

An Understated Dominance by Marina Chapter 1947

An Understated Dominance by Marina Chapter 1947

Chapter 1947

Alexis Walters had already transformed into a beast just now, what else is impossible?

"Even if Wu Lingjing is made of Alexis Walter's flesh and blood, what's the problem? You just said you can't live for three days, so what's going on?" Kevin Snow asked again.

"Because Wu Lingjing has been contaminated."

Dustin explained with a serious face: "You have all seen what happened to Alexis Walters just now. He went crazy inexplicably, lost his humanity, and his body was alienated. On this basis, other How can there be no problem with the Wu Lingjing made of flesh and blood?"

"Brother Lu, this matter is of great importance. Just speculation may not be convincing enough. What evidence do you have?" Kevin Snow asked.

They, Jin Dao Sect, had just picked up eight large black spirit crystals, which can be said to be a fruitful harvest.

If Wulingjing cannot be used, the loss will be too great for them.

So without conclusive evidence, he really couldn't accept this result.

"There is a hint of evil hidden in every black spirit crystal. From the outside, it is difficult to detect it. Only by refining the spiritual energy inside can we see some clues."

Dustin said, spreading his hands flat. Show your Wulingjing in front of everyone.

Then he stretched out his other hand and gently tapped the Wu Lingjing in his palm.

"Pop!"

There was a crisp sound.

The black spirit crystal the size of a fingernail exploded instantly.

At the same time, a strong spiritual energy spurted out from it.

Dustin was already prepared. He bent his fingers slightly, and a transparent energy shield appeared out of thin air, wrapping the gushing spiritual energy into a ball.

These auras are milky white, very rich, and constantly billowing like clouds.

If it is absorbed entirely, it will be of great help to the warrior's training. "Look carefully, what is hidden in this aura?" Dustin reminded.

Kevin Snow and others took a closer look and couldn't help but shrink their pupils.

They were surprised to find that there was a wisp of black gas hidden in this milky white aura.

This wisp of black gas is hidden very deep and is surrounded by milky white spiritual energy. If you don't look carefully, it is difficult to detect anything strange.

Thanks to Dustin who guided all the spiritual energy out, if this black breath was hidden in the Wuling Crystal and blended with the color of the Wuling Crystal, it would be undetectable.

"What is this black aura?" Kevin Snow asked tentatively.

"This is what I call evil, and it is also the reason why Alexis Walters goes crazy." Dustin explained.

"It looks unremarkable. How can it be so powerful with just such a trace of evil?" Kevin Snow stepped forward and tried his best to look more carefully.

"Don't underestimate it. This is its calm state. Once it encounters stimulation, it will become different."

Dustin said, slowly clenching his fingers, and the energy shield began to compress and deform.

Immediately afterwards, the black gas inside began to become manic as if it felt threatened.

Running around, constantly attacking Dustin's energy shield, trying to escape.

After several unsuccessful attempts, the black gas suddenly expanded and quickly swallowed up the surrounding milky white aura.

That posture was like a tiger entering a flock of sheep.

In just a few breaths, all the milky white spiritual energy was swallowed up and completely assimilated.

In the end, what was displayed in front of everyone was no longer a dense white spiritual energy, but a black evil energy carrying death and destruction!
