentioning that even if his abdomen is pierced, Alexis Walters is still alive and well.

"As expected of Hulk, the fatal spear. He is so powerful. He defeated this madman in just two moves!" "

Fortunately, Hulk is here, otherwise we would be in danger!"

"Hulk is awesome!"

Seeing Alexis Walters being restrained, Everyone couldn't help but look overjoyed and began to praise him one after another.

There were just over a hundred people, but they couldn't do anything to Alexis Walters.

As a result, Hulk took action and easily solved the problem.

This powerful strength is really admirable.

"Suppressing a madman, what's all the fuss about? I just used less than five percent of strength." Hulk said proudly.

A lunatic like this who only cares about attack and doesn't understand defense has no sense of achievement at all.

Of course, even if Alexis Walters is not crazy, with his strength, he can still suppress him easily.

"Brother Hulk! Be careful behind you!"

Just as Hulk was enjoying the flattery of the people around him, a friend of his traveling with him suddenly exclaimed.

"Huh?"

Hulk looked back subconsciously and saw a cold light sweeping towards his neck.
